

Dr. Stanton named Outstanding

Dr. Richard E. Stanton, Canisius College professor of chemistry, has been chosen an Outstanding Educator of America for 1973. Nominated earlier this year for the national recognition by Dr. Joseph F. Bieron, dean of the Canisius College of Arts and Sciences, Dr. Stanton was selected on the basis of his professional achievements.

Outstanding Educators of America is an annual awards program honoring distinguished men and women for their exceptional serv-

ice, achievements, and leadership in the field of education.

Selection guidelines include an educator's talents in the classroom, contributions to research, and professional recognition.

Dr. Stanton joined the Canisius faculty in 1957 as an assistant professor of chemistry, moving to associate professor in 1963 and professor in 1969. He received a Bachelor of Science in Chemistry from Niagara University and a Ph.D. from the University of Notre Dame.
