

AS YOU WERE

PHOTO BY RAPHAEL MABASA '08

Nearly half the trees on the Canisius campus were damaged or destroyed during the surprise October snowstorm. Pictured above, the weight of the snow caused the tree limbs to touch the street and cover the cars on Hughes Avenue. Read more about how Canisius weathered the storm in this issue's President's Perspective. To view more photos of the storm damage on campus, visit www.canisius.edu/storm2006.
