

## AS YOU were

In May 1910, the Canisius College Building Fund Committee launched the college's very first capital campaign. The 25 men who made up the committee, went door-to-door to raise \$100,000 for a "new college." They achieved their goal in 32 days. Their success paved the way for the construction of Old Main.

Pictured (above) are the original 25 members of the Building Fund Committee.
