Canisius College invites applicants to apply for a full-time post graduate clinical/school psychologist research fellow position for the Institute for Autism Research beginning summer 2016.

RESPONSIBILITIES
The position involves a range of clinical and research responsibilities. Responsibilities will include diagnostic screening and outcome testing, treatment monitoring, consultation, weekly meetings and supervision, recruitment and coordination of research assistants, data management, and implementation of the summer Max Program among others.

QUALIFICATIONS
A graduate degree in psychology (school, clinical, counseling, etc.), counseling, or education (or applicable equivalent) and relevant training and experience in autism spectrum disorder, and research, assessment, and/or treatment is required. Experience working in one of the Max clinical programs for children with HFASD (summer Max, school Max, or Max out) at the Institute for Autism Research is strongly preferred.

APPLICATION
Review of applicants will commence upon receipt of application and continue until the position is filled. Please submit a letter of application and curriculum vitae to hr.recruiter@canisius.edu (please put POST GRAD IAR in the subject line) or mail to Human Resource, Canisius College, 2001 Main Street, Buffalo, New York 14208.

Canisius College, a Catholic and Jesuit university, has as its foundation the fundamental values of academic excellence, leadership, faith and social justice. Canisius is committed to educating and preparing men and women to become leaders in their professions and their communities, and in service to humanity. The college is an equal opportunity employer committed to recruiting, supporting, and fostering a diverse community of outstanding faculty, staff and students.
