**Program Details**

Details: The program cost is $300, which includes housing and most of your meals. Participants are responsible for their own transportation to New Orleans.

Our primary service and solidarity work will be with St. Bernard Project which is home renovation and repair program similar to Habitat for Humanity type work. Many families are still not in their homes after Katrina. There is still a great need! Limited or no experience with this type of work is acceptable.

We will also visit with the homeless and serve lunch at a drop-in center within the shadows of the Superdome in Downtown New Orleans.

**List and links of our Community Partners in New Orleans:**
