

Recommended Sequence of Studies: **Community Mental Health Counseling (CMHC)**

Note:

EDC 597 *Psychopathology* will be taught in summer (SU) and spring (SP).

EDC 568 *Principles of Mental Health Counseling* will be taught in the SP.

EDC 598 *Case Conceptualization, Treatment Planning and Psychopharmacology* will be taught in the fall (FA) semester.

EDC 593 *Lifespan* will be taught in SU and FA semesters.

Other required courses will be taught each semester as long as enrollment allows—No School field placements in the Summer—and limited agency placements may be available in the summer session.
