

Academic Software

For College-owned computers

Provided on all computers:

- Microsoft Office 2007/2008 licensed for all campus-owned computers
- Anti-virus software – current product is Nod32 from ESET
- SPSS (network license for use on campus)
- Minitab (network license for use on campus)
- Oracle calendar
- Checkbox survey software (web-based, no installation required; ask for an account)

Optional software that departments can purchase:

- All Adobe titles are available for purchase by departments at consortium pricing
- ITS will facilitate purchase of any software that will be installed on ITC or faculty/staff computers (Endnote, GIS software, MatLab, SAS etc) by getting quotes on academic pricing

For Personal Computers:

- Office 2007/2008: work-at-home licenses available for \$10 for all faculty and staff with signed agreement to use for College work; Windows PC users should contact the FacTS Center staff; Mac users should contact Scott Clark
- Adobe software available for purchase from the School World website: <http://www.schoolworld.com/canisius/>
- Hardware and software specials at UBMicro for Canisius faculty and staff at: <http://www.ubmicrosuny.com/>. Click on “Shop Now,” then choose Faculty/Staff and Canisius College from the drop-down menus to see the offers.
- Other sources for academic software are Journey’s Ed (<http://www.journeyed.com>) and Academic Superstore (<http://www.academicssuperstore.com>)
- Any new special purchase arrangements we make with vendors will be listed at <http://www.canisius.edu/newcomputer/>
