

THE OFFICE OF EVENT MANAGEMENT

Mission Statement

The Office of Event Management assists clients with the planning, management, and implementation of high quality events.

Introduction

Approved by the President's Cabinet , The Office of Event Management policies provide guidelines to clients who want to use facilities that are scheduled by the [Office of Event Management](#) (facilities and grounds that are not primarily used for academic classes, religious events, or athletic practices/competitions).For a list of the offices that schedule other campus facilities see [Appendix 1](#).

These policies are subject to updates by the Office of Event Management.

General Principles

1. The College's facilities are primarily used to support its educational mission. After meeting the space needs of the college's faculty, staff, and students, facilities may be rented to external clients at the discretion of the Office of Event Management, with the approval of the vice president for student affairs.
2. The land and buildings of Canisius College are private property, and the college reserves the right to control access to its campus.
3. All clients must comply with all College policies and regulations.
4. Canisius College reserves the right to cancel a reservation if the confirmed facilities/grounds are needed by the College. These instances are rare, and every attempt will be made to avoid this situation.
5. In addition to facility rental fees, the client is responsible for any/all additional charges for the event, including but not limited to, additional equipment, staff, security, and housekeeping services; see [Billing and Charges](#).

Sponsorship Policy

1. Canisius College faculty, staff, and departments may sponsor an event on campus as long as the program supports the College's mission.
2. Canisius College faculty, staff, and departments holding an event or activity, "sponsor", will serve as the primary contact for all the details of an event, ensure that the event complies with the [community standards](#) and a representative from the sponsoring organization must be present at the event.
3. All charges associated with the event will be paid by the department, program or the student club/organization.
4. If a sponsor does not comply with the policies of the Office of Event Management, the college reserves the right to refuse use or rental of space.

Event Reservation Guidelines

1. All room reservations for events utilizing facilities/grounds that are not primarily used for academic classes, religious events, or athletic practices/competitions are requested through the Office of Event Management via the [Online Request Reservation Form](#).
2. If the client's preferred facility is not available, the Office of Event Management will:
 - a. Suggest an alternative location for the event.
 - b. Reserve the appropriate facility for each event based on attendance and type of event.
3. Reservation Timetable
No more than three (3) holds can be made per specific event.
Once the reservations are made, please follow the timetable below to confirm the event date:

Reservations that are made	Timeframe to Confirm a reservation
One year or more prior to the event date	Five months
Less than one year to two months prior to the event date	30 days
Less than two Months prior to the event date	14 days
Less than one Month prior to the event date	7 days

4. It is the client's responsibility to keep the Office of Event Management apprised of the status of their event, especially when a tentative space reservation is no longer needed.
5. If the event cannot be confirmed within the applicable timeframe, and there is no communication from the client, the client will be contacted regarding the release of all their event request hold dates. The initial requestor can make another hold request for the same dates based on availability.
6. Conflict Resolution
Scheduling conflicts will be resolved by the Office of Event Management, based upon earliest reservation date. Priority will be given if the event is an annual college event that is important to the operation of the College's mission.
In the event a conflict cannot be resolved to the satisfaction of all parties, the vice - president for student affairs will make the final decision.
