GRADUATE CATALOG

Visitors are cordially welcome at Canisius College. The administrative offices are open Monday through Friday, 8:30 a.m. until 5:00 p.m. during the academic year and 8:30 a.m. until 4:30 p.m. during the summer (except on legal or college-wide holidays). Members of the college staff are available for interviews at other times by appointments arranged in advance. The main switchboard number of the college is 716-888-2200.

Copy for this catalog was prepared as of August 1, 2019. Information, particularly timing of course offerings, is subject to change at the discretion of the college. Please consult the course-listings schedule published by the Student Records and Financial Services Center for a complete and up-to-date list of our course offerings for each semester and/or session. The college retains the right to correct errors within the copy of this catalog.

Students must complete the curriculum described in the catalog from the academic year that they matriculate at Canisius. If the curriculum changes, please consult with the department chair or program director to determine if students may choose to follow the newer curriculum. Catalogs from previous years are available on the catalog page of the Canisius website (https://www.canisius.edu/academics/academic-catalog/).

Additional information about the college and our programs and opportunities are available on the Canisius website (https://www.canisius.edu/).

Publication of The Office of Academic Affairs
Emily G. McGorry, Executive Associate in Academic Affairs
Sara R. Morris, PhD, Associate Vice President for Academic Affairs

About Canisius

About Canisius

Consistently ranked among the top regional institutions in the Northeast, Canisius is the premier private university in Western New York and one of 27 Jesuit, Catholic universities in the nation. Founded in 1870 by German Jesuits, Canisius is named for St. Peter Canisius, a renowned Dutch educator and one of the original members of the Society of Jesus.

A truly Jesuit, comprehensive university, Canisius promotes the Jesuit principles of academic excellence, service and leadership through a broad range of learning experiences and a distinct core curriculum that is grounded in the liberal arts.

Buffalo has been home to Canisius for 150 years. Located in the Hamlin Park district, a historic and conveniently-located residential neighborhood in north-central Buffalo, the college campus spans 72 acres and is comprised of 15 administrative buildings, three athletic complexes and five residence halls.

Over the last 25 years, more than $178 million has been invested to create several signature state-of-the-art living and learning environments - including the newly renovated Science Hall, the Montante Cultural Center, Nelson D. Cibello '67 Family Financial Markets Lab, the Institute for Autism Research, the ESPN3 Studio, HARBORCENTER and Dugan Hall, our newest residence hall.

Our Mission

Canisius College, a Catholic and Jesuit university, offers outstanding undergraduate, graduate and professional programs distinguished by transformative learning experiences that engage students in the classroom and beyond. We foster in our students a commitment to excellence, service and leadership in a global society.

At the Core of Our Mission

Catholic & Jesuit

Canisius is an open, welcoming university where our Catholic, Jesuit mission and identity are vitally present and operative. It is rooted in the Catholic intellectual tradition’s unity of knowledge and the dialogue of faith and reason. Founded by the Society of Jesus as a manifestation of its charism, Canisius espouses the Jesuit principles of human excellence, care for the whole person, social justice, and interreligious dialogue. Jesuit spirituality calls us to seek God in all things and Jesuit education aims to form students who become men and women for and with others.

Transformative Learning & Student Engagement

Steeped in Jesuit ideals, our undergraduate and graduate academic programs are distinguished by academic excellence, student-faculty interaction, and a variety of experiential learning opportunities that engage students and transform mind and spirit. Our undergraduate core curriculum enriches students’ academic pursuits and delivers a strong foundation in liberal arts, critical thinking, and diversity. Graduate and professional programs promote the application of theory to practice.

Service & Leadership

Benefiting from academically-rich, values-based experiences in their interactions with faculty, staff, and community members, students develop their abilities to lead and inspire others. At Canisius, students practice these leadership skills in the classroom and through co-curricular activities in ways that animate our Jesuit values to serve others and benefit our world.

Our Values

Canisius College is committed to the following values that emerge from our Catholic, Jesuit mission to guide all of our decisions and actions:

- **Cura personalis**, care and respect for the whole person, and a holistic approach to education
- A dedication to the pursuit of magis, excellence, service, and innovation
- Principled leadership and personal accountability
- An individual and institutional responsibility to work for social justice and transform suffering and injustice in the world
- A deep respect for the natural world, and a commitment to its responsible stewardship.

Our Vision

Canisius will be the leading educational choice for those who seek innovative learning opportunities rooted in our Jesuit mission and values.

Canisius seeks to:

- Be a vibrant and progressive university committed above all else to academic excellence and the authentic search for truth.
- Embrace its Catholic, Jesuit identity as its defining characteristic and be committed to enhancing and enriching that identity.
• Recruit faculty with outstanding credentials and foster academic excellence through extraordinary teaching and scholarship.
• Embrace its urban roots in Buffalo, New York and become more engaged with the world around it by addressing issues and challenges in the neighborhood, city, region, nation, and world.
• Engage alumni and friends and draw them into a deeper lifelong relationship with the university.
• Be committed to quality and continuous improvement in everything that we do.

Academic Programs
Canisius has been preparing students for meaningful careers and lives for almost 150 years. We do it through exceptional teaching, extraordinary opportunities for hands-on learning, and through a supportive community that is invested in students and their goals. Canisius is highly accredited and recognized for excellence in teaching, curriculum and outcomes in each of its three schools: College of Arts & Sciences (https://www.canisius.edu/academics/our-schools/college-arts-sciences/), School of Education & Human Services (https://www.canisius.edu/academics/our-schools/school-education-human-services/) and the Richard J. Wehle School of Business (https://www.canisius.edu/academics/our-schools/richard-j-wehle-school-business/).

Canisius offers students undergraduate curricula leading to the degrees of Bachelor of Arts (BA), Bachelor of Science (BS) and Associate of Arts (AA) in more than 100 majors (http://catalog.canisius.edu/undergraduate/majors/), minors (http://catalog.canisius.edu/undergraduate/minors/), and special programs (http://catalog.canisius.edu/undergraduate/special-programs/) to create a path that is uniquely suited to their interests and career goals. Graduate students can select from 35 outstanding master’s and certificate programs (http://catalog.canisius.edu/graduate/programs/), including an array of degrees offered fully online. (https://www.canisius.edu/online/courses-programs/)

Faculty
Regardless of the program of study, students will find experienced faculty who are committed to providing a challenging yet supportive environment to help them reach their goals. The college seeks faculty members known to be creative and energetic teachers who also seek to engage their students in their research and scholarship. With modest class size the norm (the student-faculty ratio is 11:1), interaction between students and faculty makes for an easy and natural learning and working environment, in which professors take a personal interest in their students. Moreover, 98 percent of faculty at Canisius hold a PhD or other terminal degree.

Accreditation
Canisius College is accredited by numerous national organizations. These accreditations serve as testament to the excellent quality of a Canisius education.

Canisius is an accredited member of the Middle States Commission on Higher Education. The college’s Middle States accreditation was reaffirmed in 2015.

All of the college’s programs are registered by the Regents of the University of the State of New York through the State Education Department.

The Richard J. Wehle School of Business is the largest private institution in Western New York accredited by the Association to Advance Collegiate Schools of Business (AACSB International). The college has held this distinction of excellence since 1977. AACSB is earned by the best business schools in the world, and only five percent of business schools worldwide meet the rigorous standards of AACSB International Accreditation.

The chemistry major is accredited by the American Chemical Society.

The programs of the School of Education and Human Services designed to prepare students for school-based careers are accredited by the Council for the Accreditation of Educator Preparation. The agency praised the college for “displaying the high quality necessary to be granted national accreditation” and noted its programs “met rigorous standards set forth by the education community.”

The Graduate Programs in Counseling are accredited by the Council for the Accreditation of Counseling and Related Educational Programs.

Graduate Programs
Advancing your education is one of the surest ways to put your career on the fast track. Canisius College graduate programs earn the highest accreditations, offer expert faculty and an extensive network of successful alumni who can help open doors in Western New York and beyond.

Graduate students can select from 35 outstanding master’s and certificate programs (https://www.canisius.edu/academics/programs?degree_type=28/), including an array of degrees offered fully online (https://www.canisius.edu/online/courses-programs/).

Online Programs
The same admissions standards apply for online students as for all others; admissions requirements are listed along with the description of each graduate program. Students in the online programs (https://www.canisius.edu/online/courses-programs/) are held to the same academic and administrative policies as the on-campus students. These include withdrawal from courses/college, refund policy, academic misconduct, and grade grievance. All administrative and financial transactions with the college can be completed online.

The Griff Center for Academic Engagement
The Griff Center for Academic Engagement (https://www.canisius.edu/student-experience/student-support-services/griff-center/) provides comprehensive programs, services, and resources to support student academic and career success and a transformative learning experience grounded in our Catholic, Jesuit mission. The Griff Center is a hub for
academic advisement, career advisement (https://www.canisius.edu/student-experience/student-support-services/griff-center/career-services/), accessibility support (https://www.canisius.edu/student-experience/student-support-services/griff-center/accessibility-support/), and has staff ready to assist students to become successful lifelong learners.

Campus Ministry
The Office of Campus Ministry (https://www.canisius.edu/faith-and-service/campus-ministry/) is responsible for the spiritual life on campus and espouses the Jesuit principles of human excellence, care for the whole person and social justice. And while Canisius is a school steeped in Catholic, Jesuit tradition, we welcome, respect and encourage interreligious dialogue from people of all faith traditions.

Through the Campus Ministry Office, students explore the depths of the human perspective through the lens of Ignatian and Catholic spirituality, as well as other religious denominations. This is accomplished through retreats (https://www.canisius.edu/faith-and-service/campus-ministry/retreats/), service immersion trips (https://www.canisius.edu/faith-and-service/campus-ministry/service-immersion-experiences/) and community service (https://www.canisius.edu/faith-and-service/campus-ministry/local-community-service/).

The Andrew L. Bouwhuis (ALB) Library
The quality of any educational institution is determined largely by the proficiency of its faculty and the excellence of the information resources available to support the curriculum.

Canisius students have at their disposal an excellent library collection to support student research. The library also subscribes to thousands of full text electronic journals, and hundreds of article databases and print journals. Electronic resources can be accessed from computer labs and residence halls on campus and remotely from any connected device. A substantial complement of equipment, including computers, printers, cameras (digital still or video), projectors, headphones (with or without microphones); e-book readers and SmartBoards are also available to students.

The library is outfitted with a variety of study and workspaces; a Curriculum Materials Center for K-12 teacher training; group workrooms; audio-visual areas to practice presentations; and a Tim Hortons coffee shop.

The Rev. J. Clayton Murray, S.J. Archives & Special Collections, located in the library, houses information related to the history of Canisius College. It also holds unique materials with strengths in civil rights and social justice, Catholicism, philosophy, local history, and rare books dating to the 15th century. Visitors and researchers are welcome.

Computer Facilities
Wireless networking is available across campus and there are several Internet Plazas where students can check their electronic mail, access the web or utilize the extensive online research databases provided by the Andrew L. Bouwhuis Library. Additionally, residence halls are wired for satellite TV and Internet access.

Instructional computing facilities include over 300 personal computers, as well as scanners and printers. Computers in student labs are equipped with word processing, spreadsheet, database, presentation, web development, and statistical analysis software.

Canisius College supports an extensive website and portal (myCanisius) that includes web-based electronic mail, course materials, course discussion boards and course registration. The myCanisius portal can be reached from the Canisius web site (http://www.canisius.edu).

Most instructors post course materials in our learning management system, Desire2Learn (D2L), which is accessed through myCanisius.

The ITS Help Desk is available for walk-up assistance in the Library, by phone at 716-888-8340, or by email (helpdesk@canisius.edu).

Koessler Athletic Center
The focal point of all campus sports activity is the Koessler Athletic Center (https://www.canisius.edu/about/campus/signature-facilities/). Better known as “the KAC,” the center houses the Physical Education and Athletic departments, and is the site of intercollegiate, intramural, recreation and local high school sporting events.

The KAC is comprised of a multi-purpose gymnasium, swimming pool, training room, rehabilitation room, a weight room, several classrooms and offices for the departments of Athletics and Kinesiology. It is also home to the Canisius College Sports Hall of Fame.

Adjacent to the KAC is the Patrick Lee Student Athletic Center, which is available to all Canisius students for recreational and intramural activities. The facility has two full basketball courts, three volleyball courts and an indoor batting cage.

Directly adjacent to the KAC is the Demsko Sports Complex, a multi-use, all-purpose, all-weather artificial A Turf field that is home to the Golden Griffin soccer, lacrosse, baseball and softball teams.

Non-Discrimination
Canisius College does not discriminate on the basis of age, race, religion or creed, color, sex, national or ethnic origin, sexual orientation, marital status, veteran’s status, genetic predisposition or carrier status, or disability in administration of its educational policies, employment practices, admissions policies, scholarship and loan programs, and athletic and other school administered programs. Canisius admits students of any age, race, religion or creed, color, sex, national or ethnic origin, sexual orientation, marital status, or veteran’s status to all rights, privileges, programs and activities generally accorded or made available to students at the college. It continues to be the policy of Canisius College not to discriminate on the basis of handicap. No person is denied employment, admission, or access solely because of any physical, mental, or medical impairment which is unrelated to the ability to engage in the activities involved in the education requirements or occupation for which application has been made.

Admission and Matriculation

Admission
Men and women of ability and achievement are welcome in the Graduate Division of Canisius College. Their acceptability as students is determined by the individual departments on the basis of aptitude, achievement and character.

Admission Procedures
Applicants for admission to the Graduate Division may be accepted as matriculants in a particular department, or as non-matriculants (not available in Anthrozoology). In either instance, the same admission standards will apply. Prospective students for admission to graduate study in any department must possess a baccalaureate degree and must present evidence of their qualifications to participate successfully in a graduate-level
academic endeavor. Each applicant is required to submit the following to the office of the appropriate program director:

1. Application for admission with any appropriate admissions fee.
2. Official transcript(s) from all previous undergraduate studies.
3. No student will be permitted to register for class prior to formal acceptance into the graduate division.
4. Additional admissions requirements may be found in the description of each graduate program.
5. Students whose general qualifications warrant their admission to the graduate division, but for whom some supplementary study is prescribed, may not be admitted to candidacy for a degree until all deficiencies have been removed.

Entrance Examinations
A preliminary examination to determine the candidate's background may be required in any field or department. The candidate will be given adequate notice by the program director in the event of such an examination. GRE, GMAT, MAT, SAT or ACT requirements, where applicable, are described in the individual program sections of the catalog.

International Students
International candidates for graduate admission should submit a completed application and certified transcripts from all secondary schools or colleges attended. Transcripts not in English should be accompanied by a certified English translation. International students whose native language is not English, and/or students whose primary language of instruction is not English, are required to submit a Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) score. All documents should be submitted with the application for graduate studies.

In order to attend Canisius College, Canadian and other international students must receive a Certificate of Visa Eligibility (Form 1-20). This form is issued by Canisius College after the student has submitted proof of his or her ability to meet all educational and living expenses for the entire period of study. The student must provide this proof by filling out the Canisius College International Student Certification of Finances form, which includes a budget worksheet to help the student determine the total educational expenses. This form must have enough funds listed (in U.S. dollars) and verified to cover the full amount of the student's educational and living expenses. This form must be submitted with the Application for Graduate Studies.

Applicants with Criminal Backgrounds
Canisius College is committed to ensuring that students have the ability to benefit from the education received at the College. Certain affiliates associated with the college require that students placed in their facility for clinical/internship/field placement experiences clear a criminal background check prior to placement. Students whose background check reveals a criminal history may be prevented access to the clinical site, and as a result, the student may not have sufficient clinical experience to successfully complete the program. Additionally, licensing boards may deny the individual the opportunity to sit for an examination if an applicant has a criminal history.

Matriculation
Matriculated Students
Most students enter the graduate division as matriculants, i.e., as students who are enrolled in a specific program leading to a master's degree or advanced certificate. Each student is responsible for the completion of the requirements and course prerequisites in force in the student's program of study at the time of matriculation.

A student who interrupts matriculation for two or more semesters must apply for readmission and is bound by the requirements in force at the time of readmission. Please contact the graduate program director for information about the readmission process.

Students are expected to maintain a continuous program of academic work until all course requirements, including research for the thesis, are completed. If a thesis is required, the student must register each fall and spring semester, after the completion of course requirements, for the appropriate research course until the degree is awarded.

Non-Matriculated Students
In graduate programs, persons who possess a baccalaureate degree and are otherwise eligible but who wish to pursue graduate study without intention of taking a higher degree may register as non-matriculated students. Should such a student later decide to work towards a degree, the student must apply for admission to the program and complete all admission requirements. The appropriate program director will determine what credits already completed will be accepted toward the master's degree. Enrollment of non-matriculated students is reviewed on a case-by-case basis.

Auditors (Non-Credit Students)
Students wishing to pursue certain courses of study may register for such courses as auditors (non-credit students). It is the understanding of the college that such auditors, though encouraged to participate in class discussion and reading assignments, are exempt from examination and will not at any time claim credit for such attendance. In the Wehle School of Business, only individuals with a graduate degree in business may audit courses. Auditing is not available in the Anthrozoology program.

Tuition, Fees, and Aid

- Tuition & Fees (p. 16)
- Student Financial Aid (p. 18)

The Student Records and Financial Services Center handles most financial transactions between students and the college including tuition collection and payment plans, meal plan arrangements, parking permits, and the disbursement of work-study paychecks. The center is located on the first floor of Bagen Hall. The center can also be reached by mail, phone, or email (studentservices@canisius.edu).

Mailing address:
Student Records & Financial Services Center
Canisius College
2001 Main Street
Buffalo, NY 14208

Phone number:
(716) 888-2600
(800) 238-8160
Tuition & Fees

General Regulations

Note: The information in this section is valid only for the academic year May 2019 through May 2020. For the most up-to-date numbers please visit the Canisius tuition and aid webpage (https://www.canisius.edu/tuition-aid/).

All tuition charges, student fees, and room and board charges are assessed and collected by the Student Records and Financial Services Center, with the exception of the deposit fee for new students that is collected by the Office of Admissions. The Trustees of the college, when necessary, may amend the tuition charges, fees and room and board charges.

Tuition Deposits

All candidates admitted to a graduate program must make a $100.00 deposit before registration information and materials are forwarded to them.

This deposit will be applied to the tuition bill of the student's first semester. The entire deposit is forfeited if the student fails to enter a graduate program within one year of admission.

Room Deposits

A $200 deposit is required of first time students occupying a room in one of the residence halls. The room deposit is non-refundable and is applied as a payment toward the spring semester student bill.

Payment of Tuition, Fees, and Room & Board

Tuition, fees, room and board are due on the date printed on the bill.

Students must either:

• Pay the bill in full less NYS awards.
• Be enrolled in a payment plan.

Failure to do this by the close of business on the due date printed on the bill will result in a $100 Late Fee assessed monthly (max. $300). The Student Records and Financial Services Center is responsible for the assessment and collection of tuition and fees payable to Canisius College. All prior financial obligations to the College must be paid in full before registration will be permitted for any new semester. If payment or other arrangements are not made, the Student Records and Financial Services Center has the option of canceling the student’s registration.

Canisius College accepts for payment cash, check (US funds only), money orders, wire transfers, and checks over the telephone. Tuition payments can be made online with your checking or savings account. It is the college policy to write the student's ID number on the face of the check or money order to ensure accurate posting. By submitting a check, please be aware that you are authorizing Canisius College to use information on your check to make a one-time electronic debit from your account at the financial institution indicated on your check. This electronic debit will be for the amount on the check. Funds may be withdrawn from your account as soon as the same day your payment is received and you will not receive your check back from your financial institution. Contact the Student Records and Financial Services Center if you have any questions about electronic check collection or options available if you do not want your payments collected electronically.

Checks for tuition payments should be mailed to:
Canisius College

Student Records and Financial Services Center
2001 Main Street
Buffalo, NY 14208

Make your check payable to Canisius College. Your student ID number must be clearly written on the check so that your tuition account is properly credited. All payments are credited on the day received.

Students personally guarantee and are responsible for all obligations to the college for tuition, fees and other charges. Students under the age of majority, under 18 in New York State, have by assumption received the personal guarantee of their parent(s) or guardian unless the student, the parent(s), or guardian notifies the college in writing of their invalidation of the personal and parental assumption of guarantee of all tuition, fees and other charges.

Any student who has an outstanding balance due the college is officially given notice that the college will withhold granting degrees and issuing grades, and discontinues the release of official transcript and academic records until all balances are paid in full. These students will also be subject to additional collection costs, attorneys’ fees, late fees, fines or interest charges on the unpaid balance. Failure to receive a bill in the mail is not sufficient grounds to appeal college policy. It is the responsibility of the student to check their account balance online and remit timely payment.

Students participating in a tuition remission, exchange, or consortium program are responsible for various charges and fees. Please consult your academic associate dean or financial aid specialist.

Withdrawal, Cancellation, and Refund

Unofficial withdrawal does not cancel an account. No withdrawal credit will be given to any student who does not fill out the proper withdrawal forms provided by the appropriate academic dean. No withdrawals will be accepted or withdrawal credit given over the telephone. Withdrawal credit or refunds of tuition will be given to those students whose bills are paid or who have signed a Semester Payment Plan before the due date specified on the bill.

No refund of tuition may be demanded as a matter of right when a student leaves the college without completing the semester in which enrolled. For a student to obtain a refund, the withdrawal must be authorized by the appropriate dean by the filing of the official form. If this is done, the student may request in writing a refund of tuition only according to the appropriate schedule:

1. If the course is a 3.0 credit hour class, the refund schedule is as follows:
   - First week of classes (Drop and Add Week): 100%
   - Second week of classes: 90%
   - Third and fourth week of classes: 50%
   - Fifth week through eighth week of classes: 25%
   - After eighth week of classes: None

2. If the course is a 1.5 credit hour MBA class that meets 7-8 times including the final exam, the refund schedule is as follows:
   - After first class: 100%
   - After second class: 50%
   - After third class: 20%
   - After fourth class: None

3. If the course is a 1.0 credit hour, 5 week class, the refund schedule is as follows:
First week of classes (Drop and Add Week) | 100%
---|---
Second week of classes | 30%
After second week | None

4. Fees are not refundable.
Refunds of tuition will be calculated from the date on which the appropriate academic dean approves the refund. The refund will be sent to the student within thirty days. Full tuition and fees will be refunded in the event of cancellation of a student’s enrollment because of an error on the part of the college. Any individual remaining enrolled may terminate the room and board agreement only under special circumstances approved by the Office of Residence Life. Upon any approved termination of the room and board agreement, the same refund schedule above for a 3.0 credit hour course will apply.

* The refund schedules shown are applicable only to the fall and spring semester of an academic year. For refunds during the summer session, consult the Student Records & Financial Services Center.

**Outstanding Financial Obligations**
Any outstanding financial obligation which a student owes to the college can prevent the student from registering for courses or making schedule adjustments after registration.

The following types of outstanding financial obligations can cause a financial hold to be placed on a student’s record and stop registration transactions:

1. Any outstanding tuition, default on payment plans, late charges, write-offs or delinquent NDSL/Perkins loans and Peter Canisius loans;
2. Library — any late fines or replacement fees for books not returned;
3. Residence Life residence hall damage fees;
4. Koessler Athletic Center fees for lost or damaged equipment.

In order to clear a financial hold, a student must pay the obligation due at the appropriate office or make suitable payment arrangements with that office. A student must clear ALL financial holds in order to register for classes, make schedule changes, receive or send transcripts or view their transcripts online.

**Governmental Programs**
Students who attend Canisius College under the provision of Public Laws 16, 346, 550, or 894 and those under the sponsorship and benefits of other government agencies are subject to regulations governing certified papers from the Department of Veterans Affairs or other appropriate government agencies. They must present these papers to the Student Records and Financial Services Center.

**Deferred Tuition Payments**
Students desiring a tuition deferment or monthly installments in paying their tuition may enter into a Semester Payment Plan with the college. If a student wishes to utilize the Semester Payment Plan, he/she must enroll in the plan by the due date on the bill. All Semester Payment Plans are subject to an administration fee and a penalty fee if the balance is not paid in full by the payment plan’s final due date. Once enrolled in a Semester Payment Plan, the administration fee will be added to the tuition bill and the remaining balance is due in accordance with the terms of the agreed upon plan.

**Full-Time Students**
A full-time graduate student is one who carries at least 9 semester credit hours.

**Part-Time Students**
A part-time graduate student is one who carries less than 9 semester credit hours.

**Tuition for Graduate Division - Fall and Spring Semesters**
Effective May 2019 through May 2020. Tuition is per credit hour unless otherwise indicated

8. Griff Bucks only (minimum deposit) (increase in $25 increments)
   - Per Semester: $25.00

9. Griff Choice (minimum deposit)
   - Per Semester: $5.00

Student Financial Aid

The cost of financing a college education is an important consideration for students. The staff of the Student Records & Financial Services Center is available to help students plan for the financing of a Canisius education. Students seeking federal financial assistance must complete the Free Application for Federal Student Aid (FAFSA). The FAFSA may be obtained on-line (https://www.fafsa.gov).

General eligibility requirements:

1. Study at least half-time at an educational institution approved by the federal government. It may be located in New York, in another state, or in a foreign country;
2. Be a U.S. citizen or permanent resident alien;
3. Be a resident of New York State for 12 months (for New York State financial aid programs);
4. Be in good academic standing and making satisfactory academic progress;
5. Have no outstanding debt from a previous student loan default and must not owe a refund on any federal grant at any institution;
6. Demonstrate compliance with applicable Selective Service laws;
7. Demonstrate financial need or meet individual program or scholarship requirements;
8. Have never received a drug conviction or have satisfied federal requirements to reinstate eligibility after a drug conviction.

Education Loans

- A loan is money the student borrows. It must be paid back.
- A loan is a serious obligation.
- Students should borrow only what they need. Education loans are for tuition and fees, room and board, books, transportation and personal expenses.
- An education loan cannot exceed the student’s total educational costs minus other student financial aid and, if required, a student contribution. Education loans have lower interest rates than most other types of loans.
- Federal Direct Student Loans
  Graduate students are eligible to apply for a Federal Unsubsidized Direct Loan of up to $20,500 per year. Interest accrues on the Unsubsidized loan while students are in school. The aggregate loan maximum for graduate students is $138,500. (This maximum includes Stafford and Direct loans borrowed for undergraduate study.)

How to Get a Loan

Two factors must be considered to determine Federal Unsubsidized Direct Student Loan eligibility: educational costs and other financial aid the student will receive. Therefore, all students must submit a Free Application for Federal Student Aid before a Student Financial Aid Specialist can process
a Federal Direct Loan. The school must report these figures to the federal
government and certify the student’s enrollment status. Borrowers are
required to complete an electronic Master Promissory Note (e-MPN).
Information about the e-MPN and instructions for submission can be found
here online (http://www.studentloans.gov).

Paying Back a Loan
The student is responsible for the following:

- Repayment of the amount borrowed,
- Interest on the amount borrowed,
- Fees paid at the time he or she receives the loan check.

When a student gets a loan, the terms of repayment are explained. The
student must be sure to understand all repayment terms before signing the
loan’s promissory note. If the student fails to meet these terms, he or she is
in default and the entire balance of the loan becomes due.

Costs
The interest rate for all 2019-20 graduate Federal Unsubsidized Direct
Student Loans will be the current fixed rate which is 6.08%. Students
who borrow through the unsubsidized Federal Direct Student Loan will
accrue interest while in school. An origination fee of 1.062% of the amount
borrowed will be deducted from the loan at disbursement.

Federal Direct Graduate PLUS Loans
Graduate students may borrow from the Federal Direct Graduate PLUS
Loan Program. Students may borrow up to the cost of attendance minus any
financial aid received. A credit check is required. Interested students may
apply online at www.studentloans.gov (https://www.studentloans.gov)

Costs
The current fixed interest rate for PLUS Loans for 2019-20 is 7.08%.
Interest begins at the time of disbursement. An origination fee of 4.248% of the amount
borrowed will be deducted from the loan at disbursement.

Repayment
Repayment of the Direct Graduate PLUS loan begins 60 days from full
disbursement. Students may request a deferment of principal and make
interest-only payments while enrolled.

Financing Options
The following options are available to assist students in financing a Canisius
education:

Griffin Payment Plans
This plan allows students to budget tuition payments over a full academic
year. An annual fee of $100 ($50 per semester) is charged. Further
information is available at the Student Records & Financial Services Center.

Other Information
Over-Awards
Each year a number of financial-aid recipients are “over-awarded.” As a
result, refunds are withheld, and, in some cases, students are billed for funds
already disbursed. This problem arises because of the length of time needed
to match funds from various institutional sources and/or outside agencies
against the individual student’s record.

To avoid this problem, students are urged to notify the Student Records &
Financial Services Center promptly when they receive additional funds from
any source not listed in their award letters or when a student changes his or
her enrollment status.

Financial Aid Check List
To be evaluated for possible financial aid, the student must submit the
following forms each academic year:

- Free Application for Federal Student Aid (FAFSA) is available on-line at
- If requested, Federal Income Tax transcripts for the appropriate
calendar year and/or other requested verification of income, including
child support. These should be returned to the Canisius College
Student Records & Financial Services Center.

Students must re-apply for financial assistance each year. The academic
year begins with the summer session and continues with the fall and spring
semesters. If you attend in the fall and spring and then wish to attend
Canisius College again following the summer session, you will need to
complete a new FAFSA because the summer session begins a new academic
year.

Satisfactory Academic Standing
To receive student financial aid, a student must remain “in Good Academic
Standing.” This means that the student must:

1. make satisfactory academic progress toward the completion of program
requirements and
2. pursue the program of study in which the student is enrolled.

The two elements of program pursuit and satisfactory academic progress
must be met for each term of study in which an award is received.

Satisfactory Progress
A student must acquire a minimum number of credits at each semester
interval and a minimum cumulative Q.P.A.

Students must meet the following satisfactory progress standards:

<table>
<thead>
<tr>
<th>Graduate Students</th>
<th>Before being certified for aid for this semester;</th>
<th>1st</th>
<th>2nd</th>
<th>3rd</th>
<th>4th</th>
<th>5th</th>
</tr>
</thead>
<tbody>
<tr>
<td>A student must have accrued at least this many graded credits;</td>
<td>0</td>
<td>6</td>
<td>12</td>
<td>21</td>
<td>30</td>
<td></td>
</tr>
<tr>
<td>With at least this Cumulative Quality Point Average:</td>
<td>0</td>
<td>2.25</td>
<td>2.50</td>
<td>2.75</td>
<td>2.90</td>
<td></td>
</tr>
</tbody>
</table>
Program Pursuit
A student must receive a passing or failing grade in a certain percentage of the full-time course load. The percentage increases from 50 percent of the minimum full-time load in each semester of study in the first year for which an award is made, to 75 percent of the minimum full-time load in each semester of study in the second year for which an award is made, to 100 percent of the minimum full-time load in each semester of study in the third and each succeeding year for which an award is made. Grades of W (indicating a student’s withdrawal from a course) do not satisfy program pursuit requirements. Full-time students must meet the following requirements for program pursuit:

Graduate

<table>
<thead>
<tr>
<th>Before being certified for aid for this semester;</th>
<th>1st</th>
<th>2nd</th>
<th>3rd</th>
<th>4th</th>
<th>5th</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum credit hours a student must have completed in the previous semester to meet Program Pursuit requirement.</td>
<td>0</td>
<td>6</td>
<td>6</td>
<td>9</td>
<td>9</td>
</tr>
</tbody>
</table>

Waivers
If a student fails to maintain program pursuit, fails to make satisfactory progress or fails to meet both of these elements of good standing, the college may grant a waiver which would allow the student to receive financial aid for the next semester. A maximum of one waiver at the undergraduate level and one at the graduate level may be awarded to a student. The waiver will not be automatic since it is intended to accommodate only extraordinary cases.

Each student’s progress will be evaluated every semester. Students will be required to meet the academic standards as outlined in the college catalog.

However, Canisius College will allow "all students a one-time probationary period following their first adverse determination of satisfactory progress. During this probationary period, the students still will be considered to be maintaining satisfactory progress and are eligible for federal Title IV funds. The fact that a student was placed on probation must be made a part of his or her record." (Source: official Federal Regulations) A one-time probationary period is defined as one academic semester.

Students not meeting satisfactory academic progress or program pursuit requirements will be placed on financial aid probation status for the next semester of the student’s enrollment. Students will be allowed to retain their financial aid during the probationary semester. Financial aid suspension will occur following the semester of probation if the student fails to meet the required academic standards. Reinstatement of aid will occur when the minimum standards have again been earned. In some instances, students may use summer classes (at their own expense) to improve their academic records sufficiently to reinstate their eligibility for financial aid. Only courses taken at Canisius College will affect a student’s Q.P.A.

The Federal Direct Student Loans (subsidized and unsubsidized) are subject to the conditions described above.

Reasons for which waivers may be granted include the following:

1. personal medical problems;
2. family medical problems;
3. severe personal problems;
4. other circumstances beyond the control of the student.

Any student wishing to request a waiver must submit to the associate dean of his or her division a written statement detailing the reasons why special consideration should be given. (A statement simply requesting a waiver is insufficient.) The written statement must be postmarked no later than ten calendar days after the date of the notice of loss of financial aid eligibility. Documentation supporting the stated reasons for special consideration must be provided and should be included with the written statement or should be forthcoming from appropriate third parties or agencies.

The student is responsible for requesting that all documentation be sent or brought to the associate dean.

Documentation should indicate that the student’s problems have been directly responsible for his or her inability to meet the satisfactory progress and/or program pursuit requirements. The appropriate associate dean will review the student’s written statement and supporting documentation. If additional information is needed, the associate dean may require an appointment with the student. A student will be informed of the associate dean’s decision within seven calendar days of receipt of the student’s written request. The associate dean will confer with any student being granted a waiver to assure that the student is fully aware of his or her situation and that the student concurs with the granting of the waiver. The associate dean’s decision on the waiver request is final.

Return of Title IV Funds
It is the policy of Canisius College to return federal funds which have been dispersed to an undergraduate student who has withdrawn or stopped attending the College to the Federal Title IV programs in compliance with the regulations of the Department of Education.

In order to be eligible for and retain federal financial aid (Title IV) funds, students must maintain enrollment in classes for the entire semester. Failure to do so results in a recalculation of aid funds and may result in a return of unearned Title IV funds.

If a student leaves the College prior to completing 60% of a payment period or semester, the Student Records and Financial Services Center will recalculate eligibility for Title IV funds. Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of payment period or term completed = the number of days completed up to the withdrawal date divided by the total days in the payment period or semester. (Any break of five days or more is not counted as part of the days in the semester.) This percentage is also the percentage of earned aid. Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula:

1 Based on the 4.0 grading system.
Aid to be returned = (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total amount of aid that could have been disbursed during the payment period or semester.

If a student earned less aid than was disbursed, the College will return a portion of the funds and the student will be required to return a portion of the funds. When Title IV funds are returned, the student borrower may owe a debit balance to the College.

If the student did not receive all of the funds that were earned prior to withdrawing, a post-withdrawal disbursement may be due. If the post-withdrawal disbursement includes loan funds, the student must give permission before the funds can be disbursed. The College may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges. Permission is required to use the post-withdrawal grant disbursement for all other College charges. Students will be notified of post-withdrawal disbursement eligibility within 30 days of the date of withdrawal determination.

The College will return the Title IV funds within 45 days of the date it determines the student withdrew. Title IV funds will be returned to the Department of Education in the following order:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Graduate PLUS Loan
4. Other Title IV Assistance
5. Other state
6. Private and Institutional Aid
7. Student

Academic Degrees

The Canisius College Graduate Division offers curricula leading to the degrees of Master of Science (MS), Master of Science in Education (MSEd), Master of Business Administration (MBA), Master of Business Administration in Professional Accounting (MBAPA), and Master of Business Administration in Accounting (MBAA). Each program is listed with the official approved title and HEGIS number by which it is registered with the New York State Education Department. Enrollment in other than registered or otherwise approved programs may jeopardize a student’s eligibility for certain student-aid awards. The programs are as follows:

| Master of Business Administration 0506.00 |
| Master of Business Administration in Accounting 0502.00 |
Grades

Grades inform students of the level of performance they have achieved in a course. Grades are means whereby students may come to know and appreciate their capacities and abilities. Instructors are responsible for specifying the performances required in their courses; students are responsible for meeting the requirements specified.

Grades earned by students at Canisius College reflect:

1. The extent to which the requirements specified in the course syllabus have been met.
2. The degree to which the requirements completed exhibit mastery of the subject or skills which are the object of the course.
3. Other criteria specified by the instructor at the beginning of the course, criteria such as, but not limited to, attendance at lectures or other course functions, projects voluntarily undertaken in excess of specified requirements, correct use of oral or written English and contribution to discussion or other course activities.

Quality Points

The quality-point average indicates the student’s general scholastic average and is a measure of the quality of his or her work, just as credit hours are the measure of its extent. Points are assigned as follows for each semester hour completed:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C-</td>
<td>1.7</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

A student’s GPA is obtained by dividing the total number of quality points by the total number of credit hours carried. Other grades authorized by the deans include the following:

- W – Authorized withdrawal from a course. The description of withdrawal procedures is in a preceding section of this chapter.
- I – Incomplete.

Final grades are available on the MyCanisius portal at the conclusion of each semester. If an official grade report is needed for any reason, contact the Student Records office to request a grade report.

Final course grades cannot in normal circumstances be altered after they have been recorded on the student’s academic record. Should an exceptional reason occur that would justify a late grade change, the faculty member can submit to the appropriate associate dean a request to change a student’s recorded grade within the following time frame:

- The end of the spring semester following a course taken in the fall
- The end of the fall semester following a course taken in the summer
- The end of the fall semester following a course taken in the spring
The following terms are used to describe a student’s academic standing:

Academic Standing

Academic standing is determined by the cumulative grade point average from the beginning of the student’s graduate program at Canisius.

The following terms are used to describe a student’s academic standing:

1. Academic probation: When a student’s grade point average falls beneath the level indicated below, he/she is placed on academic probation—a serious warning that the student’s academic record at the college is unsatisfactory. It is generally not advisable for students on academic probation to take part in extracurricular activities. Varsity athletes, in addition, are governed by NCAA and regional conference regulations. Probation for two successive semesters will result in automatic academic dismissal from the college.

2. Academic dismissal: When a student does not meet the academic requirements of the program, the student will be dismissed from the college (removed from the program). Dismissed students may not enroll in any division of the college and must wait at least six months before applying for readmission. Readmission is not guaranteed.

3. Good academic standing: This is a term used to 1) indicate satisfactory progress toward a degree, and 2) determine a student’s eligibility for financial aid. A student who is on academic probation is generally considered to be in good academic standing for financial aid, but is in danger of being dismissed from the program. Further details may be found in the section on Financial Aid.

There are two types of academic probation:

- Academic probation: When a student’s grade point average falls beneath the level indicated below, he/she is placed on academic probation—a serious warning that the student’s academic record at the college is unsatisfactory. It is generally not advisable for students on academic probation to take part in extracurricular activities. Varsity athletes, in addition, are governed by NCAA and regional conference regulations. Probation for two successive semesters will result in automatic academic dismissal from the college.

- Probation for two successive semesters will result in automatic academic dismissal from the college.

Academic dismissal: When a student does not meet the academic requirements of the program, the student will be dismissed from the college (removed from the program). Dismissed students may not enroll in any division of the college and must wait at least six months before applying for readmission. Readmission is not guaranteed.

There are two types of academic dismissal:

- Academic dismissal: When a student does not meet the academic requirements of the program, the student will be dismissed from the college (removed from the program). Dismissed students may not enroll in any division of the college and must wait at least six months before applying for readmission. Readmission is not guaranteed.

- Probation for two successive semesters will result in automatic academic dismissal from the college.

The grade point average levels for academic probation and academic dismissal are school and/or program specific as described below.

College of Arts and Sciences

Unless described differently on the individual program catalog page, the following guidelines apply to all graduate programs in the College of Arts and Sciences.

To receive a graduate degree in the College of Arts and Sciences, students must maintain a 3.00 QPA.

Graduate students must be in good academic standing with a 3.00 cumulative average to be eligible to take a capstone course, thesis course, or final internship.

Good Academic Standing

Students must maintain a 3.00 grade point average (a B average) to remain in good academic standing. Students who do not meet this requirement are subject to the provisions below.

Academic Probation

A student is placed on academic probation if:

- After completion of nine hours of course work, the student’s cumulative grade point average falls below 2.70; or
- Any time after completion of nine or more hours of course work, the cumulative grade point average is less than 3.00.

A student may not be placed on academic probation more than twice.

Academic Dismissal

A student may be dismissed from the program if:

- Any student receiving less than a C+ grade in two or more courses will be dismissed from the program; or
- After completion of six hours of course work subsequent to being placed on academic probation, the cumulative grade point average remains less than 3.00; or
- After completion of a second semester on academic probation, the student fails to meet the minimum QPA of 3.00. Two semesters of academic probation include both consecutive and non-consecutive semesters.

School of Education and Human Services

Unless described differently on the individual program catalog page, the following guidelines apply to all graduate programs in the School of Education and Human Services.

Receipt of a grade of “F” will result in a student being placed on academic probation. A second grade of “F” will automatically disqualify a candidate from the master’s degree program. A candidate whose grade point average drops below a 3.00 will be placed on academic probation and will be dismissed from the master’s degree program if their overall grade point average is below a 3.00 in two consecutive terms.

Wehle School of Business

MBA – Flexible MBA (full or part time)

Students must have a cumulative GPA of 2.8 to graduate.

A student is placed on academic probation if:

1. After completion of six hours of course work, the student’s cumulative grade point average is 2.00 or lower,
2. Any time after completion of nine or more hours of course work, the cumulative grade point average is less than 2.80. A student may be dismissed from the program if:

3. After completion of six hours of course work, subsequent to being placed on academic probation, the cumulative grade point average is less than 2.0.

4. After completion of at least 18 hours of course work, the cumulative grade point average is less than 2.80. A student may be dismissed without having been placed on probation first.

One Year MBA
Students must have a cumulative GPA of 2.8 to graduate.

1. A student may be dismissed from the program if the student’s QPA is 2.3 or lower, or if they fail or withdraw from a course upon completion of the first semester.

2. A student will be placed on academic probation if the student’s QPA is greater than 2.3 but less than 2.80 upon completion of the first semester.

3. A student may be dismissed from the program if the student’s QPA is less than 2.80, or they fail a course upon completion of the second semester.

Students dismissed from the One Year MBA Program can request to be evaluated for the Flexible MBA Program.

MBA in Professional Accounting
Students must have cumulative GPA of 3.0 to graduate.

A student is placed on academic probation if:

1. After completion of six hours of course work, the student’s cumulative grade point average is 2.0 or lower,

2. Any time after completion of nine or more hours of course work, the cumulative grade point average is below a 3.0 or lower.

A student may be dismissed from the program if:

1. After completion of six hours of course work, subsequent to being placed on academic probation, the cumulative grade point average is less than 2.0,

2. After completion of at least 18 hours of course work, the cumulative grade point average is less than 3.0. A student may be dismissed without having been placed on probation first.

Grade Grievance Procedure
Occasions may arise when a student does not agree with the grade he or she has received in a course. When this happens, the question of whether the grade should be reconsidered is addressed in two stages.

Part A) The initial stage in the grievance procedure is as follows:

The student first contacts the course instructor to discuss the grade in question within four weeks of the start of the semester (regular academic session) immediately following that in which the grade was awarded. If the instructor agrees that the grade in question was inaccurate, a grade change is processed by the instructor.

If the student and the instructor cannot agree on the appropriateness of the grade in question, the student may contact the chair of the instructor’s department, in writing, within ten working days after the meeting with the instructor. If a mutually agreeable decision is made through mediation conducted by the chair, the instructor will submit the agreed upon grade and the process is completed. If there is no outcome that is mutually acceptable to the student and the instructor, the process may continue. If the instructor is also the chair, then Step 2 is omitted and the process goes to step 3.

The student may appeal the decision to the appropriate associate dean’s or his or her designate office within ten working days after the mediation process is complete. The associate dean shall collect written views and other pertinent material from the involved instructor, student and chair, as well as consult with any other individuals deemed necessary. The associate dean shall render the decision whether the grade should be reconsidered.

The decision of the associate dean or his or her designate to reconsider or not to reconsider the grade in question is final. If the decision is to reconsider the grade, the procedure outlined in Part B below is followed. If the decision is not to reconsider the grade, the original grade cannot be changed. Cases which are referred to the procedure in Part B can be withdrawn only with the consent of the student, instructor, department chair and associate dean, and after first informing all parties involved.

Part B) The final stage in the grievance procedure is as follows:

If the associate dean feels that the reconsideration of the grade in question is appropriate, a panel of tenured faculty who have not been involved in the process described above is formed from the department in question. The panel must be formed within ten days of the associate dean’s decision. If the department does not have a minimum of four members, it will be expanded to include all the tenured members of the departments within the division (Natural Science, Social Science, Humanities, Business or Education) of which the department in question is a member.

A three-member panel will be selected as follows:

- The associate dean, faculty member and student involved will each select one member of the panel from the designated pool.

The panel will review all appropriate material and make a determination about the grade change. This review must be completed within thirty days of the formation of the panel. The panel has the authority to assign a grade for the course in question. That grade may be the same grade as assigned by the instructor or a higher or lower grade, according to the panel’s judgment. The
student and the instructor will be informed of the panel's decision and, when applicable, the authorized grade change will be submitted to the registrar.

The decision of the panel may be appealed by the original instructor or the student to the vice president for academic affairs only in the following extraordinary circumstances:

1. The grade grievance procedure was not followed.
2. Prejudice was manifested against either the student or the instructor.
3. New, relevant information was introduced.

The appeal must be brought within thirty days of the panel's decision. The burden of proof for the appeal rests with the individual bringing the appeal.

If the Vice President for Academic Affairs believes that the decision of the panel should be reviewed, a three-member appeal panel will be appointed from the pool of tenured faculty as described in Part B: the vice president, the faculty member and the student involved will each select one member. No member of the original panel may serve on the appeal panel. The appeal panel will follow the procedure in Part B, including completion of its task within thirty days of the formation of the panel. The decision of the appeal panel is final.

**Code of Academic Integrity**

**Mission and Pledge**

The Canisius College community is dedicated to academic excellence and is, therefore, committed to establishing and maintaining an atmosphere of trust. All members of the community agree and pledge to exercise complete integrity in their academic work. Academic integrity is the foundation of true intellectual growth; it demonstrates respect for oneself and for others.

The students, faculty and administration of Canisius College understand their responsibility for maintaining academic integrity to be both individual and collective. Fulfilling this responsibility requires us to uphold high standards in our own conduct and to exercise fairness towards each other. All instances of academic dishonesty are a breach of community standards. Students, administrators and staff, course instructors and their representatives are expected to report violations of the Code of Academic Integrity.

All members of the Canisius College community are committed to administering the Code of Academic Integrity in a manner consistent with our mission: to teach responsibility, to foster learning and to care for the intellectual and ethical development of the whole person.

Violations of the Code of Academic Integrity shall be dealt with in a manner which is just to all parties and contributes to the learning process. Sanctions shall be shaped by the belief that infractions are not simply occasions for punishment, but are opportunities for learning and for improving the ethical standards of the individual and the community.

All Canisius College students are automatically bound by the Code of Academic Integrity. As a reminder and reinforcement of the ideals this code embodies, course instructors are asked to place a pledge on scheduled tests and assignments, as well as in the course syllabus. Students, in turn, are asked to carefully consider and sign the pledge, which reads:

“As a member of the Canisius College Community I understand and will uphold the standards for academic behavior as stated in the Code of Academic Integrity.”

**Standards for Academic Behavior**

**A. Prescriptions**

Academic integrity requires a commitment to five fundamental values: honesty, trust, fairness, respect, and responsibility.

1. **Honesty**
   
   As an academic community of integrity, Canisius College requires intellectual and personal honesty in learning, teaching, research, and service. Honesty is the prerequisite for full realization of trust, fairness, respect, and responsibility. The policies of Canisius College discourage dishonesty in the forms of cheating, lying, fraud, theft, and other behaviors that jeopardize the rights and welfare of the college community and diminish the worth of its academic degrees. All members of the community subscribe to the principle of observing basic honesty in their work, words, ideas, and actions.

2. **Trust**
   
   As an academic community of integrity, Canisius College seeks to foster a climate of mutual trust, encourage the free exchange of ideas, and enable all members of the community to reach their highest potential. Trust creates an environment in which collaboration is valued and information and ideas can be shared without fear of one's work being stolen. It also allows us to believe in the social value of our scholarship and the degrees that are achieved here.

3. **Fairness**
   
   As an academic community of integrity, Canisius College seeks to set clear standards, practices and procedures, and expects fairness in the interactions of all members of the community.

4. **Respect**
   
   As an academic community of integrity, Canisius College recognizes the participatory nature of the learning process and honors and respects a wide range of opinions and ideas. If they are to be rewarding, teaching and learning demand both active engagement and mutual respect among all members of the community. Respect is shown by attending class, being on time, paying attention, listening to other points of view, valuing the aspirations and goals of others and recognizing them as individuals, being prepared and contributing to discussions, meeting academic deadlines and performing to the best of one's ability.

5. **Responsibility**
   
   As an academic community of integrity, Canisius College upholds personal accountability and depends upon action in the face of wrongdoing. Every member of the academic community is responsible for upholding the integrity of the scholarship and research carried out here. Such shared responsibility leads to personal investments in upholding our academic integrity standards. Being responsible means taking action against wrongdoing, discouraging and seeking to prevent misconduct by others. One primary responsibility is to discourage violations of the Code of Academic Integrity by others.
B. Proscriptions

All students of the college are expected to understand the meaning of the Code of Academic Integrity. Ignorance of the code is not a valid reason for committing an act of academic dishonesty. Students should realize that their actions may affect other students. In general, students may not obstruct or interfere with other students’ academic work or otherwise undertake an activity with the purpose of creating or obtaining an unfair academic advantage over other students. Each of the following behaviors violates all of the principles of honesty, trust, fairness, respect, and responsibility explained above and is thus prohibited.

1. Plagiarism — what about copying from the Internet and citing someone else?

Plagiarism is using someone else’s work without citing the source. Of course, common sense as well as ethics should determine what you document. For example, you rarely need to give sources for familiar proverbs (“You can’t judge a book by its cover”), well-known quotations (“We shall overcome”), or common knowledge (“George Washington was the first president of the United States”). But you must indicate the source of any appropriated material that readers might otherwise mistake for your own (5th Edition, pp. 30, 33). Plagiarism may range from isolated formulas, sentences, or paragraphs to entire articles copied from books, periodicals, websites, speeches, or the writings of other students. Honesty requires that any work or materials taken from another source, for either written or oral use, must be acknowledged. Any student who fails to give credit for ideas or materials obtained from another source is guilty of plagiarism. Plagiarism, in any of its forms, whether intentional or unintentional, violates standards of academic integrity. Examples of plagiarism include, but are not limited to:

- Direct quotation of any source material whether published or unpublished without giving proper credit through the use of quotation marks, footnotes and other customary means of identifying sources. This includes complete sentences or paragraphs, or an entire piece of written work.
- Paraphrasing another person’s ideas, opinions, or theories from books, articles, websites, etc., without identifying and crediting sources.
- Borrowing facts, statistics, graphs, diagrams, photographs, or other illustrative or visual materials that are not clearly common knowledge without identifying and crediting sources.
- Copying another student’s essay test answers.
- Submitting papers written by another person or persons. This includes copying, or allowing another student to copy, a computer file that contains another student’s assignment and submitting it, in part or in its entirety, as one’s own.
- Working together on an assignment, sharing the computer files and programs involved, and then submitting individual copies of the assignment as one’s own individual work without course instructor approval.
- Buying or selling, or exchanging term papers, examinations, or other written assignments, or any part of them.
- Offering false, fabricated, or fictitious sources for papers, reports, or other assignments.

2. Cheating

Cheating includes, but is not limited to: using unauthorized notes, study aids, or information on an examination, test, etc.; altering a graded work after it has been returned, then submitting the work for regrading; or allowing another person to do one’s work and submitting that work under one’s own name. Cheating also includes the possession, without authorization, of copies of tests, answer sheets, or other materials, however obtained, that could interfere with fair, accurate testing, as well as retaining, possessing, using or circulating previously given examination materials without authorization.

3. Duplicate Submission of the Same Work

Submitting the same work for more than one course is a violation unless the professor(s) assigning the work gives consent in advance. This includes work first produced in connection with classes at either Canisius College or other institutions attended by the student.

4. Collusion

Collusion includes cooperation that results in the work or ideas of others being presented as one’s own (e.g., rather than as a group effort). However, ordinary consultation of faculty, library staff, tutors or others is legitimate unless the instructor has imposed stricter limits for a particular assignment.

5. False Information and Lying

This includes consciously furnishing false information to other students, faculty members and their representatives, advisors, administrators or representatives of the college offices with the intent to mislead. Instances would include but are not limited to misrepresenting activity outside of the classroom (reports on field work, internships, etc.) or improperly seeking special consideration or privilege (e.g., for postponement of an examination or assignment deadline, etc.).

6. Falsifying Academic Documentation and Forgery

This includes any attempt to forge or alter academic documentation (including transcripts, letters of recommendation, certificates of enrollment or good standing, registration forms, drop/add forms, withdrawal forms, and medical certification of absence) or to falsify other writing in academic matters (e.g., any documentation provided to instructors) concerning oneself or others.

7. Theft, Abuse, and Destruction of Academic Property

This comprises unauthorized removal, retention, mutilation, or destruction of common property of the college that deprives others of equal access to these materials. Such property includes but is not limited to library materials, laboratory materials, computers and computer software, etc. This includes also sequestering library materials for the use of an individual or group; a willful or repeated failure to respond to recall notices from the library; and the removal or attempt to remove library materials from the library without authorization. The theft, mutilation, or destruction of another student’s academic work, including books, notes, computer programs, papers, reports, laboratory experiments, etc. also falls under this type of violation.

8. Unauthorized Use of Information Technologies
In the context of the completion of a course and/or assignments (contained within a course), the unauthorized use of computers or the college’s computer network (e.g., the unauthorized use of software, access codes, computing accounts, electronic mail, and files) or other electronic devices (calculators, smart phones, iPods/iPads, tablets etc.) is prohibited.

9. Aiding and Abetting Academic Dishonesty
This includes intentionally: (a) providing material, information, or other assistance to another person with knowledge that such aid could be used to commit any of the proscribed acts noted above; or (b) providing false information in connection with any inquiry regarding academic integrity.

Procedures for Handling Academic Misconduct
A faculty member may charge a student in his or her course with academic misconduct. After the student has been informed of the charge and the evidence upon which it is based and has been given an opportunity to present a defense or explanation, the faculty member shall issue a finding and impose a penalty within the course.

The student may accept the penalty or choose to appeal. The student may appeal the finding or the penalty to the chair of the faculty member’s department within ten calendar days of the finding. Each party will present his case to the chair, who will then render a decision.

The student and the faculty member may accept the decision of the chair or either of them may appeal the matter to the appropriate associate academic dean or his or her designate within ten calendar days. Each party will present his case to the associate dean or his or her designate, who shall then render a decision.

At either stage of appeal, the chair, the associate dean or his or her designate may dismiss the charge, affirm the charge and penalty, or affirm the charge but change the penalty.

At any time after a student has been charged with academic misconduct, but before the associate dean or his or her designate has rendered a final decision, the student may request a college ombudsman to facilitate an informal resolution to the problem. The resolution may include a penalty.

After a student has been charged with academic misconduct, the student may request the assistance of another member of the college community in presenting an explanation or defense to the faculty member, chair, associate dean, or his or her designate.

At any time after a student has been charged with academic misconduct, but before the associate dean or his or her designate has rendered a final decision, the student may request a college ombudsman to facilitate an informal resolution to the problem. The resolution may include a penalty.

After a student has been charged with academic misconduct, the student may request the assistance of another member of the college community in presenting an explanation or defense to the faculty member, chair, associate dean, or his or her designate.

Penalties
The penalties that may be imposed upon a student found responsible for academic misconduct include, but are not limited to, the following:

- If consultation with the associate dean of the student’s school reveals no prior offense.
- The student’s grade in the assignment or examination in question will be a “F.” At the discretion of the instructor, the assignment or examination may be repeated in a different form.
- In addition, the student may receive a failing grade in the course.
- The instructor may devise a penalty appropriate to the circumstances. If a prior offense is on record, the course grade should be an “F.” The instructor may devise a penalty appropriate to the circumstances. If a prior offense is on record, the course grade should be an “F.”
- The student’s associate dean may impose a penalty outside the course, including the recommendation of suspension or expulsion. The Vice President for Academic Affairs makes all final decisions regarding suspension or expulsion for reasons of academic misconduct.

Record Keeping
In all instances of academic misconduct in which a final penalty has been imposed, the person imposing the penalty shall notify the associate dean of the student’s school for inclusion of the matter in the student’s confidential file. This file enables the associate dean to determine when a student has engaged in more than one act of academic misconduct. Academic misconduct files are maintained in the Student Records Office.

After a student graduates, the confidential file concerning the misconduct shall be destroyed. However, if the student is expelled for academic dishonesty, the file will be retained.

International Partnerships and Study Abroad

Study Abroad and International Partnerships

Students who study abroad say that it is a life-changing experience. Whether you spend a semester or a year abroad, living and learning in another country will open the doors to unique personal and professional experiences as well as improve foreign language skills. Some programs enable students to work as volunteers or interns during their stays and combine language and culture courses with their academic work. The Office of Study Abroad and International Partnerships is continually improving and increasing the options made available to Canisius students interested in expanding their horizons. Some of the programs listed below also offer opportunities for graduate students to study abroad for a summer or semester. Please check with the Office of Study Abroad and International Partnerships about details for graduate study abroad.

Canisius offers study abroad programs in the following locations:

- Antwerp, Belgium – University of Antwerp
- Barcelona, Spain – University Ramon Llull, IQS School of Management
- Berlin, Germany – Berlin School of Economics and Law
- Dortmund, Germany – Technical University of Dortmund
- Eichstaett, Germany – Catholic University of Eichstaett
- Florence, Italy – Istituto Lorenzo de’ Medici
- Galway, Ireland – National University of Ireland at Galway
- Glasgow, Scotland – University of Glasgow (HONORS ONLY)
- Lille, France – the Catholic University of Lille and IESEG School of Management
- Lima, Peru – Universidad del Pacifico
- Madrid, Spain – Pontificial University Comillas
- Manila, Philippines – Ateneo de Manila
- Oviedo, Spain – University of Oviedo
- Paris, France – IESEG School of Management
- Queensland, Australia – University of the Sunshine Coast
- Rio de Janeiro, Brazil – Pontifical Catholic University
- Rome, Italy – Istituto Lorenzo de’ Medici
- Seoul, South Korea – Sogang University

Canisius offers study abroad programs in the following locations:
• Strasbourg, France – Ecole de Management Strasbourg
• Tokyo, Japan – Sophia University

Partnership Programs

The following programs are offered in conjunction with partners. Please read the program description carefully to determine which organization is offering which of the credentials.

• Intensive Teacher Institute (p. 28)
• Teach for America (p. 28) (p. 28)

Intensive Teacher Institute

Intensive Teacher Institute in Bilingual Special Education (ITI-BSE)

Canisius College is an approved provider for the Intensive Teacher Institute administered by Suffolk County BOCES. This is a grant-funded program that allows working teachers to add either TESOL certification or a Bilingual Education extension to their current certification.

The New York State Education Department P-12 Office of Special Education created the ITI-BSE in 1994 to address the shortage of certified bilingual and English as a second language (ESOL) special education teachers, bilingual teachers of students with speech and language disabilities, and bilingual pupil personnel professionals. This state-funded program provides tuition assistance for fifteen credits of specialized coursework and facilitates the certification process for these professionals who are currently working in New York public schools or approved preschools. The ITI-BSE Program, which is housed at Eastern Suffolk BOCES, collaborates with school districts, preschools, and institutions of higher education (IHEs) throughout the state. Program eligibility and coursework requirements and an application form for the ITI-BSE Program can be found by visiting on the https://www.esboces.org/Page/382/). Intensive Teacher Institute (https://www.esboces.org/Page/382/) Website (https://www.esboces.org/Page/382/).

LEARNING GOALS

Learning goals and objectives are derived from the School of Education and Human Services Conceptual Framework that was established to organize student performance data for the NCATE review process. The objectives, and their supporting assessments, are aligned with the standards of the Middle States Association of Colleges and Universities, NCATE, and the appropriate Specialized Professional Association as described in the program handbook.

Learning Goal 1: Candidates will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field.

Learning Goal 2: Candidates will demonstrate professional skills and dispositions necessary for successful performance in their field.

Learning Goal 3: Candidates will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Learning Goal 4: Candidates in the will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance, ensuring that all students and/or clients have optimal opportunities to learn and grow.

Learning Goal 5: Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Teach for America

Canisius College and Teach For America (TFA) believe that all children should receive an excellent education. We also share a mutual vision of how quality teacher preparation can directly lead to improved academic outcomes. As a result, TFA has chosen Canisius College as the exclusive Buffalo partner to recruit, educate, and support corps members to become highly qualified teachers.

Corps members are full time teachers of record who complete two required courses each semester, which will make them eligible for an initial teacher’s license in the state of New York and the Master’s Degree in Education.

Corps members benefit from school mentors and Canisius mentors who assist them in their first years of teaching and provide the support and expertise needed to become skilled beginning teachers.

Corps members may pursue New York State certification in Early Childhood Education, Childhood Education or Adolescent Education with certification options in Students with Disabilities, TESOL, and Bilingual Education.
Adolescence Urban Education (MSED)

INTRODUCTION

This Teach for America option is for candidates who work in Buffalo secondary schools (grades 7-12). These candidates are teachers of record in their schools and work on a Transitional B license.

There are three certification options associated with this Urban MSED. They are Urban Adolescence 7-12 Students with Disabilities Generalist, Urban Adolescence plus TESOL (Teaching English to Speakers of Other Languages), and Urban Adolescence plus Bilingual Education.

Total Credits: 12

Prerequisites for Adolescence 7-12 Certification in the Content Area:

1. English: 36 credit hours are required in English. Topics that need to be covered include linguistics/grammar, American Literature, World Literature, Young Adult Literature, British Literature, and writing/composition (plus electives needed to meet the credit hour requirement)
2. Math: 37 credit hours are required in Math. Topics that need to be covered include Calculus I, II, and III, differential equations, abstract math, linear algebra, abstract algebra, geometry, and statistics. (plus electives needed to meet the credit hour requirement)
3. Biology: 36 credit hours are required in Biology. Topics that need to be covered include botany, evolution, microbiology, biochemistry, organismal biology, ecology, physiology, cell biology, zoology, genetics, and anatomy. (plus electives needed to meet the credit hour requirement)
4. Chemistry: 36 credit hours are required in Chemistry. Topics that need to be covered include inorganic chemistry, organic chemistry, biochemistry, analytical chemistry, and physical chemistry. (plus electives needed to meet the credit hour requirement)
5. Physics: 36 credit hours are required in Physics. Topics that need to be covered include general physics, classical mechanics, nuclear physics, optics, electricity/magnetism, quantum mechanics, electronics, and statistics & thermal dynamics. (plus electives needed to meet the credit hour requirement)
6. Social Studies: 36 credit hours are required in Social Studies. Eighteen (18) credits in history are required. Three credits are also required in each of the following areas: geography, political science/government, cultural studies, and economics. The remaining credits can come from other social sciences including psychology or philosophy.
7. Spanish, French, or German: 30 credit hours of study in that language are required

**Prerequisites for TESOL**
Twelve credits in a language other than English

**Prerequisites for Students with Disabilities (SWD)**
1. Six credit hours in English
2. Six credit hours in math
3. Six credit hours in social studies
4. Six credit hours in science
5. Three credit hours in a language other than English

**Learning Goals & Objectives**

**Learning Goal 1 (KNOWLEDGE – Observed in Writing)**
*CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE CONTENT KNOWLEDGE, PEDAGOGICAL, AND PROFESSIONAL KNOWLEDGE NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD.*

Teacher candidates will:
- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

**Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)**
*CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE PROFESSIONAL SKILLS AND DISPOSITIONS NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD.*

Teacher candidates will:
- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

**Learning Goal 3 (SERVICE)**
*CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE WILLINGNESS TO USE THEIR SKILLS TO BENEFIT AND SERVE SOCIETY. WITHIN THE CONTEXTS OF THEIR WORK, CANDIDATES PROMOTE AUTHENTIC LEARNING, SOCIAL AND EMOTIONAL DEVELOPMENT, AND A COMMITMENT TO SOCIAL JUSTICE IN ENVIRONMENTS THAT FOSTER RESPECT FOR DIVERSITY AND THE DIGNITY OF ALL.*

Teacher candidates will:
- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

**Learning Goal 4 (PROFESSIONALISM)**
*CANDIDATES WILL DEMONSTRATE SELF-REFLECTION AS A HABIT OF MIND, CONTINUOUSLY ASSESSING AND REFINING THEIR PROFESSIONAL PRACTICE AS THEY CONSTRUCT A RICH REPERTOIRE OF RESEARCH-BASED KNOWLEDGE, SKILLS, AND ATTITUDES FOR EFFECTIVE PERFORMANCE ENSURING THAT ALL STUDENTS AND/OR CLIENTS HAVE OPTIMAL OPPORTUNITIES TO LEARN AND GROW.*

Teacher candidates will:
- Set informed goals and strive for continuous professional growth.

**Learning Goal 5 (LEADERSHIP)**
*CANDIDATES WILL BECOME ADEPT AT APPLYING THEIR ACQUIRED KNOWLEDGE IN THE PROCESS OF EVALUATING THEIR OWN PROFESSIONAL PERFORMANCE AND DECISION-MAKING WITH RESPECT TO ITS IMPACT ON STUDENTS AND/OR CLIENTS, ORGANIZATIONS, AND THE WIDER COMMUNITY.*

Teacher candidates will:
- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

**Childhood Urban Education (MSED)**

This Teach for America program is for Corps Members who are teaching in an Elementary School as teachers of record on a Transitional B license.

There are three different certification options associated with this MSED. They are Childhood Education 1-6 Students with Disabilities, Childhood TESOL (Teaching English to Speakers of Other Languages), and Childhood Bilingual Education.

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)
CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE CONTENT KNOWLEDGE, PEDAGOGICAL, AND PROFESSIONAL KNOWLEDGE NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD.
Teacher candidates will:
• Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
• Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.
Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE PROFESSIONAL SKILLS AND DISPOSITIONS NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD.
Teacher candidates will:
• Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)
CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE WILLINGNESS TO USE THEIR SKILLS TO BENEFIT AND SERVE SOCIETY. WITHIN THE CONTEXTS OF THEIR WORK, CANDIDATES PROMOTE AUTHENTIC LEARNING, SOCIAL AND EMOTIONAL DEVELOPMENT, AND A COMMITMENT TO SOCIAL JUSTICE IN ENVIRONMENTS THAT FOSTER RESPECT FOR DIVERSITY AND THE DIGNITY OF ALL.
Teacher candidates will:
• Work with all students to create a dynamic learning environment that supports achievement and growth.
• Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

Learning Goal 4 (PROFESSIONALISM)
CANDIDATES WILL DEMONSTRATE SELF-REFLECTION AS A HABIT OF MIND, CONTINUOUSLY ASSESSING AND REFINING THEIR PROFESSIONAL PRACTICE AS THEY CONSTRUCT A RICH REPertoire OF RESEARCH-BASED KNOWLEDGE, SKILLS, AND ATTITUDES FOR EFFECTIVE PERFORMANCE ENSURING THAT ALL STUDENTS AND/OR CLIENTS HAVE OPTIMAL OPPORTUNITIES TO LEARN AND GROW.
Teacher candidates will:
• Set informed goals and strive for continuous professional growth.

Learning Goal 5 (LEADERSHIP)
CANDIDATES WILL BECOME ADEPT AT APPLYING THEIR ACQUIRED KNOWLEDGE IN THE PROCESS OF EVALUATING THEIR OWN PROFESSIONAL PERFORMANCE AND DECISION-MAKING WITH RESPECT TO ITS IMPACT ON STUDENTS AND/OR CLIENTS, ORGANIZATIONS, AND THE WIDER COMMUNITY.
Teacher candidates will:
• Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Student Records
The Student Records and Financial Services Center maintains the official records for Canisius students. This is the center where students can address issues related to course registration; make official changes including declaring or changing majors, minors, or degree programs; and formally applying for graduation. The center is located on the first floor of Bagen Hall. The center can also be reached by mail, phone, or email (studentservices@canisius.edu).

Mailing address:

Student Records & Financial Services Center
Canisius College
2001 Main Street
Buffalo, NY 14208

Phone number:
(716) 888-2600
(800) 238-8160

Change of Name/Address/Phone
It is the responsibility of each individual student to notify the college of any change of name, address and/or phone number. Change-of-address forms are available in the Student Records and Financial Services Center.

Transcript
A student wishing a transcript of his or her record in order to transfer to another college, university or professional school or for other purposes must make written application to the Student Records and Financial Services Center one week before the transcript is needed. Information on how to request a transcript is available online (https://www.canisius.edu/tuition-aid/student-records-and-financial-services/request-transcript/). In no case will an official transcript be given to a student but, in accordance with accepted practice, it will be sent directly to the institution indicated by the student. A student can request a copy of the transcript for his or her personal use. This copy will be marked “Student’s Copy.” No transcripts will be released until students have cleared all financial obligations to the college.

Course Registration
The college year consists of two regular semesters, fall and spring, plus several summer sessions of varying lengths. Several programs offer courses in the fall and spring semester that last only a portion of the semester.

The unit of instruction is the semester hour or credit hour, which consists of the equivalent of one lecture period of 50 minutes (hereafter called a contact-hour) each week for the entire semester (approximately 15 weeks). In addition to the time in class, students are expected to complete approximately twice as much time outside of class working on the course and its materials.

1. The general expectation for one credit hour is one contact-hour of classroom or direct faculty instruction and a minimum of two hours of student work completed outside of the classroom each week for approximately fifteen weeks for a traditional semester, or the equivalent amount of work over a different period of time; or
2. For other academic activities (including laboratory work and other academic work leading to the award of credit hours), an amount of work at least equivalent to that required in the above definition, as determined by the College.

In practice, a credit hour or semester hour consists of a minimum of 750 minutes of class time during a semester.

A course having three 50-minute class periods a week will, therefore, earn three semester hours of credit. Other meeting patterns will also fulfill the required contact time. The number of semester credits to be earned in a given course is always indicated by the number after the course title.

Registration Processes
Students register for courses on-line through myCanisius. Once registration has opened, students are encouraged to register as early as possible.
Students are required to consult with their advisors each semester to insure that they are taking the proper courses.

Students who have not completed registration will not be admitted to class. It is the responsibility of the all students to be aware of registration procedures.

Prerequisites
Some courses have prerequisites that must be met before a student can register for the course. Prerequisites include such requirements as the successful completion of previous courses, concurrent registration in another course, permission of the instructor or chair, and specific GPA and course grade requirements. A student may not register for a course where prerequisites are indicated unless the prerequisites have been successfully completed.

Note: For two-semester courses that are listed with one title and description (e.g., EDD 536-EDD 537), it is understood that successful completion of the first semester is a prerequisite for admission to the second half of the course.

Course levels
The numerical sequence used at Canisius College indicates the following: Courses numbered 100-499 are undergraduate courses, and courses numbered 500 and higher are graduate courses.

Course Offerings
The information listed in this catalog about course availability and when courses will be offered was provided by chairs and program directors based on their planned course offerings and are intended to provide students with guidance as they produce their schedules. However, schedules are subject to change, especially when the availability of appropriate instructors changes. Actual course offerings are listed in the online course schedule produced each semester by the Student Records and Financial Services Center.

Immunization Requirements for Class Attendance

Measles, Mumps, Rubella
New York State law requires all students taking six or more credits, attending any classes on campus, and born on or after January 1, 1957 to provide proof of immunity against measles, mumps and rubella to the Student Health Center prior to class attendance. Students must submit proof of two doses of measles (rubeola) vaccine, one dose of rubella (German measles) vaccine and one dose of mumps vaccine, given on or after their first birthday and after 1967.

Meningitis Requirement
All students registered for 6 or more credits and attending class on campus, regardless of birth date, are required to receive information about the risk of meningococcal disease and the benefit of vaccination. Students are required to read the information and either obtain the meningitis vaccine or sign a vaccine refusal statement within thirty days of first class attendance.

Submission Dates and Non-Compliance
Immunization records must be submitted by July 31 for fall attendance and January 1 for spring attendance. Summer students must submit records before their first day of class. Non-compliance with health requirements results in registration withdrawal, removal from college housing, and inability to register with the college for future semesters. If registration is withdrawn, a student will be reinstated once the health forms are submitted and deemed complete. Canisius College charges an immunization reinstatement fee. To view the fee click here https://www.canisius.edu/financial-aid/student-records-and-financial-services/cost-attendance/. Compliance with New York State health requirements is strictly enforced across the campus.

Students taking online courses only are generally exempt from these requirements, however some online programs have established stricter immunization requirements. On line students should discuss health requirements with Admissions or their program directors.

The Student Health Center website (https://www.canisius.edu/student-experience/student-support-services/student-health/) has detailed information about health requirements and links to the required forms.

Drop/Add Period
In the fall and spring, the first full week of classes of the semester is the Drop/Add week, during which students may drop or add classes without penalty (see Academic Calendar for dates). After that, the withdrawal procedures described below apply. No change or deletion of courses, except for authorized withdrawals, may be made after the first full week of any semester.

Withdrawal
A student wishing to withdraw from a course must submit a Class Withdrawal Form to the Student Records and Financial Services Center after obtaining the required approvals. Students in online programs should send the program director an email requesting the withdrawal from the class. This will start the process. The date of the email will be the effective date of the withdrawal. A student receiving financial aid should consult with a counselor before withdrawing from a class. The faculty signature represents an acknowledgment of the student’s withdrawal. Failure to submit the withdrawal form will mean that an automatic grade of “F” will be entered on the student’s record.

The deadline for withdrawal without academic penalty is the last day of classes of each fall and spring semester. See the official academic calendar (p. 2). Summer sessions have their own deadlines for withdrawal. Consult the Summer Session catalog for details.

Withdrawal from a course automatically results in a notation of “W” (withdrawal) for the course. Ordinarily, no student will be allowed to withdraw from any course after the deadline. However, in extreme circumstances, a student may request permission from the dean and then the instructor of the class to withdraw after the deadline. Such permission will be granted rarely and only in exceptional cases. Written documentation explaining the reason the withdrawal is being requested is required for all withdrawals after the deadline.

Leaves and Withdrawal

Withdrawal from the College
A student desiring to withdraw from the college must consult with a designated member of the Griff Center for Academic Engagement who will forward the withdrawal form to the appropriate associate dean. In the case of freshmen, a parent or guardian must indicate approval of withdrawal by signing the withdrawal form. The official date of the student’s withdrawal is the date on which the withdrawal form is received and approved by the appropriate associate dean. A student withdrawing from the college at
any time during a semester without proper authorization fails all of his/her courses for that semester.

A student who does not register for two or more semesters and returns to the college is required to follow the catalog requirements at the time they return to the college.

**Medical Leave of Absence**

Students may request a leave of absence from Canisius College when a medical condition significantly interferes with their ability to function at the college. This policy is intended to assist students with an absence of one to two semesters. It is not intended to allow a long period of absence during a single semester. A student taking a leave of absence for medical reasons will not be eligible to complete courses within the semester for which the medical leave of absence is approved.

Students must submit a written request for a medical leave of absence with the Griff Center for Academic Engagement (OM 013). For a leave of absence to be considered, a student must provide written verification from a licensed health/mental health professional of the presence and/or severity of a medical condition. Questions or concerns should be directed to the Griff Center for Academic Engagement.

A student granted a leave of absence will be expected to return to Canisius College after the leave has ended. Failure to return from a leave of absence after two semesters results in a formal academic withdrawal from Canisius College. A registration hold will be placed on the student’s account during a leave of absence.

To return from a leave of absence, the student must provide the Griff Center for Academic Engagement with an appropriate written statement from a licensed health/mental health professional that confirms the student sought and received treatment and is capable of meeting the challenges of academic life. When appropriate, this statement should also include recommendations for continued treatment once the student returns to the college and any needed academic restrictions or accommodations. It is expected that a request to return should be made at least 30 days in advance of the commencement of the new semester. The Griff Center for Academic Engagement will determine the conditions a student will need to meet in order to return after reviewing the statement with appropriate personnel.

**Voluntary Leave of Absence**

A student who wishes to take a semester or two off, but plans to return to the college within one calendar year, may elect to take a leave of absence. A student who has been on leave for more than one year and/or attended another institution while on leave will be required to re-apply for admission to the college.

**Involuntary Leave of Absence**

When a student’s behavior is disruptive to the college community or when a student’s behavior presents a danger to themselves or others, the senior associate dean of students or their designee may place the student on an involuntary leave of absence in accordance with the College’s Students of Concerns Policy. A student’s return from an involuntary leave is dependent upon the resolution of the circumstances leading to that leave and must be coordinated with the senior associate dean of students or their designee.

**Completing the Degree Program**

**Comprehensive Exam**

Requirements for a comprehensive examination, where applicable, are described in the departmental regulations.

**Thesis Requirement**

Thesis requirements, where applicable, are described in the departmental regulations.

**Graduation**

To qualify for the master’s degree, a candidate must complete satisfactorily all general and program requirements as outlined in this catalog. Degrees are awarded during the annual commencement ceremony on the date designated in the college academic calendar. Students completing the degree requirements in August (degree conferral date is August 31st) or December (degree conferral date is February 1st) may obtain their diploma before the next commencement. All students, regardless of when the requirements are completed (May, August, or December), must file a Request for Diploma form with their respective graduate offices. Students should contact their specific program office regarding the deadline dates for such requests.

Each student’s name should be submitted to the registrar exactly as the student wishes it to appear on all official documents of the college. It is the student’s responsibility to keep this file accurate. A fee of $30.00 will be assessed to reprint a diploma if the name on the new diploma is to differ from that on the official registration record of the college.

**Policy on Student Records**

The Family Educational Rights and Privacy Act of 1974 (FERPA; Section 438 of the General Education Provisions Act) as amended is the federal law governing individuals’ access to student records. The guiding principle of FERPA is that education records are private and that students have the right to limit their disclosure to third parties. FERPA grants students the right to inspect and review their education records, the right to request to amend their education records and the right to limit disclosure of some personally identifiable information known as directory information. In compliance with FERPA, the following constitutes the college’s policy instructing students of the procedures available to provide appropriate access to personal records while protecting the confidentiality of these records.

For purposes of FERPA, “education records” are all records which contain information directly related to a student and maintained by Canisius College. Records that are not “education records” include but are not limited to sole possession, law enforcement, employment, medical and counseling, and post-attendance records. Please note that this policy does not apply to student records and files retained by individual faculty/staff members which are not accessible to any other person except a substitute designated by the faculty/staff member. A “student” is defined as one who has attended or is attending Canisius College and regarding whom Canisius College maintains education records.

All students have records in the student records office, but additionally, students may also have records in the following places:

- Dean and/or Associate Deans of the College of Arts and Sciences, the Wehle School of Business, and the School of Education and Human Services
- Center for Professional Development
- Office of Student Affairs
Normally, education records will not be released — nor access given — to third parties without written consent of the student unless the party meets one of the following:

- To school officials (faculty and staff) who have a legitimate educational interest in the records. The determination of those who have “a legitimate need to know” will be made by the person responsible for the maintenance of the record. This determination must be made scrupulously and with respect for the individual whose record is involved.
- To federal, state and local officials involving an audit or evaluation of compliance with educational programs.
- To anyone who is providing financial aid to the student (“financial aid” does not include any payments made by parents).
- To organizations conducting certain studies for or on behalf of the college.
- To accrediting organizations to carry out their functions.
- To comply with a judicial order or a lawfully issued subpoena.
- To parents of a dependent student.
- To appropriate parties in a health or safety emergency.
- To schools in which a student seeks or intends to enroll.
- To an alleged victim of a crime of violence of the results of a disciplinary hearing regarding the alleged perpetrator of that crime with respect to that crime.
- To parents/legal guardian when their children (under age 21) are found to have violated the Canisius College alcohol or drug policy.
- To military recruiters who request “Student Recruiting Information” for recruiting purpose only.
- To the Internal Revenue Service (IRS) for purposes of complying with the Taxpayer Relief Act of 1997.
- To the Bureau of Citizenship and Immigration Services (BCIS) for purposes of the Student and Exchange Visitor Program.
- To authorized representatives of the Department of Veterans Affairs for students receiving educational assistance from the agency.

It should be noted that FERPA permits the disclosure of education records to the parents of a dependent student. The college, however, considers its students to be adult decision-makers; as such, students have the right and responsibility to share information about their grades and degree pursuit with their parents and/or guardians. This means that the staff of the college normally will not give out information about grades or degree pursuit and will instead suggest that parents or guardians have conversations directly with students about these matters. The college’s policy provides a greater degree of privacy for dependent students than FERPA would require.

If the student agrees to have this information released to the parents, the student must sign an Authorization to Disclose Grades form with the Student Records and Financial Services Center, Bagen 106. A student may authorize the release of specified records to other specific individuals. A notification of releases made to third parties must be kept in the student’s record. This notification is open only to the student and the person in charge of the record. The third party must be informed that no release of personally identifiable data is authorized without the written consent of the student.

A notification of releases made to third parties shall be kept in the student’s record (unless forbidden by a judicial order or subpoena). The third party shall be informed that no release of personally identifiable data is authorized without the written consent of the student.

The college has established the following procedures enabling students to have access to their records:

1. The student may see his or her record by filling out a request form at the office where the record of interest is maintained. Students may not inspect and review the following:
   - Financial information submitted by parents.
   - Confidential letters and recommendations placed in their files prior to January 1, 1975.
   - Confidential letters and statements of recommendation placed in records after January 1, 1975, to which the student has waived his or her right to inspect and review.
   - Education records containing information about more than one student; however, in such cases, students will be given access to the part of the record which pertains only to the inquiring student.
   - Employment records kept in the normal course of business which relate exclusively to students as employees.
   - Medical records kept in the Student Health Center. This office rigidly protects the confidentiality of those records but they can be reviewed by a physician or appropriate professional of the student-patient’s choice.

2. Access is to be granted promptly and no later than 30 days from the date of the request.

3. The student may obtain copies of documents to which he or she is entitled, by requesting the documents in writing. The college may charge for these copies.

4. The student may request and receive interpretation of his or her record from the person (or designee) responsible for maintaining the record.

Students have the right to challenge the content of their education records if they consider the information contained therein to be inaccurate, misleading or inappropriate. The process includes an opportunity for amendment of the records or insertion of written explanations by the student into such records. The procedures for challenging records can be found in the Office of Student Affairs Old Main 102.

Unlike education records, directory information shall be released freely unless the student files the appropriate form requesting that certain information may not be released. This form is available at the Student Records and Financial Services Center, Bagen 106. Directory information includes but is not limited to name, address, e-mail address, phone number, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards, received and most recent education agency or institution attended.

This policy does not preclude the destruction of any record the college does not consider germane. Persons in charge of records shall ensure that only pertinent items are retained in student files. The forms for “Request for Confidential Status of Directory Information” and “Authorization to Disclose Grades” shall be removed from a student’s educational records upon graduation unless the student makes a specific request that these forms remain.

College of Arts and Sciences

Thomas A. Chambers, Dean
Barbara J. Porter, Associate Dean
Mission Statement

The College of Arts & Sciences at Canisius offers graduate programs leading to master of science degrees and advanced certification in:

- Anthropology
- Data Analytics
- Data Analytics (Advanced Certificate)
- Integrated Marketing Communication (Advanced Certificate)

The College of Arts & Sciences also offers over 30 different undergraduate majors and a variety of undergraduate minors. A complete list of undergraduate Majors (http://catalog.canisius.edu/undergraduate/majors/) and undergraduate minors (http://catalog.canisius.edu/undergraduate/minors/) are available in the undergraduate catalog.

Anthropology (MS)

Program Director: Christy Hoffman, PhD

Faculty: Christy Hoffman, PhD; Joshua Russell, PhD; Malini Suchak, PhD.
Adjunct Faculty: Inga Fricke, JD; Margo DeMello, PhD; Maya Gupta, PhD.; Sheryl L. Pierre, PhD; Stacy Rule, PhD; Kristin Stewart, JD, PhD; Zazie Todd, PhD.

Degree: Master of Science

Introduction

This program is conducted in a “modified online” format. The generic formula is one in which students taking courses during a particular term meet together with the faculty on the Canisius College campus for an intensive four-day sequence of course orientations, planning sessions, classroom meetings, and special seminars by invited speakers. Following this “On Campus Component” (OCC), coursework for the remainder of the term is conducted in a vibrant online learning community maintained throughout the semester. In other words, except for a single, “extended-weekend” visit to the campus each semester, this program can be completed online from any geographic location. It is hoped that this formula allows students to participate with minimal disruption to their present employment and/or living conditions. Additional information is available on the Anthropology website (https://www.canisius.edu/academics/programs/anthropology/).

Admission

Admission to the Anthropology Master’s Program is selective and competitive. Admission is based upon the applicant’s perspective on the discipline expressed in the application material, and on evidence of past academic excellence. A previously completed bachelor’s degree (in any major discipline) is required. The ordinary expectation is a past undergraduate GPA of 3.0 or higher. Submission of GRE scores is optional.

It is recognized that an applicant’s background and experiences can greatly enhance their prospects for graduate studies. Applicants are encouraged to include any relevant information and letters of reference with the application form.

Eligible students may enter the program only in fall semesters. Because of the OCC, all anthropozoology students must be immunized against measles, mumps, and rubella. Students must either be immunized against meningitis or sign a waiver.

Mission Statement

Our program focuses on humanity’s relationship with other species. Major emphasis is given to an examination of science-based knowledge about our fellow living beings, cultural differences, the extraordinary relationships between people and companion animals, interactions with and attitudes toward wildlife, the roles of zoos and sanctuaries, policies and laws that permit instrumental and industrialized uses of nonhuman animals, and many related environmental and conservation issues. The program embraces the value of human-nonhuman interactions by focusing on the many benefits that accrue to humans by including other animals in their lives, as well as benefits and protections provided to nonhumans by humans. The program utilizes an interdisciplinary approach that promotes critical thinking skills anchored in natural science and social science investigations, philosophical considerations, religious and cross-cultural perspectives, ethical and humane education insights, and humanities-based work on topics such as animals in the arts. Students are also encouraged to examine the intersection between animal protection and environmental protection and the special relationship that exists between these two worldwide movements. Students can tailor their coursework, internships and research projects so that their own topics of interest can be explored in depth.

Curriculum

In total, the Canisius College Master’s Degree in Anthropology requires students to complete a total of 36 credit hours. This will involve the completion of 10-12 courses, depending on the size and scope of the capstone.

Additional Considerations

1 Please note, the number of electives required to complete the program will be less if completing more than 3 credit hours for Capstone Course(s).

2 The capstone can be completed for 3 or 9 credit hours, depending on the student’s level of engagement. ANZ 601 must be completed during one’s final semester. ANZ 602 and ANZ 603 may be completed over multiple semesters, but cannot commence until the student has completed taken ANZ 505 and at least 18 credit hours overall. If taking more than 3 credit hours for the capstone, it will decrease the number of electives required.

Electives

Students may choose from any ANZ courses to fulfill credit hour requirements. Current electives include:

Total Credits: 36

- All courses must be completed at Canisius College; the Anthrozoology Master’s Program at Canisius does not accept transfer credits from other universities.
- Students can enroll in a maximum of 10 credit hours per semester.
- Once enrolled, a student must complete this degree in no more than four years.

Policies

Academic Standing

The Anthrozoology program follows the College of Arts and Sciences on students’ academic standing. (p. 23)

Matriculation and Continued Program Enrollment

The Anthrozoology program follows the Canisius College policy for matriculated students (p. 15) that expects students to maintain a continuous program of academic work.

Registration and Credit Hours

Anthrozoology students must be registered for at least 4.5 credits per semester to maintain eligibility for financial aid (if they are eligible). A full load is 9 credit hours. No student may register for more than 10 credit hours in any semester.

Learning Goals & Objectives

Learning Goal 1

Students will exhibit strong critical thinking skills in their study of the interactions between humans and nonhuman animals and of the roles of nonhuman animals in human society.

Students will:
- **Objective A**: Synthesize interdisciplinary information as it relates to anthrozoology.
- **Objective B**: Identify strengths and weaknesses in arguments regarding human and nonhuman animals.
- **Objective C**: Construct a literature review that evaluates a subset of scholarly anthrozoological publications.
- **Objective D**: Evaluate how one’s own thoughts about interactions between human and nonhuman animals have changed between matriculation and graduation.

Learning Goal 2

Students will proficiently communicate anthrozoological information.

Students will:
- **Objective A**: Deliver an oral presentation on an anthrozoological topic.
- **Objective B**: Construct a written, evidence-based argument on an anthrozoological topic.

Courses

ANZ 501 Introduction to Anthrozoology 3 Credits

An engagement with the fundamental issues of the field of Anthrozoology by evaluating the history of human/nonhuman interactions, the categories into which human have sorted animals, and a variety of science-based and value-based approaches to humans’ inevitable intersection with other living beings. To achieve this end, this course immerses students in the processes of critical thinking, interdisciplinary approaches, science-based literacies, ethics-focused evaluations, and cross-cultural inquiries.
ANZ 502 Animal Ethics 3 Credits  
Analysis of different approaches to ethics as this key human ability has been discussed in different domains and throughout history as applying to human-nonhuman issues.  
Prerequisite: ANZ 501.

ANZ 503 Religious Perspectives on Animals 3 Credits  
Views and treatments of nonhuman animals in the world’s religions (both large and small) are analyzed as significant factors in a majority of humans’ thinking and valuing of other living beings.  
Prerequisite: ANZ 501.

ANZ 504 Animals, Public Policy, and the Law 3 Credits  
An exploration of both American and other national approaches to public policy and law as factors impacting modern societies’ views and treatment of nonhuman animals. Particular emphasis is given to issues involving companion animals, wildlife, research animals, and food animals.  
Prerequisite: ANZ 501.

ANZ 505 Research Methods in Anthrozoology 3 Credits  
This course exposes students to qualitative and quantitative research methods that they will encounter when reading about or conducting their own anthrozoological research. Students will have opportunities to read and evaluate peer-reviewed journal articles, to develop research questions and hypotheses, to practice collecting data, and to analyze and interpret data. This course is open to all ANZO students but is also a prerequisite for students desiring to enroll in ANZ 602 (Independent Research: Quantitative).  
Prerequisite: ANZ 501.

ANZ 506 Animal Behavior and Conservation 3 Credits  
This course provides a foundational overview of ecology, evolution, and conservation biology as they pertain to current issues in and research on the behavior of wild animals. The course includes investigation and critical analysis of current literature, emphasizing the application and importance of animal behavior in wildlife conservation and management. Topics may include the efficacy of protected areas, recreation ecology, invasive species, rewilding, reconciliation ecology, and the evolutionary ecology of de-extinction.  
Prerequisite: ANZ 501.

ANZ 507 The Mental Lives of Animals 3 Credits  
This course explores the unobservable mental processes of nonhuman animals. Topics covered range from basic processes, such as attention and perception, to more complex cognition, such as tool use and culture. The emphasis of the course is on critically thinking about the realities of other species.  
Prerequisite: ANZ 501.

ANZ 509 Animal Assisted Interventions 3 Credits  
This course examines the integration of non-human animals in therapeutic and educational settings. We will address the distinction among Animal Assisted Interventions (AAI), Animal Assisted Therapies (AAT), Animal Assisted Activities (AAA), and service and emotional support animals. Also addressed are the issues of the inclusion of companion, farmed and wild/exotic animals in assisted endeavors.  
Prerequisite: ANZ 501 is a prerequisite but students can also take this course concurrently with ANZ 501.  
Offered: occasionally.

ANZ 510 Animals in Humane Education 3 Credits  
This course addresses the inclusion of nonhuman animals, animal themes and human and other animal social justice issues within our educational pursuits. We distinguish between broad and encompassing definitions of Humane Education, and those that are narrower. We investigate the roles of humane themed literature and focus on the basic building blocks of effective humane education lessons. We address issues in educating across the lifespan, from children to adults.  
Prerequisite: ANZ 501.

ANZ 511 Writing the Animal 3 Credits  
From stock figures and tropes to main characters with agency, animals abound in the literary imagination. Why are these fictional creatures there? What anxieties or potentialities do they introduce? What kinds of meaning do they make? This course introduces students to literature’s unique contribution to the study of human and animal relations. Readings will include novels (such as Barbara Gowdy’s The White Bone and H. G. Wells’ The Island of Dr. Moreau), short stories (like William Faulkner’s “The Bear” and Franz Kafka’s “A Report to the Academy”), and relevant critical scholarship. Throughout, we will consider how textual animals behave aesthetically, how they function in identity (de)construction, and how they might give voice to living animals.  
Prerequisite: ANZ 501.  
Offered: occasionally.

ANZ 512 Writing the Animal 3 Credits  
This course exposes students to qualitative and quantitative research methods that they will encounter when reading about or conducting their own anthrozoological research. Students will have opportunities to read and evaluate peer-reviewed journal articles, to develop research questions and hypotheses, to practice collecting data, and to analyze and interpret data. This course is open to all ANZO students but is also a prerequisite for students desiring to enroll in ANZ 602 (Independent Research: Quantitative).  
Prerequisite: ANZ 501.

ANZ 513 Critical Animal Studies 1 Credit  
Though we live with them, eat them, love them, and wear them, we give very little academic attention to the roles of animals in society. A relatively new field, Critical Animal Studies draws theory from a range of disciplines to better understand the complex human-animal relationships that permeate our lives. We will examine the most influential philosophic discussions around animals in society; conventional discourse around human-animal relationships; intersections between speciesism and other forms of oppression; and politics of various animal justice movements. The underlying theme of the course will be re-evaluating our understandings of animals and gauging the individual and collective responsibilities that we, as humans, must negotiate with non-human animals.  
Offered: occasionally.

ANZ 514 Animal Ethics 3 Credits  
This course examines the integration of non-human animals in therapeutic and educational settings. We will address the distinction among Animal Assisted Interventions (AAI), Animal Assisted Therapies (AAT), Animal Assisted Activities (AAA), and service and emotional support animals. Also addressed are the issues of the inclusion of companion, farmed and wild/exotic animals in assisted endeavors.  
Prerequisite: ANZ 501 is a prerequisite but students can also take this course concurrently with ANZ 501.  
Offered: occasionally.

ANZ 515 Animal Protection as a Social Movement 3 Credits  
This course looks at the animal protection movement as a broad social movement transforming social attitudes and human behavior around the globe. Accordingly, we consider international, historical and cultural developments in this course, as well as the relationship of animal protection movements to environmental protection.  
Prerequisite: ANZ 501.

ANZ 516 Understanding Indifference and Animal Abuse 3 Credits  
Exploration of the perspectives of the diverse group of stakeholders (from animal protection to human services) who are--or should be--involved in animal abuse prediction, prevention, and response. Application of psychological theories of both violence and indifference to the treatment of animals. Critical analysis of research on the link between animal abuse and other violent/deviant behaviors in children and adults. What best practices emerge from our findings? Where are the gaps in our knowledge, and where do media, laypeople, and even professionals misrepresent what we know? How can we cross disciplinary and agency barriers to include animal abuse in our coordinated community response to violence and to promote empathy as opposed to indifference?  
Prerequisite: ANZ 501.

ANZ 517 Psychology of the Human-Animal Bond 3 Credits  
Exploration of studies of human-animal relationships from four subfields of psychology (social, biological, developmental, and cognitive). Evaluation of the claim that human-animal relationships benefit humans.  
Prerequisite: ANZ 501.
ANZ 520 Animal Nonprofits 1 Credit
Mini-course that addresses a wide range of issues arising out of the central role played by nonprofit organizations in contemporary animal protection efforts.
Offered: occasionally.

ANZ 524 Shelters, Rescues, & Pounds 3 Credits
This course will expose students to a variety of animal sheltering models. Students will assess the advantages and disadvantages inherent in each type of model and will evaluate a variety of shelter adoption policies. Students will also take an in-depth look at why so many animals are relinquished to shelters and at the programs some shelters have established to help keep pets in their homes. We will work together to investigate how various shelter models are implemented across the country (and world!) and the programs shelters have established to meet the needs of their community.
Prerequisite: ANZ 501.

ANZ 525 Anthrozoological Perspectives on Zoos 3 Credits
This course focuses on the relationships between visitors and non-human animals in the zoo, keepers and non-human animals in the zoos, and the role of zoos in conservation, education, research, and recreation. Students should expect to visit their local zoo (or any zoo) several times during the course.
Prerequisite: ANZ 501.
Offered: occasionally.

ANZ 526 Animal Welfare 3 Credits
This course explores the use of animal welfare science to assess and improve the welfare of nonhuman animals under human care. Examples discussed stem from a variety of settings including farms, zoos and aquaria, and shelters and companion animals. The emphasis of this course is on using the perspective of the individual nonhuman animal to recognize welfare problems and propose solutions.
Prerequisite: ANZ 501.

ANZ 531 Cross-Cultural Anthrozoology 3 Credits
Critical evaluation of human-animal interactions from the perspectives of anthropology and anthrozoology. Symbolic, economic, ecological, and social consequences of human/non-human animal interaction in a variety of cross-cultural contexts. A global perspective is used to help students better understand world trends regarding modernization and its consequences to animals and their habitats. The concept of animal as mediated by culture, and how belief systems contribute to current animal, human, and environmental social problems.
Prerequisite: ANZ 501.

ANZ 532 Human Dimensions of Wildlife Conservation 3 Credits
An examination of human relations with wildlife from a primarily psychological point of view, but borrowing from a wide range of disciplines such as ethology, biology, ecology, anthropology, cross-cultural studies, psychoanalysis, and education. Topics include human-wildlife conflicts, mediation, conservation education and outreach, as well as grassroots conservation efforts and activism.
Prerequisite: ANZ 501.

ANZ 533 Child-Animal Studies 3 Credits
A critical, interdisciplinary examination of child-animal relationships across theoretical frameworks and in material practices. Emphasis is on the roles animals play in child development, children's cultures, and even in the social construction of 'childhood,' as well as the ways children impact and influence animals' material lives and constructions of 'animality.'
Prerequisite: ANZ 501.

ANZ 534 Animal Geographies 3 Credits
An interdisciplinary approach to the complex and meaningful ways in which humans and animals occupy both physical and theoretical 'spaces,' as well as place-based contexts of human-animal relationships. Emphasis given to features of actual lives, including animal subjectivities and geographical movements within individual and evolutionary time frames (zoogeography), and human impacts on animal bodies and landscapes through agriculture, domestication, captivity, hunting, resource extraction, urbanization, medicine, and technological innovation.
Prerequisite: ANZ 501.

ANZ 535 Framing the Animal 3 Credits
This course examines the influences on societal perceptions of nonhuman animals that stem from their use as visual symbols, fictional characters, icons, and/or as metaphors in works of art, mass media, and marketing. The course considers uses of nonhuman animals in contemporary media, the role of public perception, and nonhuman animals as entertainers and entertainment, in marketing, and in the making of mascots and icons. Throughout the course, students are asked to consider the ethical potential and the underlying meanings that nonhuman animals possess in artistic, marketing, and mass media representations of human culture.
Offered: occasionally.

ANZ 538 Animals in Popular Culture 1 Credit
This course looks at how the use and representation of animals in popular and mass-mediated culture—in genres like film and television, fiction, animation and comic books, art, and the Internet—shape and reveal cultural values. In addition, how animals are represented in popular culture in turn shapes how animals are treated in everyday society. By studying selected elements of popular culture, students will also look at how we understand and represent concepts like 'human,' 'nature,' and 'culture.'
Prerequisite: ANZ 501.

ANZ 539 Community Outreach Strategies for Generating Social Change 1 Credit
This course will allow students to explore social change methodology as it relates to animal welfare. Students will learn about organizations that advance the care of cats and dogs through effective engagement of community resources, exemplary customer service, and programs that 'meet people where they are' on their individual journey toward better relationships with animals. Students will be encouraged to identify stakeholders in various scenarios that involve animals and think about ways to overcome the challenges that people, organizations, and communities face when attempting to provide appropriate care for companion animals.
Offered: every spring.

ANZ 540 Communicating Anthrozoological Research to the Public 1 Credit
This course focuses on strategies for communicating anthrozoological research to public audiences. Students will gain experience responsibly and accurately communicating information presented in an academic paper in a way that is accessible to the public and captivates public interest. Students will explore various forms this type of outreach can take (e.g. blog posts, podcasts, books) and identify ways to successfully reach their intended audience.
Prerequisite: ANZ 501.
Offered: occasionally.
ANZ 541 Anthrozoology Field Course 1 Credit
Students will complete an anthrozoology-focused field course led by a Canisius College faculty member. The course topic will vary but may include studies of human-wildlife conflict and associated conservation strategies, human-companion animal relationships, and/or ecotourism. Students must apply to enroll in this course, and a spot is not guaranteed. Additional fee required. Please contact the course instructor for current fees.
Prerequisite: ANZ 501.
Offered: occasionally.

ANZ 601 Anthrozoology Internship 3-9 Credits
Field and workplace experiential learning in a variety of sites inside and outside the US where human-animal interactions are featured. Students will focus on completing an original project to benefit the host organization. This course can count for either 3 or 9 credits and must be completed during the student’s final semester.
Prerequisite: ANZ 501.
Offered: every fall, spring, & summer.

ANZ 602 Independent Research: Quantitative 1-9 Credits
This capstone option is intended for students who would like to complete a 3-credit or 9-credit quantitative research project. Students who opt to enroll in ANZ 602 must write a research proposal and conduct independent research. The final product for ANZ 602 is a paper that reviews literature that provides the foundation for the student’s research question, describes the methods the student employed, reports the study’s results and provides an interpretation of the study’s findings and contributions to the field of anthrozoology. Students completing the 9-credit option must submit a final paper that would be suitable for submission to a peer reviewed journal, and they must participate in an oral defense. ANZ 602 projects are typically survey-based but may also employ interviews, secondary data analysis, behavioral observation, and/or experimental methods. Students opting to enroll in 9 credits of ANZ 602 typically complete their project over two semesters.
Prerequisite: ANZ 501 & ANZ 505.
Offered: every fall & spring.

ANZ 603 Independent Research: Qualitative 1-9 Credits
This capstone option is intended for students who would like to complete a 3-credit or 9-credit qualitative research project. Students who opt to enroll in ANZ 603 must write a research proposal and conduct independent research. The final product for ANZ 603 is a paper that reviews literature that provides the foundation for the student’s research question, describes the methods the student employed, reports the study’s results and provides an interpretation of the study’s findings and contributions to the field of anthrozoology. Students completing the 9-credit option must submit a final paper that would be suitable for submission to a peer reviewed journal, and they must participate in an oral defense. ANZ 603 projects employ qualitative methods from the social sciences or humanities. Students opting to enroll in 9 credits of ANZ 603 typically complete their project over two semesters.
Prerequisite: ANZ 501 & ANZ 505.
Offered: every fall & spring.

Data Analytics (MS or Advanced Certificate)

Students may choose to pursue this program full time (cohort based) or part time. A graduate certificate program is also available

If you are interested in more information about this program, please contact

Michael Seaman at 716-888-2545 or seamanm@canisius.edu
(http://catalog.canisius.edu/email/seamanm@canisius.edu).

PROGRAM DIRECTOR
H. David Sheets, Professor of Physics (716-888-2587 or sheets@canisius.edu)

PROGRAM FACULTY
Debra T. Burhans, PhD, Associate Professor of Computer Science
Milburn E. Crotzer, MBA, PhD, Adjunct Professor of Mathematics and Statistics
Byung-Jay Kahng, PhD, Professor and Chair of Mathematics and Statistics
Leonid A. Khinkis, PhD, Professor of Mathematics and Statistics
Jonathan E. Lopez, PhD, Assistant Professor of Mathematics and Statistics
Jeffrey J. McConnell, PhD, Professor and Chair of Computer Science
R. Mark Meyer, PhD, Associate Professor of Computer Science
Adina Oprisan, PhD, Assistant Professor of Mathematics and Statistics
Paul Sauer, MBA, PhD, Professor of Marketing and Information Systems
Richard Wall, CFA, PhD, Professor of Economics and Finance
Michael H. Wood, PhD, Associate Professor and Chair of Physics
Yuxing Paul Yan, MBA, PhD, Assistant Professor of Economics and Finance

Overview
The Masters Program in Data Analytics at Canisius is offered in a full-time cohort system, on campus, and may be completed in one calendar year, or as a part-time program taking two years, depending on preparation. A key feature is the incorporation of Applied Integrative Projects, ideally internships, beginning early in the program and paralleling advanced coursework. A 4+1 program for students completing a bachelors at Canisius who want to complete a Masters in Data Analytics is also available.

Data Analytics is a rapidly developing field driven by the need to effectively utilize Big Data to inform business decisions. It has the goal of making reliable predictions or inferences from very large collections of data drawn from a particular domain of human endeavor, including a wide range of diverse fields such as business management, science, sports, health-care management, criminal justice, and not-for-profit agencies.

The Master’s Program in Data Analytics at Canisius contains the three standard components of the field, namely, Statistics, Computer Science, and a Domain area, in particular, in Business or Health Care Information Technology. Eventually, we expect to expand the domain areas to include the Health Sciences and other areas. Students with a strong interest in other domain areas are encouraged to discuss them with the Program Director.

In addition to offering the standard components of Data Analytics, Canisius will also focus on developing student capabilities in three crucial soft skills:

• the ability to work in collaborative, multidisciplinary teams;
• the ability to communicate effectively with different audiences, using a variety of written, oral, and visual modes of communication;
• a solid grounding in the ethics of data stewardship.

Consistent with the mission of the College, we have a strong interest in promoting collaborative efforts with the local non-profit agencies focused on the promotion of the public good. We will seek to connect interested students with analytic projects in conjunction with local not-for-profits.

While data analytics programs are rapidly being developed at many institutions, Canisius has a unique history with its focus on ethics, its emphasis on the ability to communicate with and understand others
grounded in the Jesuit intellectual tradition, and the steadily increasing institutional emphasis on collaborative learning and teamwork. The tradition of high levels of personal attention to students at Canisius is the ideal environment for fostering these soft skills of communication, teamwork, and ethically grounded decision making, as well as the technical areas of computer programming and statistical inference.

Admissions Requirements

- Students from any undergraduate major are welcome to apply, as long as they have acquired a bachelor’s degree prior to the start of classes.
- Cumulative GPA of 2.8 or higher.
- Successful completion of a college-level Calculus 1 course (comparable to MAT 111 or MAT 115 at Canisius).
- Students may apply at any time. We have rolling admissions.
- Student preparation and background are used to determine if some introductory courses may be waived.

Materials to be Submitted

- Free Online Application (https://www.canisius.edu/admissions/apply-canisius/), with essay
- An official transcript from each college attended
- Official GRE or GMAT score (optional)
- Resumé (optional)
- One or two Letters of Recommendations (optional)

Policies

Academic Standing

The Data Analytics program follows the College of Arts and Sciences on students’ academic standing. (p. 23)

Matriculation and Continued Program Enrollment

The Data Analytics program follows the Canisius College policy for matriculated students (p. 15) that expects students to maintain a continuous program of academic work.

Registration and Credit Hours

Data Analytics students must be registered for at least 4.5 credits per semester to maintain eligibility for financial aid (if they are eligible). A full load is at least 9 credit hours. No student may register for more than 12 credit hours in any semester.

Curriculum

This program is divided into three distinct components, comprising a total of at least 30 credit hours. The Preparatory Courses are base levels of knowledge and skill required before proceeding with the Core Competencies portion of the program. Up to 10 hours (3 courses) of the Preparatory Courses may be waived based on the student’s prior background and coursework. Students with exceptionally strong backgrounds may substitute other domain courses (typically graduate business courses) for Preparatory courses. For example, this might occur for a student with an engineering degree, and thus strong computational and mathematical skills, or a finance degree with strong business and mathematical grounding.

Core Competencies portion consists of 5 courses, all of which were developed exclusively for the Data Analytics program. They cover advanced statistics, topics on managing data, as well as visualization/presentation.

The students will also participate in integrative projects in data analytics, gaining valuable hands-on experience and connections at companies in the Buffalo area and beyond.

### Advanced Certificate in Data Analytics

The Certificate in Data Analytics will enhance your ability work as a data specialist across a range of industries and organizations. This program is intended for professionals in related fields who want to utilize Data Analytics methods in their work, extending their existing skills but not completing a graduate degree. Students will learn how to work with and analyze large data sets, and how to apply data knowledge within a field of specialization. You’ll gain the effective teamwork and communication skills that are essential to working within diverse, multidisciplinary organizations. And you’ll get a solid grounding in the ethics of data stewardship, training that is highly relevant in an age where the accumulation and storage of personal data is ever increasing.

A total of 5 courses are required for the certificate. A minimum of 12 credits beyond those taken to fulfill the requirements for an undergraduate degree must be completed as part of the certificate.
Learning Goals & Objectives

For the Master of Science degree

Student Learning Goal 1: Multi-disciplinary analytic capabilities.
- Objective A: Domain Knowledge: Students will be able to apply the computational and statistical methods and analytical tools to strategic and tactical decision making for at least one domain area. In business, for example, this might be: accounting, economics, finance, management, or marketing.
- Objective B: Adaptable grounding in applied statistics. Students will be able to use the basic principles of probability theory in a variety of contexts, including both classical statistical approaches and computational based methods. Students will be familiar with one modern statistical software platform and will be able to readily adapt to others.
- Objective C: Flexible computational skills. Students will have a strong working knowledge of at least one general purpose programming language, and will be able to work with a range of data structures within those languages. Students will also be familiar with databases and the programming techniques needed to work with Big Data.

Student Learning Goal 2: Effective teamwork.
- Objective A: Students will demonstrate the ability to work in multi-disciplinary teams to address real-world problems.
- Objective B: Students will understand the current theoretical ideas related to the formation of effective collaborative teams.

Student Learning Goal 3: Effective business communication.
- Objective A: Students will be able to identify the needs of different audiences, and effectively present complex information in ways that suit the needs of multiple audiences.
- Objective B: Students will be able to write effectively to convey data analytic results in business or other domain contexts.
- Objective C: Students will be able to create and deliver effective oral presentations, as well as present ideas in less formal oral settings.
- Objective D: Students will be able to create effective graphics, both static and real-time active displays, that convey results to business or other domain audiences.

Student Learning Goal 4: Ethical data stewardship.
- Objective A: Students will have an awareness of the ethic and moral issues that arise in working with large data sets, and understand the steps that need to be taken to protect the rights and privacy of the individuals involved.

For the Advanced Certificate

Student Learning Goal 1: To develop multi-disciplinary analytic capabilities of the students.
- Objective A: Students will be able to apply a broad range of computational and statistical methods, including both exploratory methods and predictive analytic tools to large data sets, using both local and distributed computer systems.
- Objective B: Students will possess a broad understanding of the principles of statistical reasoning, which will allow them to understand and assess the utility of new statistical tools as they become available, and to put those tools to practical use. Adaptable grounding in applied statistics.
- Objective C: Students will develop flexible computational skills. The students will be proficient in at least one general purpose programming language, and at least one modern statistical package. Students will be
able to rapidly learn new languages and packages and maintain their own professional capabilities as new technology and procedures appear.

**Student Learning Goal 2: To develop interdisciplinary teamwork skills and effective communication skills.**
- Objective A: Students will be comfortable and effective working in multidisciplinary teams to address complex real-world problems.
- Objective B: Students will effectively communicate statistical and computational results, to a wide range of different audiences with different needs, using verbal, written, and visual modes of communication.

**Student Learning Goal 3: To obtain knowledge and develop skills in ethical use of big data.**
- Objective A: Students will have a strong grounding in the ethical use of big data.

**Courses**

**Computer Science**

**DAT 501 Statistics and Econometrics**
Econometrics is the science in which the tools of economic theory, mathematics and statistical inference are applied to the analysis of economic phenomena. Econometric modeling is an important research tool in Economics, Finance, and many other academic disciplines. The goal of this course is to provide you with a basic understanding of Econometric theory and practice. We will focus on model specification, estimation, and testing, using a “hands on” approach. Both EXCEL and EViews software will be used throughout this course.

**Offered:** every fall.

**DAT 511 Data Stewardship: Preparation, Exploration and Handling of Big Data**
Data stewardship refers to the process of managing collections of data in an ethical and effective manner, so that business objectives can be achieved efficiently while respecting the rights of individuals. This course will thus cover the substantial ethical issues related to Big Data, but will also address many technical issues related to working with large data sets. Establishing and maintaining quality data poses surprisingly large challenges and can be very time consuming, so that knowledge of effective data cleaning is a key capability for Data Analytics. Students will learn how to download, clean, and prepare data for future analysis, and document the process, as well as understanding how seemingly harmless actions can pose threats to the information security of others.

**Offered:** every fall.

**DAT 512 Statistical Approaches to Big Data**
This course is a Core course in the Data Analytics program. It starts with a brief review of univariate statistics and then covers selected topics usually taught in courses in multivariate statistical analysis and regression analysis. It is assumed that every student in this course has completed at least one college-level statistics course. The theoretical knowledge and analytical skills gained in this course are an essential component of the Data Analytics program.

**Prerequisite:** DAT 501 or equivalent, CSC 502 or equivalent, & MAT 500 or equivalent.

**Offered:** every spring.

**DAT 513 Database Management**
This course presents an introduction to the design and use of database systems. Traditional databases will be the primary focus, centering on the relational model (SQL and related tools). There will be some discussion of large-scale information retrieval in the form of the NoSQL movement and data mining. Ethical, social and security issues will also be covered in an introductory fashion.

**Prerequisites:** CSC 501 and CSC 502, or equivalent.

**Offered:** every fall.

**DAT 514 Data Mining and Machine Learning**
This course is a Core course in the Data Analytics program. It starts with a brief introduction to Data Mining and Statistical Learning, includes a brief summary of relevant methods covered in a much greater detail in other courses in this program, such as Data Stewardship and Statistical approaches to Big Data, and then covers a number of methods essential in the modern Data Mining and Statistical Learning.

**Prerequisites:** MAT 500, CSC 511, CSC 512 or equivalents.

**Offered:** every spring.
DAT 515 Visualization and Presentation of Advanced Analytics 3 Credits
Students will develop the ability to present complex results from Data Analytics to a range of audiences. The course will cover both real-time interactive displays and tools, such as graphic user interface and dashboard design, as well as written, oral and graphical communication of analytic results. Students will complete a range of projects in each of these areas.
Prerequisites: DAT 511 & DAT 521 (courses may be taken concurrently) and the ability to program in Python.
Offered: every spring.

DAT 521 Applied Integrative Projects in Data Analytics I 2 Credits
In this course, students will learn SAS. Since the focus is on hands-on, all lectures would be conducted in a computer lab. Students learn how to input various types of data into SAS, such as text, csv, binary and sas7bdat. How to clean data is an important skill students are expected to master. Students learn how to deal with missing variables and run basic sample statistics such as mean, standard deviation, minimum and maximum. Many visualization techniques would be taught. In addition, students learn how to run some basic statistical functions, such as linear regression. Since this course is a preparation for the next course (DAT 522) titled ‘Applied Integrative Projects in Data Analytics II’, students could start to think about their next big projects.
Offered: every fall.

DAT 522 Applied Integrative Projects in Data Analytics II 3 Credits
This course focuses on hands-on and term project. It serves as a link between many core courses, such as Data Cleaning, Machines Learning and domain knowledge, such as Economics, Accounting, Finance, and Marketing. Students would apply what they have learnt, such as machine Learning, to various real-world situations. For students with accounting background, they learn how to process 10-K (annual reports downloaded from SEC’s web site). For students with a background of Economics, they learn how to generate SAS and R data sets from the data downloaded from the Federal Reserve Bank’s Data Library and US Census and apply them to predict the market moments. For students with a finance background, they learn how to process CRSP and Compustat to evaluate various trading strategies, such as momentum strategy, industry momentum strategy, 52-high trading strategy. In addition, they learn how to generate various SAS and R data sets from Prof. French’s Data Library. For students with marketing knowledge, they learn how to parse social media data to fine-tune their marketing strategies. For students from other areas, they learn how to estimate the gender and age groups by analyzing million cell phone’s usages such as brand, event, timestamp of the events, app downloaded. This course uses two languages are SAS and R.
Prerequisites: DAT 500, DAT 514, DAT 521.
Offered: every spring.

Mathematics
MAT 500 Topics in Applied Mathematics 4 Credits
This course provides a brief overview of the basic tools from Linear Algebra and Multivariable calculus, with particular attention given to topics that are needed in Data Science. To facilitate students’ understanding of the concepts, rigor and proofs will be de-emphasized while numerous examples will be discussed, including the use of computer software like MATLAB.
Prerequisites: One semester of Calculus (MAT 111 or MAT 115 at Canisius, or equivalent).
Offered: every summer.

Integrated Marketing Communication (Advanced Certificate)
Co-directors: John S. Dahlberg, Ph.D and Gregory R. Wood, Ph.D

The Certificate in Integrated Marketing Communication (IMC) will enhance your ability to work in marketing communication across a range of industries and organizations, both inside the marketer or outside in advertising, public relations and/or social media. This program is intended for professionals in related fields who want to integrate marketing communication strategies and tactics in their work, extending their existing skills, short of completing a graduate degree. Students will learn how to implement marketing and media plans and develop tactics for advertising, public relations and related digital marketing communication. Students will develop and hone the effective teamwork and communication skills essential to working within a corporate marketing communication environment and/or an advertising agency, public relations firm or digital communication company.

Courses used for this certificate may be used to fulfill requirements for an MBA.

Admissions Requirements
• Students from any undergraduate major are welcome to apply, as long as they have acquired a bachelor’s degree prior to the start of classes.
• Cumulative GPA of 2.8 or higher.
• Students may apply at any time. We have rolling admissions.

Materials to be Submitted
• Free Online Application (https://www.canisius.edu/admissions/apply-canisius/), with essay
• An official transcript from each college attended

Curriculum
Students must take 5 courses from the lists below (at least two must from COM and at least two from MKT):

Total Credits 15
Learning Goals & Objectives

1. Students will demonstrate an understanding of the theory and application of principles of integrated marketing communication including:
   - Objective A: How the various functions of marketing, advertising, public relations, and media (both traditional and digital) interrelate.
   - Objective B: How best practices of these functions can be selected and applied to help achieve marketing and marketing communication goals.
   - Objective C: How to evaluate the success of those applications.

2. Students will demonstrate an understanding of strategic planning for integrated marketing communication including:
   - Objective A: how to conduct and interpret basic primary and secondary market research
   - Objective B: how to manipulate and explain simple data analytics involved in the integrated marketing communication environment.
   - Objective C: how to use research to develop/create a workable integrated marketing communication plan.

3. Students will demonstrate an understanding of the tactical skills necessary to implement an integrated marketing communication plan including:
   - Objective A: how to identify and understand a primary and secondary target market.
   - Objective B: how to create messages, both visual and verbal, traditional and digital, that will effectively promote a brand to a target market.
   - Objective C: how to evaluate the effectiveness of an integrated tactical plan.

Richard J. Wehle School of Business

Dr. Denise Rotondo, Dean of the Richard J. Wehle School of Business

Laura McEwen, Assistant Dean and Director of Graduate Business Programs

Our mission

The Richard J. Wehle School of Business (WSB) develops career-ready business leaders who are prepared to make ethical business decisions that reflect the interests of multiple stakeholders.

With our partners in the Western New York business community, we emphasize immersive, experience-based learning activities that reflect the interconnected and global nature of business.

Faculty are committed to excellence in teaching, scholarship, and professional engagement with an emphasis on improving and informing business practices.

In accordance with our Jesuit tradition, we are committed to educating the whole person, to using our skills in the service of others, and to a business work ethic of doing more and going beyond what is expected.

Our vision

Leveraging our national rankings in accounting and finance, we will be recognized as the premier business school in Western New York by combining innovative learning activities involving real business problems with intensive leadership development rooted in Jesuit values. We will be recognized as thought leaders in the transformation of business in our region, and we will be a provider of choice among our alumni and the business community for continued professional development.

Our learning goals

We are committed to developing professionals who have depth of expertise in business functions combined with breadth of leadership and professional skills for success in today’s dynamic business environment. Our graduates will:

- Understand ethical behavior and sustainability concepts.
  - Canisius graduates will be able to identify principled and ethical solutions to business problems.
  - Canisius graduates will be able to assess the potential social, economics, and environmental impact of business decisions on relevant stakeholders.
- Make well-informed business decisions by demonstrating the ability to identify and solve business problems through quantitative and qualitative reasoning.
  - Canisius graduates will be able to interpret data, employ quantitative reasoning, and apply appropriate analytical tools to derive data-driven decisions.
  - Canisius graduates will be able to evaluate and incorporate contextual information in the decision-making process [and generate positive solutions].
- Understand how functional areas of business impact business strategy.
  - Canisius graduates will apply knowledge of functional areas to evaluate business strategy goals that are designed to improve organizational performance and positively impact all stakeholders.
- Be career-ready professionals who are prepared to lead.
  - Canisius graduates will be able to practice and assess their leadership capacity to influence others, collaborate on teams, and encourage cooperation towards organizational goals.

For more information on the Graduate Business Programs visit the Richard J Wehle School of Business website (https://www.canisius.edu/academics/our-schools/richard-j-wehle-school-business/).

AACSB Accreditation

The Richard J. Wehle School of Business is accredited by the Association to Advance Collegiate Schools of Business International (http://www.aacsb.edu/) (AACSB). Accreditation by AACSB is the hallmark of excellence in management education, and has been earned by less than five percent of the world’s business programs. It represents the highest standard of achievement for business schools worldwide. Programs receiving AACSB International accreditation have superior faculty, high-caliber teaching, and meaningful interaction between students and faculty. All students earning degrees in business are required to participate in assessment exercises appropriate for meeting accreditation requirements.

Graduate Business Leadership & Professional Development Program (LPD)

In addition to a graduate degree from Canisius’ Wehle School of Business, students also will earn a Learning & Professional Development Certificate. This program offers students personal and professional development experiences to evaluate their competencies, set actionable goals and participate in workshops that address communication, teamwork and innovation. There are three courses: My Personal Leadership Plan, My Personal Brand and My Path Forward. These are not academic in the
traditional sense as they are non-credit bearing and there are no textbooks, exams, or weekly class meetings. Whether a young professional or emerging executive, the LPD has a significant impact on students both during their studies and after graduation. Completion of the LPD is a requirement for degree conferral.

Admission

The graduate programs in business are open to any qualified holder of a bachelor’s degree from a recognized college or university regardless of the undergraduate major field of study. The goal of the admission policy is the selection of those candidates who indicate the greatest potential for academic and professional achievement. The candidate for admission to graduate study must present evidence of qualifications to participate successfully in a graduate level academic endeavor.

Please review degree pages for admission requirements for individual programs.

Graduation

Students must ordinarily complete all requirements within five years of their first semester of attendance. Extensions may be granted upon the petition of the student to the Director of Graduate Business Programs. Student can complete degree requirements in fall, spring, and summer. The graduation ceremony is in May. Students that complete degree requirements in Fall will be invited to the May ceremony. Students that complete the program in summer, may petition the Director of Graduate Business Program to participate in the May ceremony prior to completion of the program.

Transfer Credit

Graduate business course work completed by a student at another AACSB accredited college or university may be accepted for transfer credit. Students desiring transfer credit should submit a written request to the program director for evaluation.

No transfer credit will be awarded for courses with grades below “B” and not more than 18 credit hours of transfer credit will be accepted for the evening MBA and MBAPA programs. No transfer credit is allowed for the One-Year MBA program.

Transfer students in the Graduate Business Programs must complete more than 50% of their program at Canisius.

Graduate business students at Canisius College who wish to transfer graduate course work at another institution must have the prior written permission from the director of Graduate Business Programs.

The Jesuit Consortium (JEBNET), of which Canisius is a member, allows MBA students from another Jesuit institution to readily transfer coursework upon approval of the program director.

Waivers

Students may qualify for waivers of foundation courses in the MBA or MBAPA Program based upon their undergraduate or graduate coursework, at the discretion of the program director. No waivers are granted for the One-Year MBA program.

Policy for Waivers of Foundation Level Courses: A minimum of six credit hours of undergraduate courses with grades of B or better in the last five years in appropriate content.

---

Bet Gamma Sigma

The Wehle School of Business at Canisius College houses a chapter of Beta Gamma Sigma (https://www.betagammasigma.org/). Beta Gamma Sigma is the premier honor society recognizing business excellence. Lifetime members of the Society have earned the right to be considered the ‘Best in Business.’ Students who graduate in the top 20 percent of their class are eligible for membership.

External Business Programs

Center for Professional Development

The WSB houses the Center for Professional Development (CPD), which delivers executive education and lifelong learning opportunities for individuals and businesses throughout the Western New York region and beyond. The CPD’s diverse program options provide individuals with opportunity to advance their career, regardless of role or experience. Led by distinguished Faculty at Canisius College as well as by Western New York business experts, the CPD’s programs are targeted at enhancing the skills leaders require to be successful in today’s business climate. Located on the Main St. campus of Canisius College in Science Hall, many of the non-credit bearing seminars, professional development workshops, training and other programs offered by the CPD are open to enrollment by students, alumni and members of the community. For additional information and a listing of CPD programs and upcoming events, visit the official CPD website (http://caniuscpd.com/).

The Women’s Business Center

Located in Science Hall, the Women’s Business Center (WBC) empowers entrepreneurs to succeed through education, connections and community by developing leaders, fostering opportunities and building collaboration. The WBC was established by the Richard J. Wehle School of Business in 2003 to support the success of entrepreneurs and small business owners with a focus on women in Erie County and the surrounding region including Buffalo, Rochester, Jamestown and Niagara Falls. The WBC provides services in small business development: training, counseling, coaching, and networking. Networking serves as a major component of all programs to ensure that every participant has made appropriate connections with business and community resources. Faculty and students at Canisius frequently connect with area entrepreneurs and small businesses through programs offered by the Women’s Business Center. These connections often result in mutually beneficial relationships that contribute to the economic strength of the local and regional economy. The WBC is directed by Sara Vescio. For additional information and a listing of WBC programs and upcoming events, visit the official WBC website (http://thewomensbusinesscenter.com/).

Degrees

The Richard J. Wehle School of Business offers graduate programs leading to the following master’s degrees:

- Master of Business Administration (MBA)
  - Flexible Program (part-time or accelerated full-time with the option of day classes)
  - One-Year Program (full-time)
- Master of Business Administration in Professional Accounting (MBAPA)
- Master of Business Administration in Accounting (MBAA) - Canisius undergraduate accounting students only
- Master of Science in Finance
All four programs are professional in nature and the MBAA and the MBPA and the MS in Finance are derivatives of the MBA Program. Their objective is to educate forward-looking leaders for business, industry and government. They are all registered with the New York State Education Department. The MBA, MBAPA, MBAA, and MS in Finance programs are fully accredited by AACSB-International, the Association to Advance Collegiate Schools of Business. The professional accounting program (MBAPA) is for those who enter on the graduate level without an accounting background. The MBAA is for those who begin as accounting undergraduates at Canisius College. The MBAA is designed to meet the 150-hour requirement of the American Institute of CPAs. The MBAPA and MBAA programs qualify students to sit for the CPA examination in New York State. Graduates of the MBAPA and MBAA are required to complete one year of experience for certification in the State of New York.

**Master of Business Administration (MBA)**

The Evening MBA is designed for either full or part-time study. Working adults can complete their program of studies on a part-time basis. Students attending full-time can take up to 12 credit hours a semester and complete in 16 months. The majority of students come from the Western New York area and they have a variety of undergraduate majors.

**One Year MBA Program**

The One Year MBA Program is a full-time program designed for individuals who wish to minimize the delay in starting their professional career or reduce the time away from their present career. This intense program begins in the fall semester and continues through the spring and summer semesters. Because of the special nature of this course of study, candidates for the One Year MBA are admitted as a single group in the fall and complete the program together. Classes are during the day in the fall with an evening class in spring and elective classes in summer in the evening.

**Master of Business Administration in Professional Accounting (MBAPA)**

In addition to enabling them to earn an MBA degree, this program makes it possible for holders of undergraduate and graduate degrees with majors other than accounting to:

1. Complete a major in accounting.
2. Prepare to enter the accounting profession.
3. Acquire the educational requirements to take the CPA examination leading to professional licensing.

**Master of Business Administration in Accounting (MBAA)**

This program is designed for undergraduate accounting majors at Canisius College. It meets the 150-hour requirement of the American Institute of CPAs and qualifies students for CPA Licensure. Graduates are required to complete one year of work experience for certification. Students should apply for admission in the fall of their junior year. They should take the GMAT at the earliest opportunity and no later than February 1 of their junior year. The admissions criteria for this program are different from those that apply to the MBA and MBAPA programs. Recommended admission standards:

1. A minimum cumulative average of 2.75 in all accounting courses taken at Canisius, including junior accounting courses,
2. A minimum cumulative overall average of 3.00 by the end of junior year, and
3. A minimum score of 500 on the GMAT.

**Master of Science in Finance (M.S.)**

The Master of Science in Finance program provides advanced knowledge of general finance in the areas of investments, quantitative analysis, financial institutions and markets. Grounded in our Jesuit tradition, the program’s holistic approach emphasizes both technical expertise and ethical decision-making. Instructional methods focus on the care and personal growth of each individual finance professional. Classroom projects and activities advance the highest standards of professional conduct as well as communication and teamwork. To meet the demands of today’s emerging business needs and financial markets, students can choose one of four concentrations: investment research, risk management, data analytics or general finance. Students from any undergraduate major are welcome to apply, as long as they have acquired a bachelor's degree prior to the start of classes.

- Cumulative GPA of 2.8 or higher.
- Students without the following prerequisites will be required to complete them prior to beginning the MS Finance classes: (students without the classes may waive them if an assessment exam is passed with a grade of 80% or better).
  - Calculus I or Calculus for Business (MAT 111 or MAT 115 at Canisius)
  - Financial Accounting (ACC 201/ACC 211, or ACC 505 at Canisius)
  - Business Statistics (ECO 255, MAT 351, or ECO 503 at Canisius)
  - Business Analytics (ECO 256, MAT 352, or ECO 503 at Canisius)
  - Information Systems or Excel proficiency (e.g. ISB 101, ISB 501, or MS Excel certification)
  - Economics for Managers (ECO 504 at Canisius)

**MBA in Business Administration**

**Master of Business Administration (MBA)**

The Flexible MBA (https://www.canisius.edu/academics/programs/evening-mba/) is designed for either full or part-time study. Working adults can complete their program of study on a part-time basis with courses in the evening only. Students attending full-time can take up to 12 credit hours a semester and complete the program in 16 months. The majority of students come from the Western New York area and they have a variety of undergraduate majors. Students may be eligible for a waiver of an MBA Foundation course (501-508) with two courses in similar content at the undergraduate level with a B or better in the last five years.

**One Year MBA Program**

The One Year MBA Program is a full-time program designed for individuals who wish to minimize the delay in starting their professional career or reduce the time away from their present career. This intense program begins in the fall semester and continues through the spring and summer semesters. Because of the special nature of this course of study, candidates for the One-Year MBA are admitted as a single group in the fall and complete the program together. Classes are during the day at the main
campus. Students are not eligible for course waivers in the One-Year MBA Program.

Students participate in a professional leadership series for 1 credit hour in fall and spring. Students must successfully complete the Professional Leadership Series to graduate. The Professional Leadership Series includes: mentoring, skill training, and employer visits to campus.

For more information on the One Year MBA Program visit the degree webpage (https://www.canisius.edu/academics/programs/one-year-mba/).

Admission
The MBA Program is open to any qualified holder of a bachelor's degree from a recognized college or university regardless of the undergraduate major field of study. The goal of the admission policy is the selection of those candidates who indicate the greatest potential for academic and professional achievement. The candidate for admission to graduate study must present evidence of qualifications to participate successfully in a graduate level academic endeavor.

The Admissions Committee, in its decisions, takes into consideration the undergraduate QPA (and any graduate QPA) and the scores on the Graduate Management Admission Test (GMAT) or Graduate Record Exam (GRE). The average Cumulative GPA of an accepted student is a 3.0 and a 500 on the GMAT. Applicants should plan to take the GMAT/GRE at the earliest opportunity. Information is available online about the GMAT (http://www.mba.com) and the GRE (http://www.ets.org/gre/). Applicants with 4+ years of professional work experience are evaluated for a waiver of the GMAT. Applicants must submit a resume.

In rare cases, applicants requiring the GMAT or GRE can be accepted in provisional status for one semester. Provisional status allows for a student to take one semester of coursework before the GMAT or GRE must be on file.

Each applicant must submit: (1) a completed application form, (2) an official transcript of all college work, (3) other information as requested by the Admissions Committee. In addition, the applicant must arrange for an official transcript of all college work from another institution must have the prior written permission from the Jesuit Consortium (JEBNET), of which Canisius is a member, allows MBA students at Canisius College who wish to transfer graduate course work from another institution must have the prior written permission from the program director.

Transfer Credit
MBA course work completed by a student at another AACSB accredited college or university may be accepted for transfer credit. Students desiring transfer credit should submit a written request to the program director for evaluation.

No transfer credit will be awarded for courses with grades below "B" and not more than 18 credit hours of transfer credit will be accepted. Transfer credit is usually not allowed for the One-Year MBA program.

Transfer students in the MBA Program must complete more than 50% of their program at Canisius. MBA students at Canisius College who wish to transfer graduate course work from another institution must have the prior written permission from the director of MBA Programs.

The Jesuit Consortium (JEBNET), of which Canisius is a member, allows MBA students from another Jesuit institution to readily transfer coursework upon approval of the program director.

Flexible MBA Curriculum (Full- or Part-Time)
Students may take classes during the day depending on availability.

Core Areas
Select three courses from three of the five core areas: Accounting: ACC 610 Managerial Accounting
Finance: FIN 620 Investment Management
ECO 621 Money, Banking and the Economy
FIN 622 Financial Institutions and Markets
FIN 625 Advanced Corporate Finance
FIN 627 Multinational Banking

Management:
MGT 641 Human Resource Management
MGT 642 Global Supply Chain Management
MGT 653 History of American Capitalism

Marketing:
MKT 630 Marketing Strategy

Technology:
ECO 526 Regression & Forecasting
ISB 602 Computer Forensics
MGT 668 IT Tools & Supply Chain Management

Electives or Concentration
Select three courses from the electives or concentrations below

Capstone
MGT 690 Strategic Management and Leadership

Total Credits: 48

1 Other courses may be approved by program director.

Concentrations
Concentrations offered: Financial Services, Global Supply Chain Management, Health Information Technology, International Business, Marketing in the new Economy, and Securities Analysis. The Securities Analysis concentration requires an application process in January for the following fall semester.

Dual concentrations: Students are eligible to concentrate in more than one area. For dual concentrations, the program will be longer than 48 credit hours. A student must take at least two electives specific to that concentration area that does not count in another concentration area.

Note: The list of concentration courses may be amended and other courses may be designated by the department to count as electives for a concentration.

Financial Services
Code Title Credits
Complete a finance course in the core area 3
Select three additional courses from the following: 9
FIN 617 Portfolio Analysis
FIN 619 Financial Modeling
FIN 620 Investment Management
ECO 621 Money, Banking and the Economy
FIN 622 Financial Institutions and Markets
FIN 623 Fixed Income Securities
FIN 624 Golden Griffin Fund I
FIN 625 Advanced Corporate Finance
FIN 626 International Finance
FIN 627 Multinational Banking
FIN 628 Derivative Securities
FIN 629 Golden Griffin Fund II
FIN 812 Equity Analysis

Total Credits: 12

It is suggested that students intending to complete a finance concentration also complete ACC 610 and ECO 526 as part of their core requirements.

Global Supply Chain Management
Code Title Credits
Student must complete the following 2 courses
MGT 633 Global Logistics and Transportation 3
MGT 642 Global Supply Chain Management 3
Select one of the following: 3
ECO 526 Regression & Forecasting
FIN 626 International Finance
MKT 639 New Product Strategy

Total Credits: 9

Health Information Technology
Code Title Credits
Students must complete all three of the following courses:
HIT 515 Introduction to Health Information Technology 3

Students can earn concentrations in financial services, international business, and marketing by completing 9 credit hours of electives in that area. Concentrations will be reflected on a student’s transcript. Students can choose not to concentrate and take electives from all different areas. Electives or concentration options can be found under the Flexible MBA (p. 51) tab.

Leadership Development Series will include mentoring, skills training, employer visits, and leadership development activities.

Electives will be offered in the evening over the summer.

Learning Goals & Objectives

Student Learning Goal 1
MBA graduates will understand global operations management and marketing concepts.

Students will:

- Objective A: Explain how value is created and managed throughout the product lifecycle, using marketing strategy and supply chain management in a dynamic environment;
- Objective B: Demonstrate a capacity to apply business knowledge in new and unfamiliar circumstances through a conceptual understanding of relevant disciplines.

Student Learning Goal 2
MBA graduates will apply quantitative methods in accounting, finance, and statistics.

Students will:

- Objective A: Apply and interpret quantitative methods and statistical analyses;
- Objective B: Perform and interpret standard accounting and financial computations, including cash flow and time-value-of-money calculations, cost-benefit analysis, and capital budgeting to evaluate the merits of a proposed investment;
- Objective C: Develop and reinforce critical thinking and argumentation skills with emphasis on problem identification from various viewpoints, causal diagnosis, and solution development.

Student Learning Goal 3
MBA graduates will have a fundamental knowledge of human behavior and market structures in a global context.

Students will:

- Objective A: Demonstrate an understanding of how cultural differences and human diversity impact business decisions;
- Objective B: Demonstrate an understanding of market structure, macroeconomic, and international environments within which businesses operate, including the roles of financial institutions, the central bank, and central governments.

Student Learning Goal 4
MBA graduates will understand ethical frameworks in managerial decision-making and leadership.

Students will:

- Objective A: Demonstrate knowledge of multiple frameworks for ethical decision making, and how they apply to different business situations in a socially responsible manner;
- Objective B: Demonstrate knowledge of corporate governance issues and the responsibilities of business in society and the fiduciary responsibilities of managers, including ethical reporting;
- Objective C: Describe issues pertaining to social responsibility;
- Objective D: Identify situations when ethical leadership is required.

Student Learning Goal 5
MBA graduates will understand how Information Technology supports business strategy and operations.

Students will:

- Objective A: Have the information literacy skills necessary to effectively research, locate, extract, structure, and organize the information
needed to assist in management planning, decision making and execution;

- Objective B: Demonstrate proficiency with data management software.

**Student Learning Goal 6**

MBA graduates will understand and effectively apply elements of leadership to individuals and group dynamics.

Students will:

- Objective A: Demonstrate awareness of conventional and innovative approaches to leadership and motivation;
- Objective B: Gain experience in teamwork and communication through involvement in experiential exercises including group presentation of case studies.

**Courses**

Accounting (ACC) Courses (p. 54), Economics (ECO) Courses (p. 55), Finance (FIN) Courses (p. 55), Information Systems (ISB) Courses (p. 57), Business Law (LAW) Courses (p. 57), Management (MGT) Courses (p. 57), Marketing (MKT) Courses (p. 59)

**Accounting (ACC) Courses**

<tbody>
<tr>
<td>ACC 505 Financial Accounting</td>
<td>3 Credits</td>
<td>Reporting the financial results of operations and financial position to investors, creditors, and managers; examination of problems that arise in the preparation, analysis and use of accounting data, with emphasis on the use of financial reports.</td>
</tr>
<tr>
<td>ACC 509 Legal Environment and Ethics</td>
<td>3 Credits</td>
<td>Threshold knowledge for managers of the law in areas of contract, product liability, corporations, partnerships, employment and environment.</td>
</tr>
<tr>
<td>ACC 610 Managerial Accounting</td>
<td>3 Credits</td>
<td>Preparation and analysis of data used by management in planning, budgeting, decision making, product costing, inventory valuation and performance evaluation.</td>
</tr>
<tr>
<td>ACC 701 Financial Accounting</td>
<td>3 Credits</td>
<td>For MBAPA Students. Fundamental concepts and procedures of financial accounting with emphasis on asset and liability valuations and income determination.</td>
</tr>
<tr>
<td>ACC 702 Managerial and Cost Accounting</td>
<td>3 Credits</td>
<td>Preparation and analysis of data used by management for planning, control and performance evaluations; inventory valuation and reporting methods in manufacturing enterprises; standards and budgets.</td>
</tr>
<tr>
<td>ACC 707 Accounting Information Systems</td>
<td>3 Credits</td>
<td>Development, organization, and implementation of manual and electronic accounting information systems. Emphasis on flow charts and analysis, modification, and improvement of existing systems.</td>
</tr>
<tr>
<td>ACC 712 Intermediate Financial Reporting II</td>
<td>3 Credits</td>
<td>Second of a two-course sequence. In-depth accounting concepts and theories pertaining to external financial reporting. Emphasis on theories surrounding asset valuations, liability and equity measurements, income determination and cash flows. Prerequisite: MBA 711 OR ACC 711 grade of C- or better. Offered: every fall &amp; spring.</td>
</tr>
<tr>
<td>ACC 715 Basic Taxation</td>
<td>3 Credits</td>
<td>Provisions of Internal revenue Code relating to the determination of income, exclusions, deductions and credits. Emphasis is on the individual and sole proprietor. The course includes learning basic tax research and communication skills. Prerequisite: MBA 701 OR ACC 701. Offered: every fall.</td>
</tr>
<tr>
<td>ACC 716 Advanced Taxation</td>
<td>3 Credits</td>
<td>Accounting for corporate mergers and acquisitions, state and local government, non-profit institutions and foreign exchange transactions. Prerequisite: MBA 712 OR ACC 712. Offered: every fall.</td>
</tr>
<tr>
<td>ACC 721 Advanced Financial Reporting</td>
<td>3 Credits</td>
<td>Generally accepted auditing standards and practice relevant to verification of historical financial statements; responsibilities and ethics pertinent to the public accounting profession; internal control evaluation; applying auditing programs; development of working paper documentation; the application of statistical sampling to gather audit evidence; the determination of the appropriate audit report for a given audit situation. Prerequisite: MBA 712 OR ACC 712. Offered: every fall.</td>
</tr>
<tr>
<td>ACC 725 Auditing Theory and Practice</td>
<td>3 Credits</td>
<td>Information system control design and auditing in the internet, electronic and paperless environment; management of security technology; operating and application system processing controls; prevention of unauthorized activity. Prerequisite: C- or better in MBA 725 OR ACC 725. Offered: every fall.</td>
</tr>
<tr>
<td>ACC 726 Information Systems Auditing</td>
<td>3 Credits</td>
<td>This course embeds the advanced study of auditing in an experiential professional context through case analysis, simulations, and professional standards. Emphasis is placed on the development of competencies such as critical thinking, professional judgment, professional skepticism, oral and written communication, ethical reasoning, and leadership and team building. Broad exposure to the professional accounting/auditing literature assists students in reflecting on course technical content. Prerequisite: MBA 725 OR ACC 725. Offered: every spring.</td>
</tr>
</tbody>
</table>
ACC 751 Seminar in Accounting Theory 3 Credits
Standard setting procedures at the U.S. and international levels, accounting concepts and principles, contemporary accounting issues, concepts of income determination, database/library research to support or oppose accounting positions. Prerequisite: MBA 711 or ACC 711. Offered: every fall.

ACC 752 Enterprise Systems 3 Credits
Evaluating enterprise information, enterprise resource planning (ERP) system design and functionality, data integrity, use of financial and non-financial information for organizational decision-making, business process improvement and risk management. Prerequisite: MBA 707
Offered: every spring.

ACC 824 Financial Accounting 3 Credits
Reporting the financial results of operations and financial position to investors, creditors, and managers; examination of problems that arise in the preparation, analysis and use of accounting data, with emphasis on the use of financial reports.
Offered: fall day.

ACC 840 Managerial Accounting 3 Credits
Preparation and analysis of data used by management in planning, cash and capital budgeting, decision making, product costing and performance evaluation.
Prerequisite: MBA 505 or MBA 824, OR ACC 505 OR ACC 824.
Offered: every spring.

Economics (ECO) Courses

ECO 503 Statistics for Managers 3 Credits
This course covers statistical concepts and techniques emphasizing problem solving and interpretation: descriptive statistics, probability distributions, estimation, hypothesis testing, contingency tables, analysis of variance and simple regression analysis.
Offered: every fall, spring, & summer.

ECO 504 Economics for Managers 3 Credits
This course introduces students to fundamental concepts and analytical tools of microeconomics and macroeconomics. Included are demonstrations of how economics can be used as a practical tool for problem solving. Emphasis in the course is placed on the application of theory to both managerial and public policy decision making. The following principles are emphasized: optimization subject to constraints, opportunity cost, specialization and exchange, markets and equilibrium, marginal decision making, short-run versus long-run outcomes and the importance of real economic variables.
Offered: every fall, spring, & summer.

ECO 526 Regression & Forecasting 3 Credits
Builds on the tools of statistical inference to address issues of estimation and hypothesis testing encountered in regression and time series analysis.
Prerequisite: ECO 503 or MBA 503 or MBA 822.
Offered: every spring.

ECO 611 Financing State & Local Government 3 Credits
Municipal credit risk and municipal bonds analysis of revenue sources for state and local governments. Public/private sector interaction in urban areas, city-suburban fiscal disparity and competition, state/local government structure, inter-governmental relations. This course also serves as a Finance elective.
Prerequisite: MBA 526 or ECO 526.
Offered: occasionally.

ECO 612 Geographical Info Sys for Bus 3 Credits
An applied introduction to Geographic Information Systems (GIS), a mapping and spatial analysis tool that is widely used in education, government, and industry to solve spatial problems. This course combines lectures and hands-on exercises and provides students the opportunity to use ArcGIS software.
Prerequisite: MBA 504 or ECO 504.
Offered: occasionally.

ECO 621 Money, Banking and the Economy 3 Credits
The connection between financial markets, the economy, and the Federal Reserve will be explored. This course will examine the nature of financial markets, the determination of interest rates, banking, money and monetary policy. Emphasis will be placed on the impact of monetary policy on the macro economy.
Prerequisite: MBA 504 or ECO 504.
Offered: every fall.

ECO 822 Statistics for Managers 3 Credits
This course covers statistical concepts and techniques emphasizing problem solving and interpretation: descriptive statistics, probability distributions, estimation, hypothesis testing, contingency tables, analysis of variance and simple regression analysis.
Offered: every fall.

ECO 823 Economics for Managers 3 Credits
This course introduces students to fundamental concepts and analytical tools of microeconomics and macroeconomics. Included are demonstrations of how economics can be used as a practical tool for problem solving. Emphasis in the course is placed on the application of theory to both managerial and public policy decision making. The following principles are emphasized: optimization subject to constraints, opportunity cost, specialization and exchange, markets and equilibrium, marginal decision making, short-run versus long-run outcomes and the importance of real economic variables.
Offered: every fall.

ECO 876 National/International Economics 3 Credits
The determination of national income and product in the short run and long run. Unemployment, inflation, fiscal and monetary policy will be examined in the context of static and dynamic macroeconomic models. Exchange rates and international capital flows will also be discussed.
Prerequisite: MBA 823, ECO 823, MBA 504, or ECO 504.
Offered: every summer.

Finance (FIN) Courses

FIN 508 Corporate Finance 3 Credits
This course provides an introduction to the basic tools of financial management. Topics covered include the goal of financial management, analysis of financial statements, the concept of cash flow, financial planning, time value of money, capital budgeting, the principles of stock and bond valuation, the risk/return tradeoff and capital markets theory, capital structure, cost of capital, dividend policy, working capital management and international aspects of finance.
Prerequisite: ECO 503 & ACC 505.
Offered: every fall, spring, & summer.

FIN 617 Portfolio Analysis 3 Credits
An introduction to modern portfolio theory and management. Strategies underlying portfolio construction and evaluation. Implications of market efficiency on portfolio management.
Prerequisite: MBA 620 or FIN 420.
Offered: every fall.

*FIN 619 Financial Modeling*  
Programming in EXCEL via construction of custom functions and macros using Visual Basic. These techniques are applied to a variety of financial models.  
Prerequisite: MBA 508 or FIN 508.  
Offered: every fall.

*FIN 620 Investment Management*  
This course introduces the student to the construction, management, and performance evaluation of investment portfolios. Primary topics include portfolio models, equilibrium in financial markets, market efficiency and the application of these concepts to the investment industry.  
Prerequisite: MBA 508 or FIN 508.  
Offered: every fall, spring, & summer.

*FIN 621 Financial Institutions and Markets*  
This course examines the changing world of financial services and the role that financial intermediaries and financial markets are playing in a rapidly consolidating industry with new benchmarks and success factors. Universal banking as the new model will be analyzed. Emphasis will be placed on contemporary issues as well as a review of the history of this evolving industry.  
Prerequisite: MBA 508 or FIN 508.  
Offered: every spring.

*FIN 622 Fixed Income Securities*  
This course discusses the various types of fixed income securities and the markets in which they are traded. Emphasis is placed on contact evaluation, extracting term/risk structure information from pricing, evaluating, investment opportunities and interest rate risk management.  
Prerequisite: MBA 508 or FIN 508.  
Offered: every fall.

*FIN 623 Golden Griffin Fund I*  
This course is the first of a two semester program in which students become equity analysts and portfolio managers responsible for ‘real money’ portfolio of common equity securities (the Golden Griffin Fund or ‘GGF’). In the fall semester, students begin the process of stock selection and analysis, leading to recommendations for investment by the GGF. Students follow and discuss current events in the economy and financial markets, and monitor and produce written reports regarding current GGF portfolio positions. Students serve on committees, including: Accounting and Finance; Legal and Compliance; Marketing; Public Relations and Portfolio Management. Each committee will have certain responsibilities throughout the fall and spring semesters. Students taking MBA 624 are expected to continue into the spring semester in MBA 629. Student must apply in early spring before the upcoming fall semester Offered; fall  
Prerequisite: MBA 620 or FIN 620 concurrent with MBA 812 or FIN 812.  
Offered: every fall.

*FIN 626 International Finance*  
International Finance (also known as ‘Open-Economy Macroeconomics’) is the study of the monetary and economic linkages among countries. The main goal of this course is to equip students with an understanding of the global macroeconomic environment. The following topics will be covered: purchasing power parity, interest rate parity, exchange rate determination, international capital flows.  
Prerequisite: MBA 504, MBA 508.  
Offered: Occasionally.

*FIN 627 Multinational Banking*  
An in-depth study of practical applications and issues faced by internationally active, large and complex banking organizations. Emphasis is given to the applications related to Basel Accord and the impact it has on capital adequacy requirements, lending guidelines, and risk-based pricing by these financial institutions. Students will also learn the scope of international trade finance with a focus on how multinational banks handle import/export transactions in the global economy.  
Prerequisite: MBA 508 or FIN 508.  
Offered: occasionally.

*FIN 628 Derivative Securities*  
This course discusses forward and futures contracts, swaps and options. Markets for these securities are described and analyzed. Modern techniques for identifying over and undervalued contracts are presented. The use of derivative securities in risk management is discussed.  
Prerequisite: MBA 620 or FIN 420.  
Offered: occasionally.

*FIN 629 Golden Griffin Fund II*  
This course is the second of a two semester program in which students become equity analysts and portfolio managers responsible for ‘real money’ portfolio of common equity securities (the Golden Griffin Fund or ‘GGF’). In the spring semester, students begin the process of original equity research, leading to recommendations for investment by the GGF. Students continue to follow and discuss current events in the economy and financial markets, and monitor and produce written reports regarding current GGF portfolio positions. Committee work started in the fall semester continues as well.  
Prerequisite: either MBA 624 or FIN 624 and either MBA 812 or FIN 812.  
Offered: every spring.

*FIN 630 Introduction to Financial Planning*  
Survey of topics in wealth management and personal financial planning. Review development of the wealth management industry, including the evolution of the high-net-worth investor segment. Various approaches to asset management, benchmarks for evaluating portfolio performance, risk tolerance, and tax and estate planning issues will be explored.  
Prerequisite: MBA 620 or FIN 620.  
Offered: fall.

*FIN 631 Estate Planning*  
A new course that presents various aspects of estate and gift tax planning. The valuation, transfer, administration and taxation of property will be covered along with strategies to efficiently transfer wealth. Other topics include property law, wills, trusts, income, gift, and death taxation. A course required for those interested in pursuing CFP certification.  
Prerequisite: MBA 620 or FIN 620.  
Offered: fall.
FIN 652 Risk Management & Insurance 3 Credits
Offered: occasionally.

FIN 654 Retirement Planning 3 Credits
Provides an overview of retirement planning including retirement savings need analysis, qualified retirement plan design, Social Security, Medicare, and more. In addition, group life, health, and disability insurance; non-qualified deferred compensation; and other commonly provided employee benefits are examined.
Prerequisite: FIN 620 or MBA 620.
Offered: occasionally.

FIN 658 Risk Management & Financial Institutions 3 Credits
This course covers market risk including interest rate risk, credit risk, and operational risk, and how these are managed/hedged. We will model credit risk and value at risk metrics using historical simulation and scenario analysis. Relevant regulations are also covered.
Prerequisite: FIN 508, FIN 620 and either FIN 621 or FIN 622.
Offered: every spring.

FIN 674 Business Analytics Using R 3 Credits
This course introduces students to the open source software language R. Students will access publicly available financial data, process and analyze the data using R code. Analysis of financial ratios, investment portfolios, options, CAPM, Monte Carlo simulation, Value at Risk modeling and market microstructure will be explored.
Prerequisite: MBA 508 or FIN 508.
Offered: occasionally.

FIN 691 Supervised Applied Integrative Project 3 Credits
Special project or internship experience designed and supervised by a faculty member in conjunction with program professional partners. Intended primarily for the Risk Management or Data Analytics concentrations to be fully integrative with business applications. Examples may include risk management or big data projects for or within investment firms or financial institutions.
Offered: every fall, spring, & summer.

FIN 698 Finance Internship 3 Credits
Internship experience.
Offered: every fall, spring, & summer.

FIN 812 Equity Analysis 3 Credits
The analysis and valuation of equity securities is developed in stages using a case approach based on live publicly traded companies. Valuation models and the concept of value creation follows preliminary analysis of financial statements and market based financial information on risk and return.
Prerequisite: MBA 620 or FIN 620.
Offered: every fall.

FIN 841 Corporate Finance 3 Credits
This course provides an introduction to the basic tools of financial management. Topics covered include the goal of financial management, analysis of financial statements, the concept of cash flow, financial planning, time value of money, capital budgeting, the principles of stock and bond valuation, the risk/return tradeoff and capital markets theory, capital structure, cost of capital, dividend policy, working capital management and international aspects of finance.
Prerequisite: either ECO 822 & ACC 824 or ECO 503 & ACC 505.
Offered: spring day.

Information Systems (ISB) Courses

ISB 501 Management Information Systems 3 Credits
Businesses operate through their information systems: databases, data networks, supply chains and electronic commerce applications. This course provides an overview of a company’s critical information infrastructure and data applications, and how IT can contribute to competitive advantage.
Offered: every fall, spring, & summer.

ISB 575 Systems Analysis and Design 3 Credits
In-depth coverage of information systems development. Topics include the systems development life cycle, analysis methods, data flow diagramming, design tools, and project management techniques and concepts.
Prerequisite: MBA 501 or ISB 501.
Offered: occasionally.

ISB 602 Computer Forensics 3 Credits
Introducing forensics tools to investigate computers, networks, Internet activities, Email, cell phones and other digital media devices to recover electronic evidence, even if deleted. Skills to investigate crimes involving computers or Internet.
Prerequisite: MBA 501 or ISB 501.
Offered: occasionally.

ISB 609 Competitive IT & Project Management 3 Credits
This course provides an introduction into IT Project Management and the interaction between IT and business teams. We will discuss the full project life cycle and how IT teams work from design and development through release and support.
Prerequisite: MBA 501 or ISB 501.
Offered: occasionally.

ISB 657 Cyber Security 3 Credits
Technical, legal and policy defenses to protect databases and information systems. Topics considered include intrusion detection, malware, host- and network-based vulnerabilities and countermeasures, database security, identity theft and privacy.
Prerequisite: MBA 501 or ISB 501.
Offered: occasionally.

BUS 674 Business Analytics Using R 3 Credits
This course introduces students to the open source software language R. Students will access publicly available financial data, process and analyze the data using R code. Analysis of financial ratios, investment portfolios, options, CAPM, Monte Carlo simulation, Value at Risk modeling and market microstructure will be explored.
Prerequisite: MBA 508 or FIN 508.
Offered: occasionally.

Business Law (LAW) Courses

LAW 509 Legal Environment and Ethics 3 Credits
Threshold knowledge for managers of the law in areas of contract, product liability, corporations, partnerships, employment and environment.
Offered: every fall, spring, & summer.

LAW 671 Business Law and Legal Environment 4 Credits
Legal aspects of partnerships and corporations; substantive law of contracts, agency, bailments, accountants’ liability; Uniform Commercial Code, commercial paper and secured transactions; bankruptcy, SEC, antitrust law.
Offered: every fall.

LAW 809 Legal Environment and Ethics 3 Credits
Threshold knowledge for managers of the law in areas of contract, product liability, corporations, partnerships, employment and environment.
Offered: every summer.

Management (MGT) Courses

MGT 502 Leadership in Organizational Behavior 3 Credits
This course is designed to enrich students’ understanding of behavior in organizations. Course study draws on the behavioral and social sciences to explore organizational phenomena in terms of individuals, groups and total organizational systems. The course stresses the role leadership plays in creating effective organizations, meeting employee needs, managing power relationships and revealing meaning in contemporary organizations.
Offered: every fall, spring, & summer.
MGT 507 Operations Planning and Control  3 Credits
Operations management involves the planning, coordinating and executing of all activities that create goods and services. The subject matter includes, but is not limited to, productivity, competitiveness, operations strategy, quality management, facility layout, new technologies, inventory management, just-in-time, demand and capacity planning within the firm.
Prerequisite: ECO 503.
Offered: every fall, spring, & summer.

MGT 510 Managerial Environment and Ethics  3 Credits
Relationships of business and society with an emphasis on management and the integration of ethics and social issues in daily business practices.
Offered: occasionally.

MGT 582 Doing Business in Latin America  3 Credits
This course is designed to provide an introduction into the Latin American business environment and its impact on management practices. Latin America is a region of resource-rich, with rapidly developing economies with enormous potential for business. Some Latin American countries have experienced, and still are undergoing, drastic political and economic transformation. This course will help students understand the opportunities and business potential as well as risks and barriers of doing business in Latin American countries. This course uses cases that focus on managerial aspects relevant to investment, risk management, and Latin America cultural issues.
Offered: occasionally.

MGT 633 Global Logistics and Transportation  3 Credits
Organization of export and import operations in support of marketing, distribution, production and other global business functions, freight forwarding, shipping procedures and selecting transportation modes and documentation. Special attention is given to the logistics of humanitarian relief and the efforts of Catholic Relief Services and other global agencies. 
Prerequisite: MBA 507 or MGT 507 and MBA 506 or MKT 506. 
Offered: every spring.

MGT 641 Human Resource Management  3 Credits
This course examines the critical functions and roles of human resource management (HRM) in complex organizations. Topics include the legal implications of HRM, job analysis and design, HR planning, recruitment and selection, training and development, performance management, compensation and benefits, and employee and labor relations. Most significantly, the course looks at managing people and the employment relationship from a strategic perspective.
Prerequisite: MBA 502 or MGT 502 or MBA 825.
Offered: every fall & spring.

MGT 642 Global Supply Chain Management  3 Credits
Supply Chain Management addresses the integrated management of the set of value-added activities from product development, through material procurement from vendors, through manufacturing and distribution of the good to the final customer. The course will address inventory movement within the supply chain, network configuration and location, capacity and demand management, the value of information, strategic alliance, new product development and technology and information impact in a global environment.
Prerequisite: MBA 507 or MGT 507 or MBA 843.
Offered: every fall.

MGT 645 Fundamentals of International Business  3 Credits
This course introduces students to the aspects of business that change when an international border is crossed. Students examine the functional areas of business -- accounting, finance, economics, marketing and management -- and develop an understanding of the nature of competition in this complex environment.
Offered: fall.

MGT 649 Labor Relations  3 Credits
This course introduces the student to the development, structure and process of labor relations in the United States. While the main focus will be on the private sector, some attention will be paid to the public sector, especially in the areas of the law and dispute settlement. Topics covered are labor history, labor law, union administration, the organizing process, collective bargaining, contract administration, labor disputes and their resolution, labor-management cooperation, and current issues. Prerequisite: MBA 502 
Prerequisite: MBA 502 or MGT 502. 
Offered: occasionally.

MGT 653 History of American Capitalism  3 Credits
This course examines how business leaders and others have responded over time to the environment in which their organizations are embedded. Among these external forces are the political and legal systems, culture, labor and consumers. The focus of this course will be on US Business History from the late 18th century to the present. Larger themes include the development of the business firm—from small to large—business-government relationships (the legal and regulatory system), work relations, consumer culture, the financial system, and other related topics.
Offered: occasionally.

MGT 666 Negotiation Theory & Practice  3 Credits
Explores formal and informal ways that managers negotiate differences. The course considers negotiation with peers, supervisors, subordinates, suppliers, customers, outside agencies and others as a key managerial process and a component of effective leadership. It takes a broad view of negotiations, examining the links between effective negotiation processes and influence, communication and relationship-management. We will examine research and concepts developed in a number of academic fields, and look closely at personal skills and experiences. The course requires intense involvement in negotiation simulation exercises, and thoughtful application of theory and research.
Offered: occasionally.

MGT 668 IT Tools & Supply Chain Management  3 Credits
The course is intended to provide the graduate business student with an understanding of key concepts and range of automated tools employed in solving material management problems. MS Excel is stressed.
Prerequisite: MBA 506 or MKT 506. 
Offered: occasionally.

MGT 669 Multicultural Leadership  3 Credits
This course emphasizes the understanding of the skills that ethical and effective global business leaders need to have in order to manage the multiple cultural environments of international corporations. Students are tasked with the design of global leadership development programs for Graduate Business Programs and Corporations in order to demonstrate their understanding of the skills sets required.
Offered: every summer.

MGT 673 Comparative Management  3 Credits
This course emphasizes the students' development as international managers and their understanding of the various environments within which they will be competing. Students study the impact of culture and value differences on the functional aspects of management -- communication, negotiation, decision making, control, and human resources -- and develop strategies for managing them in the international marketplace.
Offered: every spring.
MGT 680 International Business Seminar  
Two to three weeks of travel in Europe, either between the fall and spring semesters or in the summer. Gives exposure to the international business environment and to business practices outside the U.S.A. Each of these trips involves programmed visits to international businesses, government agencies, and/or nonprofit organizations, as well as substantial free time. Contact the Management/Marketing department at 888-2640 for details of each trip. The course grade depends on the student's participation in question and answer sessions at the presentations as well as the quality of a paper to be written upon the student's return.  
Offered: Spring.  

MKT 506 Foundations of Marketing Management  
This course addresses the following topics that constitute modern marketing management in the 21st century: Developing marketing strategies and plans; Capturing marketing insights and performance; Connecting with customers; Building strong brands; Shaping the market offerings; Delivering and communicating value; and Creating successful long-term growth.  
Offered: every fall & spring.  

MKT 511 Mobile Marketing & Business  
With the widespread adoption of mobile technologies by consumers, mobile devices have become a new and powerful marketing channel. This course is designed to help students understand the underlying hardware and software technologies critical for mobile business, key mobile marketing strategies, mobile e-commerce, app marketing and analytics, and future trends in mobile marketing and business. The course will also cover important managerial issues including mobile IT security, the BYOD (Bring Your Own Device) trend and corporate policies for governing the use of mobile devices by employees.  
Prerequisite: MKT 506.  
Offered: occasionally.  

MKT 614 Retailing  
The retailing industry is undergoing tremendous disruption with the explosive growth of e-commerce. Multi-channel retailing is becoming the norm and the marketing challenges are many, including delivery of omni-channel customer experiences. This course is a study of the many challenges in retail management today using one of the leading textbooks on the topic. Student activities in the course include midterm and final exams, assignments and discussions.  
Prerequisite: MBA 506 or MKT 506.  
Offered: every summer.  

MKT 630 Marketing Strategy  
Through the use of case analysis and computer simulation games, students will develop skills in applying and evaluating strategic marketing decisions. This course builds on the MBA 506 Foundation of Marketing Strategy course in that students will be expected to have mastered material in that course and be able to apply it to a series of cases or simulations of a competitive market environment. Application of statistical and other computer-based analytical techniques also go beyond what is covered in the foundation course. Strategic decisions in the cases used will be taken from a combination of the following strategic decision areas of marketing, the choice of which areas depending on the expertise of the instructor delivering the course and the nature of the cases available: 1) Product and Service Decisions, 2) Pricing and Related Decisions, 3) Integrated Marketing Communications Decisions, and 4) Supply Chain Marketing Decisions. Organization and control factors essential to implementation of effective marketing strategy that would be used in this course include 1) Developing and implementing a marketing budget, 2) Sales forecasting approaches and techniques, 3) Financial Statement Analysis, 4) Compensation planning for sales and marketing personnel, and 5) Marketing controls and Marketing Information Systems.  
Prerequisite: MBA 506 and MBA 508 or MKT 506 and FIN 508.  
Offered: every fall, spring, & summer.
MKT 631 Marketing Research  3 Credits
This course emphasizes survey-based marketing research. Students engage in a semester-long research project in which they interview a client, specify the research problem and an appropriate research design, do a secondary data search, design and administer a survey instrument (questionnaire), perform statistical data analysis and develop and present a report of their findings to the client. Course content also includes marketing databases, observational techniques, causal designs and various applied statistical techniques.
Prerequisite: MBA 506 and MBA 503 or MKT 506 and ECO 503.
Offered: occasionally.

MKT 632 Marketing Data Analytics  3 Credits
This course is an introduction to big data and data analytics for business, data visualization, business intelligence (BI), data and text mining, and sentiment analysis. Students learn to use data visualization, dashboard, and data analytics software.
Prerequisite: MBA 506 or MKT 506.
Offered: every fall & spring.

MKT 634 Consumer Behavior  3 Credits
This course focuses on the application of information from the behavioral sciences (e.g. psychology, sociology, anthropology) to help understand consumer behavior. Emphasis is placed on understanding the factors that influence consumer behavior and developing the ability to apply this information to the practice of marketing. Additionally, students are encouraged to consider their own personal consumption behavior and to identify ways they can improve their consumption decision outcomes and reduce their susceptibility to undesirable external influences. Course topics include perception, memory, learning, persuasion, attitudes, materialism, behavioral decision theory, family and cultural influences.
Prerequisite: MBA 506 or MKT 506.
Offered: occasionally.

MKT 635 Sales Management  3 Credits
This course focuses on the activities and problems of first line field sales managers. Subjects include organizing the sales force, recruiting, training, personal selling, compensating and motivating the sales force, territory design, evaluation, and control of the sales force.
Prerequisite: MBA 506 or MKT 506 or MBA 843.
Offered: occasionally.

MKT 636 International Marketing  3 Credits
Issues involved in entering operations in an overseas market. Focus on identifying opportunities in world markets and adapting strategies to fill specific national market needs, inventory movement within the supply chain, network configuration and location, capacity and demand management, the value of information, strategic alliance, new product development, and technology and information impact in a global environment.
Prerequisite: MBA 506 or MKT 506 or MBA 843.
Offered: occasionally.

MKT 639 New Product Strategy  3 Credits
This course examines marketing’s increasingly important role in new product development. Advances in communication technologies have worked to enhance the customer’s role in the new product development process for both consumer and industrial goods. A key role of marketing is to bring the ‘voice of the customer’ into the new product development process in a way that facilitates customer satisfaction. New technologies are also speeding up the new product development process and shortening product and brand life cycles. This course employs a ‘learn-by-doing’ approach to understanding concepts, techniques, tools, models and methods employed by marketing at various stages in the development and launch of new products.
Prerequisite: MBA 506 or MKT 506 or MBA 843.
Offered: occasionally.

MKT 648 Digital Marketing Strategies  3 Credits
Exact topics to be covered depend on recent advances and applications in digital marketing and social media.
Prerequisite: MBA 506 or MKT 506 or MBA 843.
Offered: occasionally.

MKT 664 Search Marketing  3 Credits
Search Engine Marketing (SEM) has become one of the most important marketing strategies for business organizations. SEM involves a variety of techniques designed to increase a company’s visibility on popular search engines like Google, Yahoo and Bing. The course will cover Search Engine Optimization (SEO) strategies involving website development and web analytics as well as Pay-Per-Click (PPC) strategies using advertising programs like Google AdWords. As companies increasingly compete to drive customers to their websites, the skills covered in the course are becoming essential for modern marketing professionals and web designers.
Prerequisite: MBA 506 or MKT 506.
Offered: occasionally.

MKT 675 Service Marketing  3 Credits
Excelling in service management, from delivery to recovery, is the foundation for success in many industries today. The focus of this course is on the knowledge needed to develop and maintain strong customer relationships that improve customer satisfaction and retention. Customer satisfaction and retention are drivers of success for industries such as financial services, professional services, transportation, healthcare and hospitality industries.
Prerequisite: MBA 506 or MKT 506.
Offered: occasionally.

MKT 843 Foundations of Marketing Management  3 Credits
This course provides a survey of the various environmental factors that affect marketing strategy decisions as well as the variety of strategic marketing decisions themselves. It also examines the research and other information gathering techniques available to managers and the psychological and economic foundations for consumer and buyer behavior. An understanding of buyer behavior is applied to the preliminary steps of segmentation of markets, targeting of segments and positioning of marketing offerings. The breadth of the material covered in this course prohibits an in-depth treatment in any area, yet cases and other forms of application to real world problems are used throughout the course to develop a richer understanding of the material covered.
Offered: every spring.

MBA in Professional Accounting
In addition to enabling students to earn an MBA, this program makes it possible for those with undergraduate and graduate degrees in majors other than accounting to earn an accounting degree and prepare to enter the accounting profession. Students who complete the MBAPA Program meet the educational requirements to complete the New York State CPA Exam and the 150 hour educational requirement for NYS CPA Licensure.

In addition to the 150 hour educational requirements candidates for NYS CPA Licensure must have at least one-year of full-time or the part-time equivalent of providing accounting services or advice involving skills in accounting, attest, compilation, management advisory, financial advisory, tax or consulting services under the supervision of a licensed NYS CPA in a U.S. jurisdiction or a public accountant in New York State.

For more information on the MBA In Professional Accounting visit the degree webpage (https://www.canisius.edu/academics/programs/mba-professional-accounting/).
Admission

The MBA Program is open to any qualified holder of a bachelor’s degree from a recognized college or university regardless of the undergraduate major field of study. The goal of the admission policy is the selection of those candidates who indicate the greatest potential for academic and professional achievement. The candidate for admission to graduate study must present evidence of qualifications to participate successfully in a graduate level academic endeavor.

The Admissions Committee, in its decisions, takes into consideration the undergraduate QPA (and any graduate QPA) and the scores on the Graduate Management Admission Test (GMAT) or Graduate Record Exam (GRE). The average Cumulative GPA of an accepted student is a 3.0 and a 500 on the GMAT. Applicants should plan to take the GMAT/GRE at the earliest opportunity. Information is available online for both the GMAT (http://www.mba.com) and the GRE (http://www.ets.org/gre/). Applicants with 4+ years of professional work experience are evaluated for a waiver of the GMAT. Applicants must submit a resume.

In rare cases, applicants requiring the GMAT or GRE can be accepted in provisional status for one semester. Provisional status will allow a student to take one semester of coursework before the GMAT or GRE must be on file.

Each applicant must submit: (1) a completed application form, (2) an official transcript of all college work, (3) other information as requested by the Admissions Committee. In addition, the applicant must arrange for an official score on the GMAT or GRE to be submitted by the Graduate Management Admission Council or by Educational Testing Service.

Academic Standing

Students must have CGPA of 3.0 to graduate.

A student is placed on academic probation if:

1. After completion of six hours of course work, the student’s cumulative grade point average is 2.0 or lower,
2. Any time after completion of nine or more hours of course work, the cumulative grade point average is below a 3.0 or lower

A student may be dismissed from the program if:

1. After completion of six hours of course work, subsequent to being placed on academic probation, the cumulative grade point average is less than 2.0,
2. After completion of at least 18 hours of course work, the cumulative grade point average is less than 3.0. A student may be dismissed without having been placed on probation first.

Transfer Credit

MBA course work completed by a student at another AACSB accredited college or university may be accepted for transfer credit. Students desiring transfer credit should submit a written request to the program director for evaluation.

No transfer credit will be awarded for courses with grades below “B” and not more than 18 credit hours of transfer credit will be accepted. Transfer credit is not allowed for Accounting courses.

Transfer students in the MBA Program must complete more than 50% of their program at Canisius.

MBA students at Canisius College who wish to transfer graduate course work from another institution must have the prior written permission from the director of MBA Programs.

The Jesuit Consortium (JEBNET), of which Canisius is a member, allows MBA students from another Jesuit institution to readily transfer coursework upon approval of the program director.

1. Select your elective from any MBA course (p. 54) not already taken or required.
Learning Goals & Objectives

Learning Goal 1
Graduates will know how financial information is measured and reported to external users.

Students will:

- Objective A: Calculate financial ratios and performance measures and analyze the results;
- Objective B: Apply current principles of accounting to the measurement and reporting of financial accounting information;
- Objective C: Apply taxation regulations in the measurement and reporting of information to governmental entities;
- Objective D: Explain the processes/principles related to providing assurance as to the integrity of the reporting process.

Learning Goal 2
Graduates will know how companies evaluate internal controls for the aggregation of financial information, and compare/contrast the impact of alternative business decisions on future company performance.

Students will:

- Objective A: Explain the budgeting process and analyze business decisions related to the budgets prepared;
- Objective B: Apply concepts related to accounting system controls.

Courses

Accounting

ACC 701 Financial Accounting 3 Credits
For MBAPA Students. Fundamental concepts and procedures of financial accounting with emphasis on asset and liability valuations and income determination.
Offered: every fall & spring.

ACC 702 Managerial and Cost Accounting 3 Credits
Preparation and analysis of data used by management for planning, control and performance evaluations; inventory valuation and reporting methods in manufacturing enterprises; standards and budgets.
Prerequisite: MBA 505 OR ACC 505 OR ACC 701 OR MBA 701.
Offered: every spring.

ACC 707 Accounting Information Systems 3 Credits
Development, organization, and implementation of manual and electronic accounting information systems. Emphasis on flow charts and analysis, modification, and improvement of existing systems.
Prerequisite: MBA 701 OR ACC 701.
Offered: every fall & spring.

ACC 711 Intermediate Financial Reporting I 3 Credits
First of a two-course sequence. In-depth accounting concepts and theories pertaining to external financial reporting. Emphasis on theories surrounding asset valuations, liability and equity measurements, income determination and cash flows. Prerequisite: MBA 701
Prerequisite: ACC 701 OR MBA 701.
Offered: every fall & spring.

ACC 712 Intermediate Financial Reporting II 3 Credits
Second of a two-course sequence. In-depth accounting concepts and theories pertaining to external financial reporting. Emphasis on theories surrounding asset valuations, liability and equity measurements, income determination and cash flows.
Prerequisite: MBA 711 OR ACC 711 grade of C-.
Offered: every fall & spring.

ACC 715 Basic Taxation 3 Credits
Provisions of Internal revenue Code relating to the determination of income, exclusions, deductions and credits. Emphasis is on the individual and sole proprietors. The course includes learning basic tax research and communication skills.
Prerequisite: MBA 701 OR ACC 701.
Offered: every fall.

ACC 716 Advanced Taxation 3 Credits
Internal Revenue Code provisions relating to taxation of corporations, shareholders; partnerships, partners, estates, trusts and multistate taxation.
Prerequisite: MBA 715 OR ACC 715.
Offered: every spring.

ACC 721 Advanced Financial Reporting 3 Credits
Accounting for corporate mergers and acquisitions, state and local government, non-profit institutions and foreign exchange transactions.
Prerequisite: MBA 712 OR ACC 712.
Offered: every fall.

ACC 725 Auditing Theory and Practice 3 Credits
Generally accepted auditing standards and practice relevant to verification of historical financial statements; responsibilities and ethics pertinent to the public accounting profession; internal control evaluation; applying auditing programs; development of working paper documentation; the application of statistical sampling to gather audit evidence; the determination of the appropriate audit report for a given audit situation.
Prerequisite: MBA 712 OR ACC 712.
Offered: every fall.

ACC 726 Information Systems Auditing 3 Credits
Information system control design and auditing in the internet, electronic and paperless environment; management of security technology; operating and application system processing controls; prevention of unauthorized activity.
Prerequisite: C- or better in MBA 725 OR ACC 725.
Offered: every fall.

ACC 727 Advanced Audit 3 Credits
This course embeds the advanced study of auditing in an experiential professional context through case analysis, simulations, and professional standards. Emphasis is placed on the development of competencies such as critical thinking, professional judgment, professional skepticism, oral and written communication, ethical reasoning, and leadership and team building. Broad exposure to the professional accounting/auditing literature assists students in reflecting on course technical content.
Prerequisite: MBA 725 OR ACC 725.
Offered: every spring.

ACC 751 Seminar in Accounting Theory 3 Credits
Standard setting procedures at the U.S. and international levels, accounting concepts and principles, contemporary accounting issues, concepts of income determination, database/library research to support or oppose accounting positions.
Prerequisite: MBA 711 or ACC 711.
Offered: every fall.

<tr>
<td>ECO 503</td>
<td>Statistics for Managers</td>
<td>3</td>
<td>This course covers statistical concepts and techniques emphasizing problem solving and interpretation: descriptive statistics, probability distributions, estimation, hypothesis testing, contingency tables, analysis of variance and simple regression analysis. Offered: every fall, spring, &amp; summer.</td>
</tr>
<tr>
<td>ECO 504</td>
<td>Economics for Managers</td>
<td>3</td>
<td>This course introduces students to fundamental concepts and analytical tools of microeconomics and macroeconomics. Included are demonstrations of how economics can be used as a practical tool for problem solving. Emphasis in the course is placed on the application of theory to both managerial and public policy decision making. The following principles are emphasized: optimization subject to constraints, opportunity cost, specialization and exchange, markets and equilibrium, marginal decision making, short-run versus long-run outcomes and the importance of real economic variables. Offered: every fall, spring, &amp; summer.</td>
</tr>
<tr>
<td>ECO 621</td>
<td>Money, Banking and the Economy</td>
<td>3</td>
<td>The connection between financial markets, the economy, and the Federal Reserve will be explored. This course will examine the nature of financial markets, the determination of interest rates, banking, money and monetary policy. Emphasis will be placed on the impact of monetary policy on the macro economy. Prerequisite: MBA 504 or ECO 504. Offered: every fall.</td>
</tr>
<tr>
<td>FIN 620</td>
<td>Investment Management</td>
<td>3</td>
<td>This course introduces the student to the construction, management, and performance evaluation of investment portfolios. Primary topics include portfolio models, equilibrium in financial markets, market efficiency and the application of these concepts to the investment industry. Prerequisite: MBA 508 or FIN 508. Offered: every fall, spring, &amp; summer.</td>
</tr>
<tr>
<td>FIN 622</td>
<td>Financial Institutions and Markets</td>
<td>3</td>
<td>This course examines the changing world of financial services and the role that financial intermediaries and financial markets are playing in a rapidly consolidating industry with new benchmarks and success factors. Universal banking as the new model will be analyzed. Emphasis will be placed on contemporary issues as well as a review of the history of this evolving industry. Prerequisite: MBA 508 or FIN 508. Offered: every spring.</td>
</tr>
<tr>
<td>FIN 625</td>
<td>Advanced Corporate Finance</td>
<td>3</td>
<td>This course provides an in-depth treatment of corporate financial management. Topics from the introductory course (MBA 508) are developed in greater detail with emphasis on the underlying theories and more extensive applications to financial decision making. Additional topics beyond the introductory level are presented and discussed. The class relies primarily on lectures, problems and case discussions. Prerequisite: MBA 508. Offered: occasionally.</td>
</tr>
<tr>
<td>MGT 502</td>
<td>Leadership in Organizational Behavior</td>
<td>3</td>
<td>This course is designed to enrich students' understanding of behavior in organizations. Course study draws on the behavioral and social sciences to explore organizational phenomena in terms of individuals, groups and total organizational systems. The course stresses the role leadership plays in creating effective organizations, meeting employee needs, managing power relationships and revealing meaning in contemporary organizations. Offered: every fall, spring, &amp; summer.</td>
</tr>
<tr>
<td>MGT 507</td>
<td>Operations Planning and Control</td>
<td>3</td>
<td>Operations management involves the planning, coordinating and executing of all activities that create goods and services. The subject matter includes, but is not limited to, productivity, competitiveness, operations strategy, quality management, facility layout, new technologies, inventory management, just-in-time, demand and capacity planning within the firm. Prerequisite: ECO 503. Offered: every fall, spring, &amp; summer.</td>
</tr>
<tr>
<td>MGT 641</td>
<td>Human Resource Management</td>
<td>3</td>
<td>This course examines the critical functions and roles of human resource management (HRM) in complex organizations. Topics include the legal implications of HRM, job analysis and design, HR planning, recruitment and selection, training and development, performance management, compensation and benefits, and employee and labor relations. Most significantly, the course looks at managing people and the employment relationship from a strategic perspective. Prerequisite: MBA 502 or MGT 502 or MBA 825. Offered: every fall &amp; spring.</td>
</tr>
<tr>
<td>MGT 642</td>
<td>Global Supply Chain Management</td>
<td>3</td>
<td>Supply Chain Management addresses the integrated management of the set of value-added activities from product development, through material procurement from vendors, through manufacturing and distribution of the good to the final customer. The course will address inventory movement within the supply chain, network configuration and location, capacity and demand management, the value of information, strategic alliance, new product development and technology and information impact in a global environment. Prerequisite: MBA 507 or MGT 507 or MBA 843. Offered: every fall.</td>
</tr>
</tbody>
</table>
MGT 653 History of American Capitalism 3 Credits
This course examines how business leaders and others have responded over time to the environment in which their organizations are embedded. Among these external forces are the political and legal systems, culture, labor and consumers. The focus of this course will be on US Business History from the late 18th century to the present. Larger themes include the development of the business firm—from small to large--business-government relationships (the legal and regulatory system), work relations, consumer culture, the financial system, and other related topics.
Offered: occasionally.

MGT 690 Strategic Management and Leadership 3 Credits
Developing strategies for successful business operation and hands-on business analysis focusing on problem solving; student teams work with current business problems using analytical tools and skills developed from other courses. Pre-requisites: All foundation last or second last semester in program.
Prerequisite: MBA 504, MBA 506, MBA 507, MBA 508, OR ECO 504, MKT 506, MGT 507, FIN 508.
Offered: every fall, spring, & summer.

MKT 506 Foundations of Marketing Management 3 Credits
This course addresses the following topics that constitute modern marketing management in the 21st century: Developing marketing strategies and plans; Capturing marketing insights and performance; Connecting with customers; Building strong brands; Shaping the market offerings; Delivering and communicating value; and Creating successful long-term growth.
Offered: every fall & spring.

MKT 630 Marketing Strategy 3 Credits
Through the use of case analysis and computer simulation games, students will develop skills in applying and evaluating strategic marketing decisions. This course builds on the MBA 506 Foundation of Marketing Strategy course in that students will be expected to have mastered material in that course and be able to apply it to a series of cases or simulations of a competitive market environment. Application of statistical and other computer-based analytical techniques also go beyond what is covered in the foundation course. Strategic decisions in the cases used will be taken from a combination of the following strategic decision areas of marketing, the choice of which areas depending on the expertise of the instructor delivering the course and the nature of the cases available: 1) Product and Service Decisions, 2) Pricing and Related Decisions, 3) Integrated Marketing Communications Decisions, and 4) Supply Chain Marketing Decisions. Organization and control factors essential to implementation of effective marketing strategy that would be used in this course include 1) Developing and implementing a marketing budget, 2) Sales forecasting approaches and techniques, 3) Financial Statement Analysis, 4) Compensation planning for sales and marketing personnel, and 5) Marketing controls and Marketing Information Systems.
Prerequisite: MBA 506 and MBA 508 or MKT 506 and FIN 508.
Offered: every fall, spring, & summer.

MBA in Accounting
Candidates must be pursuing a Canisius BS in Accounting to be eligible for this program.

The Master Business Administration in Accounting (150 hour program) meets the NYS educational requirement for 150 hours for certification as a NYS CPA. Under present education requirements of the State of New York, students are eligible to sit for the NYS CPA examination upon completing their 120 hour program (BS in Accounting) with the completion of Auditing.

Students must have 150 hours to secure the educational requirements for NYS CPA Licensure with the completion of Auditing.

Students will apply for the MBAA 150 hour program in the fall semester of their junior year. In their senior year, students will start taking classes at the MBA level. After graduating with a BS in Accounting, with a minimum QPA of 2.0 in all courses and the required 2.0 in accounting/business law courses, students will start the graduate portion of their program (MBAA). Students will be graduate students and pay student graduate tuition rates. Graduate tuition is charged per credit hour.

Admission Requirements

Students entering this program must have a bachelor’s degree in accounting from Canisius College to start the graduate portion of their program (MBAA). This program meets the NYS educational requirement for 150 hours for certification as a NYS CPA.

Students should apply in the fall semester of their junior year. Applications can be secured in the Graduate Business Office and informational sessions will be held in the fall semester.

The MBA Admissions Committee takes a holistic approach in evaluating an application for admission. The committee takes into consideration the undergraduate QPA and the scores on the Graduate Management Admission Test (GMAT). The Graduate Record Exam (GRE) will not be accepted.

The Admissions Committee, in its decisions, takes into consideration the undergraduate QPA, accounting GPA and the scores on the Graduate Management Admission Test (GMAT). The average Cumulative GPA of an accepted student is a 3.0 and a 500 on the GMAT. Applicants should plan to take the GMAT. Information is available online about the GMAT. (http://www.mba.com)

GMAT Waiver - Students are eligible for a GMAT waiver based on the following criteria:

1. GPA of 3.2 in all courses
2. GPA of 3.0 in all accounting courses including business law
3. A minimum grade of C- in ACC 301 and ACC 302

Students who do not meet the criteria for acceptance into the MBAA 150 hour program are eligible for the 150 hour undergraduate program in Professional Accounting by completing all undergraduate courses.

Registration for courses in the MBAA

Upon acceptance, students will be contacted by the Graduate Business Office for registration for their first fall semester in the MBA Program. Students will still secure advising for registration for the spring semester of their senior year. Interested candidates will register for their required accounting courses and will be changed to the graduate sections at the time of acceptance. Graduate sections for the accounting courses meet at the same times as the undergraduate sections.

Students must take the following courses in their senior year:

Accounting requirements:
- ACC 715 for ACC 415 (fall only)
- ACC 716 for ACC 416 (spring only)
- ACC 721 for ACC 421 (spring only)
• ACC 725 for ACC 425 (fall only)
• ACC 751 for ACC 451 (fall only)

Business requirements:

• MGT 507 for MGT 325 (fall or spring)
• MGT 690 for MGT 446 (fall or spring)

Please note, D grades are not awarded at the graduate level.

**Academic Standing**

For the undergraduate portion of the MBAA 150 hour program students should review the probationary and dismissal policies in the undergraduate catalog for BS/BA candidates.

For the graduation portion of the program students can be

**Students must have CGPA of 3.0 to graduate**

A student is placed on academic probation if:

1. After completion of six hours of course work, the student’s cumulative grade point average is 2.0 or lower,
2. Any time after completion of nine or more hours of course work, the cumulative grade point average is below a 3.0 or lower.

A student may be dismissed from the program if:

1. After completion of six hours of course work, subsequent to being placed on academic probation, the cumulative grade point average is less than 2.0,
2. After completion of at least 18 hours of course work, the cumulative grade point average is less than 3.0. A student may be dismissed without having been placed on probation first.

**Curriculum**

Please note that the following is the complete curriculum for the 5-year program that leads to a BS in Accounting and an MBA in Accounting.

**An Ignatian Foundation**

All undergraduate students must complete either the Canisius Core Curriculum (http://catalog.canisius.edu/undergraduate/academics/core-curriculum/) or the All-College Honors Curriculum (http://catalog.canisius.edu/undergraduate/academics/core-curriculum/all-college-honors-program/). Many schools refer to their college-wide undergraduate requirements as “general education” requirements. We believe that the core curriculum and the honors curriculum are more than a series of required classes; they provide the basis for a Jesuit education both with content and with required knowledge and skills attributes that are central to our mission.

**Free Electives**

Students may graduate with a bachelor’s degree with more but not less than 120 credit hours. Free electives are courses in addition to the Canisius Core Curriculum or All-College Honors Curriculum and major requirements sufficient to reach the minimum number of credits required for graduation. The number of credits required to complete a bachelor’s degree may vary depending on the student’s major(s) and minor(s).

**Learning Goals & Objectives**

**Learning Goal 1**

Graduates will know how financial information is measured and reported to external users.

Students will:

- Objective A: Calculate financial ratios and performance measures and analyze the results;
- Objective B: Apply current principles of accounting to the measurement and reporting of financial accounting information;
- Objective C: Apply taxation regulations in the measurement and reporting of information to governmental entities;
- Objective D: Explain the processes/principles related to providing assurance as to the integrity of the reporting process.

Learning Goal 2
Graduates will know how companies evaluate internal controls for the aggregation of financial information, and compare/contrast the impact of alternative business decisions on future company performance.

Students will:

- Objective A: Explain the budgeting process and analyze business decisions related to the budgets prepared;
- Objective B: Apply concepts related to accounting system controls.

MS in Finance (MS)

Program Director: Jeffrey Oxman, Ph.D. (oxman@canisius.edu)

The Master of Science in Finance program at Canisius College is offered full- or part-time in a non-cohort model allowing students to enter the program three times per year. It is a 30 credit hour program which may be completed in as little as 12 months. The program combines a solid theoretical grounding in the fundamentals of finance with applied quantitative and qualitative training to prepare graduates for careers in finance.

The undergraduate finance program at Canisius College is widely respected and was recognized as one of the top undergraduate business programs in the nation. Graduates of this program go on to work in equity research, banking, risk management, and other diverse finance functions locally, nationally, and beyond. The MS in Finance program was created to offer this top-ranking curriculum to students with an undergraduate degree in a quantitative discipline who have discovered an interest in the exciting and fast-paced world of banking and finance. Students will work closely with faculty in the program, including the academic director, to ensure effective progress through the program. Applied projects will help the students hone their quantitative skills and improve their oral and written communication abilities as deliverables will mimic the expectations of a professional work environment. It is the goal of the program to place as many graduates of possible on a strong career path in financial services.

The MS in Finance offers four track options, depending on students’ backgrounds and career interests. Investment Research is for students who want to combine quantitative and qualitative analysis to conduct analysis of various investments at the institutional level. The Risk Management option is for students with a more quantitative mindset that are interested in the growing field of measuring and managing risk to protect banks and other financial institutions from disaster. Data Analytics is for students who enjoy programming and working with big data sets and who want to do so in a finance setting. The General Finance track is for students without a finance background and who want a focused graduate degree to advance their career.

Admissions Requirements

Applicants are required to have completed the following preparatory courses or prerequisites:

- Math/Calculus (e.g. MAT 111 or MAT 115)
- Economics (macro/micro) (e.g. ECO 101/ ECO 102 or ECO 504)
- Financial Accounting (e.g. ACC 201/ACC 202 or ACC 505)
- Statistics (e.g. ECO 255/ECO 256, MAT 351/MAT 352 or ECO 503)
- Information Systems or Excel proficiency (e.g. ISB 101, ISB 501, or MS Excel certification)

Academic Standing

Students must have CGPA of 3.0 to graduate.

A student is placed on academic probation if:

1. After completion of six hours of course work, the student’s cumulative grade point average is 2.0 or lower,
2. Any time after completion of nine or more hours of course work, the cumulative grade point average is below a 3.0 or lower

A student may be dismissed from the program if:

1. After completion of six hours of course work, subsequent to being placed on academic probation, the cumulative grade point average is less than 2.0,
2. After completion of at least 18 hours of course work, the cumulative grade point average is less than 3.0. A student may be dismissed without having been placed on probation first.

Learning Goals & Objectives

Student Learning Objective 1: Graduates will demonstrate an understanding of the theory and practice of Corporate Finance

Student Learning Objective 2: Graduates will demonstrate an understanding of the theory and practice of Investments

Student Learning Objective 3: Graduates will demonstrate an understanding of financial markets and institutions

Courses

FIN 508 Corporate Finance 3 Credits

This course provides an introduction to the basic tools of financial management. Topics covered include the goal of financial management, analysis of financial statements, the concept of cash flow, financial planning, time value of money, capital budgeting, the principles of stock and bond valuation, the risk/return tradeoff and capital markets theory, capital structure, cost of capital, dividend policy, working capital management and international aspects of finance.

Prerequisite: ECO 503 & ACC 505.

Offered: every fall, spring, & summer.
FIN 617 Portfolio Analysis 3 Credits
An introduction to modern portfolio theory and management. Strategies underlying portfolio construction and evaluation. Implications of market efficiency on portfolio management.
Prerequisite: MBA 620 or FIN 420.
Offered: every fall.

FIN 619 Financial Modeling 3 Credits
Programming in EXCEL via construction of custom functions and macros using Visual Basic. These techniques are applied to a variety of financial models.
Prerequisite: MBA 508 or FIN 508.
Offered: every fall.

FIN 620 Investment Management 3 Credits
This course introduces the student to the construction, management, and performance evaluation of investment portfolios. Primary topics include portfolio models, equilibrium in financial markets, market efficiency and the application of these concepts to the investment industry.
Prerequisite: MBA 508 or FIN 508.
Offered: every fall, spring, & summer.

FIN 622 Financial Institutions and Markets 3 Credits
This course examines the changing world of financial services and the role that financial intermediaries and financial markets are playing in a rapidly consolidating industry with new benchmarks and success factors. Universal banking as the new model will be analyzed. Emphasis will be placed on contemporary issues as well as a review of the history of this evolving industry.
Prerequisite: MBA 508 or FIN 508.
Offered: every fall.

FIN 623 Fixed Income Securities 3 Credits
This course discusses the various types of fixed income securities and the markets in which they are traded. Emphasis is placed on contact evaluation, extracting term/risk structure information from pricing, evaluating, investment opportunities and interest rate risk management.
Prerequisite: MBA 620 or FIN 620.
Offered: every fall.

FIN 624 Golden Griffin Fund I 3 Credits
This course is the first of a two semester program in which students become equity analysts and portfolio managers responsible for ‘real money’ portfolio of common equity securities (the Golden Griffin Fund or ‘GGF’). In the fall semester, students begin the process of stock selection and analysis, leading to recommendations for investment by the GGF. Students follow and discuss current events in the economy and financial markets, and monitor and produce written reports regarding current GGF portfolio positions. Students serve on committees, including: Accounting and Finance; Legal and Compliance; Marketing; Public Relations and Portfolio Management. Each committee will have certain responsibilities throughout the fall and spring semesters. Students taking MBA 624 are expected to continue into the spring semester in MBA 629. Student must apply in early spring before the upcoming fall semester Offered; fall
Prerequisite: MBA 620 or FIN 620 concurrent with MBA 812 or FIN 812.
Offered: every fall.

FIN 625 Advanced Corporate Finance 3 Credits
This course provides an in-depth treatment of corporate financial management. Topics from the introductory course (MBA 508) are developed in greater detail with emphasis on the underlying theories and more extensive applications to financial decision making. Additional topics beyond the introductory level are presented and discussed. The class relies primarily on lectures, problems and case discussions.
Prerequisite: MBA 508.
Offered: occasionally.

FIN 626 International Finance 3 Credits
International Finance (also known as ‘Open-Economy Macroeconomics’) is the study of the monetary and economic linkages among countries. The main goal of this course is to equip students with an understanding of the global macroeconomic environment. The following topics will be covered: purchasing power parity, interest rate parity, exchange rate determination, international capital flows, MBA 504, MBA 508
Prerequisite: MBA 508 or FIN 508 and MBA 504 or ECO 504.
Offered: Occasionally.

FIN 627 Multinational Banking 3 Credits
An in-depth study of practical applications and issues faced by internationally active, large and complex banking organizations. Emphasis is given to the applications related to Basel Accord and the impact it has on capital adequacy requirements, lending guidelines, and risk-based pricing by these financial institutions. Students will also learn the scope of international trade finance with a focus on how multinational banks handle import/export transactions in the global economy.
Prerequisite: MBA 508 or FIN 508.
Offered: occasionally.

FIN 628 Derivative Securities 3 Credits
This course discusses forward and futures contracts, swaps and options. Markets for these securities are described and analyzed. Modern techniques for identifying over and undervalued contracts are presented. The use of derivative securities in risk management is discussed.
Prerequisite: MBA 620 or FIN 420.
Offered: occasionally.

FIN 629 Golden Griffin Fund II 3 Credits
This course is the second of a two semester program in which students become equity analysts and portfolio managers responsible for ‘real money’ portfolio of common equity securities (the Golden Griffin Fund or ‘GGF’). In the spring semester, students begin the process of original equity research, leading to recommendations for investment by the GGF. Students continue to follow and discuss current events in the economy and financial markets, and monitor and produce written reports regarding current GGF portfolio positions. Committee work started in the fall semester continues as well.
Prerequisite: either MBA 624 or FIN 624 and either MBA 812 or FIN 812.
Offered: every spring.

FIN 650 Introduction to Financial Planning 3 Credits
Survey of topics in wealth management and personal financial planning. Review development of the wealth management industry, including the evolution of the high-net-worth investor segment. Various approaches to asset management, benchmarks for evaluating portfolio performance, risk tolerance, and tax and estate planning issues will be explored.
Prerequisite: MBA 620 or FIN 620.
Offered: fall.
FIN 651 Estate Planning 3 Credits
A new course that presents various aspects of estate and gift tax planning. The valuation, transfer, administration and taxation of property will be covered along with strategies to efficiently transfer wealth. Other topics include property law, wills, trusts, income, gift, and death taxation. A course required for those interested in pursuing CFP certification.
Prerequisite: MBA 620 or FIN 620.
Offered: every fall.

FIN 652 Risk Management & Insurance 3 Credits
Offered: occasionally.

FIN 654 Retirement Planning 3 Credits
Provides an overview of retirement planning including retirement savings need analysis, qualified retirement plan design, Social Security, Medicare, and more. In addition, group life, health, and disability insurance; non-qualified deferred compensation; and other commonly provided employee benefits are examined.
Prerequisite: FIN 620 or MBA 620.
Offered: occasionally.

FIN 658 Risk Management & Financial Institutions 3 Credits
This course covers market risk including interest rate risk, credit risk, and operational risk, and how these are managed/hedged. We will model credit risk and value at risk metrics using historical simulation and scenario analysis. Relevant regulations are also covered.
Prerequisite: FIN 508, FIN 620 and either FIN 621 or FIN 622.
Offered: every spring.

FIN 674 Business Analytics Using R 3 Credits
This course introduces students to the open source software language R. Students will access publicly available financial data, process and analyze the data using R code. Analysis of financial ratios, investment portfolios, options, CAPM, Monte Carlo simulation, Value at Risk modeling and market microstructure will be explored.
Prerequisite: MBA 508 or FIN 508.
Offered: occasionally.

FIN 691 Supervised Applied Integrative Project 3 Credits
Special project or internship experience designed and supervised by a faculty member in conjunction with program professional partners. Intended primarily for the Risk Management or Data Analytics concentrations to be fully integrative with business applications. Examples may include risk management or big data projects for or within investment firms or financial institutions.
Offered: every fall, spring, & summer.

FIN 698 Finance Internship 3 Credits
Internship experience.
Offered: every fall, spring, & summer.

FIN 812 Equity Analysis 3 Credits
The analysis and valuation of equity securities is developed in stages using a case approach based on live publicly traded companies. Valuation models and the concept of value creation follows preliminary analysis of financial statements and market based financial information on risk and return.
Prerequisite: MBA 620 or FIN 620.
Offered: every fall.

FIN 841 Corporate Finance 3 Credits
This course provides an introduction to the basic tools of financial management. Topics covered include the goal of financial management, analysis of financial statements, the concept of cash flow, financial planning, time value of money, capital budgeting, the principles of stock and bond valuation, the risk/return tradeoff and capital markets theory, capital structure, cost of capital, dividend policy, working capital management and international aspects of finance.
Prerequisite: either ECO 822 & ACC 824 or ECO 503 & ACC 505.
Offered: spring day.

School of Education and Human Services

Nancy Wallace, Ph.D., Interim Dean; Nancy Farrell, Ed.D., Associate Dean; Lorreli DiCamillo, PhD., Interim Associate Dean; Virginia Carver, Administrative & Data Assistant.

Mission Statement
The faculty of the School of Education and Human Services (SEHS), in concert with our candidates, school/community partners, alumni, and the community, seek to prepare highly effective, socially committed professionals who value the Jesuit traditions demonstrated through their own cura personalis, work towards social justice, and leadership through service. The mission of the unit is to prepare professionals who possess content, pedagogical, and professional knowledge; use their gifts in the service of others; and demonstrate professionalism and leadership in their field.

Accreditation
All teacher preparation programs in the School of Education and Human Services are accredited by the Council for the Accreditation of Educator Preparation (CAEP), a national educator preparation accreditor. Full accreditation was obtained in 2017 and is good for 7 years.

Canisius is currently pursuing accreditation of its educator preparation programs by the Association for Advancing Quality in Educator Preparation (AAQEP). Pursuant to §52.21 of the Regulations of the Commissioner of Education, the educator preparation programs offered by Canisius College are considered to be continuously accredited for purposes of meeting the New York State requirement that all such programs maintain continuous accreditation.

Degrees
Master of Science (MS), Master of Science in Education (MSEd)
The School of Education and Human Services offers graduate-level programs leading to the master of science (MS) or the master of science in education (MSEd) degree in a variety of fields.

- MSEd in Adolescence Education (Grades 7-12) (Initial/Professional)
- MSEd in Adolescence/SWD Generalist 7-12 (Initial/Professional)
- MS in Applied Nutrition (online only)
- MSEd in Business and Marketing (Grades K-12) (Initial/Professional)
- MSEd in Childhood 1-6/Special Education 1-6 (Initial/Professional)
- MSEd in Childhood 1-6/TEOSOL K-12 (Initial/Professional)
- MS in Clinical Mental Health Counseling
- MS in Community and School Health (online only)
• MSEd in Differentiated Instruction (Initial/Professional; Gifted and Talented Extension)
• MSEd in Education (General) (not for certification)
• MS in Educational Leadership and Supervision (online only) (SBL Initial/Professional and SDL Professional)
• MS in Educational Technologies and Emerging Media (online only) (may include Initial/Professional)
• MS in Health and Human Performance
• MS in Higher Education and Student Affairs Administration
• MSEd in Literacy Education (Birth-6) or (Grades 5-12) (online only) (Initial/Professional)
• MSEd in Physical Education (Initial/Professional; Online Professional only)
• MS in Physical Education and Athletics (online only)
• MS in Respiratory Care (online only)
• MS in School Counseling
• MSEd in Advanced Special Education (Professional)
• MS in Sport Administration (available either on campus or online)
• MS in Sport Product Development (online only)
• MS in Teaching English to Speakers of Other Languages (TESOL) (online) (Initial/Professional but requires prior certification in another area)
• MS in Teaching Students with Disabilities (childhood or adolescence) (Initial/Professional but usually requires prior certification in childhood or adolescence) (It is now possible to pursue SWD Adolescent Generalist 7-12 without prior certification)
• MS in TESOL: Non-Certification (online only)

**Advanced Certificates**

The School of Education and Human Services also offers several graduate level Advanced Certificate Programs including:

• Bilingual Education (online only)
• Education Technologies and Emerging Media (online only)
• Gifted Education
• Mental Health Counseling
• Middle Childhood (Grades 5-6 or 7-9 Extension Only)
• School Building Leader (online only) (Initial/Professional)
• School Counseling
• School District Leader (online only) (Professional only)
• Teaching English to Speakers of Other Languages (TESOL)
• TESOL Advanced Certificate (not for teacher certification)

**Instruction in Child Abuse; Prevention of School Violence; Dignity for All Students, Fingerprinting**

New York State requires that all persons applying for an initial or professional certificate or license in the areas of administrative or supervisory service, classroom teaching service and school service complete two clock hours of coursework or training on the identification and reporting of suspected child abuse or maltreatment. In addition, all candidates for certification must attend a mandatory two-hour course on the prevention of school violence and a six hour course on dignity for all students and submit fingerprints for law enforcement clearance.

**Graduation**

Degrees are awarded three times a year:

• August 31st for students completing their degree requirements during the summer;
• February 1st for students completing their requirements during the fall semester;
• and at the annual commencement program in May on the date designated in the College’s academic calendar.

All students, regardless of when the requirements are completed (May, August, or December), must file a graduation application.

**Teacher Education Conceptual Framework**

Canisius’ teacher education programs focus on knowledge, service, leadership and professionalism, the foundational tenets of our conceptual framework. Academic programs offer candidates the content, pedagogical and professional knowledge, skills and dispositions necessary for quality performance in their field of study. Candidates will demonstrate the ability to reflect on their instructional practice, apply knowledge, exhibit skills and develop dispositions essential for success in P-12 schools. In coursework and in practice, candidates will display a clear understanding of the historical, philosophical, sociological, legal and psychological bases of education and educational policy. Candidates must be committed to the education of the whole person and to the belief that all individuals can learn. Within the contexts of their work, candidates promote authentic learning, social and emotional development and a commitment to service and social justice in environments that foster respect for diversity and the dignity of all. Candidates are encouraged to participate in the urban community in which the college is located and, through a variety of field experiences and service-learning opportunities, to interact with an ethnically, racially, culturally, religiously and intellectually diverse population. Collaborative projects allow candidates to learn from others, develop a professional orientation and assume positions of responsibility and leadership. Candidates develop the ability to reflect thoughtfully on their experience in order to guide professional development and to improve practice and are encouraged to join professional organizations and actively participate in professional conferences.

Central to our conceptual framework is a symbol of infinity, representing four interrelated and evolving characteristics: Knowledge, Service, Professionalism, and Leadership. These elements are situated within the overarching Ignatian vision and Jesuit educational principles. These values include:

• **Cura personalis**, concern for individuals, and desire to educate the whole person;
• **Magis**, or seeking the greater good, striving for excellence and desire to have our candidates reach one’s full potential;
• **Sharing** one’s gifts in the service for and with others in the pursuit of social justice;
• **Contemplation** in action, that is being a reflective learner & educator striving for ethical decision-making and mindful creative solutions to today’s issues in Education.

To this end, with a vision of P-16 partnership, we strive to engage our students in their chosen field of study. As stated by Rev. Peter-Hans Kolvenbach, S.J., Superior General of the Society of Jesus (2000), “Students, in the course of their formation, must let the gritty reality of this
Performance Outcomes

Performance outcomes aligned with knowledge, service and professionalism, and leadership are:

1. Knowledge
   The acquisition, creation and dissemination of knowledge is a continuing, transformational process.

   Knowledge Outcomes
   The competent professional:
   - Applies theory and research in practice.
   - Applies effective teacher/counselor/administrator principles.
   - Demonstrates appropriate dispositions, emphasizing student responsibility for behavior and achievement.

2. Service
   Each individual has gifts and talents that should be developed to the highest level.

   Service Outcomes
   The competent professional:
   - Is committed to diversity, equity and social justice.
   - Has a sense of purpose and power, and in all endeavors works for the benefit of all learners in their respective human service professions.
   - Demonstrates appropriate dispositions:
     - Enthusiasm toward content/subject areas
     - Appreciation of social/cognitive/emotional development for all learners
     - Appreciation of human diversity
     - Values development of students' critical thinking
     - Engages in comprehensive and collaborative planning that meets curricular goals
     - Commitment to utilizing assessment information to inform decisions

3. Professionalism/Leadership
   Each individual has an obligation to improve the world in which they live as advocates for social justice and through a dedication to education as a vehicle for positive social change.

   Professionalism Outcomes
   The competent professional is:
   - An effective communicator.
   - A reflective practitioner.
   - A lifelong learner.
   - Demonstrates appropriate dispositions:
     - Values and utilizes effective communication techniques in professional settings
     - Is committed to, and actively seeks out, opportunities to grow professionally
     - Is committed to advocating for the well-being of children and families

4. Leadership
   Each individual applies knowledge, skills, and dispositions in such a way that they positively impact the performance and outcomes of those they teach or serve.

   A competent professional:
   - Is skilled at using outcome data to assess the effectiveness of their own professional practice.
   - Seeks to improve their practice with the goal being to positively impact students/clients.

Dispositions

Dispositions are professional attitudes, values, and beliefs demonstrated through behaviors as candidates interact with peers, students/clients, families, colleagues, and communities. In addition to the fundamental beliefs in fairness and justice, the Canisius College SEHS will foster the following dispositions in its candidates:

- **Enthusiastic** — Demonstrates initiative and commitment towards the educational pursuit
- **Just** — Appreciates value for human diversity and the ideal of fairness
- **Caring** — Demonstrates an attitude of empathy, tolerance and acceptance of others
- **Ethical** — Models behavior embodied in the mission of the School and college, and shows integrity in professional practice
- **Responsible** — Demonstrates personal and professional accountability for themselves and the profession

The SEHS candidate will embody the SEHS dispositions with maturing expertise. With emphasis on the movement from theory to practice, our programs teach candidates to embrace leadership roles that influence classrooms, schools, districts, and communities.

The development and exhibition of dispositions appropriate to teaching all children is a requirement of all Canisius teacher preparation programs. Candidates who demonstrate an unwillingness or inability to act in a mature, respectful and professional manner will be referred to the departmental Candidate Concern Committee for remediation. Outcomes of the remediation plan can include but are not limited to: probationary status for student teaching, prohibited from participation in field experiences, including student teaching, and/or repeating a field experience, including student teaching.

SEHS Learning Goals

SEHS students will embody the characteristics of a Canisius College graduate. Our candidates will meet the college, state, and national standards and demonstrate proficiencies articulated by their discipline.

- **Learning Goal 1**: Candidates will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.
- **Learning Goal 2**: Candidates will demonstrate professional skills and dispositions necessary for successful performance in their field.
- **Learning Goal 3**: Candidates will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
- **Learning Goal 4**: Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
- **Learning Goal 5**: Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
Admission

Men and women of character, ability and achievement are welcome in the graduate programs at Canisius College. Their acceptability is judged by the department and is based on achievement, aptitude and character.

Applicants for admission to graduate work in SEHS may be accepted as matriculants (master’s degree candidates) in a particular program, or as non-matriculants. Except in unusual cases, non-matriculants may take no more than 9 credit hours before matriculation is required.

Admission Procedures

All applicants for admission to a graduate program must submit:

- One copy of official undergraduate transcripts indicating the receipt of a baccalaureate degree from an accredited institution of higher learning
- Two personal letters of reference

Graduate Application

Non-Teacher Education Applicants

Admission will require a 2.70 cumulative undergraduate GPA. Applicants who have an undergraduate GPA below a 2.70 may be required to meet additional requirements in order to provide evidence of their ability to be successful in graduate studies. These requirements may include a personal interview, and the GRE, GMAT, or MAT. Canadian and other international applicants must provide a completed Certification of Finances form.

Teacher Education Applicants

A 3.00 cumulative undergraduate GPA is preferred. Applicants who have an undergraduate GPA below a 3.00 may be required to meet additional requirements in order to provide evidence of their ability to be successful in graduate studies (ie. personal interview, additional coursework, etc.)

Applicants without a masters degree will also be required to complete a standardized test (ie. GRE, MAT, etc) with scores in the top 50th percentile. Canadian and other international applicants must provide a completed Certification of Finances form.

Transfer Credits

No more than six credits of graduate coursework will be accepted in transfer from other institutions. The grades must have been at least “B” and must have been earned within the five-year time limit for completion of degree requirements. All transfer credits must coordinate with the candidate’s program of study at Canisius College, as approved by the program director. Any exceptions to the above may only be made with the approval of both the program director and the associate dean.

Credit by Examination

Individuals who are applying for admission or who are presently in attendance may obtain credit for previously completed examinations sponsored by the College Level Examination Program (CLEP) of the College Entrance Examination Board (CEEB) or by the New York State College Proficiency Examination Program (CPE). The minimum acceptable grades for these exams are “Pass” for exams graded Pass/Fail and “C” for exams with letter grades. On exams graded on a standard score scale of 20 to 80, the passing score varies from 40 to 50 depending on the subject area. Candidates must consult with the associate dean for permission to use any credit by examination toward their graduate degree or certification requirements.

Assessment and Continued Progress

In designated courses throughout the program of study, candidates will complete specific assignments which reflect the conceptual framework of the School of Education and Human Services and the standards established by specialized professional associations and, for teacher candidates, the principles of the Interstate Teacher Assessment and Support Consortium (InTASC). These assignments will be evaluated at specific transition points throughout the program and must be successfully completed prior to graduation.

Performance is evaluated at four transition points, providing candidates with ongoing and integrated feedback on their progress. The four transition points are:

1. program entrance
2. prior to Clinical Practice
3. after Clinical Practice
4. before graduation

Transition to each successive level requires successful performance on all measures described at the transition point. Faculty review the progress of each candidate and, if deficits are noted, a plan is developed to address and remediate shortcomings. Candidates who consistently do not meet program expectations may be counseled out of or dismissed from the program.

The development and exhibition of dispositions appropriate to teaching all children is a requirement of all Canisius teacher preparation programs. Candidates who demonstrate an unwillingness or inability to act in a mature, respectful and professional manner may be prohibited from participation in field experiences, including student teaching and may be counseled out of or dismissed from their program.

Probation and Disqualification

Receipt of a grade of “F” will result in probationary status. A second grade of “F” will automatically disqualify a candidate from the master’s degree program. A candidate whose grade point average drops below a 3.00 will be placed on probation and will be dismissed from the master’s degree program if their overall grade point average is below a 3.00 in two consecutive terms.

Time Limitation

A candidate must complete all master’s degree requirements within five years. Exceptions to this policy must be approved by the chair of the appropriate program and the associate dean.

Teacher Certification

To obtain initial teacher certification, candidates must pass the examinations required by the New York State Education Department (NYSED). These include the Educating All Students Test (EAS), the educative Teacher Performance Assessment (edTPA), and the Content Specialty Test (CST).

Current information regarding required certification exams may be found at NYSTCE (http://www.nystce.nesinc.com/Home.aspx). As required by the New York State Education Department, the pass rates for Canisius College on the New York State Teacher Certification Examinations can be found on the outcomes page of the School of Education and Human Services webpage (https://www.canisius.edu/academics/our-schools/school-education-human-services/educator-preparation-outcomes/).

For the professional certificate, candidates will need additional professional development, three years teaching experience, and the completion of an
appropriate master's degree within five years. Contact the New York State Education Department (http://www.nysed.gov) for additional information.

All Canadian (Ontario) students will be required to obtain a New York State certification before the Ontario College of Teachers (O.C.T.) will issue a teaching credential. This is consistent with Ontario’s policy that if a person leaves the province to study to become a teacher, that person must complete and obtain certification in the jurisdiction in which he or she studied. Ontario students will follow the same procedure as U.S. students in applying for certification, including fingerprint clearance.

Dual citizens (U.S. and Canada) are required to first obtain New York State certification before receiving Ontario certification. Also, candidates applying for New York State certification must possess either a 4-year bachelor's degree or a master's degree to obtain New York State certification. Holders of a 3-year bachelor's degree must complete the entire Master's program before New York State will issue teacher certification.

Counseling and Human Services

Dr. Holly Tanigoshi-D’Angelis, Chair
Faculty: Drs. James P. Donnelly, David L. Farrugia, Ann Marie C. Lenhardt, and Michael Rutter

Degree: Master of Science

The Department of Counseling and Human Services offers a course of study designed to prepare humanistic, competent, professional counselors. The Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accreditor in the field of counseling, accredits the two counseling programs leading towards a Master of Science degree. The Department offers the following:

- A 60-hour Master of Science (MS) degree in Clinical Mental Health Counseling;
- A Certificate of Advanced Study (CAS) in Mental Health Counseling;
- A 48-hour Master of Science (MS) degree in School Counseling; and
- A Certificate of Advanced Study (CAS) in School Counseling.

The Clinical Mental Counseling Program is a “license qualifying education program” within New York State leading towards licensure as a “licensed mental health counselor” (LMHC). Please see the New York State Mental Health Counseling (http://www.op.nysed.gov/prof/mhp/mhcbroch.htm) website for more information.

The Certificate of Advance Study in Mental Health Counseling is a course of study (15 to 21 credit hours) for candidates who already have a Master’s degree in counseling, but do not meet the required coursework and experience for the NYS mental health-counseling license. In order to qualify for this “bridge program,” candidates should have Master’s degrees in school counseling, mental health counseling, college counseling, or other general counseling degrees.

The School Counseling Program prepares graduates to work with students ranging from pre-kindergarten through high school, as an “initially certified school counselor” in New York State. School counselors work in both private and public school systems at the elementary, middle and high school levels.

Upon completion of the MS degree in School Counseling and Initial Certification, a graduate must work full-time for two years as a school counselor and complete a Certificate of Advanced Study (CAS) within five years to apply for the New York State “Permanent Certification.” Currently NYS regulations require 2 years of work experience, however NYS is transitioning to new regulations which will require 3 years of work experience by 2022. The program at Canisius has a reputation for having an orientation toward practical and applied skills. In addition to learning direct counseling skills, future school counselors are prepared to work collaboratively in the roles of leadership, advocacy and consultation, allowing our graduates to influence schools on a systemic level in addition to performing the traditional counselor’s role with individuals and groups.

Admission

Student candidates must fulfill the general requirements for admission to graduate work in education. In addition, candidates must complete the following:

Required for Admission or within the First Semester of Study

Before beginning course work or within a candidate’s first semester of study one needs to successfully complete the following:

- The Counseling and Human Services screening assessment battery which includes:
  - A written autobiography,
  - An empathy test; and
  - The Minnesota Multiphasic Personality Inventory-II (MMPI-II),
- Completion of a personal interview with the academic advisor; and
- On-going Evaluation of Counseling Candidates throughout the program of study.

It is necessary that candidates continue to show evidence of high academic performance and display professional dispositions during interactions in and out of class. Assessments, through specific “transition points,” measure a candidate’s growth towards one’s professional identity. One’s successful completion of each transition point is necessary to continue through one’s graduate studies.

Candidates in both counseling programs adhere to the 2014 American Counseling Association (ACA) Code of Ethics. Candidates must declare a program major in either school counseling (SC) or clinical mental health counseling (CMHC). It is possible to be a “dual major.” Interested candidates should contact their advisors.

- Master of Science Degree in Clinical Mental Health Counseling (p. 77)
- Certificate of Advanced Study in Clinical Mental Health Counseling (p. 78)
- Master of Science Degree in School Counseling (p. 79)
- Certificate of Advanced Study for Permanent Certification in School Counseling (p. 80)

Counseling and Human Services Learning Goals & Objectives

Learning Goal 1

Candidates in the counseling program will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field.

The Candidate:
• Demonstrates the application of career development and decision making theories within the career counseling process.
• Demonstrates knowledge of the dimensions, functions, and practices of the professional counselor.
• Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.
• Identifies theories of human growth and development including factors related to optimal development and factors that challenge optimal development such as disability, psychopathology, trauma and addiction.
• Demonstrates essential interview and counseling skills, based on knowledge of counseling theories.
• Demonstrates leadership skills for group counseling based on an understanding of the dynamics of group work including theories of group counseling.
• Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
• Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.
• Demonstrates specific foundations of knowledge related to the student’s specialization in counseling.

Learning Goal 2
Candidates in the counseling program will demonstrate professional skills and dispositions necessary for successful performance in their field.

The Candidate:
• Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.

Learning Goal 3
Candidates in the counseling program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

The Candidate:
EDC 560 Child Abuse Identification and Reporting Workshop mandated by NYSED
Child Abuse Identification and Reporting Workshop mandated by NYSED. This non-credit mandated workshop is embedded into EDC 570.
Corequisite: EDC 570.
Offered: fall & spring.

EDC 561 Crisis and Trauma Counseling
This counseling elective deals with the inevitable crisis and trauma situations one may encounter as a counselor. Students reflect upon how people deal with crises, exploring one’s own crisis experiences, and start to develop professional skills in crisis intervention. The course examines relevant research on crises, resolution, and resilience. A graduate student may find this course to be emotionally challenging. It is possible that one may have to think about painful experiences, face some difficult issues, examine one’s own strengths and vulnerabilities, and try out new ways of helping others.
Offered: fall & spring.

EDC 564 Gender Issues in Counseling
Gender dysphoria (formerly Gender Identity Disorder) is defined by strong, persistent feelings of identification with the opposite gender and discomfort with one’s own assigned sex that results in significant distress or impairment. This course introduces students to the issues, symptoms, diagnosis and counseling treatment related to gender dysphoria.
Offered: every fall.

EDC 565 Youth in the Justice System
The purpose of this course is to examine youth in the juvenile justice system. Students will be exposed to the theories that help professionals understand the development of delinquency within the context of individuals, families and communities. Understanding the mechanisms that contribute to delinquency is important for counseling in the educational and mental health settings. This course will focus on some of the most pressing issues that face the juvenile justice system and counseling professionals who work within this system. The course is designed for school counselors and mental health counselors interested in working in juvenile justice settings or students interested in working with youth populations who may experience contact with the justice system.
Offered: occasionally.

EDC 566 School Violence Prevention and Intervention Workshop
School Violence Prevention and Intervention NYSED mandated workshop. This workshop is embedded into EDC 576.
Corequisite: EDC 576.
Offered: fall & spring.

EDC 567 Principles of School Counseling
The various roles, functions, responsibilities and identity of the school counselor are the focus of this course. This course presents social, political and current professional issues within school counseling.
Prerequisite: Minimum grade of C- in EDC 570 (can be taken concurrently). Offered fall & spring.

EDC 568 Principles and Practices of Mental Health Counseling
Introduction to historical and organizational perspectives of Mental Health Counseling services. This course presents the roles and functions of mental health counselors and the current professional issues confronting those in the mental health field.
Prerequisite: Minimum grade of C- in EDC 570.
Offered: fall & spring.

EDC 570 Introduction to Professional Counseling and Ethics
This course serves as an introduction to the roles, philosophy, issues, theories, professional foundations and ethics for counselors in schools and community agencies.
Corequisite: EDC 560.
Offered: fall & spring.

EDC 571 Psychological and Educational Assessment
This course examines the selection, use, interpretation and critical evaluation of standardized psychological tests of intelligence, achievement, interest and personality. The practical use of psychological and educational assessment in counseling is reviewed.
Prerequisite: Minimum grade of C- in EDC 570 (can be taken concurrently). Offered: fall & spring.

EDC 572 Career Counseling
Current theories, resources and processes pertinent to vocational development, decision-making and career counseling is studied.
Prerequisite: Minimum grade of C- in EDC 570 (can be taken concurrently). Offered: fall & spring.

EDC 573 Counseling Theories
The introduction of historical and current theories of counseling and psychotherapy. Students study the application of those theories to realistic case situations and the development of the individual student’s approach to the helping relationship.
Prerequisite: Minimum grade of C- in EDC 570 (can be taken concurrently). Offered: fall & spring.

EDC 574 Group Counseling
This course studies the theoretical and experiential basis for dealing with groups in both information-oriented and therapy-oriented situations. Values and limitations of group techniques are delineated.
Prerequisite: Minimum grade of C- in EDC 570 (can be taken concurrently). Offered: every fall & spring.

EDC 575 Pre-Practicum Helping Skills
Application of theory, consultation and other helping skills conducted in a supervised educational environment. Completion of this course is necessary before doing any field-based practicum or internship. A minimum grade of B is required in pre-practicum to advance to practicum.
Prerequisite: Minimum grade of C- in EDC 570 & EDC 573. Offered: fall & spring.

EDC 576 School Practicum
The first of two field experiences, this is a school-centered placement of student counselors for experiential purposes. Directed activities develop understanding of the role and skills of the school counselor. School violence issues related to Safe Schools Against Violence in Education (SAVE) legislation are discussed in the course seminar. Successful completion of Practicum with a grade of B or better. This includes the Cooperating Counselor’s evaluation of the student/candidate with a grade of B or better.
Prerequisite: Minimum grade of C- in EDC 567, EDC 570 & EDC 573; and minimum grade of B in EDC 575. Corequisite: EDC 566. Offered: every fall & spring.

EDC 577 Agency Practicum
The first of two field experiences, this is an agency-centered placement of student counselors for experiential purposes. Directed activities develop understanding of the role and clinical skills of community mental health counselors. Successful completion of Practicum with a grade of B or better. This includes the Cooperating Counselor’s evaluation of the student/candidate with a grade of B or better.
Prerequisite: Minimum grade of C- in EDC 568, EDC 570 & EDC 573; & minimum grade of B in EDC 575. Offered: every fall, spring, & summer.
EDC 579 Social and Cultural Issues in Counseling  
3 Credits
A broad range of diversity issues in counseling including ethnic, racial, gender, disability, and sexual orientation are discussed. The focus is on developing sensitivity and counseling skills that are applicable to all clients.  
Offered: fall & spring.

EDC 581 Grief Counseling  
3 Credits
This is an elective course to educate the counselor about the grief response in individuals and families when faced with disappointment and loss, especially when the loss entails death.  
Offered: occasionally.

EDC 582 Integrating Spirituality into Counseling  
3 Credits
The emphasis of the course will be the integration of basic counseling skills and contemporary spirituality. Special approaches to crisis and grief counseling will also be studied. Theological and ethical issues pertaining to counseling will be explored. Through role play and case studies, students will be assisted in applying their knowledge to the integrative dimension.  
Offered: occasionally.

EDC 585 Chemical Dependency and Rehabilitation  
3 Credits
This course reviews the history of drug abuse and characteristics of drug dependence and chemical abuse treatment modalities, including strategies for prevention, intervention and rehabilitation.  
Offered: spring.

EDC 586 Physiological and Psychological Aspects of Substance Abuse and Chemical Dependency  
3 Credits
The primary goal of this class is to examine the physiological and psychological issues intrinsic to the etiology, assessment, prevention, and treatment of substance abuse. Emphasis is placed on clinical diagnosis/evaluation, assessment skill enhancement, treatment, ethical and psychological issues in recovery, family systems treatment, and information pertaining to self-help groups.  
Offered: fall.

EDC 587 School Based Prevention and Intervention Programs  
3 Credits
This elective course is designed for those preparing to become school counselors, teachers and administrators. Students learn about the factors involved in the lives of at-risk youth. Participants develop skills to design, monitor and evaluate proactive student assistance programs to maximize learning in today's schools. Discussion revolves around prevention programming and intervention models.  
Offered: every summer.

EDC 589 Family and Couples Counseling  
3 Credits
The course outlines the characteristics of normal and troubled families. There is an emphasis on the theories and techniques of family counseling, including the works of Minuchin, Satir, Bowen and Haley. Solution Focused approaches and other post-modern theories are also discussed.  
Prerequisite: Minimum grade of C- in EDC 570.
Offered: every fall & spring.

EDC 590 Managing School Counseling Programs  
3 Credits
Designed for the practicing professional school counselor. Content includes administrative and leadership practices in school counseling. Issues, challenges and opportunities within school counseling are discussed.  
Prerequisite: Minimum grade of C- in EDC 603 or EDC 604.
Offered: Summer, online only.

EDC 591 Counseling Older Adults  
3 Credits
Assessment and counseling strategies, goals, and interventions regarding the psychological treatment of older adults within the American culture. Specific disorders and problems and the treatment of those concerns is discussed.  
Offered: occasionally.

EDC 593 Lifespan Development  
3 Credits
Human growth and development are the primary topics for this class. It includes individual and family development within various domains (cognitive, career, socio-economic) across the lifespan. Theoretical perspectives for understanding child, adult and family development are discussed and applied to counseling.  
Offered: fall, spring & summer.

EDC 597 Psychopathology  
3 Credits
This course provides an in-depth investigation of human abnormality. Students learn the current DSM categories of disorders, depression and considerations for dealing with crisis situations.  
Prerequisite: Minimum grade of C- in EDC 570.
Offered: fall & spring.

EDC 598 Case Formulation, Treatment Planning, and Psychopharmacology  
3 Credits
This course teaches students to integrate information from clinical interviews, behavioral observations, and test results to establish DSM-V diagnoses and to develop person-centered biopsychosocial counseling plans. Major categories of psychotropic medications will be discussed.  
Prerequisite: Minimum grade of C- in EDC 597.
Offered: fall & spring.

EDC 599 Independent Study  
1-3 Credits
Study and work with a faculty supervisor. Project to be determined by faculty agreement. Independent studies require an application and approval by the associate dean.  
Prerequisite: permission of the instructor, department chair, & associate dean.

EDC 600 Clinical Mental Health Internship Full time  
6 Credits
The second of two field experiences, this is a full-time placement within a community mental health facility. The student has to an opportunity to engage in diagnosis, treatment planning and intervention.  
Prerequisite: Minimum grade of C- in EDC 577, EDC 597, and EDC 598.
Offered: every fall, spring, & summer.

EDC 601 Clinical Mental Health Internship Part Time I  
3 Credits
The second of two field experiences, this is the first of a two semester placement within a community mental health facility. The student has an opportunity to engage in diagnosis, treatment planning and intervention. Must be followed by EDC 602.  
Prerequisite: Minimum grade of C- in EDC 577, EDC 597, and EDC 598.
Offered: every fall, spring, & summer.

EDC 602 Clinical Mental Health Internship Part Time II  
3 Credits
This is the continuation of EDC 601 and is an in-depth experience with the functions of a mental health counselor through placement in a community mental health agency.  
Prerequisite: Minimum grade of C- in EDC 577, EDC 597, and EDC 598.
Offered: every fall, spring, & summer.

EDC 603 School Counseling Internship Full Time  
6 Credits
The second of two field experiences, this a full-time placement within a school counseling office. The student has opportunity to engage in counseling, guidance and other functions of a school counselor.  
Prerequisite: Minimum grade of C- in EDC 576, EDC 597. Corequisite: EDC 505 & 606.
The Clinical Mental Health Counseling program prepares graduates to work in settings serving clients diagnosed along a continuum of mental and emotional disorders. Our graduates advocate for and promote mental health and wellness. Our graduates are knowledgeable in the principles and practices of diagnosis, treatment, referral and prevention and often work in interdisciplinary teams with other health professionals (e.g., psychiatrists, social workers, MDs). Mental Health Counselors work with individuals, couples, families, or groups in settings that include the following:

- Mental health counseling agencies
- Substance abuse clinics/agencies
- Crises counseling centers
- Private practice hospitals

The Clinical Mental Counseling Program is a “license qualifying education program” within New York State leading towards licensure as a “licensed mental health counselor” (LMHC). Please see the New York State Mental Health Counseling website (http://www.op.nysed.gov/prof/mhp/mhcbroch.htm) for more information. More information can be found at the Clinical Mental Counseling Program (https://www.canisius.edu/academics/programs/clinical-mental-health-counseling) (website (https://www.canisius.edu/academics/programs/clinical-mental-health-counseling/)).

**Learning Goals & Objectives**

**Learning Goal 1**

Candidates in the counseling program will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field. The Candidate:

- Demonstrates the application of career development and decision making theories within the career counseling process.
- Demonstrates knowledge of the dimensions, functions, and practices of the professional counselor.
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.
- Identifies theories of human growth and development including factors related to optimal development and factors that challenge optimal development such as disability, psychopathology, trauma and addiction.
- Demonstrates essential interview and counseling skills, based on knowledge of counseling theories.
- Demonstrates leadership skills for group counseling based on an understanding of the dynamics of group work including theories of group counseling.
- Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
- Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.
- Demonstrates specific foundations of knowledge related to the student’s specialization in counseling.
Learning Goal 2
Candidates in the counseling program will demonstrate professional skills and dispositions necessary for successful performance in their field.
The Candidate:
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.
- Demonstrates the application of career development and decision making theories within the career counseling process.
- Demonstrates essential interview and counseling skills, based on knowledge of counseling theories.
- Demonstrates leadership skills for group counseling based on an understanding of the dynamics of group work including theories of group counseling.
- Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
- Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.
- Demonstrates the professional skills and dispositions to work effectively with clients.
- Demonstrates the skills and practices necessary for effective professional work in the student’s specialization in counseling.

Learning Goal 3
Candidates in the counseling program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
The Candidate:
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.

Learning Goal 4
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
The Candidate:
- Demonstrates improved articulation and application of professional counseling skills, through self-reflection and supervision.

Learning Goal 5
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
The Candidate:
- Applies systematic evaluative procedures.

Certificate of Advanced Study in Clinical Mental Health Counseling
The Certificate of Advance Study in Clinical Mental Health Counseling is a course of study (15 to 21 credit hours) for candidates who already have a Master’s degree in counseling, but do not meet the required coursework and experience for the NYS mental health-counseling license. In order to qualify for this “bridge program”, candidates should have Master’s degrees in school counseling, mental health counseling, college counseling, or other general counseling degrees. More information can be found at the program website (https://www.canisius.edu/academics/programs/clinical-mental-health-counseling/).

- Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
- Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.
- Demonstrates the professional skills and dispositions to work effectively with clients.
- Demonstrates the skills and practices necessary for effective professional work in the student's specialization in counseling.

Learning Goal 3
Candidates in the counseling program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

The Candidate:
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.

Learning Goal 4
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

The Candidate:
- Demonstrates improved articulation and application of professional counseling skills, through self-reflection and supervision.

Learning Goal 5
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

The Candidate:
- Applies systematic evaluative procedures.

School Counseling (MS)

The Counselor Education Program prepares graduates to work with students ranging from pre-kindergarten through high school, as an “initially certified school counselor” in New York State. School counselors work in both private and public school systems at the elementary, middle and high school levels.

School counselors are prepared to promote the academic, career, personal and social development of all pre-K-12 students by understanding how to design and implement comprehensive school counseling programs that include time for individual counseling, group counseling, classroom guidance, as well as family and teacher consultations within the school setting.

Upon completion of the MS degree in Counseling Education and Initial Certification, a graduate must work full-time for two years as a school counselor and complete a Certificate of Advanced Study (CAS) within five years to apply for the New York State “Permanent Certification.” The program at Canisius has a reputation for having an orientation toward practical and applied skills. In addition to learning direct counseling skills, future school counselors are prepared to work collaboratively in the roles of leadership, advocacy and consultation, allowing our graduates to influence schools on a systemic level in addition to performing the traditional counselor’s role with individuals and groups. More information can be found at program website (https://www.canisius.edu/academics/programs/school-counseling/).

Learning Goals & Objectives

Learning Goal 1
Candidates in the counseling program will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field.

The Candidate:
- Demonstrates the application of career development and decision making theories within the career counseling process.
- Demonstrates knowledge of the dimensions, functions, and practices of the professional counselor.
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.
- Identifies theories of human growth and development including factors related to optimal development and factors that challenge optimal development such as disability, psychopathology, trauma and addiction.
- Demonstrates essential interview and counseling skills, based on knowledge of counseling theories.
- Demonstrates leadership skills for group counseling based on an understanding of the dynamics of group work including theories of group counseling.
- Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
- Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.
- Demonstrates the professional skills and dispositions to work effectively with clients.
- Demonstrates the skills and practices necessary for effective professional work in the student’s specialization in counseling.

Learning Goal 2
Candidates in the counseling program will demonstrate professional skills and dispositions necessary for successful performance in their field.

The Candidate:
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.
- Demonstrates the application of career development and decision making theories within the career counseling process.
- Demonstrates essential interview and counseling skills, based on knowledge of counseling theories.
- Demonstrates leadership skills for group counseling based on an understanding of the dynamics of group work including theories of group counseling.
- Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
- Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.
- Demonstrates the professional skills and dispositions to work effectively with clients.
- Demonstrates the skills and practices necessary for effective professional work in the student’s specialization in counseling.

Learning Goal 3
Candidates in the counseling program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

The Candidate:
- Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.

Learning Goal 4
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

The Candidate:
- Demonstrates improved articulation and application of professional counseling skills, through self-reflection and supervision.

Learning Goal 5
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

The Candidate:
- Applies systematic evaluative procedures.

Education - General (MSEd)

This program leads to a Master of Science in General Education Studies. This is an option for students who are not interested in teacher certification.

Please contact the Chair of the Teacher Education Department, Dr. Barbara Burns (%20burns1@canisius.edu) for questions about the General Education Curriculum.

**Educational Leadership and Supervision**

Program Director: Meg Keller-Cogan Ed.D.

Instructors: Jo Ann Balazs, Nate Barnes, John Brucato, Nancy Farrell Ed.D., Darlynda Miktuk Ed.D., Christopher Miller Ed.D., Jolene Mary Reinhold, Anne Marie Tryjankowski Ph.D.

Degree: Master of Science

**Introduction**

Education leaders have the opportunity to positively impact the lives of countless numbers of students, school communities and ultimately, the quality of life for those served. Effective leaders have excellent interpersonal, verbal and written communication skills. They understand the conditions that optimize student learning and can coach others to promote success. Effective school and district-based leaders also possess sophisticated decision making and problem solving skills, can effectively analyze data to prioritize efforts and resources and are politically savvy.

Students in the Canisius College Educational Leadership Program should be educators with proven classroom and student effectiveness and see the evidence of the above characteristics within themselves.

Our program is designed to assist candidates to acquire the knowledge, skills and dispositions essential for a successful career as a school or district leader. Successful program completion leads to a New York State School Building Leader license (SBL), a New York State School District Leader license (SDL), or a master’s degree in Educational Leadership. Students may apply for the SBL and/or the SDL upon completion of the SBL/SDL required courses and internship. The MS in Educational Leadership is not required for certification.

Possession of the SBL certificate is necessary for employment in NYS public schools for building principal, assistant principal or any building-level administrative position. The SDL is required for individuals who seek superintendencies, deputy, associate or assistant superintendent roles, or any position with district-wide administrative responsibilities. More information can be found at the program website (https://www.canisius.edu/academics/programs/educational-leadership-and-supervision/).

The master’s degree in Educational Leadership may not be used to meet New York State requirements for professional certification in teaching.

**Course Offerings**

All of the required courses for the SBL and the SDL are taught in an online format. All courses required for certification are offered every semester. Electives required for the MS are offered each semester, but not all electives are offered every semester. Internship placements are coordinated with the candidate and take place at a site in the candidate’s local geographic area.
Admission Requirements

The applicant must submit the following:

- Free Online Application (https://www.canisius.edu/admissions/apply-canisius/)
- Bachelor’s Degree Transcript. Unofficial transcripts are acceptable to begin the admissions review process. Applicants are expected to have earned a 3.0 undergraduate GPA, as required by New York state law. Applicants with less than a 3.0 undergraduate GPA will undergo additional review.
- Master’s Degree Transcript. Unofficial transcripts are acceptable to begin the admissions review process, however, the applicant’s official transcript must indicate the conferral of a master’s degree from an accredited institution of higher education, with a minimum 3.0 cumulative grade point average.
- Submission of a Verification of Teaching/Pupil Personnel Experience Form (PDF) (https://www.canisius.edu/sites/default/files/%2A/eda_ver_teach_form_1_0.pdf) or NYS Professional Certification which requires three (3) years of successful full-time teaching and/or pupil personnel service experience (e.g., school counselor) in Pre K-12 schools.¹
- Submission of three (3) Recommendation Forms (PDF) (https://www.canisius.edu/sites/default/files/%2A/eda_recommendation_form_1_0.pdf) or letters of recommendation from current or past education supervisors
- Transfer students are regularly accepted into this program. However, we required that 51% of credits be taken at Canisius.
- An applicant may be required to meet with the program director.
- Canadian and other international applicants must provide a completed Certification of Finances form.

¹ These forms are available in the Office of the School of Education and Human Services and on the program web site (https://www.canisius.edu/academics/programs/educational-leadership-and-supervision/).

Total Credits 9
Students will:

• Collaboratively develop, articulate, and steward a district vision, using data to identify goals and evaluate progress toward those goals.
• Create and evaluate a comprehensive, rigorous, and coherent curricular and instructional school (district) program using appropriate technologies.
• Develop and supervise the instructional and leadership capacity of school (district) staff.
• Monitor and evaluate school (district) management and operational systems efficiently using human, fiscal, and technological resources.
• Respond to community interests and needs by building and sustaining productive school (district) relationships with community partners.

Learning Goal 3 (Service)
Candidates in the Educational Leadership program will demonstrate willingness to use their skills to benefit and serve society. Within the context of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Students will:

• Understand and mobilize community resources to promote an understanding, appreciation, and use of diverse cultural, social, and intellectual resources within the school (district) community.
• Understand and advocate for school (district) students, families, and caregivers by acting to influence local, district, state, and national decisions affecting student learning in a school (district) environment.
• Understand moral and ethical implications of policy options and political strategies.

Learning Goal 4 (Professionalism)
Candidates will become adept at applying their acquired knowledge as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Students will:

• Act with integrity and fairness to ensure a school system of accountability for every student's academic and social success and will model principles of self-awareness, reflective practice, transparency, and ethical behavior.

Learning Goal 5 (Leadership)
Candidates will understand and advocate for school (district) students, families, and caregivers by acting to influence local, district, state, and national decisions affecting student learning in a school (district) environment.

Students will:

• Understand and evaluate potential moral and legal consequences of decision making in the school (district) and will promote social justice to ensure that individual student needs inform all aspects of schooling.
• Understand, anticipate and assess emerging trends and initiatives to adapt school (district)-based leadership strategies to improve student performance.
Courses

EDA 600 Theory in Educational Administration 3 Credits
This course is designed as an introductory course in school administration. The course is intended to give students an overview of the forces that influence education. Students will investigate leadership and management styles, forces that influence change, organizational models, and schools in the 21st century. Candidates will explore theories that influence schools and educational programs. Topics such as organizational models, characteristics of leadership, change systems, vision development, and school design may be investigated. Required for SBL, SDL and Master's degree.
Offered: every fall, spring, & summer.

EDA 610 School Law 3 Credits
School leaders are facing an ever-increasing demand to make appropriate and legal educational decisions. To assist in this endeavor, one must have a working knowledge of basic school law. The goal of this course is to provide students with the knowledge of how laws affect schools and are applied to school situations. A focus on practical acts of school law is emphasized. Students will learn the principles of public school law with a focus on New York State Education Law and selected federal and state cases impacting the administration of the educational system. Topics include, but are not limited to, student residency, attendance and discipline; freedom of speech; search and seizure; FERPA; IDEA; LRE; and employee rights. Required for SBL, SDL and Master's degree.
Offered: fall, spring, & summer; online only.

EDA 620 Supervision for the Improvement of Instruction 3 Credits
This course will focus on the critical role of effective instructional supervision in the development of a positive school culture. Students will examine professional development, observation procedures and theory, and formative and summative teacher evaluation processes. Supervision strategies will be explored including: mentoring and peer coaching, as well as clinical supervision. Required for SBL, SDL and Master's degree. Available online only.
Offered: every fall, spring, & summer.

EDA 625 Instructional Program Design 3 Credits
This course will provide students with a comprehensive overview of the concepts, strategies, and resources associated with planning, implementing, and evaluating curriculum. Candidates will investigate the historical, philosophical, psychological, sociological, and political factors associated with various curricula. Additional attention will be focused on various techniques to customize learning experiences and professional development activities to successfully support instructional change. Required for SBL, SDL and Master's degree.
Offered: fall, spring, & summer; online only.

EDA 630 School Personnel Administration 3 Credits
This course is designed to provide students with an overview of school personnel leadership, including the myriad of duties and responsibilities of the office of human resources. Candidates gain the knowledge, skills, and attributes involved in leading both certified and non-certificated staff. Issues related to leadership and organization of school personnel will be addressed. Exploration of topics such as staff recruitment and selection; induction; professional development; supervision and evaluation; discipline and dismissal; the work environment; compensation and benefits; administering employee contracts; and legal issues in personnel management will be included. Required for SBL, SDL and Master's degree.
Offered: fall, spring, & summer; online only.

EDA 640 School Business Administration 3 Credits
This course is designed to provide students with an overview of the major areas of responsibility of the school business administrator. Financial support for public schools from local, state, and federal governments will be studied. Fiscal planning, budgeting, plant management, accounting and purchasing procedures, distribution of supplies and services, transportation and food service will be examined. The course will underscore the crucial role of the school business administrator as a key member of the district’s leadership team. The course is also designed to provide candidates with an understanding of how the school business administrator can facilitate educational decision-making, thereby having a positive effect on student learning. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 650 The Principalship 3 Credits
This course will provide an overview of the the wide range of responsibilities of building principals. Topics include establishing a common vision, working collaboratively to achieve common goals, developing a learner-centered school culture, planning for the improvement of instruction, school finance management, supervising employees, providing a safe school environment, promoting student health and welfare, and initiating, managing, and evaluating change. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 660 The Administrator & Pupil Personnel Services 3 Credits
This course provides the necessary background and basic understanding of the quantitative and qualitative dimensions of pupil personnel services (PPS). The role of the building and district administration will be reviewed. Students will learn about New York State pupil personnel services mandates. The ‘language’ of pupil personnel services as it relates to special education, academic intervention services, testing and assessments, and counseling services will be explored. Required for SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 690 The Administrative Internship 1-8 Credits
The administrative internship requires the application of knowledge and skills, to make successful strategic, instructional, political and organizational decisions. It includes a variety of rigorous leadership experiences in diverse settings planned and guided cooperatively by personnel from Canisius College and cooperating school districts. Interns will be provided substantial responsibilities that increase over time in complexity, and involve direct interaction and involvement with students, staff, parents, and community leaders.
Prerequisite: permission of program director required. Corequisite: EDA 690L.
Offered: fall, spring & summer.

EDA 690L Internship Lab 0 Credits
EDA 690L provides students with the opportunity to expand their knowledge and skills in strategic, instructional, organizational, and contextual leadership.
Prerequisite: permission of program director required. Corequisite: EDA 690.
Offered: fall, spring & summer.

EDA 699 Independent Study 1-4 Credits
A thesis, research paper, or major project which provides the opportunity to investigate school or district administration of particular interest to the student.
Prerequisite: permission of program director & associate dean required.
Offered: fall, spring & summer.
Educator Preparation

Programs in the Field of Education

Canisius College offers graduate educator preparation programs for candidates seeking their first certification and those looking to add additional academic credentials. The Initial Certification programs are taken by candidates seeking their first license. The Professional Certification programs are taken by candidates who earned initial certification in an undergraduate program. Those seeking to pursue counseling or educational leadership would take one of the programs listed under Other School Professional Programs.

Graduate Initial Preparation Programs

Childhood Education/Special Education Grades 1-6 (p. 91)
Childhood Education Grades 1-6/TESOL (p. 92)
Adolescence Education Grades 7-12 (p. 87)
Adolescence Ed/SWD Gen 7-12 (MSEd) (p. 86)
Business and Marketing Education K-12 (p. 89)
Physical Education - Initial Certification K-12 (p. 104)

Graduate Professional Certification Programs

Differentiated Instruction (p. 93)
Education Technologies and Emerging Media (p. 98)
Literacy (p. 101)
Physical Education - Advanced (Professional Certification (p. 108))
TESOL/Bilingual Degrees & Certificates (p. 113)
Teaching Students with Disabilities - Childhood (p. 112)
Teaching Students with Disabilities - Adolescence Generalist (p. 111)
Special Education - Advanced (p. 111)

Graduate Other School Professional Programs

School Counseling -MS (p. 79)
School Counseling-Advanced Certificate for Permanent Certification (p. 80)
Educational Leadership (p. 82)

Dual Degree Programs

Content Area plus Adolescence 7-12 Teaching Students with Disabilities Generalist (p. 96)

Adolescence Ed/SWD Gen 7-12 (MSEd)

Chair: Barbara Burns, PhD.

The Special Education Master of Science Degree Program at Canisius is designed for those dedicated to meet the needs of students with disabilities, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs.

This program prepares candidates for Initial and Professional Certification in Adolescence SWD Generalist 7-12, and provides and option for candidates to earn a second Initial and Professional Certification in Adolescence Education in a specific content area.

Initial SWD Adolescence Generalist 7-12

Pedagogical Prerequisites for Candidates Without Prior Certification

These prerequisites may be taken at the graduate or undergraduate level, at Canisius or another college offering teacher certification programs, and may be taken concurrently with the graduate program.

- Adolescence Human Growth and Development
- Inclusive Strategies
- Foundations of Adolescent Literacy
- Evaluation and Teaching Strategies
- Methods of Teaching in the Content Area
- Foundations of Education.

Middle Childhood

Candidates wishing to obtain an extension to teach grades 5-6 in a content area must add a middle childhood extension (p. 104).

SWD Generalist Content-Area Extensions

The Adolescence Students with Disabilities Generalist certification is not attached to typical adolescence content areas. However, with 18 credits in an academic content area a candidate will be qualified to add a certificate extension in the content area in addition to the Students with Disabilities Generalist certificate for grades 7-12.

Adolescence Ed/SWD Gen 7-12 (MSEd)

These prerequisites may be taken at the graduate or undergraduate level, at Canisius or another college offering teacher certification programs, and may be taken concurrent with the graduate program.
Middle Childhood
Candidates wishing to obtain an extension to teach grades 7-9 in their content area must add a middle childhood extension (p. 104).

Prerequisites for Students with Disabilities (SWD) for ALL candidates.
1. Six credit hours in English
2. Six credit hours in math
3. Six credit hours in social studies
4. Six credit hours in science
5. Three credit hours in a language other than English

Prerequisites for Adolescence 7-12 Certification in the Content Area:
1. English: 36 credit hours are required in English. Topics that need to be covered include linguistics/grammar, American Literature, World Literature, Young Adult Literature, British Literature, and writing/composition (plus electives needed to meet the credit hour requirement)
2. Math: 37 credit hours are required in Math. Topics that need to be covered include Calculus I, II, and III, differential equations, abstract math, linear algebra, abstract algebra, geometry, and statistics. (plus electives needed to meet the credit hour requirement)
3. Biology: 36 credit hours are required in Biology. Topics that need to be covered include botany, evolution, microbiology, biochemistry, organismal biology, ecology, physiology, cell biology, zoology, genetics, and anatomy. (plus electives needed to meet the credit hour requirement)
4. Chemistry: 36 credit hours are required in Chemistry. Topics that need to be covered include inorganic chemistry, organic chemistry, biochemistry, analytical chemistry, and physical chemistry. (plus electives needed to meet the credit hour requirement)
5. Physics: 36 credit hours are required in Physics. Topics that need to be covered include general physics, classical mechanics, nuclear physics, optics, electricity/magnetism, quantum mechanics, electronics, and statistics & thermal dynamics. (plus electives needed to meet the credit hour requirement)
6. Social Studies: 36 credit hours are required in Social Studies. Eighteen (18) credits in history are required. Three credits are also required in each of the following areas: geography, political science/government, cultural studies, and economics. The remaining credits can come from other social sciences including psychology or philosophy.
7. Spanish: 30 credit hours of study in that language are required

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)
Candidates in the Teacher Education programs will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.
Teacher candidates will:
• Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
Candidates in the Teacher Education programs will demonstrate professional skills and dispositions necessary for successful performance in their field.
Teacher candidates will:
• Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)
Candidates in the Teacher Education programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
Teacher candidates will:
• Work with all students to create a dynamic learning environment that supports achievement and growth.
• Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
Teacher candidates will:
• Set informed goals and strive for continuous professional growth.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
Teacher candidates will:
• Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Adolescence Education (MSEd)
Chair: Barbara Burns, PhD
Degree: Master of Science in Education

Program Details
The adolescence education program provides the education necessary for teacher certification in grades 7-12. Canisius offers certification in seven disciplines at the adolescence level: English, mathematics, social studies, Spanish, biology, chemistry, and physics. Candidates should possess a bachelor’s degree with approximately 36 credit hours in the
academic discipline. Candidates must also complete 3 credit hours of study, or the equivalent, of a language other than English. Students who complete certification requirements may complete additional coursework to extend their certification downward to grades 5-6 (see Middle Childhood). More information can be found at program (https://www.canisius.edu/academics/programs/adolescence-education-masters/) website (http://www.canisius.edu/grad-adolescence-education/courses--curriculum.dot).

Required Certification Exams for Initial Certification

New York State Teachers Certification Exams (NYSTCE)

Certification examination requirements can be found here: http://www.highered.nysed.gov/tcert/certificate/certexam.html.

Note: fingerprinting is also required.

Middle Childhood

Candidates wishing to obtain an extension to teach grades 5-6 (thus enabling candidates to teach middle childhood grades 5-9 as well as adolescence grades 7-12) must add a middle childhood extension (p. 104).

Prerequisites for Adolescence 7-12 Certification in the Content Area:

1. English: 36 credit hours are required in English. Topics that need to be covered include linguistics/grammar, American Literature, World Literature, Young Adult Literature, British Literature, and writing/composition (plus electives needed to meet the credit hour requirement)

2. Math: 37 credit hours are required in Math. Topics that need to be covered include Calculus I, II, and III, differential equations, abstract math, linear algebra, abstract algebra, geometry, and statistics. (plus electives needed to meet the credit hour requirement)

3. Biology: 36 credit hours are required in Biology. Topics that need to be covered include botany, evolution, microbiology, biochemistry, organismal biology, ecology, physiology, cell biology, zoology, genetics, and anatomy. (plus electives needed to meet the credit hour requirement)

4. Chemistry: 36 credit hours are required in Chemistry. Topics that need to be covered include inorganic chemistry, organic chemistry, biochemistry, analytical chemistry, and physical chemistry. (plus electives needed to meet the credit hour requirement)

5. Physics: 36 credit hours are required in Physics. Topics that need to be covered include general physics, classical mechanics, nuclear physics, optics, electricity/magnetism, quantum mechanics, electronics, and statistics & thermal dynamics. (plus electives needed to meet the credit hour requirement)

6. Social Studies: 36 credit hours are required in Social Studies. Eighteen (18) credits in history are required. Three credits are also required in each of the following areas: geography, political science/government, cultural studies, and economics. The remaining credits can come from other social sciences including psychology or philosophy.

7. Spanish: 30 credit hours of study in that language are required

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)

Candidates in the Teacher Education programs will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.

Teacher candidates will:

- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)

Candidates in the Teacher Education programs will demonstrate professional skills and dispositions necessary for successful performance in their field.

Teacher candidates will:

- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)

Candidates in the Teacher Education programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Teacher candidates will:

- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.
Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Teacher candidates will:
- Set informed goals and strive for continuous professional growth.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Teacher candidates will:
- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Courses
EDAD 502 Foundations of Adolescent Literacy 3 Credits
The theoretical and practical approaches to teaching skills of literacy in a variety of disciplines will be addressed. This course focuses on three strands of literacy teaching for adolescent students: Strategies for developing reading and writing skills in all secondary content areas, methods for teaching reading and writing in inquiry projects and problem-based learning and pedagogical practices for integrating critical literacy in all secondary classrooms. Includes language acquisition and literacy development by native English speakers and students who are English Language learners. Also includes skill in developing the listening, speaking, reading, and writing skills of all students. 30 hours of field experience required.

EDAD 534 Assessment of Student Learning 3 Credits
This course focuses on impacting student learning using contemporary practices of assessment and assessment-driven instructional planning. Varied assessment measures, especially authentic assessments based on real world tasks will be emphasized. A range of assessment tools to measure and document student learning and growth will be used to drive subsequent instructional planning.
Offered: fall only.

EDAD 535 Learning and Human Development: Adolescence 3 Credits
This course focuses on understanding the learning process, both as it develops in the adolescent learner and as it exists in the social setting of the classroom. Topics will include influential learning theories and developmental approaches, cognition, information processing, problem-solving, motivation and classroom management. Skills in applying this understanding to real-life situations will be stressed. Research findings are integrated with each topic. Emphasis is upon grades 7 - 12.
Offered: fall only.

EDAD 572 Pedagogical Strategies and Methods 3 Credits
This course focuses on traditional and contemporary methods of teaching dialogical, collaborative lessons. The use of multimodal and digital tools for developing content area lessons and units will be emphasized. Individual Sections focus on specific content areas.

EDAD 573 Applied Content: Literacies and Methods 3 Credits
This course combines theory and reflective practice to integrate and apply curricular, instructional, and evaluative skills in unit planning (aligned with state/national subject-specific standards). Methods for culturally relevant teaching as well as content-specific topics will be emphasized. Fifty (50) hours of field experience will be required. Individual sections focus on specific content areas.

EDAD 593 Student Teaching: Adolescence 9 Credits
Requires two supervised teaching placements in schools appropriate to certification level and includes experience in high- needs schools or schools serving socio-economically disadvantaged students.
Prerequisite: successful completion of required education courses and an overall GPA of 3.0. Some school districts may require tuberculosis or other health tests.

EDAD 594 Student Teaching Seminar 0 Credits
Student Teaching Seminar enhances the student teaching experience through opportunities to foster professional growth and guided reflection on planning, instruction and assessment of learning. The course provides a professional learning community to assist candidates in the transition to careers in teaching.

EDAD 599 Independent Study 3-6 Credits
Independent studies require an application and approval by the associate dean.
Prerequisite: permission of the instructor, department chair, & associate dean.

Business & Marketing (MSEd)

Chair: Barbara Burns, PhD
Degree: Master of Science in Education

The business and marketing education program is designed to develop, extend, and enhance the professional competencies of business and marketing education teachers. Completion of the program provides a master of science in education degree and satisfies the requirements for eligibility to apply for permanent/professional certification to teach business and marketing in New York State.

This program prepares career changers and college graduates to become teachers who make a difference in the lives of children. Our innovative curriculum immerses aspiring teachers in the classroom and integrates theory, practice, and content into daily teaching and learning.
Prepare to succeed. The curriculum is fully aligned with the New York State (NYS) standards for teacher preparation and will prepare you for the new NYS certification tests (http://www.nysece.nesinc.com/land edTPA (http://www.canisius.edu/academics/academic-schools/school-of-education/teacher-cert-changes.dot) assessments. Our focus is to provide you with the best possible teacher preparation to enable you to meet all certification requirements and become a transformational teacher.

As a graduate of this program, you will have the opportunity to earn your initial teaching certification as you earn your master’s degree, allowing you to teach in New York State. Canadian students (http://www.canisius.edu/admissions/grad-admissions/canadian/) will be certified in New York and then eligible for certification in Ontario. Our graduates become part of a lifelong Canisius community of educators that make a meaningful difference in the lives of all students.

Classes begin in the Fall & Spring semesters.

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)
Candidates in the Teacher Education programs will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.
Teacher candidates will:
- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
Candidates in the Teacher Education programs will demonstrate professional skills and dispositions necessary for successful performance in their field.
Teacher candidates will:
- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)
Candidates in the Teacher Education programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
Teacher candidates will:
- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
Teacher candidates will:
- Set informed goals and strive for continuous professional growth.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
Teacher candidates will:
- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Courses

EDAD 502 Foundations of Adolescent Literacy 3 Credits
The theoretical and practical approaches to teaching skills of literacy in a variety of disciplines will be addressed. This course focuses on three strands of literacy teaching for adolescent students: Strategies for developing reading and writing skills in all secondary content areas, methods for teaching reading and writing in inquiry projects and problem-based learning and pedagogical practices for integrating critical literacy in all secondary classrooms. Includes language acquisition and literacy development by native English speakers and students who are English Language learners. Also includes skill in developing the listening, speaking, reading, and writing skills of all students. 30 hours of field experience required.
EDAD 534 Assessment of Student Learning 3 Credits
This course focuses on impacting student learning using contemporary practices of assessment and assessment-driven instructional planning. Varied assessment measures, especially authentic assessments based on real world tasks will be emphasized. A range of assessment tools to measure and document student learning and growth will be used to drive subsequent instructional planning.
Offered: fall only.
EDAD 535 Learning and Human Development: Adolescence 3 Credits
This course focuses on understanding the learning process, both as it develops in the adolescent learner and as it exists in the social setting of the classroom. Topics will include influential learning theories and developmental approaches, cognition, information processing, problem-solving, motivation and classroom management. Skills in applying this understanding to real-life situations will be stressed. Research findings are integrated with each topic. Emphasis is upon grades 7 - 12.
Offered: fall only.
EDAD 572 Pedagogical Strategies and Methods 3 Credits
This course focuses on traditional and contemporary methods of teaching dialogical, collaborative lessons. The use of multimodal and digital tools for developing content area lessons and units will be emphasized. Individual Sections focus on specific content areas.
EDAD 593 Student Teaching: Adolescence  
Requires two supervised teaching placements in schools appropriate to certification level and includes experience in high- needs schools or schools serving socio- economically disadvantaged students. 
Prerequisite: successful completion of required education courses and an overall GPA of 3.0. Some school districts may require tuberculosis or other health tests.

EDU 505 Foundations of Education  
An examination of the social, historical and philosophical foundations of education intended to provide a framework for understanding contemporary issues in education. Topics may include the role of education in a democratic society; gender, race and class in education; home, school and community relationships; and the organizational structure of education. 
Corequisite: EDU 595 & EDU 596. 
Offered: every spring.

EDU 595 Child Abuse Workshop  
NYSED requirement for teacher certification.

EDU 596 Prevention of School Violence Workshop  
NYSED requirement for teacher certification.

EDU 597 Dignity for All Students Workshop  
NYSED requirement for teacher certification.

EDU 598 Student Teaching Seminar  
Student Teaching Seminar enhances the student teaching experience through opportunities to foster professional growth and guided reflection on planning, instruction and assessment of learning. The course provides a professional learning community to assist candidates in the transition to careers in teaching.

SPE 536 Differentiating Instruction for Diverse Adolescent Learners  
This course focuses on educating adolescents regardless of their social and cultural backgrounds, language proficiencies, differences in ability and special needs. Social and emotional issues pertaining to an inclusive classroom and school will be discussed in addition to addressing the knowledge, skills and strategies for planning, managing, coordinating and evaluating inclusive teaching and learning environments. Attention will be given to collaboration with parents, specialists, agencies and community organizations as well as laws and policies that serve diverse learners.

EMC 552 Human Growth and Development: Middle Childhood  
The understanding of major concepts, principles, theories and research related to the intellectual, emotional, physical, social and moral development of young adolescents will be stressed. Candidates will observe and participate in positive, productive learning environments where developmental differences are respected and supported and individual potential is encouraged. 
Offered: summer.

EMC 553 Cognition, Learning, Assessment and Diagnostic Teaching: Middle Childhood  
Prepares concepts, standards and research related to middle level curriculum development, stressing the importance of a curriculum that is relevant, challenging, integrative and exploratory. Interdisciplinary middle level curriculum standards, models and assessment strategies will be introduced. Assessment strategies that promote the continuous intellectual, social and physical development of all young adolescents will be presented. 
Offered: summer.

Childhood Education 1-6/Special Education 1-6 (MSEd)

Chair: Barbara Burns, PhD

The Special Education Master of Science Degree Program at Canisius is designed for those dedicated to meet the needs of students with disabilities, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs. 

This program combines the Childhood (1-6) program with the Teaching Students with Disabilities: Childhood program to prepare new candidates to gain initial and professional certification in Childhood Education (Grades 1-6) and Students with Disabilities 1-6.

Total Credits 54

Prerequisites

Candidates must fulfill the following prerequisites to pursue this dual-certification program. They may be done before or concurrently with the program.

1. English - 3 credit hours
2. Math - 3 credit hours
3. Science - 3 credit hours
4. Social Studies - 3 credit hours
5. Language Other Than English - 3 credit hours
Early Childhood
Candidates wishing to extend their certification to include Birth to Grade 2 should consult their academic adviser for options.

Middle Childhood
Candidates wishing to obtain an extension to teach grades 5-6 (thus enabling candidates to teach middle childhood grades 5-9 in their subject area) must add a middle childhood extension (p. 104).

Learning Goals & Objectives
Learning Goal 1 (KNOWLEDGE – Observed in Writing)
Candidates in the Teacher Education programs will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.
Teacher candidates will:
- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
Candidates in the Teacher Education programs will demonstrate professional skills and dispositions necessary for successful performance in their field.
Teacher candidates will:
- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)
Candidates in the Teacher Education programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
Teacher candidates will:
- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
Teacher candidates will:
- Set informed goals and strive for continuous professional growth.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
Teacher candidates will:
- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Childhood Education 1-6/TESOL K-12 (MSEd)
Chair: Dr. Barbara Burns
Degree: MSEd
The Childhood/TESOL Master of Science in Education Degree Program at Canisius is designed for those dedicated to meet the needs of English Language Learners, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs.

This program combines the Childhood (1-6) program with the Teaching English as a Second or Other Language (K-12) program to prepare new candidates to gain initial and professional certification in Childhood Education (Grades 1-6) and TESOL (Grades K-12).

Prerequisites for Childhood 1-6/TESOL K-12
Candidates need the following prerequisites to pursue this dual-certification program. They may be done before or concurrently with the program.

1. English - 3 credit hours
2. Math - 3 credit hours
3. Science - 3 credit hours
4. Social Studies - 3 credit hours
5. Language Other Than English - 12 credit hours

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)
CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE CONTENT KNOWLEDGE, PEDAGOGICAL, AND PROFESSIONAL KNOWLEDGE NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD. 
Teacher candidates will:
• Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
• Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE PROFESSIONAL SKILLS AND DISPOSITIONS NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD. 
Teacher candidates will:
• Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)
CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE WILLINGNESS TO USE THEIR SKILLS TO BENEFIT AND SERVE SOCIETY. WITHIN THE CONTEXTS OF THEIR WORK, CANDIDATES PROMOTE AUTHENTIC LEARNING, SOCIAL AND EMOTIONAL DEVELOPMENT, AND A COMMITMENT TO SOCIAL JUSTICE IN ENVIRONMENTS THAT FOSTER RESPECT FOR DIVERSITY AND THE DIGNITY OF ALL.
Teacher candidates will:
• Work with all students to create a dynamic learning environment that supports achievement and growth.
• Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

Learning Goal 4 (PROFESSIONALISM)
CANDIDATES WILL DEMONSTRATE SELF-REFLECTION AS A HABIT OF MIND, CONTINUOUSLY ASSESSING AND REFINING THEIR PROFESSIONAL PRACTICE AS THEY CONSTRUCT A RICH REPERTOIRE OF RESEARCH-BASED KNOWLEDGE, SKILLS, AND ATTITUDES FOR EFFECTIVE PERFORMANCE ENSURING THAT ALL STUDENTS AND/OR CLIENTS HAVE OPTIMAL OPPORTUNITIES TO LEARN AND GROW.
Teacher candidates will:
• Set informed goals and strive for continuous professional growth.

Learning Goal 5 (LEADERSHIP)
CANDIDATES WILL BECOME ADEPT AT APPLYING THEIR ACQUIRED KNOWLEDGE IN THE PROCESS OF EVALUATING THEIR OWN PROFESSIONAL PERFORMANCE AND DECISION-MAKING WITH RESPECT TO ITS IMPACT ON STUDENTS AND/OR CLIENTS, ORGANIZATIONS, AND THE WIDER COMMUNITY.
Teacher candidates will:
• Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Differentiated Instruction (MSEd and Gifted Extension)

Program Director: Barbara A. Burns, PhD
Faculty: Katelyn Mazurkiewicz, Lynn O’Connor, Kara Schwabel, Patrick Wirth

Degree: Master of Science in Education

Introduction
The Differentiated Instruction graduate program is a rigorous 30-hour program that meets the master’s degree requirement for permanent or professional teacher certification in New York State. The degree also meets the requirements for a certification extension in Gifted Education.

Our mission is to provide a meaningful, hands-on approach to delivering the best pedagogical methods and strategies available in order to meet the diverse needs in the classroom, including the gifted population. Our courses are taught by instructors who are practitioners in the field, who each day integrate the most widely recognized aspects of differentiated instruction into their own classroom. The curriculum is based on the following tenets:

• We believe that all people are creative, with unique gifts to contribute.
• We encourage cultivating habits of mind such as critical thinking and risk-taking through which one can discover and uncover the content.
• We expect the creation of multi-modal products by which students demonstrate their understanding of material.
• We find the above works best when offered in an environment that sparks individual creative spirit and connects people together through collaboration, idea-sharing, openness and trust.

The experience you gain in this program will seamlessly translate into the classroom and beyond, as you go forth in making your mark in differentiating yourself as an educator and change agent in the classroom, school, community and the world. More information can be found at the program
Candidates will:

1. Successful performance in their field.
2. Content knowledge, pedagogical, and professional knowledge necessary for
   educational practice.

Candidates in the Differentiated Instruction program will demonstrate professional skills and dispositions necessary for successful performance in their field.

Candidates will:

1. Educators of the gifted understand the effects that gifts and talents can have on an individual’s learning in school and throughout life, and understanding of these learning differences and their interactions provides the foundation upon which educators of the gifted plan instruction to provide meaningful and challenging learning.
2. Select, adapt, and use these strategies to promote challenging learning opportunities in general and special curricula and to modify learning environments to enhance self-awareness and self-efficacy for individuals with gifts and talents, enhancing the learning of critical and creative thinking, problem solving, and performance skills in specific domains.
3. Create learning environments for individuals with gifts and talents that foster cultural understanding, safety and emotional well-being, positive social interactions, and active engagement, fostering environments in which diversity is valued and individuals are taught to live harmoniously and productively in a culturally diverse world.
4. Understand the role of language and communication in talent development and the ways in which exceptional conditions can hinder or facilitate such development and use relevant strategies to teach oral and written communication skills to individuals with gifts and talents.
5. Develop long-range plans anchored in both general and special curricula. They systematically translate shorter-range goals and objectives that take into consideration an individual’s abilities and needs, using differentiated instructional strategies.
6. Collaborate with families, other educators, and related service providers, enhancing comprehensive articulated program options across educational levels and engagement of individuals with gifts and talents in meaningful learning activities and interactions.

Learning Goal 1 (Knowledge – Observed in Writing)

Candidates in the Differentiated Instruction program will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.

Candidates will:

1. Demonstrate recognition of how foundational influences affect professional practice, including assessment, instructional planning, delivery, and program evaluation. They further demonstrate understanding of issues of human diversity impact families, cultures, and schools, and how these complex human issues can interact in the delivery of gifted and talented education services.
2. Express how different characteristics interact with the domains of human development and use this knowledge to describe the varying abilities and behaviors of individuals with gifts and talents, understanding how families and communities contribute to the development of individuals with gifts and talents.

Learning Goal 2 (Knowledge – Observed Skills and Dispositions)

Candidates in the Differentiated Instruction program will demonstrate professional skills and dispositions necessary for successful performance in their field.

Candidates will:

1. Educators of the gifted can express how different characteristics interact with the domains of human development and use this knowledge to describe the varying abilities and behaviors of individuals with gifts and talents.
2. Educators of the gifted also understand how families and communities contribute to the development of individuals with gifts and talents. Educators of the gifted are familiar with assistive technologies to support and enhance communication of individuals with exceptional needs. They match their communication methods to an individual’s language proficiency and cultural and linguistic differences. Educators of the gifted use communication strategies and resources to facilitate
Offered:

Learning Goal 4 (Professionalism)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Candidates will:

* Engage in professional activities that promote growth in individuals with gifts and talents and update themselves on evidence-based best practices, regularly reflecting on and adjust their practice. They are aware of how attitudes, behaviors, and ways of communicating can influence their practice.

Learning Goal 5 (Leadership)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Candidates will:

* Use the results of assessments to adjust instruction and to enhance ongoing learning progress, understanding the process of identification, legal policies, and ethical principles of measurement and assessment related to referral, eligibility, program planning, instruction, and placement for individuals with gifts and talents, including those from culturally and linguistically diverse backgrounds.

Courses

**EDDI 500 Dimensions of Learning**  
3 Credits  
Participants will explore and understand a learning-centered framework for instructional planning. This course translates the latest research on cognition and learning into practical classroom strategies. Participants learn how to help students develop positive attitudes and perceptions about learning, develop habits of mind for critical, creative and self-regulated behaviors, construct meaning for declarative and procedural knowledge and extend and refine knowledge.  
*Offered: every fall.*

**EDDI 505 Introduction to Differentiated Instruction**  
3 Credits  
Provides an introduction to the philosophy of differentiation. This course will examine ways that classrooms can effectively support differentiating instruction and assessment to address the complex challenges of meeting the diverse learning needs of all students. Participants will gain an understanding of the reasons and assumptions underlying differentiation and acquire the ability to identify key indicators in a classroom. Knowledge of the characteristics of students who learn at different paces and levels will be developed. Students will study a variety of curriculum options such as those of content and implementation of differentiated lessons that optimize learning for all students, including gifted students and other high-ability learners.  
*Offered: every fall.*

**EDDI 510 Introduction to Gifted Education and Collaboration**  
3 Credits  
Participants will explore the history, research, laws and varied philosophies of gifted education. The class will also focus on developing skills in communication and collaboration to individualize instruction for gifted students. Participants will learn how to develop a support system and manage open communication among classroom teachers, special area teachers, administrators, parents and outside agencies.  
*Offered: every fall.*

**EDDI 515 Identification and Assessment of Students in Gifted Education**  
3 Credits  
This course will provide an overview of tools and methods for identifying and assessing students who learn at a pace and level that is significantly different from that of their classmates. Assessment tools will be examined, utilized and evaluated. Implications for instruction will be discussed.  
*Offered: every spring.*

**EDDI 520 Curriculum Development for Gifted Students**  
3 Credits  
This course focuses on methods of instruction for gifted students. Participants will develop knowledge and skills for planning, providing, coordinating and evaluating differentiated teaching and learning environments to challenge and assist gifted students in learning to their highest levels of achievement. Participants will learn how to develop a layered curriculum in order to maximize each student’s growth and individual success. Instructional strategies for differentiating the key elements of content, process and products will be addressed.  
*Offered: every spring.*

**EDDI 530 Differentiated Instruction in Mathematics K-12**  
3 Credits  
Differentiating instruction means providing students with options for learning new information, helping them to make sense of ideas and express what they learn. This course will focus on helping the teacher learn approaches for differentiating mathematics instruction in the classroom. Participants will discuss and apply the principles of differentiated instruction to math instruction, learn effective strategies for managing flexible groups, acquire ideas for providing students with a variety of options that successfully target math standards and understand how to plan strategically in order to reach the needs of diverse learners in the classroom.  
*Offered: once a year.*

**EDDI 540 Social and Emotional Issues in Gifted Education**  
3 Credits  
This course focuses on social and emotional issues in a differentiated classroom. This course will address issues such as fairness and grading, taking charge of individual learning, developing organization and study skills, procrastination and perfectionism, fear of failure, struggling with appropriately challenging activities, and underachievement behaviors. The role the parent plays in supporting a child in a differentiated classroom will also be explored.  
*Offered: every fall.*

**EDDI 550 Art Integration in the Differentiated Classroom**  
3 Credits  
Participants will develop skills and strategies in adapting differentiated lessons utilizing the visual arts. Integration of art history, creative process and production will result in meaningful and connected experiences for K-12 students. Participants will explore and extend themes and content relative to their own disciplines while modeling and assessing their own creative outcomes. The use of Smartboard technology will also be utilized.
Canisius College is now offering dual bachelor’s and master’s degrees for content area majors who wish to add teacher certification. Content areas include Biology, Chemistry, Physics, English, Mathematics, and Social Studies (History). The content area bachelor’s degree requirements are unchanged, but students are counseled to add certain education courses as electives during the undergraduate years so they are prepared to pursue both Adolescence Education 7-12 certification in their content area and Adolescence 7-12 Teaching Students with Disabilities Generalist.

These programs recognize that there is a growing shortage of teachers in Adolescence Teaching Students with Disabilities. Candidates completing this program will earn both the BA/BS and the MSEd degrees and will be certified to teach in both regular and special education classrooms.

**Curriculum**

The dual degree programs offer a BA/BS in the content area as well as a MSEd in Adolescence 7-12 Teaching Students with Disabilities Generalist. Since it leads to two teaching certificates, candidates must meet the content requirements for both over the course of their curriculum. In most cases, the content area major covers those requirements. Each are described in detail below. In some instances New York State has additional requirements. These are identified as appropriate.

**Undergraduate Requirements**

**An Ignatian Foundation**

All undergraduate students must complete either the Canisius Core Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/core-curriculum/) or the All-College Honors Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/all-college-honors-program/). Many schools refer to their college-wide undergraduate requirements as “general education” requirements. We believe that the core curriculum and the honors curriculum are more than a series of required classes; they provide the basis for a Jesuit education both with content and with required knowledge and skills attributes that are central to our mission.

**Content Areas**

**BIOLOGY**

The Biology (http://catalog.canisius.edu/undergraduate/college-arts-sciences/biology/) major meets the biology content requirement for certification in Adolescence 7-12 Biology. Candidates also need to take 3 credit hours in a LOTE (Language other than English).

**CHEMISTRY**

The Chemistry (http://catalog.canisius.edu/undergraduate/college-arts-sciences/chemistry/) major meets the chemistry content requirements for certification in Adolescence 7-12 Chemistry. Candidates also need to take 3 credit hours in a LOTE (Language other than English).

**PHYSICS**

The Physics (http://catalog.canisius.edu/undergraduate/college-arts-sciences/physics/) major meets the physics content requirements for certification in Adolescence 7-12 Physics. Candidates also need to take 3 credit hours in a LOTE (Language other than English).

**ENGLISH**

The English (http://catalog.canisius.edu/undergraduate/college-arts-sciences/english/) major meets the English content requirements for certification in Adolescence 7-12 English. Candidates also need to take 3 credit hours in a LOTE (Language other than English).

**MATHEMATICS**

The Mathematics & Statistics (http://catalog.canisius.edu/undergraduate/college-arts-sciences/mathematics-statistics/) major meets the Mathematics content requirements for certification in Adolescence 7-12 Mathematics. Candidates also need to take 3 credit hours in a LOTE (Language other than English).

**SOCIAL STUDIES (HISTORY)**

The History (http://catalog.canisius.edu/undergraduate/college-arts-sciences/history/) major meets many of the state certification requirements in Social Studies. In addition, Social Studies candidates need to take a course in geography, cultural studies, political science or government, and economics. It may be possible to find a history course that also includes content in one of these areas. Candidates also need to take 3 credit hours in a LOTE (Language other than English).
Candidates must take 6 credit hours in English, math, science, social studies, and 3 credit ours in LOTE (Language Other than English).

Education Course List:
The education curriculum is provided below. Notice that several foundation courses are taken at the undergraduate level intermingled with other undergraduate requirements. The graduate courses begin at the 500 level and continue until completion. These dual degree programs can be completed in as little as 5 years if one summer is included.

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)

**CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE CONTENT KNOWLEDGE, PEDAGOGICAL, AND PROFESSIONAL KNOWLEDGE NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD.**

Teacher candidates will:

- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)

**CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE PROFESSIONAL SKILLS AND DISPOSITIONS NECESSARY FOR SUCCESSFUL PERFORMANCE IN THEIR FIELD.**

Teacher candidates will:

- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

Learning Goal 3 (SERVICE)

**CANDIDATES IN THE TEACHER EDUCATION PROGRAMS WILL DEMONSTRATE WILLINGNESS TO USE THEIR SKILLS TO BENEFIT AND SERVE SOCIETY. WITHIN THE CONTEXTS OF THEIR WORK, CANDIDATES PROMOTE AUTHENTIC LEARNING, SOCIAL AND EMOTIONAL DEVELOPMENT, AND A COMMITMENT TO SOCIAL JUSTICE IN ENVIRONMENTS THAT FOSTER RESPECT FOR DIVERSITY AND THE DIGNITY OF ALL.**

Teacher candidates will:

- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

Learning Goal 4 (PROFESSIONALISM)

**CANDIDATES WILL DEMONSTRATE SELF-REFLECTION AS A HABIT OF MIND, CONTINUOUSLY ASSESSING AND REFINING THEIR PROFESSIONAL PRACTICE AS THEY CONSTRUCT A RICH REPERTOIRE OF RESEARCH-BASED KNOWLEDGE, SKILLS, AND ATTITUDES FOR EFFECTIVE PERFORMANCE ENSURING THAT ALL STUDENTS AND/OR CLIENTS HAVE OPTIMAL OPPORTUNITIES TO LEARN AND GROW.**

Teacher candidates will:

- Set informed goals and strive for continuous professional growth.
Learning Goal 5 (LEADERSHIP)
CANDIDATES WILL BECOME ADEPT AT APPLYING THEIR ACQUIRED KNOWLEDGE IN THE PROCESS OF EVALUATING THEIR OWN PROFESSIONAL PERFORMANCE AND DECISION-MAKING WITH RESPECT TO ITS IMPACT ON STUDENTS AND/OR CLIENTS, ORGANIZATIONS, AND THE WIDER COMMUNITY. Teacher candidates will:
- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

Education Technologies and Emerging Media

Director: Dr. Ronald H. Kotlik

Degree Options:
Master of Science or Advanced Certificate

Introduction
The Education Technologies and Emerging Media programs are innovative and fully online. These programs are designed to inspire K-12 teachers how to use technology in the classroom in a purposeful way to enrich and enhance learning and motivate their students.

Admission
To be considered for admission to Canisius College’s Education Technologies and Emerging Media programs, candidates are required to submit the following items:

1. A completed graduate application.
2. One official college/university transcript showing completion of a bachelor’s degree from an accredited institution of higher learning with a minimum grade point average of 2.70.
3. Evidence of teaching certification complete or in progress is required if seeking NY State certification.
4. Submission of two (2) letters of recommendation.

International applicants are welcome and encouraged to apply to the program. Applicants who are citizens of non-English speaking countries are required to provide:

1. Proof of English proficiency. The most common means is submission of an official TOEFL (Test of English as a Foreign Language) score of at least 61 on the internet based exam or 500 on the paper based version.
2. A transcript evaluation (1 official copy) from a service such as World Evaluation Services (http://www.wes.org/) that converts your degree into U.S. equivalents, i.e. degree equivalent, grades, course credits, etc. We may also accept the evaluation from other organizations providing this service.

Mission Statement
The mission of the Education Technologies and Emerging Media programs is to prepare educators to find, utilize, and assess the purposeful use of technology for teaching and learning. The goal of the program is to inspire teachers to use technology in inspiring ways. More information can be found at the program website (https://www.canisius.edu/academics/programs/education-technologies-emerging-media/).

Program Details
The program offers two graduate degrees and one certificate option:

Master’s Degree in Education Technologies
Leads to New York State certification as an Educational Technology Specialist. Focuses on the purposeful use of technology for teaching and learning. A major emphasis is on the application of technologies for content literacy. Students are given the opportunity to apply major projects and papers to their current work or desired professional goals. (33 credits)

Master’s Degree in Education Technologies
Not leading to New York State certification. Designed for those who will deliver online courses and programs both within a formal educational setting and in training environments outside of education. Students are given the opportunity to apply major projects and papers to their current work or desired professional goals. (33 credits)

Education Technologies Advanced Certificate
Not leading to New York State certification. Enhances the instructional strategies of instructors in higher education, primary and secondary school teachers, and trainers outside of education. The four courses required may be completed in as little as 16 weeks. (12 credits)

Program Features
1. Learn about iPad technology, Chromebooks, Google Apps for Education, Screencasting, Flipped Classroom, Quizlet, and more
2. All grades levels and content areas welcomed
3. Fully online
4. Master’s degree or Certificate program
5. Complete your practicum requirements for New York State certification in your local area
6. Eight week classes allow you to complete the program in as little as 15 months

Technology Coaches will:

- Promote authentic learning, social justice in environments that foster respect for diversity and emotional development, and a commitment to social and professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Technology Coaches will:
- Demonstrate adult learning and leadership and will continuously deepen their knowledge and expertise through reflective evaluation.

Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Technology Coaches will:
- Demonstrate adult learning and leadership and will continuously deepen their knowledge and expertise through reflective evaluation.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Technology Coaches will:
- Conduct needs assessments, develop technology-related professional learning programs, and evaluate the impact on instructional practices and student learning.
- Participate in the development and implementation of shared vision for the comprehensive integration of technology to promote excellence.

Courses
OTT 501 Introduction to eLearning 3 Credits
Learners will get an overview of elearning, learn about the basics, and learn how to plan, design, develop, deliver, and assess an online course and learners. They will also learn how to accommodate a wide variety of learners. Participants will investigate online teaching concepts and models. They will plan their learning outcomes and incorporate them into their plan for implementation by aligning learning outcomes and models. They will plan and design the course component and which will exemplify the application of the program concepts.
Offered: every spring, online only.

OTT 502 eLearning Course Development 3 Credits
Students will learn how to plan, design, develop, deliver, and assess an online course and learners. They will also learn how to accommodate a wide variety of learners. Participants will investigate online teaching concepts and models. They will plan their learning outcomes and incorporate them into their plan for implementation by aligning learning outcomes and models. They will build and rationalize appropriate assignments and technology tools to meet course goals and objectives.
Offered: occasionally, online only.

OTT 503 Technologies for eLearning 3 Credits
Because technology and innovation happens at a fast pace, students will be expected to learn how to find, evaluate, and synthesize how new tools may benefit teaching and training. This course examines emerging technology tools for virtual learning environments. Students will be expected to utilize the learning outcomes for a particular class or training session to purposefully choose appropriate technologies, including both synchronous and asynchronous tools. They will demonstrate careful consideration for selecting certain technology tools and how they will help learners succeed in a classroom setting.
Offered: occasionally, online only.
OTT 504 Evaluating eLearning 3 Credits
Participants will investigate how the history of innovation and distance education has impacted educational thought and culture, including managerial and organizational issues, change-management, decision-making, and solutions for successful course and program management. They will investigate and plan for the use of research-based solutions to educational problems, both in face-to-face and online environments. As a deliverable, participants will analyze which particular challenge(s) they may encounter and write a plan for addressing such an issue. The plan will be included in their course development portfolio.
Offered: occasionally, online only.

EDT 501 Learning with Technology 3 Credits
This course helps teachers create safe, supportive, respectful, and equitable learning environments utilizing technology in order to facilitate learning for all students. Students will investigate how to gain quality and effectiveness in teaching by expanding their knowledge of technology as a tool, a medium, and a setting for learning. The content focus will not be on learning specific technologies, but rather to gain an understanding of how technology can be much more than "just a tool" in a classroom or training.
Offered: fall & spring, online only.

EDT 502 Instructional Design Theories and Models 3 Credits
Students investigate and apply models for systematically analyzing instructional problems and developing valid and practical solutions specific to their professional goals.
Offered: fall & spring, online only.

EDT 503 Educational Multimedia Design and Emerging Technology 3 Credits
Students will examine theory and practice of creating educational and instructional multimedia for learning and will look at future trends in teaching and learning. They will explore promising technology and discover how the use of these may help them lead in their field and address current challenges in their work and professions. Students will demonstrate their ability and willingness to become agents of social change through the thoughtful and scholarly integrating of technology for learning. This course includes a 10 hour field experience.
Offered: fall & summer.

EDT 504 Integrating Technology in the Differentiated Classroom 3 Credits
This course introduces educators and professionals to technology that can be used to support, supplement and deliver differentiated content and assessment in the mixed ability classroom, including those with disabilities and specific learning needs. The benefits and challenges of incorporating technology will be considered while participants learn how to integrate technology into their curriculum. Participants will gain hands-on experience using technological strategies for differentiation that will engage learners of all styles, ranging from new uses for basic software applications and online collaboration, to the production of multimedia. This course includes a 10 hour field experience.
Offered: fall & summer, online only.

EDT 505 Integrating Technology and Emerging Media into the Content Areas 3 Credits
The course provides practical, timely, and relevant ways to integrate technology for content learning. Students will examine best practice use of Education Technologies for their content areas, emerging technology, and curriculum-specific uses of technology for learning new content.
Offered: fall & spring, online only.

EDT 506 Research Methods: New Literacies 3 Credits
This course is a response to the call of the 21st century to make students interactive, technologically savvy citizens. As our global society increasingly turns from page to screen for most aspects of modern life, teachers in all content areas will need to know not only the traditional knowledge, skills and methods of their disciplines, but they also must develop competencies in new literacies. New literacies are now necessary for everyone to interact and function in business, for entertainment, and in virtually all other areas of modern life. It is vital, therefore, for teachers to teach students to use inquiry, collaboration, and multimodal design, as well as more traditional types of critical thinking to do their life’s work.
Offered: spring & summer; online only.

EDT 507 Transformational Leadership and Technology 3 Credits
Students will examine concepts and strategies needed for leadership in the use and integration of technology for learning. Topics include strategic planning, leadership styles, change processes, and policy issues in educational technology. This course includes a 10 hour field experience.
Offered: spring, online only.

EDT 508 Technology for Social Change 3 Credits
Students will prepare for educational leadership and be better able to be advocates of social justice through the use of technology for learning. The course focuses on policies that relate to social justice and technology in an attempt to prepare educational leaders to make a positive contribution in their fields. The main objective is to better understand how technology can impact society and how to make that positive change happen.
Offered: spring, online only.

EDT 510 Integrated Master’s Project 6 Credits
Students investigate and research an academic topic in Education Technologies and then apply that research to an actual education setting. Students will develop a comprehensive thesis paper and a multimedia presentation piece. For candidates not seeking a New York State certification.
Prerequisite: permission of program director.
Offered: fall, spring, & summer; online only.

EDT 511 College Supervised Fieldwork in Education Technologies 6 Credits
This course is the culmination of the work throughout the program and will require students to complete a practicum of 90 hours working with a teacher or leader in the field. The program will follow the protocols set forth by the School of Education and Human Services, and will utilize the same rubrics, lesson plan formats, unit plan formats, Code of Ethics, Student Teacher Candidate Contract, etc. For candidates seeking a New York State certification.
Prerequisite: permission of program director.
Offered: fall, spring, & summer; online only.

EDT 599 Independent Study 3 Credits
Independent studies require an application and approval by the associate dean.
Prerequisite: permission of program director & associate dean.

Gifted Education Extension (Advanced Certificate)

The Gifted Education Extension can be completed as part of the MEd in Differentiated Instruction or as a stand-alone Advanced Certificate.
In addition to the coursework requirements, students must pass the CST to received New York State certification. Candidates may also have to complete specific education workshops (e.g., dignity for all students, school violence prevention) if they have not completed them recently.

Literacy

Program Director:
Jennifer Stowe (https://www.canisius.edu/academics/programs/literacy-education/directory/)

Director of Graduate Literacy Programs
stowej@canisius.edu (stowej@canisius.edu)
716-888-3735

Introduction

The Canisius College graduate literacy programs lead to a master’s degree in literacy for either Birth-Grade 6 or Grades 5-12. The program also prepares students to meet New York State requirements for certification as a literacy specialist. Coursework for each program includes 33 hours of study, and candidates have the option of completing 9 hours of additional coursework to qualify for certification in both age groups. Coursework also includes two practicum experiences that involve working with children in a clinical setting, specifically testing and tutoring in literacy skills (e.g. reading and writing). Candidates do not need to come to campus to complete their practicums and can usually fulfill these practicum requirements in one of the school districts of their choice. More information can be found at the Literacy Program website (https://www.canisius.edu/academics/programs/literacy-education/).

Admissions Requirements

- Free Online Application (https://go.applycanisius.org/) - The application includes a 300 word essay.
- Official Bachelor’s Degree Transcript. Unofficial or in progress transcripts are acceptable to begin the admissions review process. Applicants for the Fall 2016 semester and beyond will be expected to have a 3.0 undergraduate GPA. Applicants with less than a 3.0 undergraduate GPA will undergo additional review.
- Test Scores. All applicants will be required to submit Graduate Records Examination (GRE), Miller Analogies Test (MAT), or Academic Literacy Skills Test (ALST), test scores.
- Two Letters of Recommendation. Letters can be personal, professional or academic references.
- Evidence of teaching certification
- Canadian and other international applicants must provide a completed Certification of Finances form.

Required Certification Exams for Initial Certification

New York State Teachers Certification Exams (NYSTCE)

- CST: Content Specialty Test (Literacy)

Completion of Graduation Portfolio Requirement

Candidates will use Task Stream to complete graduate portfolio requirements. Course instructors will also designate that certain assignments be included in the portfolio.

Total Credits: 33-42

Field experiences in the Online Programs

In the curriculum, a 50 hour field experience is noted for two courses. The first field experience is completed in a 6 credit block with EDR 601 (Birth-Grade 6) Diagnosis and Diagnostic Block or EDR 602 (Grades 5-12) Diagnosis and Diagnostic Block. The second field experience, the Advanced Practicum, EDR 603 (Birth-Grade 6) or EDR 604 (Grades 5-12) is a 3 credit course that includes supervision.
Candidates will:
- Display positive dispositions related to their own reading and writing and the teaching of reading and writing, and pursue the development of individual professional knowledge and behaviors.
- Design the physical environment to optimize students’ use of traditional print, digital, and online resources in reading and writing instruction.
- Use a variety of classroom configurations (i.e., whole class, small group, and individual) to differentiate instruction.

### Learning Goal 3
Candidates in the literacy program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Candidates will:
- Recognize, understand, and value the forms of diversity that exist in society and their importance in learning to read and write.
- Use a literacy curriculum and engage in instructional practices that positively impact students’ knowledge, beliefs, and engagement with the features of diversity.
- Develop and implement strategies to advocate for equity.
- Design a social environment that is low risk and includes choice, motivation, and scaffolded support to optimize students’ opportunities for learning to read and write.

### Learning Goal 4
Candidates in the literacy program will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Candidates will:
- Demonstrate understanding of the role of professional judgment and practical knowledge for improving all students’ reading development and achievement.
- Demonstrate understanding of the types of assessments and their purposes, strengths, and limitations.
- Select, develop, administer, and interpret assessments, both traditional print and electronic, for specific purposes.

### Learning Goal 5
Candidates in the literacy program will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Candidates will:
- Demonstrate foundational knowledge of adult learning theories and related research about organizational change, professional development, and school culture.
- Participate in, design, facilitate, lead, and evaluate effective and differentiated professional development programs.
- Demonstrate understanding of and influence local, state, or national policy decisions.
- Use assessment information to plan and evaluate instruction.
Courses

EDR 501 Reading and Writing in the Content Areas 3 Credits
Strategies for teaching and developing young children’s skills in effectively applying literacy skills as tools for learning in content areas will be examined. Candidates will develop materials and procedures, that enhance comprehension, vocabulary acquisition, and study skills of diverse populations of learners. Various measures for assessing children’s performance in subject areas will be studied. Children’s literature that supplements textbooks across the content areas will be examined.
Offered: every fall & spring.

EDR 502 Foundations of Literacy 3 Credits
Research-based foundational principles for effective instruction in each of the language areas will be explored. Candidates will study the historical trajectory of literacy research and instruction, learn strategies for literacy instruction with diverse populations of learners, create lesson plans that apply instructional techniques, select materials based on children’s literacy level and interests, and examine various assessment measures. Multiple genres of children’s literature along with applications in literacy instruction will be explored.
Offered: every fall & spring.

EDR 503 Reading in the Secondary School 3 Credits
The effective application of literacy skills as tools for teaching secondary level content areas to diverse populations will be examined. Candidates will develop materials and procedures that enhance comprehension. Integration of content and skills across subjects will be emphasized as well as methods to meet specific needs of students, including the use of multiple measures of assessment, diverse genres of literature, and various interventions in literacy instruction.
Offered: fall & summer.

EDR 504 Adolescent Literacy 3 Credits
Candidates will address the literacy needs of an increasingly diverse middle childhood and adolescent school population. Candidates will explore the factors influencing literacy education in the secondary school and become familiar with effective diagnostic teaching strategies appropriate for this diverse population.
Offered: fall & summer.

EDR 508 Emergent Literacy 3 Credits
Research on the emergence of young children’s literacy knowledge and structures, that enhance this development will be studied. Implementation of the emergent literacy paradigm through lessons and programs for a diverse population of young children will be a focus. Multiple measures of assessment, effective early intervention models, and multiple genres of literature with applications in literacy instruction will be explored.
Offered: every fall & summer.

EDR 509 Teaching Literacy with Diverse Population 3 Credits
Strategies for effective literacy instruction with diverse populations will be examined. These include research-based approaches for special education students, ESL/ELP students and gifted and talented students. Candidates will examine how to match instruction to students’ needs and how to incorporate differentiated instruction in a classroom. Multicultural literature and literature that deals with specific disabilities will be examined. Candidates create a comprehensive curricular unit that is ready to be implemented in a classroom of diversity.
Offered: every fall & spring.

EDR 510 Creating a Literate Environment 3 Credits
Instructional techniques for concurrently developing skills in speaking, listening, reading and writing as well as specific models for instruction that meet diverse needs and interests at all levels will be examined. Organizational components of an effective reading and writing classroom will be explored along with methods for providing a print-rich environment that spans a broad spectrum of reading levels, genres and interests.
Offered: every summer.

EDR 515 Measurement and Statistics 3 Credits
Descriptive and inferential statistical methods, quantitative and qualitative methods, research models, procedures for designing research studies and ethical principles will be studied. Candidates will also analyze literacy research studies that incorporate the various statistical procedures studied.
Offered: every summer.

EDR 600 Literacy Curriculum and the Role of the Reading Specialist 3 Credits
Procedures for planning, evaluating and implementing curriculum at the school district level that address state and local mandates will be explored. Multiple resources that can be used in the implementation of curriculum will be examined. The role that the literacy specialist plays in coordinating this process, guiding the selection of instructional materials, and determining appropriate in-service will be examined.
Offered: every summer.

EDR 601 Birth-Grade 6: Diagnosis and Diagnostic Teaching Clinical Practicum 6 Credits
Candidates will explore theories and conduct in-depth literacy assessments, using both formal and informal age-appropriate measures. Candidates will examine administrative procedures and the interpretation of results for multiple assessment instruments, including diagnostic and achievement tests, reading inventories, observations, and anecdotal records. The diagnostic teaching model will be introduced and traditional remediation and intervention theories will be explored as candidates work with struggling readers during their initial clinical practicum.
Prerequisite: EDR 501, EDR 502, EDR 508, & EDR 509.
Offered: every fall & spring.

EDR 602 Grade 5-12: Diagnosis and Diagnostic Teaching Clinical Practicum 6 Credits
Candidates will explore theories and conduct in-depth literacy assessments using both formal and informal age-appropriate measures. Candidates will examine procedures and the interpretation of results for multiple assessment instruments, including diagnostic and achievement tests, reading inventories, observations and anecdotal records. The diagnostic teaching model will be introduced. Traditional remediation and intervention theories will be explored as candidates work with struggling readers during their initial clinical practicum.
Prerequisite: EDR 502, EDR 503, EDR 504, & EDR 509.
Offered: every fall & spring.

EDR 603 Advanced Practicum: Birth-Grade 6 3 Credits
Candidates observe and fully participate as an intern in reading clinics, schools, or public and voluntary agencies serving children who are experiencing literacy problems. Candidates will refine proficiencies in instruction and assessment, organization, and enhancement of a literacy curriculum as they work with a professional team at the site. Candidates will serve as a resource for literacy instruction; they will also prepare staff development for professionals at the site based on a survey of teachers’ interests/needs.
Prerequisite: EDR 601.
Offered: every fall & spring.
Prepare to succeed. The new curriculum is fully aligned with the New York State (NYS) standards for teacher preparation and will prepare teacher candidates for the new New York State Certification Exams and edTPA (http://www.canisius.edu/academics/academic-schools/school-of-education/teacher-cert-changes.dot) assessments. Our focus is to provide each teacher candidate with the best possible preparation to meet all certification requirements and become a transformational teacher.

Graduates of this program will have the opportunity to earn initial teaching certification in New York State while also obtaining a master’s degree. Canadian students will be certified in New York and then eligible for certification in Ontario. Our graduates become part of a lifelong Canisius community of educators that make a meaningful difference in the lives of all students. More information about our program is available at the program website (https://www.canisius.edu/academics/programs/physical-education-initial-certification/).

Classes begin in the Fall & Spring semesters.

Prerequisite Information
Based upon evaluation of undergraduate transcripts, a program will be developed to ensure completion of undergraduate courses needed to meet New York State requirements for teaching physical education. A grade of C or higher is required in each of the following course equivalents: lifetime and fitness activities, games and sports, individual performance and dance activities, human anatomy & physiology w/lab, kinesiology, exercise physiology, and a health elective (see program director for approval). PETE candidates must also provide professional association membership and valid Lifeguarding/CPR/AED certifications for student-teaching.

In addition to the physical education prerequisites described above, completion of 3 credit hours in a foreign language is required for teacher certification in New York State. Two full years of foreign language in high school will also meet this requirement.

Middle Childhood Extension

This Middle School Extension can either extend a Childhood 1-6 certification upward to grades 7-9 in the content area. It can also extend an Adolescence 7-12 certification down to grades 5-6 in the content area.

Students in adolescence education must complete the two courses listed below to extend their 7-12 certification to include grades 5-6.

In addition to the courses above, candidates must have 30 credit hours in an academic content area; English, math, biology, chemistry, physics, Social Studies, or LOTE (Language other than English).

Physical Education (MSEd) (Initial)

Program Director: Clancy M. Seymour, Ed.D.
Degree: Master of Science in Education
Physical Education Teacher Education

Canisius has developed a new, clinically-rich Physical Education Teacher Education (PETE) program designed to provide teacher candidates with the practical experience and knowledge needed to open the door to a new career in education.

This program prepares career changers and college graduates to become teachers who make a difference in the lives of children. Our innovative curriculum immerses aspiring teachers in the classroom and integrates theory, practice, and content into daily teaching and learning.

With our clinically-rich practicums, aspiring teachers will gain real world experience through field placements and student teaching in diverse educational settings. This in-depth training will provide teacher candidates with the professional background to build their resume and allow each to enter their first classroom with confidence.
Program Prerequisites:
1. Anatomy and Physiology I with Lab (4 credits)
2. Exercise Principles (3 credits)
3. Kinesiology (3 credits)
4. Six credits from the following activity courses:
   a. Lifetime and Fitness Activities
   b. Games and Sports
   c. Individual Performance and Dance
   d. Outdoor Curriculum & Cooperative Activities
5. Health Elective (3 credits)
6. Language Other than English (3 credits) (2 years of high school language with a grade of 85 or higher will meet this requirement)

Additional Considerations and Requirements
All PETE field experiences (early field, practicum, and student-teaching) are in the local Western New York area and transportation is required. Out-of-area field experiences must be approved by the Program Director and include an additional fee for each placement. PEG 506 and PEG 507 require 30 hour field experiences in a K-12 physical education setting. PEG 541 Lab must be taken in the last semester before student teaching. Proof of professional association membership and current Lifeguarding/CPR/AED certifications must be provided prior to student-teaching. PETE majors should consult their advisor for additional course considerations.

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)
Candidates in the Physical Education program will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.
Students will:
• Know and apply discipline-specific scientific and theoretical concepts critical to the development of a physically educated person.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
Candidates in the Physical Education program will demonstrate professional skills and dispositions necessary for successful performance in their field.
Students will:
• Demonstrate that they are physically educated individuals with the knowledge and skills necessary to demonstrate competent movement performance and health-enhancing fitness
• Implement developmentally appropriate learning experiences aligned with local, state, and national standards to address the diverse needs of all students.
• Use effective communication and pedagogical skills and strategies to enhance student engagement and learning.
• Utilize assessments and reflection to foster student learning and inform instructional decisions.

Learning Goal 3 (SERVICE)
Candidates in the Physical Education program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
Students will:
• Demonstrate dispositions essential to becoming effective professionals.

Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
Students will:
• Demonstrate dispositions essential to becoming effective professionals.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
Students will:
• Demonstrate dispositions essential to becoming effective professionals.

Courses
PEG 506 Early Field Experience Elementary Physical Education 0 Credits
The teacher candidate will participate in K-6 elementary physical education.
To successfully complete this experience the candidate will complete a 30 hour placement with an assigned local physical educator.
Prerequisite: signature of program director.
Offered: fall & spring.

PEG 507 Early Field Experience Secondary Physical Education 0 Credits
The teacher candidate will participate in 7-12 secondary physical education.
To successfully complete this experience the candidate will complete a 30 hour placement with an assigned local physical educator.
Prerequisite: signature of program director.
Offered: fall & spring.

PEG 508 Early Field Experience Health 0 Credits
The teacher candidate will participate in K-12 school level health education.
To successfully complete this experience the candidate will complete a 30 hour placement with an assigned local health educator.
Prerequisite: signature of program director.
Offered: fall & spring.
PEG 511 Movement Education and Elementary Activities 3 Credits
Conceptual bases, perceptual-motor development and practical applications of movement education. Development, implementation and integration of a physical education program; teaching strategies geared to the elementary level classroom with emphasis on New York and national learning standards in Physical Education. Field experience required.
Restriction: limited to physical education graduate students.
Offered: every fall & spring.

PEG 525 School Health 3 Credits
Students explores the most prevalent health and safety issues of schoolaged children and youth and examines rationale for health education, theories, methods, strategies, and techniques of health education program planning. Additionally, students will plan effective comprehensive school health education programs: integration of school and community services. A mandatory 50 participation hours at a local school must be completed for a passing grade in this course.
Restriction: must be in the physical education initial certification program.
Offered: spring.

PEG 526 School Health Curriculum 3 Credits
Students will practice strategies and methodologies needed for effectively teaching health education. Students will participate in 50 hours of field experience, if they have not already done so, and will analyze experiences as a process to improving instruction. Students will demonstrate their ability to plan for instruction by writing and implementing learning experiences that meet the National Health Education Standards.
Restriction: must be in the physical education initial certification program.
Offered: fall.

PEG 541 Teaching Methods in Physical Education 3 Credits
The teacher candidate will train for student teaching at the K-12 school level. To successfully complete this experience the candidate will finish a series of modules designed to bridge the gap between the college classroom and the teaching setting.
Corequisite: PEG 541L. Restriction: must be in the physical education initial certification program; permission of program director.
Offered: every fall & spring.

PEG 541L Teaching Practicum in PE 0 Credits
The teacher candidate will train for student teaching at the K-12 school level. To successfully complete this experience the candidate will finish a series of modules designed to bridge the gap between the college classroom and the teaching setting.
Offered: every fall & spring.

PEG 541L Teaching Practicum in PE 0 Credits
The teacher candidate will train for student teaching at the K-12 school level. To successfully complete this experience the candidate will finish a series of modules designed to bridge the gap between the college classroom and the teaching setting.
Corequisite: PEG 541.
Offered: every fall & spring.

PEG 554 Adapted Physical Education 3 Credits
Designed to provide students with an exposure to education, physical education, sport and recreational programming for children with disabilities. Content focuses on variety of disabilities eligible for service under the Individuals with Disabilities Act (IDEA) and the ability to design, conduct, and assess a physical education program that is appropriate for this population.
Restriction: must be in the physical education initial certification program.
Offered: fall.

PEG 560 Motor Development 3 Credits
Examination of principles of growth and developmental theory with an emphasis on factors affecting changes in movement potential of individuals.
Restriction: must be in the physical education initial certification program.
Offered: fall.

PEG 571 Assessment in Physical Education 3 Credits
This course will introduce the teacher candidate to assessment and its role in the physical education profession. Topics include fitness testing, integrating physical education assessment tools, and basic statistics. In addition, there will be a focus on the evaluation of the New York State Standards, authentic assessments and SHAPE America guidelines.
Restriction: must be in the physical education initial certification program.
Offered: spring.

PEG 580 Concepts of Teaching Sport Skills 3 Credits
The purpose of this course is to give each student an in depth exposure to and an understanding of the various motor learning principles and factors influencing the acquisition of motor skills. The central focus of the course will be directed to the learning process. Age appropriate activities and instructional guidelines will be examined. This includes the variables related to the learner, the skills to be acquired and the instructional procedures that can be used by the physical educator, coach or exercise specialist.
Restriction: must be in the physical education initial certification program.
Offered: spring.

PEG 584 Capstone in Teaching Physical Education 3 Credits
The course is designed to synthesize learning from the program and capture current issues related to the physical education profession. Students will analyze, debate, and evaluate special topics through directed research of content and theory.
Restriction: must be in the physical education initial certification program.
Offered: summer online.

PEG 593 Student Teaching 9 Credits
Seven-week student teaching experience in an elementary school, Grades 1-6, and in a high school, Grades 7-12, culminating in preparation for teacher certification. Grade: Pass/Fail. The combination of PED 493, EDU 495, EDU 496, EDU 497, and EDU 498 during the student teaching semester will count as a full semester of three courses, 15 credit hours.
Prerequisite: permission of program director. Corequisite: EDU 597 & PEG 594. Restriction: must be in the physical education initial certification program.
Offered: every fall & spring.

PEG 594 Student Teaching Seminar 0 Credits
Student Teaching Seminar enhances the student teaching experience through opportunities to foster professional growth and guided reflection on planning, instruction and assessment of learning. The course provides a professional learning community to assist candidates in the transition to careers in teaching.
Prerequisite: permission of program director. Corequisite: EDU 597 & PEG 593. Restriction: physical education initial certification graduate students only.
Offered: fall & spring.

PEG 609 Health and Cultural Awareness 3 Credits
A multicultural perspective of health, wellness and healing. Focus on health issues and concerns that ethnic minority populations face in the United States. Promotes awareness of the diversity of attitudes, values and beliefs from various cultural backgrounds. Explores traditional healing theories and practices of cultures across the world and their use among our ethnic populations today.
PEG 611 Movement Education and Physical Activity 3 Credits
The course is designed as a practical and theoretical introduction into movement education and physical activity lesson planning. This course will facilitate an understanding of how physical educators can contribute to their school by being knowledgeable physical educators. Particular emphasis on: low organizational games and lessons and developmentally appropriate activities.

Offered: every spring.

PEG 612 Principles and Foundations of Holistic Health 3 Credits
An alternative and complimentary perspective on health and well-being. Focus on the most effective holistic approaches to illness and today’s prevention and treatment opportunities. A comparison of holistic modalities to conventional medical practices.

PEG 614 Healthy Behaviors and Alternative Medicine 3 Credits
Theory and content related to various topics in the field. May include topics such as reflexology, acupuncture, aromatherapy, meditation, massage, and herbal remedies.

PEG 615 Statistics in Physical Education/Health 3 Credits
Descriptive statistical methods including central tendencies, dispersion standard scores, correlation, and probability theory will be addressed. The elements of test construction: table of specifications, reliability, validity and item analysis will be considered. Candidates will become familiar with norm referenced, criterion referenced and performance instruments and will study the diagnostic teaching model of instruction. Technology will be used to simulate evaluation and statistical analysis.

PEG 616 International Health Perspectives 3 Credits
Examines the constantly evolving global health issues of the 21st century. Focus on international health problems and solutions to reduce human pain and suffering. Topics include globalization of international health, changing environmental conditions, nutritional challenges of developing countries and industrialized nations, epidemics of non-communicable and infectious disease, maternal and child health, comparison of health care systems and the future of world health.

PEG 618 Controversial Issues in Health and Society 3 Credits
Encourages critical thought on important health issues and provides a context for controversy. Explores dimensions and approaches to the study of health and society. Examines a variety of opposing viewpoints related to health science and personal health using a debate framework. Topics include euthanasia, sexuality and gender issues, human cloning, stem cell research, organ trafficking, gun control, substance abuse, etc.

PEG 620 Leadership In Physical Education and Athletics 3 Credits
This course will examine the appropriate concepts relating to efficient management and leadership for physical education, sport and recreational settings. Principles and techniques of management associated with effective leaders of programs, personnel, facilities, and participants in the sport activity field.

PEG 630 Physical Education for the Exceptional Individual 3 Credits
Principles and objectives of programming for exceptional individuals in physical activity. Diagnostic techniques, activity modifications, contraindicated activities and causes of disabilities.

PEG 632 Recreational Activities for Individuals with Special Needs 3 Credits
Development of community recreational facilities and equipment for the handicapped from childhood through old age. Emphasis on promotion, organization and administration.

PEG 635 Administrative Principles of Physical Education/Athletics 3 Credits
The goal of the course will be to enable the student to develop skills needed to serve as an athletic director in a K-12 school district. Scheduling, safety, qualification of coaches, eligibility, and local league governance will be covered.

PEG 640 Social Psychology of Sport and Physical Activity 3 Credits
Psycho-social development, psychological factors in competitive sport and social behavior in sport contexts. Includes emotions, the coach /athlete relationship, motivation, personality and mental training techniques.

PEG 644 Health and Nutrition 3 Credits
This course emphasizes basic nutritional principles and concepts, their application to personal health and relationship between food and its use by the human body for energy, regulation, structure, and optimal health. Discussion of issues in nutrition during various stages of the life cycle and specific chronic diseases.

PEG 645 Performance Enhancements and Interventions: Sports Psychology 3 Credits
Educates professionals in learning theoretical constructs and implementing related counseling interventions with athletes. Investigates the application of sport psychology/counseling strategies across many different fields and domains, such as physical education, counseling and sport administration.

PEG 646 Sport in Society 3 Credits
A sociological inquiry into North American Sport as a social institution. Sport is examined as a microcosm of the larger society and how it reflects the dominant ideology of the time. Institutional interconnections between family, politics, economics and religion bring the role of sport in society into focus. Topics such as social stratification, prejudice, discrimination and collective behavior are discussed.

PEG 650 Analysis of Curriculum in Physical and Health Teaching 3 Credits
The purpose of this course is to examine the philosophy, objectives, analysis, development, and implementation of curriculum in physical education.

Offered: occasionally.

PEG 651 Coaching Theory and Techniques 3 Credits
Principles of effective coaching, including the role of the coach, practice planning, leadership theory, sport psychology and teaching motor skills.

PEG 660 Advanced Human Growth and Motor Development 3 Credits
The course is designed to study motor development across the lifespan. Special interest will be focused on early environmental influences on development. Students will study early environmental influences on motor development and will learn about factors such as nutrition, parents, alcohol, smoking, coaches and the many other environmental factors that effect the child’s early development and review how their behaviors in and out the classroom influence a child’s development.

PEG 670 Advanced Teaching Methods in Physical Education 3 Credits
Examination of Mosston’s Spectrum of Teaching Styles in Physical Education. Focus will be on applying the teaching styles to various units in physical education.

PEG 671 Authentic Assessment in Physical Education 3 Credits
Content and theory related to authentic and alternative assessment in physical education. Development, implementation and assessment of authentic assessments in physical education included.

PEG 680 Research Methods in Physical & Health Education 3 Credits
Identification and delineation of research problems, survey of related literature and detailed examination of various research methods. Attention given to the presentation of research in both written and oral form.
PEG 681 Legal Aspects in Physical Education and Athletics 3 Credits
The goal of the course is to enable the student to identify, analyze and understand legal issues and to discuss the ramifications of those issues in their professional lives. The course attempts to provide the student with an understanding of the legal principles relevant to educational and sport setting. The course considers the legal liabilities and responsibilities of athletic coaches, administrators and physical education instructors in the educational institutions, with review and discussion of current case law.

PEG 687 Contemporary Issues in PE/Athletics 3 Credits
Focuses on current issues which help define the field of Physical and Health and high school athletics. Students examine the resolution of issues for topics such as meeting the New York State Learning Standards, zero tolerance for substance abuse on athletic teams, sportsmanship, winning and losing, and the state of childhood obesity.

Physical Education (Online, Professional Certification)
Program Director: Dr. Timothy Sawicki

Degree: Master of Science

Introduction
These programs offer graduate study leading to the Master of Science degree. They are designed to develop job-related competencies with the goal of producing physical education professionals, sports scientists and health educators who are knowledgeable and skilled in the administration of physical activity programs.

The Department of Kinesiology offers a Master of Science degree program in Physical Education which meets the New York State requirements for professional certification for teachers who already possess initial certification in physical education. This fully on-line degree program provides students with an opportunity for advanced coursework beyond undergraduate physical education in the areas of school athletic administration, adapted physical education, coaching, sport psychology, health education, teaching physical education and sport studies. The program is designed for individuals wishing to become a physical education professional or permanently certify themselves as a physical educator. This program does not lead to initial teaching certification. More information is available at the program website (https://www.canisius.edu/academics/programs/physical-education-online/).

Admission/Graduation
Applicants must meet the general requirements for admission to graduate work in the School of Education and Human Services. Student performance and progress toward program completion will be assessed regularly in terms of established competencies. A GPA of 3.00 (B) on a four point scale is required for graduation. A grade of F earns 0 credits.

Curriculum
Online Physical Education
Master of Science Degree/Professional Certification
The program is designed for individuals wishing to become a physical education professional or permanently certify themselves as a physical educator. This program is ideal for teachers who also coach and others with demanding schedules who need to balance work and family while continuing their education.

The master of science/education degree in physical education meets the master’s degree requirement for professional certification in New York State. The student will complete the nine credits research core (3 courses), twelve credits teaching core (4 courses), and nine credits of any electives (3 courses).

Total Credits 30

1 Other PEG electives may be substituted with approval from the Department Program Director. Other online programs at the college have electives, i.e., Health, that can be used as PEG electives. The total requirements for the Master’s of Science degree is Ten courses (30 credits).
Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – Observed in Writing)
Candidates in the Advanced Physical Education program will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.
Advanced PE Teachers:
- Come to understand disciplinary content knowledge, the application of content knowledge to teaching physical education, and modes of inquiry that form the bases for physical education programs and instruction
- Use their knowledge of students to make every student feel important. They communicate through a humane, sensitive approach that each child, regardless of ability, can succeed and will benefit from a physically active, healthy lifestyle.
- Have a deep and broad understanding of the content and principles of physical education, which enables them to devise sound and developmentally appropriate instructional activities.

Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)
Candidates in the Advanced Physical Education program will demonstrate professional skills and dispositions necessary for successful performance in their field.
Advanced PE Teachers:
- Accomplished teachers of physical education create and sustain a welcoming, safe, and challenging environment in which students engage in and enjoy physical activity. They establish an orderly atmosphere with established protocols and expectations conducive to providing maximum learning for all students.

Learning Goal 3 (SERVICE)
Candidates in Advanced Physical Education program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.
Advanced PE Teachers:
- Model and promote behavior appropriate in a diverse society by showing respect for and valuing all members of their communities and by having high expectations that their students will treat one another fairly and with dignity.
- Create advocates for physical education by providing opportunities for family involvement and the involvement of the broader community in the physical education program.

Learning Goal 4 (PROFESSIONALISM)
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.
Advanced PE Teachers:
- Participate in a wide range of reflective practices that foster their creativity, stimulate personal growth, contribute to content knowledge and classroom skill, and enhance professionalism.

Learning Goal 5 (LEADERSHIP)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.
Advanced PE Teachers:
- Do not work in isolation but function as members of a large learning community. Recognizing that their responsibilities extend beyond their own classrooms, they contribute purposefully to enhancing instructional programs and improving the professional culture of their field.

Courses
The following physical education classes are professional certification classes. The PEG 600 level classes are used for the online professional certification or non-certification program. Students may take online 500 level classes with permission of the program Director.

Course Descriptions (Per Subject)

PEG 609 Health and Cultural Awareness 3 Credits
A multicultural perspective of health, wellness and healing. Focus on health issues and concerns that ethnic minority populations face in the United States and abroad. Promotes awareness of the diversity of attitudes, values and beliefs from various cultural backgrounds. Explores the risk factors associated of poverty-stricken nations and under-developed nations. Study potential solutions to reduce the prevalence of disease and illness at home and abroad.

PEG 611 Movement Education and Physical Activity 3 Credits
The course is designed as a practical and theoretical introduction into movement education and physical activity lesson planning. This course will facilitate an understanding of how physical educators can contribute to their school by being knowledgeable physical educators. Particular emphasis on: low organizational games and lessons and developmentally appropriate activities.

PEG 612 Principles and Foundations of Holistic Health 3 Credits
Focus on the most effective holistic approaches to illness and disease and today’s prevention and treatment opportunities. A comparison of holistic modalities to conventional medical practices is studied. Drug use, addiction and opioid issues will be studied.

PEG 614 Healthy Behaviors and Alternative Medicine 3 Credits
An alternative and complimentary perspective on health and well-being. Focus on the most effective holistic approaches to illness and disease and today’s prevention and treatment opportunities. A comparison of holistic modalities to conventional medical practices is studied. Drug use, addiction and opioid issues will be studied.

PEG 615 Statistics in Physical and Health Education 3 Credits
Descriptive statistical methods including central tendencies, dispersion standard scores, correlation, and probability theory will be addressed. The elements of test construction: table of specifications, reliability, validity and item analysis will be considered. Candidates will become familiar with norm referenced, criterion referenced and performance instruments and
will study the diagnostic teaching model of instruction. Technology will be used to simulate evaluation and statistical analysis.

PEG 616 International Health Perspectives 3 Credits
Examines the constantly evolving global health issues of the 21st century. Focus on international health problems and solutions to reduce human pain and suffering. Topics include environmental conditions such as global warming, nutritional challenges of under-developed countries, epidemics of non-communicable and infectious disease and maternal and child health. The overall impact of health education at home and abroad will be studied.

PEG 618 Controversial Issues in Health and Society 3 Credits
Encourages critical thought on important health issues and provides a context for controversy. Explores dimensions and approaches to the study of health and society. Examines a variety of opposing viewpoints related to health science and personal health using a debate framework. Topics include euthanasia, sexuality and gender issues, human cloning, stem cell research, organ trafficking, gun control, substance abuse, opioid addiction, etc.

PEG 620 Leadership in Physical and Health Education and Athletics 3 Credits
This course will examine the appropriate concepts relating to efficient management and leadership for physical education, sport and recreational settings. Principles and techniques of management associated with effective leaders of programs, personnel, facilities, and participants in the sport activity field. Any student wanting an athletic director certificate or administrator’s certificate should look into this course counting.

PEG 630 Physical Education for the Exceptional Individual 3 Credits
Principles and objectives of programming for exceptional individuals in physical activity. Diagnostic techniques, activity modifications, contraindicated activities and causes of disabilities.

PEG 632 Recreational Activities for Individuals with Special Needs 3 Credits
Development of community recreational facilities and equipment for the handicapped from childhood through old age. Emphasis on promotion, organization and administration.

PEG 635 Administrative Principles of Physical Education/Athletics and Health 3 Credits
The goal of the course will be to enable the student to develop skills needed to serve as an athletic director in a K-12 school district. Scheduling, safety, qualification of coaches, eligibility, and local league governance will be covered. Any student wanting an athletic director certificate or administrator’s certificate should look into this course counting.

PEG 640 Social Psychology and Sports Psychology in Physical Activity and Sport 3 Credits
Psycho-social development, psychological factors in competitive sport and social behavior in sport contexts. Includes emotions, the coach /athlete relationship, motivation, personality and mental training techniques.

PEG 644 Health and Nutrition 3 Credits
This course emphasizes basic nutritional principles and concepts, their application to personal health and relationship between food and its use by the human body for energy, regulation, structure, and optimal health.

PEG 645 Performance Enhancements and Interventions: Sports Psychology 3 Credits
Educates professionals in learning theoretical constructs and implementing related counseling interventions with athletes. Investigates the application of sport psychology/counseling strategies across many different fields and domains, such as physical education, counseling and sport administration.

PEG 646 Sport in Society 3 Credits
A sociological inquiry into North American Sport as a social institution. Sport is examined as a microcosm of the larger society and how it reflects the dominant ideology of the time. Institutional interconnections between family, politics, economics and religion bring the role of sport in society into focus. Topics such as social stratification, prejudice, discrimination and collective behavior are discussed.

PEG 650 Analysis of Curriculum and Teaching in Physical and Health Education 3 Credits
The purpose of this course is to examine the philosophy, objectives, analysis, development, and implementation of curriculum in physical education. A unit plan is the culminating activity.

PEG 651 Coaching Theory and Techniques 3 Credits
Principles of effective coaching, including the role of the coach, practice planning, leadership theory, sport psychology and motor skills analysis are studied.

PEG 660 Advanced Human Growth and Motor Development 3 Credits
The course is designed to study motor development across the lifespan. Special interest will be focused on early environmental influences on development. Students will study early environmental influences on motor development and will learn about factors such as nutrition, parents, alcohol, smoking, coaches and the many other environmental factors that effect the child’s early development and review how their behaviors in and out the classroom influence a child’s development.

PEG 670 Advanced Teaching Methods in Physical and Health Education 3 Credits
Examination of Mosston’s Spectrum of Teaching Styles in Physical and Health Education. Focus will be on applying the teaching styles to various units in physical education. Graham’s physical education textbook is used as a basis for the course.

PEG 671 Authentic Assessment in Physical and Health Education 3 Credits
Content and theory related to authentic and alternative assessment in physical education. Development, implementation and assessment of authentic assessments in physical education included. Tests such as Physical Best and other new age measures are studied.

PEG 680 Research Methods in Physical and Health Education 3 Credits
Identification and delineation of research problems, survey of related literature and detailed examination of various research methods. Attention given to the presentation of research in written form. A research study is the final outcome in its beginning stages.
PEG 681 Legal Aspects in Physical and Health Education and Athletics 3 Credits

The goal of the course is to enable the student to identify, analyze and understand legal issues and to discuss the ramifications of those issues in their professional lives. The course attempts to provide the student with an understanding of the legal principles relevant to educational and sport setting. The course considers the legal liabilities and responsibilities of athletic coaches, administrators and physical education instructors in the educational institutions, with review and discussion of current case law. Any student wanting an athletic director certificate or administrator’s certificate should look into this course counting.

PEG 684 Capstone in Teaching Physical and Health Education and Athletics 3 Credits

Analysis and evaluation of issues, directed readings, and comprehensive exam of content and theory identified in the program is undertaken. This requires student research of a current physical or health education topic and answering one in-depth question. A professional portfolio is developed which can be used for professional development or promotion is undertaken.

PEG 687 Contemporary Issues in Physical and Health Education and Athletics 3 Credits

Focuses on current issues which help define the field of Physical and Health and high school athletics. Students examine the resolution of issues for topics such as meeting the New York State Learning Standards, zero tolerance for substance abuse on athletic teams, sportsmanship, winning and losing, and the state of childhood obesity.

Special Education (MSEd) (Professional)

Chair: Barbara Burns, PhD

The Advanced Special Education Program leads to a MSEd degree and endorsement for Professional Students with Disabilities 1-6 certification. This program is appropriate for candidates who have completed the requirements for Initial Students with Disabilities 1-6 Certification and Childhood 1-6 Education and want to continue at the graduate level to seek professional certification in those two areas. It is meant for candidates seeking to expand their knowledge base to focus on teaching students with mild to severe disabilities. It builds on knowledge developed during the candidate’s initial students with disabilities program and prepares them to be experts in their field.

Candidates seeking to expand their certifications to additional grade levels should consult their academic adviser.

Teaching Students with Disabilities - Adolescence (MSEd)

Chair: Barbara Burns, PhD

The Special Education Master of Science Degree Program at Canisius is designed for those dedicated to meet the needs of students with disabilities, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs.

This program prepares candidates already holding an Adolescence Certificate (Grades 7-12) to gain Initial and Professional Certification in Students with Disabilities Adolescent Generalist and may also add a SWD content extension in their Adolescence subject area. Candidates with no prior certification and no content major may also take this program but will be required to have or complete 5 prerequisite courses and complete a second student teaching placement. These candidates will also gain Initial and Professional Certification in Students with Disabilities Adolescent Generalist but they will only qualify for a SWD subject area extension if they have 18 credits in an academic subject area.

Initial SWD Adolescence Generalist 7-12 Prerequisites for Those Without Prior Certification

Adolescence Human Growth & Development, Inclusive Strategies, Foundations of Adolescent Literacy, Evaluation & Teaching Strategies, and Foundations of Education. These prerequisites may be taken at the graduate or undergraduate level at Canisius or another college offering teacher certification programs, and may be taken concurrent with the graduate program.

Middle Childhood

Candidates wishing to obtain an extension to teach grades 5-6 in their content area must add a middle childhood extension (p. 104).

SWD Generalist Content-Area Extensions

The Adolescence Students with Disabilities Generalist certification is not attached to typical adolescence content areas. If a candidate has earned 18 credits in an academic subject area, they will be qualified to add a certificate extension in their content area to their Students with Disabilities Generalist certificate for grades 7-12.

Central to the mission of the Special Education Master of Science Degree Program is the appointment of faculty and staff who are dedicated to meeting the needs of students with disabilities, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs.

### Learning Goals & Objectives

**Learning Goal 1 (KNOWLEDGE – Observed in Writing)**

Candidates in the Teacher Education programs will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.

Teacher candidates will:

- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

**Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)**

Candidates in the Teacher Education programs will demonstrate professional skills and dispositions necessary for successful performance in their field.

Teacher candidates will:

- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

**Learning Goal 3 (SERVICE)**

Candidates in the Teacher Education programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Teacher candidates will:

- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

**Learning Goal 4 (PROFESSIONALISM)**

Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Teacher candidates will:

- Set informed goals and strive for continuous professional growth.

**Learning Goal 5 (LEADERSHIP)**

Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Teacher candidates will:

- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

### Teaching Students with Disabilities - Childhood (MS)

**Chair: Barbara Burns, PhD**

The Special Education Master of Science Degree Program at Canisius is designed for those dedicated to meet the needs of students with disabilities, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs.
This program prepares candidates already holding a Childhood Certificate (Grades 1-6) to gain Initial and Professional Certification in Students with Disabilities 1-6.

**Early Childhood**
Candidates wishing to extend their certification to teach birth to grade 2 should consult their adviser.

**Middle Childhood**
Candidates wishing to obtain an extension to teach grades 7-9 in their content area must add a middle childhood extension (p. 104).

**Learning Goals & Objectives**

**Learning Goal 1 (KNOWLEDGE – Observed in Writing)**
Candidates in the Teacher Education programs will demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field. Teacher candidates will:
- Acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
- Know the content they are responsible for teaching, and the pedagogical content knowledge to plan instruction that ensures growth and achievement for all students.

**Learning Goal 2 (KNOWLEDGE – Observed Skills and Dispositions)**
Candidates in the Teacher Education programs will demonstrate professional skills and dispositions necessary for successful performance in their field. Teacher candidates will:
- Demonstrate professional dispositions and implement instruction that engages and challenges all students to meet or exceed the learning standards.

**Learning Goal 3 (SERVICE)**
Candidates in the Teacher Education programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all. Teacher candidates will:
- Work with all students to create a dynamic learning environment that supports achievement and growth.
- Use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction for diverse learners.

**Learning Goal 4 (PROFESSIONALISM)**
Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow. Teacher candidates will:
- Set informed goals and strive for continuous professional growth.

**Learning Goal 5 (LEADERSHIP)**
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community. Teacher candidates will:
- Demonstrate professional responsibility and engage relevant stakeholders to maximize impact on student growth, development, and learning.

**TESOL/Bilingual Degrees & Certificates**
Director: Kristin A. Kurtzworth-Keen

**Degree:**
- Master of Science

**Certificates:**
- Advanced Certificate in TESOL Education
- Bilingual Education Extension Certificate

**Additional Programs:**
• Master of Science (non-certification option-not leading to NYS teaching certification)
• Advanced Certificate in TESOL Education (non-certification option-not leading to NYS teaching certification)

Admission
To be considered for admission to Canisius College’s TESOL programs, candidates are required to submit the items below:

• Completion of a Graduate Admissions Application
  • For the master’s degree - submission of one (1) official undergraduate transcript showing completion of a bachelor’s degree from an accredited institution of higher learning with a minimum 3.0 cumulative grade point average
  • For the Advanced Certificate - submission of one (1) official transcript showing completion of a master’s degree from an accredited institution of higher learning
• Evidence of teaching certification complete or in progress
• Evidence of completion of 12 credit hours of college/university level credit in a language other than English
• Submission of two (2) letters of recommendation
• Applicants applying for programs not leading to NYS teaching certification are exempt from the 12 credit hours of college/university level credit in a language other than English requirement

Applications for candidates with less than a 3.0 cumulative undergraduate GPA will be reviewed by the program director for an admissions decision and may include additional requirements (e.g., personal interview, GRE, etc.).

Academic Standing
Admission will require a 3.0 cumulative undergraduate GPA. Applicants who have an undergraduate GPA below a 3.0 may be required to meet additional requirements in order to provide evidence of their ability to be successful in graduate studies. These requirements may include a personal interview, and the GRE, GMAT, or MAT. Canadian and other international applicants must provide a completed Certification of Finances form.

Transfer Credit
No more than six credits of graduate coursework will be accepted in transfer from other institutions. The grades must have been at least “B” and must have been earned within the five-year time limit for completion of degree requirements. All transfer credits must coordinate with the candidate’s program of study at Canisius College, as approved by the program director. Only courses that can be aligned with a course in the program will be accepted for transfer credit as a substitute. Any exceptions to the above may only be made with the approval of both the program director and the Associate Dean.

Mission Statement
The School of Education and Human Services, in concert with our candidates, school partners, alumni and the community, seeks to prepare highly competent professional and socially committed teachers who value the Jesuit traditions of cura personalis, social justice and leadership through service. The mission of the unit is to prepare educators who possess content, pedagogical and professional knowledge, use their gifts in the service of others, and demonstrate professionalism and leadership in their field. More information can be found at the program website (https://www.canisius.edu/academics/programs/tesol/).

Program Details

Academic Standards
New York State TESOL Standards:

1. Language: Candidates know, understand, and use the major theories and research related to the structure and acquisition of language to help English Language Learners (ELLs) develop language and literacy and achieve in the content areas. Issues of language structure and language acquisition development are interrelated. The divisions of the standards into 1.a. language as a system, and 1.b. language acquisition and development do not prescribe an order.
2. Culture: Candidates know, understand, and use major concepts, principles, theories, and research related to the nature and role of culture and cultural groups to construct supportive learning environments for ELLs.
3. Planning, Implementing, and Managing Instruction: Candidates know, understand, and use evidence-based practices and strategies related to planning, implementing, and managing standards-based ESL and content instruction. Candidates are knowledgeable about program models and skilled in teaching strategies for developing and integrating language skills. They integrate technology as well as choose and adapt classroom resources appropriate for their ELLs.
4. Assessment: Candidates demonstrate understanding of issues and concepts of assessments and use standards-based procedures with ELLs.
5. Professionalism: Candidates keep current with new instructional techniques, research results, advances in the ESL field, and education policy issues and demonstrate knowledge of the history of ESL teaching. They use such information to reflect on and improve their instruction and assessment practices. Candidates work collaboratively with school staff and the community to improve the learning environment, provide support, and advocate for ELLs and their families.

Learning Goals

Learning goals and objectives are derived from the School of Education and Human Services Conceptual Framework that was established to organize student performance data for the NCATE review process. The objectives, and their supporting assessments, are aligned with the standards of the Middle States Association of Colleges and Universities, NCATE, and the appropriate Specialized Professional Association as described in the program handbook.

Learning Goal 1: Candidates will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field.

Learning Goal 2: Candidates will demonstrate professional skills and dispositions necessary for successful performance in their field.

Learning Goal 3: Candidates will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Learning Goal 4: Candidates in the will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and
attitudes for effective performance, ensuring that all students and/or clients have optimal opportunities to learn and grow.

**Learning Goal 5:** Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

**Courses**

**TESL 510 Spanish for Educators: Basic Communication for the Bilingual Classroom (Level 1)**  
3 Credits

Spanish for Educators (Level 1) Communication for the Bilingual Classroom enables K-12 teachers to enhance communication with English language learners, their families and community members. This course is for all educators and school personnel (PK-12) with minimal to intermediate Spanish language skills. The topics covered and materials presented in this course will support Spanish language acquisition and address issues of language diversity in the bilingual classroom. Throughout the coursework, language instruction will focus on high frequency vocabulary for basic conversational Spanish and common phrases for effective communication in the school and with families. Opportunities for practice and application are provided with practical classroom situations to connect Spanish speaking language skills with everyday situations encountered in the classroom.

**Offered:** every spring and summer.

**TESL 511 Spanish for Educators: Reporting to Parents and Guardians (Level 2)**  
3 Credits

Spanish for Educators (Level 2) Reporting to Parents and Guardians enables K-12 teachers to enhance communication with the families of native Spanish speaking students by focusing on the procedures for reporting. This course is for all educators and school personnel (PK-12) with minimal to intermediate Spanish language skills. The topics covered and materials presented in this course will support Spanish language acquisition and address issues of language diversity in the bilingual classroom. Throughout the coursework, language instruction will focus on high frequency vocabulary to demonstrate proficiency in basic writing skills and conversational Spanish to enhance professional communication with families and guardians of native Spanish speaking students. Opportunities for practice and application are provided with practical classroom situations to connect Spanish language skills with the procedures for reporting to parents.

**Offered:** every fall & spring.

**TESL 581 Cultural Perspectives in Multilingual Education**  
3 Credits

In this course, candidates examine the current debate regarding the role and definition of culture in the study of TESOL and the ESL classroom. Students will come to understand the effects of stereotyping the cultural characteristics of ESL students as well as the very real impact culture has on students' learning styles and classroom experiences. ESL 581 candidates will examine the potential impact their teaching strategies will have in the ESL classroom, with regard to understanding their own cultural characteristics and presuppositions. A balanced view of intercultural communication is the goal. The course includes fieldwork designed to investigate cultural differences. Field Experience: 10-hours of fieldwork required.

**Offered:** fall and summer.

**TESL 582 Theory and Practice of Bilingual/Multilingual Education**  
3 Credits

This course will introduce the candidate to a survey of theories and research relevant to the teaching and learning of English as a second/foreign language that have been established as effective. Current research and theoretical advances are described and evaluated. Candidates will have an opportunity to investigate theory informing best practice. Course participants will have opportunities to examine literacy theories and engage in practices that promote biliteracy outcomes in K-12 schools serving diverse student populations. This includes, but is not limited to, language immigration status, gender identities, culture, and economic backgrounds. Candidates will research and observe the theory and practice of teaching ELLs through a limited field experience. They will also be required to interview a TESOL administrator. More advanced study and supervised teaching practice will be acquired as candidates apply these skills in an ESL classroom during their supervised practicum. Field Experience: 10-hours of fieldwork required.

**Offered:** spring and summer.

**TESL 583 Linguistics, Literacy, & Second Language Acquisition**  
3 Credits

This course will introduce the core disciplines of linguistics; this includes the scientific study of language components as they apply to all aspects of literacy learning (e.g., phonetics, phonology, morphology, syntax, and semantics). Candidates will consider how grammar is shaped by human cognition, culture, and speakers' communicative goals as well as how languages around the world construct words, figurative language, and sentences. In this course, language phenomenon, scientific bases, terminology on linguistics, multi-relational aspects and other related areas are discussed. Language phenomenon is discussed by reference to domains that nurture it. Language origins, language-brain relationship, sound, word, syntactic, meaning and social systems, communication with all its contexts, discourse analysis and its approaches, language learning and teaching aspects are all discussed throughout the course. Linguistics knowledge and language teaching methods are treated as integrated topics. Primary course goals are to provide candidates with the necessary information on language as a dynamic system, domains related to language, and creating an intellectual background for language and language teaching. An expected outgrowth of the study of linguistics is that students will realize the relationship between understanding specific structures in a language and effective language teaching. In addition, this course provides an up-to-date introduction to the study of linguistics, the discipline that investigates and describes language acquisition, production, and comprehension. The course will also examine English language structures—the language of the dominant society—and enhance language awareness. A field experience will be required; candidates will observe examples of student speech. Field Experience: 15-hours of fieldwork required.

**Offered:** every fall, spring, & summer.
TESL 584 Curriculum, Assessment, & Methods of Teaching Native Language Arts 3 Credits
This course is an introduction to Native Language Arts (NLA) instruction for speakers of other languages. It is intended to provide models of instruction in the native language arts which are aligned with the New York State learning standards. Through reading, discussion, observation, and demonstration, candidates will come to understand the importance of native language literacy in the development of literacy in the second language. It has been found that there is a strong and positive correlation between literacy skills in the native language and literacy skills in the second language. Students with the highest levels of native language literacy are those who eventually become the strongest readers in the second language. Candidates will become familiar with approaches to teaching NLA in the 'Post-Method' Era. Candidates will be provided with experiences in teaching grammar, pronunciation, speaking, listening, vocabulary, reading and writing as well as experience a variety of methods to assess these components of Native Language Arts. As research has demonstrated, those skills and concepts learned in one language serve as a reference point for development of a second language. Therefore, a strong native language arts instructional program integrating learning experiences and standards will facilitate the transfer of literacy skills into English and will develop the ability to complete increasingly complex academic tasks.
Offered: every fall and summer.

TESL 585 Methods and Materials of Teaching English to Speakers of Other Languages 3 Credits
This course is an introduction to methods and materials for the teaching of English to speakers of other languages (TESOL). Through a program of lectures, readings, discussions, and practical teaching exercises in the field, candidates will explore the educational contexts in which English is taught and learned, methods and materials that teachers use to teach it, and the links between what teachers and learners do in the classroom and what applied linguistic research tells us about how second languages are learned. Satisfactory completion of the course indicates that candidates have acquired a basic knowledge of the methodology and materials of TESOL and basic skills in putting that knowledge into practice. There is a focus on core curricular areas, pedagogy, and materials for responsive instruction that utilizes research-tested approaches and instructional strategies that actively engage students in learning. More advanced study and supervised teaching practice will be acquired as candidates apply these skills in an ESL classroom during their supervised practicum. Field Experience: 15-hours of fieldwork required.
Offered: every fall, spring, & summer.

TESL 586 Methods of Teaching the Subject Areas in the Native Language 3 Credits
This course is for elementary and secondary teachers who will be or are currently working with culturally and linguistically diverse students. It is intended to provide models of content area instruction in the native language, aligned with the New York State learning standards. Through reading, discussion, observation and demonstration, candidates will learn about teaching content across curricular subject areas as well as understand the importance of native language literacy in the development of literacy in the second language. The course explores English language development in the context of academic language socialization, specifically through the instruction of English along with the curricula of the content areas. There is a focus on core curricular areas, pedagogy, and materials for responsive instruction that utilizes research-tested approaches and instructional strategies that actively engage students in learning. It includes responsive instruction which is differentiated; it meets the needs of ALL learners including those who struggle, those in the middle, and those who are high achievers and need challenges.
Offered: spring and summer; online only.

TESL 587 Evaluation Assessment in Bilingual/TESOL Education 3 Credits
In this course, candidates will examine assessment measures and evaluation protocols as well as methodologies for dynamic instruction (instruction that includes ongoing assessment in the process of teaching) with ESL/CLD learners. Current research and materials for TESOL instruction, assessment, and evaluation will be analyzed for validity, reliability, and utility. Various instructional models for dynamic instruction will also be explored for effectiveness. Dynamic teaching refers to teaching with ongoing assessment and immediate adjustment in instruction based on the moment assessment that informs the teacher to remediate, go on, or challenge learners. Candidates will analyze the internal construction of testing instruments, procedures for alternative assessment of ESL/CLD students, and options for appropriately adapting tests that are part of classroom curriculum in ways that make them effective and equitable for ESL/CLD learners. Students will complete a field case study as part of this course. Field Experience: 15 hours of fieldwork required.
Offered: fall, spring, & summer; online only.

TESL 588 College Supervised Fieldwork in TESOL 3 Credits
This is a field based supervised practicum in which candidates demonstrate competencies related to providing instruction to CLD/ESL students and leadership on TESOL within a school setting. They work with a teacher of CLD/ESL students in an assigned school and with a college supervisor. Students participate in seminar sessions for reflection, ‘debriefing’, and dialog on their experiences. Field Experience: 90 hours of student teaching required.
Prerequisite: approval of program director.
Offered: fall, spring, & summer; online only.

TESL 590 Foundations of Bilingual Education 3 Credits
This is a survey course intended to explore foundational elements of bilingual education: theory and practice, cultural perspectives, and linguistics and grammar. A survey of theories, practices, and research currently most productive and relevant to the teaching and learning of English as a second/foreign language are described and evaluated. Candidates will have an opportunity to investigate theory informing best practice. Examination of cultural perspectives will include the current debate regarding the role and definition of culture in the English Language Learner (ELL) classroom. Students will come to understand the effects of cultural stereotyping, as well as the impact culture has on students’ learning styles and classroom experiences. Finally, candidates will be introduced to the core disciplines of linguistics, the scientific study of language, as they apply to literacy learning, including phonetics, phonology, morphology, syntax, and semantics. Candidates will consider how grammar is shaped by human cognition, culture, and speakers’ communicative goals as well as how languages around the world construct words, figurative language, and sentences. Field Experience: 10 hours of fieldwork required.
Offered: fall; online only.

TESL 591 Assessment Strategies for Limited English Proficient Students with Disabilities 3 Credits
This course will develop competencies in appropriate multidisciplinary assessment techniques for limited English proficient children (LEP) with disabilities. Students will learn formal and informal assessment strategies for LEP children and their families. Course content will include using data to plan appropriate Individualized Education program goals, objectives, and present level of performance (PLEP) statements. Students will ways to ensure reliable and valid assessment results for LEP students and will learn ways to collect and use qualitative data as an assessment tool.
Offered: occasionally, online only.
TESL 620 Research Project in TESOL 3 Credits
This course is the second in a research-design sequence that begins with EDR 616: Research Methods in Reading. Both EDR 616 and TESL 620 will familiarize TESOL candidates with procedures for conducting rigorous and well-controlled research in the field. This experience will prepare candidates to be more discriminating consumers of research, especially that which is reported in TESOL professional journals.
Prerequisite: approval of program director.
Offered: occasionally, online only.

Higher Education and Student Affairs Administration (MS)

Program Director: Mark Harrington, Ed.D.
Faculty: Kevin L. Ahuna, Ph.D., Anne Marie Dobies, Ed.D., Sandra Estanek, Ph.D., Kristin E. Finn, Ph.D., Dan Kaczmarek, M.A., M.F.A.
Degree: Master of Science

Introduction
The Higher Education and Student Affairs Administration master’s program (formerly known as College Student Personnel Administration) at Canisius College is a full time cohort-based course of study that prepares graduates for careers in student affairs administration in both private and public institutions of higher education. The program is grounded in a theory-to-practice philosophy based in Jesuit pedagogy and student affairs professional competencies.

The course of study consists of 36 credit hours taken over two academic years. The HESAA program combines the in-class education of graduate coursework with the experiential learning of required internships to achieve its mission. Graduate assistantships are also available, which provide additional experience.

HESAA students are charged a single program fee, which includes tuition, books, membership in a national professional association and the cost of attendance at the regional College Student Personnel Administration New York State (CSPS-NYS) conference during the first year and at one national professional conference (College Student Educators International [ACPA] or Student Affairs Administrators in Higher Education [NASPA]) during the second year of the program. These experiences will enhance the student’s understanding of the importance of life-long professional development and the value of professional relationships. HESAA students progress through the academic program together, taking all of their coursework as a cohesive group, thus developing strong team building skills and effective work groups. More information can be found at the program website (https://www.canisius.edu/academics/programs/college-student-personnel-administration/).

Admission
Application for admission to the program is open to any qualified holder of a bachelor’s degree from an accredited college or university, regardless of undergraduate field of study, who meets the requirements for admission to graduate study in the School of Education and Human Resources. To be eligible to participate in interviews for graduate assistantships, students should complete the admission process by February 1. However, admission is on a rolling basis until the cohort is filled.

Mission Statement
The master’s program in Higher Education and Student Affairs Administration (HESAA) at Canisius College prepares student affairs practitioners to work in all sectors of higher education administration while emphasizing the unique context of private, independent colleges and universities. The HESAA program combines the in-class education of graduate coursework with the experiential learning of required internships to achieve its mission. Graduate assistantships are also available, which provide additional experience.

Graduates of the Higher Education and Student Affairs Administration master’s degree program will:
1. be prepared to enter the student affairs profession as practitioners in multiple administrative sub-fields (residence life, student activities, career services, etc.).
2. be able to use the foundations of theory and practical experience to make sound and ethical professional decisions.
3. be prepared to participate as professionals in the education of the whole student, consistent with the Jesuit value of cura personalis ("care for the person"), regardless of the institutional context of their work.
4. understand the value of contributing to their profession through participation in professional associations, and through activities such as presentations and publications and serving in leadership positions.

Program Details
The HESAA master’s program at Canisius College is a full time cohort based course of study that prepares graduates for careers in student affairs administration at both private and public institutions of higher education. The course of study consists of 36 credit hours taken over two academic years. The program is grounded in a theory-to-practice philosophy based in Jesuit pedagogy and student affairs professional competencies. The HESAA program is compliant with the standards of the Council for the Advancement of Standards in Higher Education.

CAS standards require all master’s students to complete two different internships. The HESAA program requires each internship to be at least 225 clock hours. Graduate assistantships do not count as internships. Typically, HESAA students complete the hours for their first internship during the summer between their first and second year of study, although they complete the reflection paper and receive course credit in the fall semester of their second year. This allows students to accept internships at institutions across the United States and around the world. The second internship is typically done during the students’ second year of coursework at Canisius and other institutions around the Western New York region.

HESAA students have a choice of two possible ways to demonstrate their ability to analyze and synthesize their master’s coursework during their second year of study. Students may choose to do an independent research project (i.e., master’s thesis). For students who do not choose this option, there is the option to take a comprehensive seminar which includes a comprehensive written and oral exam as well as a comprehensive project.

One feature of the HESAA program is unique to Canisius College. Embedded in the graduate tuition full time students pay is the cost of attending one of the two student affairs conferences as a cohort each year of the students’ program. This includes the cost of association membership, conference registration, hotel, and travel. Meals are not included. First year students attend conference sessions and volunteer at conference events and activities. They write reflective papers on their experience, connecting it to their coursework. This paper is an element of the assessment process.
Second year students participate in job placement activities as well as attend conference sessions and activities.

**Total Credits**: 36

**Learning Goals & Objectives**

**HESAA Learning Goal #1 (KNOWLEDGE)**

Provide students in the HESAA program with knowledge of higher education consistent with the ACPA/NASPA Professional Competencies at the Foundation level.

**Graduates of the HESAA program will:**

1. Understand the operations and governance of both public and private colleges and universities.
   - ACPA/NASPA Competency #3
2. Understand current issues and challenges in higher education.
   - ACPA/NASPA Competency #3
3. Demonstrate the ability to connect the history of higher education in the United States to contemporary issues and challenges.
   - ACPA/NASPA Competency #10
4. Understand and be able to apply laws that affect all sectors of higher education.
   - ACPA/NASPA Competencies #3 and #5

**HESAA Learning Goal #2 (KNOWLEDGE)**

Provide students in the HESAA program with knowledge of student identity, development, and diversity consistent with the ACPA/NASPA Professional Competencies at the Foundation level.

**Graduates of the HESAA program will:**

1. Know and demonstrate the ability to apply relevant research on student identity and development.
   - ACPA/NASPA Competency #8
2. Know and demonstrate the ability to apply relevant research on diverse student populations.
   - ACPA/NASPA Competencies #7 and #8

**HESAA Learning Goal #3 (SKILLS)**

Develop practical skills necessary for successful entry-level professionals in higher education and student affairs.

**Graduates of the HESAA program will:**

1. Know and demonstrate the ability to apply basic research methods in professional practice.
   - ACPA/NASPA Competency #2

2. Know and demonstrate the ability to apply relevant counseling theories and techniques in working with diverse individuals and groups.
   - ACPA/NASPA Competency #1
3. Demonstrate written and oral communication skills necessary to be an effective professional.
   - ACPA/NASPA Competency #4
4. Demonstrate ethical use of up-to-date technological resources.
   - ACPA/NASPA Competencies #4 and #9

**HESAA Learning Goal #4 (DISPOSITIONS)**

Graduate ethical professionals formed in the context of Jesuit values.

**Graduates of the HESAA program will:**

1. Understand the values of Jesuit higher education and their relevance to professional practice in all context.
   - ACPA/NASPA Competencies #7 and #10
2. Demonstrate the ability to apply professional ethical standards.
   - ACPA/NASPA Competency #6
3. Demonstrate good colleagueship and the capacity for leadership.
   - ACPA/NASPA Competencies #4 and #5
4. Demonstrate the capacity for self-awareness and reflection.
   - ACPA/NASPA Competency #6

**Courses**

Courses taken in the first year are numbered in the 500s and courses taken in the second year are numbered in the 600s.

**HESA 501 Organization of Student Affairs Administration** 3 Credits

An introduction to higher education and student affairs administration as a profession, specific job responsibilities and competencies, types of institutions of higher education, current issues, and professional ethics. Also includes a focus on connecting student affairs practice to the mission of the institution. Introduction to organizational theory and higher education research and writing.

**Offered:** every fall

**HESA 510 History of Higher Education and Student Affairs** 3 Credits

Students will examine the development and governance of colleges and universities in the United States, including the role of faculty, the rise of student affairs, the role of state and federal government, and the changing understanding of diversity. Emphasis is placed on locating current issues within their historical context.

**Offered:** every spring.

**HESA 520 Student Development in Higher Education** 3 Credits

Provides an introduction to student development theory and a profile of contemporary college students. Theories of identity development, involvement, and learning will be considered. In addition, the relationship of theory to practice in student affairs will be explored, along with issues related to diversity.

**Offered:** every fall.

**HESA 530 Methods of Research** 3 Credits

The nature of social science inquiry with specific implications for higher education. Introduction to research design and ethics. Introduction to both quantitative and qualitative methods of research.

**Offered:** every fall.
HESA 535 Assessment and Advanced Research 3 Credits
Applies methods of research learned in HESA 530 to practical issues of assessment. Students will learn to write literature reviews, conduct applied research, and present findings.
Prerequisite: HESA 530
Offered: every spring.

HESA 540 Diversity and Inclusion in Higher Education 3 Credits
This class is designed to increase students' understanding and appreciation of diverse populations, diversity-related issues, and their impact on college communities. Students will explore how they can work to build inclusive communities within institutions of higher education.

HESA 599 Independent Study 3 Credits
Independent studies require an application and approval by the associate dean.
Restriction: permission of the instructor, department chair, and associate dean.

HESA 620 Counseling and Advising for Student Success 3 Credits
Provides a working knowledge of counseling theories and advising techniques to address the needs of students within the context of higher education. Introduction to mental health disorders and exposure to preventative and communication strategies to assist college-aged students.
Offered: every spring.

HESA 665 Law and Policy of Higher Education Administration 3 Credits
An examination of the many ways federal, state, and local laws affect higher education administration. Issues include differences between public and private higher education, First Amendment issues, affirmative action, the requirements of federal laws such as FERPA, Clery, and Title IX, and other relevant case law. Includes an introduction to risk management.
Offered: every fall.

HESA 677 Capstone: Higher Education Leadership and Management 3 Credits
Designed to provide graduating HESAA students with the opportunity to learn about leadership and management and current issues in higher education and student affairs administration with a goal toward making the transition from being graduate students to becoming full-time professionals. Includes practical skills such as financial management.
Offered: every spring.

HESA 680 Internship I 3 Credits
The first of two required internship experiences intended to broaden the student’s understanding of the profession and help them to gain practical experience in specific jobs. Each internship requires 225 hours of supervised experience. Permission of the program director is required.
Prerequisite: successful completion of first year coursework. Restriction: permission of the HESAA program director.
Offered: every fall.

HESA 681 Internship II 3 Credits
The second of two required internship experiences intended to broaden the student’s understanding of the profession and help them to gain practical experience in specific jobs. Each internship requires 225 hours of supervised experience. Permission of the program director is required.
Prerequisite: HESA 680 Restriction: permission of the HESAA program director.
Offered: every spring.

HESA 698 Comprehensive Seminar 3 Credits
This is a comprehensive seminar for the Higher Education and Student Affairs Administration (HESAA) program includes three parts: 1) comprehensive written exam based upon content in core curriculum courses, 2) comprehensive oral exam of a case study analysis, and 3) comprehensive project to create a high-impact student success program.
Prerequisite: successful completion of first year coursework.
Offered: every spring.

HESA 699 Independent Research 3 Credits
An original thesis research project or major assessment project that provides the opportunity to investigate a higher education topic of particular interest to the student. Under the direction of a thesis advisor, students will present and defend a research proposal, conduct a study using research methodology, locate that study in a literature review, and present their findings in a thesis format. Note: Students may also choose to fulfill the HESA 699 requirement through a comprehensive examination (written and oral) and by successfully completing a three-credit graduate elective course at Canisius College, chosen by the student and approved by the HESAA program director.
Prerequisite: successful completion of first year coursework. Restriction: permission of the HESAA program director based on successful presentation of proposal.
Offered: every spring.

Professional Studies
Program Director: Dennis Koch, PhD

Introduction
According to research performed at the University of California San Francisco, allied health professionals make up 60% of the total healthcare workforce. As a result of this increasing demand for well-trained and motivated professionals, the Allied Health program offerings at Canisius are rapidly expanding. Students can choose from MS programs in Health & Human Performance, Applied Nutrition, Community & School Health, and Respiratory Care.

Mission Statement
The mission of the Office of Professional Studies is to help adult learners, non-traditional students and working professionals further their education and career opportunities. Wide-ranging and academically innovative programs are being developed to respond to the needs of today’s professionals. These new areas of study are co-developed by Canisius faculty and outside partners including industry experts, professional associations, consulting organizations and businesses. The programs are provided in creative scheduling formats and education delivery methods designed to meet the needs of working professionals. Focused on academic excellence, we are committed to continual self-assessment with the goal of achieving outstanding results.

Master’s Degree Programs
- MS in Applied Nutrition (p. 122)
- MS in Community and School Health (p. 125)
- MS in Health and Human Performance (p. 126)
- MS in Respiratory Care (p. 128)

For more information, contact Dr. Dennis Koch, Director, Office of Professional Studies at 716-888-8292. For admissions assistance,
contact the Graduate Admissions Office at 716.888-2545, or toll free at 1.800.950.2505, or GradAdmissions@canisius.edu.

The following classes contribute to more than one program within Professional Studies.

**ALH 500 Health Care Systems** 3 Credits
This course introduces students to the historical development, structure, operation, and current and future directions of the major components of the American health care delivery system. It examines the ways in which health care services are organized and delivered, the influences that impact health care public policy decisions, factors that determine the allocation of health care resources and the establishment of priorities, and the relationship of health care costs to measurable benefits. The course enables students to understand the role of organized efforts to influence health policy formulation, and the contributions of medical technology, research findings, and societal values on the evolving health care delivery system in the United States. 
Offered: every fall, online only.

**ALH 501 Health Promotion and Disease Prevention** 3 Credits
This course will provide students with information that will enable them to develop a practical approach to health promotion and disease prevention for a specific target population. Specifically, the course is designed to help in the development of programs within schools, communities, and the workplace.
Offered: summer & fall, occasionally spring; online only.

**ALH 502 Nutrition** 3 Credits
This introductory course presents the principles of nutrition including all nutrients, their sources, and their requirements. Carbohydrates, protein, fat, vitamins, minerals, and water are discussed. Additional topics include food labeling and government food-regulatory agencies, energy balance, and food safety and security. The use of dietary guides, nutrient charts, and computerized diet analysis programs for the planning and evaluation of a healthy diet are also presented.
Offered: fall, spring, & summer; online only.

**ALH 503 Medical Nutrition Therapy** 3 Credits
This course will explore the application of nutrition principles to the treatment and prevention of diseases. This treatment can range from changes in diet to providing specialized therapies such as intravenous or tube feeding. Topics discussed will include lifestyle strategies and therapeutic nutrient intervention to correct nutritional insufficiencies, promote optimal health, and prevent, manage, or correct medical problems.
Offered: fall & spring, online only.

**ALH 507 Clinical Health Behavior Change** 3 Credits
This course will explore health behavior theories to facilitate the adoption of healthful behaviors to various groups. It will include motivational interviewing, practice of nonverbal, active listening, goal assessment and group counseling. It will also explore the evaluation of nutrition education interventions.
Offered: every spring, online only.

**ALH 520 Exercise Prescription** 3 Credits
This course presents a comprehensive overview of the human body's responses to acute and chronic exercise. An understanding of the processes involved in prescribing safe and effective therapeutic exercise for healthy individuals as well as geriatric populations, pregnant women, children, and patients with chronic conditions including heart and lung disease, diabetes, and obesity will be reviewed. In the course, environmental and legal considerations in the prescriptive process will be discussed. Consideration will also be given to behavior change principles and the role of motivation in prescribing appropriate exercises for a variety of clients.
Offered: every fall, online only.

**ALH 522 Fitness Psychology** 3 Credits
This course will cover topics such as eating disorders among athletes, female athlete triad, and weight management. It will provide students with skills to counsel athletes as well as sports teams. The course will also cover performance enhancement, motivation, and stress management of athletes. Students will develop an understanding of behavioral change theory as it relates to sports psychology.
Offered: every spring, online only.

**ALH 540 Program Planning in Healthcare** 3 Credits
This course will explore health behavior theories to facilitate the adoption of programs within schools, communities, and the workplace. The following classes contribute to more than one program within Professional Studies.

**ALH 599 Independent Study** 1-3 Credits
Independent studies require an application and approval by the associate dean.
Prerequisite: permission of the instructor, department chair, & associate dean.
Offered: occasionally.

**ALH 602 Cardiopulmonary Pathophysiology** 3 Credits
Details the functions of the cardiovascular and respiratory systems emphasizing normal function, pathophysiology, initiation and progression of disease and current treatment, special reference will be made to the role of exercise as a therapeutic modality.
Prerequisite: an introductory course in anatomy and physiology.
Offered: every fall, online only.

**ALH 621 Cardiopulmonary Pharmacodynamics** 3 Credits
This course provides study of the current medications used in the treatment of congestive heart failure, coronary artery disease, arrhythmias, angina and hypertension, asthma and COPD. The effects of these medications during acute and chronic exercise and cardiac emergency medications will also be covered.
Prerequisite: ALH 602.
Offered: every fall, online only.
ALH 622 Sports and Fitness Nutrition 3 Credits
This course will focus on understanding the specific role of energy and nutrients in fitness and athletic performance. Additional topics will include the role of fluid and electrolytes, ergogenic aids, and special diets in physical activity. Tools for assessing body position (body fat, muscle mass), unique dietary concerns across the lifespan and in special population groups (heart disease, diabetes, obesity) and the effect of diet on endurance will be explored.
Offered: every fall, online only.

ALH 631 Research Methods in Allied Health 3 Credits
An intermediate graduate-level course designed to familiarize students with the elements of research methods with special emphasis on experimental and quasi-experimental research techniques most commonly used in the allied health professions. The course also examines issues that deal with ethical aspects of human experimentation. Special emphasis will be placed on preparing the student to be able to critically analyze and interpret research literature. By the end of the course, the student are expected to complete the majority of a viable research proposal. By the end of the course students will be able to properly read and critique scientific literature.
Offered: fall, spring & summer; online only.

ALH 632 Data Analysis and Statistics 3 Credits
An intermediate graduate-level course designed to familiarize students with the elements of data analysis and statistics. Students will learn methods of numerical and graphical summary and interpretation of data such as descriptive statistics, scatterplots, linear and non-linear correlation and regression, t-tests, and analysis of variance/covariance. Students will also be able use statistical software to enter and analyze data using the proper statistical tools.
Offered: fall, spring, & summer; online only.

ALH 645 Teaching Technology for Health Leaders 3 Credits
This course presents an overview of instructional design tools, teaching techniques and strategies, evaluation of learner competencies, maintenance of training records, and measurement of training program effectiveness.
Offered: every spring, online only.

ALH 689 Master’s Project 3 Credits
The master’s project is designed as a rigorous scholarly activity that provides an opportunity to integrate theoretical knowledge with research.
Prerequisite: permission of program director.
Offered: fall, spring & summer.

ALH 699 Masters Project II 3 Credits
Continues ALH 689 with an approved thesis proposal by collecting and analyzing data, and culminates in an approved written thesis.
Prerequisite: ALH 689 & permission of program director.
Offered: fall, spring & summer.

ALH 700 Continuing Master’s Project/Thesis 1 Credit
This course is a continuation of ALH 689 or ALH 699, and is ONLY required for students who do not complete their Master’s Project/Thesis in the allotted time (16 weeks).

Applied Nutrition
Program Director: Margaret Garfoot, MS, RD, CDN
Faculty: Dawna Bennett, MS, RD, CDN; Khalid Bibi, PhD, EP-C; Elizabeth Greenwald, MS, EP-C; CSCI, CIC; Dennis Koch, PhD; Garry Ladd, DHSc, EP-C; Devorah Lucas, DBH, CDE; Soghra Naheed Ali-Sayeed, MS, RD, CNSC, CDN; Gregory Reeds, EdD; Dan Smith, PhD, CRC, NCC, LMHC, BCC; Kaitlyn Summers, MS, RD, CDN; Sheryl Warren, MS, RD.

Degree: Master of Science

Introduction
The Master of Science in Applied Nutrition program is offered in a fully online format structured to fit the busy lifestyle of working professionals. It is designed for students, practitioners and professionals who are interested in expanding their knowledge in health-related fields. This program can be completed in as little as one year.

Graduates of the master’s in applied nutrition program will be qualified to assume leadership, management or administrative roles. In addition, graduates will be able to:

- Conduct and comprehend dietetic research
- Apply current research to practice
- Evaluate nutritional programs
- Apply many other acquired skills

The program will provide students with the opportunity to build theoretical knowledge and specialize in two specialty areas:

- Obesity and Eating Disorders
- Fitness and Sports Nutrition

Admission
Applications are processed on a rolling basis and are considered as they are received for each of our terms. We recommend submitting all material required for admission at least 30 days prior to the start of the term you wish to begin. Earlier application will ensure the best scheduling options, as some course sections may become unavailable. Terms are eight weeks in length, and students may start in the fall, spring, or summer semesters. The on-line application can be submitted with no application fee.

To qualify for admission, all students must:

- Complete the graduate admissions application.
- Complete a baccalaureate degree from an accredited institution of higher learning with a minimum GPA of 2.7.
- Submit one (1) official undergraduate transcript from each institution attended with the degree posted from the degree-granting institution.
- Submit two (2) letters of recommendation.
- Provide evidence of sufficient college-level coursework in the sciences or possess current licensure as a Registered Dietitian. Students who do not meet prerequisites may be required to complete additional undergraduate/graduate coursework.
- Provide a statement of purpose of approximately 500 words explaining your motivation for pursuing the MS in Applied Nutrition at Canisius College. The statement may be submitted in the essay section of the graduate application.

Transfer credit: Previous graduate level transfer credits will be assessed on a case-by-case basis.

Academic Standing
Students must maintain a GPA of 3.00 to graduate from the program. If the GPA drops below 3.00, the student will be placed on academic probation. If the student does not bring his/her cumulative GPA above 3.00 by the end of the next term, the student may be dismissed from the program. A student may also be academically dismissed from the program by receiving more...
than 2 grades below B-. More information can be found at the program website (https://www.canisius.edu/academics/programs/applied-nutrition/).

Curriculum
Total credit hours = 33. Every student must complete six required courses (18 credits), one elective (3 credits), and four courses (12 credits) within a concentration.

Prerequisite
ALH 502 Nutrition (3 credits) may be required for non-RD students. Studies nutrition principles, behavior, and counseling, as well as clinical applications of nutrition as it relates to health, clinical exercise physiology, and cardiac rehabilitation. This will be in addition to the required courses in the program.

1 Students will receive a grace period of 1 term to complete the thesis without having to register for ALH 700. However, any student who has not completed their final thesis/project by the end of the grace period will be registered for the 1-credit hour course, ALH 700 for that semester, and then for each subsequent semester until the project/thesis is complete.

Learning Goals & Objectives

Learning Goal 1 (KNOWLEDGE – OBSERVED IN WRITING)
Candidates in the Applied Nutrition program will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field. Students will have the opportunity to:

- Understand the dynamic nature of nutrition and the complex biochemical factors that influence health status.
- Understand and be able to apply behavior change principles as they apply to health settings.
- Demonstrate a working knowledge of the basic principles of nutrition and how they relate to overall health and exercise performance.
- Understand the factors influencing obesity and the metabolic consequences of obesity and its relationship to chronic disease.
- Understand the factors influencing the development of eating disorders and eating disorder sequelae.
- Demonstrate an understanding of the general principles of fitness psychology as they apply to exercise professionals.

Learning Goal 2 (KNOWLEDGE – OBSERVED SKILLS AND DISPOSITIONS)
Candidates in the Applied Nutrition program will demonstrate professional skills and dispositions necessary for successful performance in their field. Students will have the opportunity to:

- Understand and evaluate educational programs and prevention and treatment interventions toward improving the health status of target population groups.
- Acquire the skills necessary to interpret, design and/or conduct applied nutrition and fitness research.
- Create and/or evaluate a comprehensive and coherent educational and/or instructional nutrition tool, care plan or program using appropriate technologies.
- Prescribe safe and effective exercise for a variety of populations, including healthy clients and special populations (e.g., pregnant women, elderly, children, etc.).
- Create an appropriate sports specific exercise prescription for an athlete.

Learning Goal 3 (SERVICE)
Candidates in the Applied Nutrition program will demonstrate willingness to use their skills to benefit and serve society. Within contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all. Students will have the opportunity to:

- Describe the ethical principles of respect for persons, beneficence, and justice, both within the context of research and within the larger context of professional practice.

Total Credits = 12
• Understand moral and ethical implications of media influences and policy decisions that affect the health and well-being of consumers: patients, clients, and the community at large.
• Understand and mobilize community resources by promoting an understanding, appreciation, and use of diverse cultural, social, and intellectual resources within the local community, and show utility of such resources in developing health promotion and disease prevention programs to benefit society.

**Learning Goal 4 (PROFESSIONALISM)**
Candidates in the Applied Nutrition program will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of sound evidence-based knowledge, skills, and attitudes for effective performance ensuring that all patients, clients and/or consumers have optimal opportunities to learn and grow.

Students will have the opportunity to:
• Write a research proposal that demonstrates an understanding of research design by incorporating appropriate consideration of ethical issues and controlling threats to internal and external validity.
• Use statistics as a tool for evaluating data and drawing inferences, and for judging the strength and quality of data used in research in health professions.

**Learning Goal 5 (LEADERSHIP)**
Candidates in the Applied Nutrition program will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on patients, clients, organizations, and the community at large.

Students will have the opportunity to:
• Understand and evaluate potential moral and legal consequences of decision-making relative to the health and welfare of patients and clients.
• Understand, anticipate, and assess emerging trends and initiatives in order to promote best practices in health care and effective educational strategies with the goal of improving the health and well being of patients, clients, and the community at large.

**Courses**
In addition to the courses listed below, courses for this program with the Allied Health (ALH) prefix can be found on the Professional Studies page (p. 121).

**NTR 505 Advanced Nutrition** 3 Credits
This course examines the metabolism, physiological actions and interrelationships of carbohydrates, protein, fats, vitamins, minerals and water. Topics discussed include the regulation of the biochemical pathways and the nutritional principles of macronutrient and micronutrient metabolism; absorption, excretion, transport and cellular metabolism; nutritional and toxicological standards for humans and animal models and bioavailability of minerals.

**Prerequisite:** ALH 502, unless student is a Registered Dietician (RD).

**Offered:** every fall, online only.

**NTR 510 Adult and Pediatric Obesity** 3 Credits
This course addresses the epidemiology, etiology, and risk factors associated with obesity across the lifespan. The medical management and complications of obesity will be discussed in depth. Students will review and critically assess current treatment strategies such as pharmacotherapy, bariatric surgery, and behavioral approaches. Review and discussion of current research and theory will allow students to gain a broad understanding of the causes, prevention, and treatment of obesity.

**Prerequisite:** ALH 502, unless student is a Registered Dietician (RD).

**Offered:** every spring, online only.

**NTR 512 Eating Disorders in Children and Adults** 3 Credits
This course is an in-depth examination of eating disorders in children and adults, including the definition and clinical presentation of eating disorders. Medical complications of eating disorders will be considered, as well as the relationship between eating disorders and obesity. Family issues, especially for children and adolescents, in the etiology and treatment of eating disorders will be examined. Existing approaches to treatment will be reviewed, as well as new and experimental treatments.

**Prerequisite:** ALH 502, unless student is a Registered Dietician (RD).

**Offered:** every spring, online only.

**NTR 536 Exercise Physiology** 3 Credits
Covers the advanced study of concepts, principles, and research in the field of exercise physiology. Discusses advanced concepts in the muscular/neuromuscular, cardiovascular, ventilatory, endocrine, and metabolic responses to exercise and exercise training. Specific study of the physiological control mechanisms regulating these systems are also addressed during periods of rest, acute exercise, and following chronic exercise training.

**Offered:** every summer, online only.

**NTR 603 Nutrition Seminar** 3 Credits
This course is to provide graduate students in nutrition with experience in formal presentation of research results, with emphasis on the components of quality research. The students will present a research seminar on a research topic (related to their required project) in a clear, concise and logical manner. Students will write an abstract, with references, that summarizes the research seminar.

**Prerequisite:** permission of program director.

**Offered:** fall, spring, & summer; online only.

**NTR 612 Sociology of Nutrition** 3 Credits
This course addresses the effects of family and society on food availability and the development of eating habits, food rituals and norms, and body acceptance across the lifespan. The influence of family systems and cultural contexts on psychosocial development and the adoption of pathogenic eating behaviors will be explored. Theoretical perspectives related to the epidemiology, prevention and treatment of eating disorders and obesity will be examined in depth.

**Offered:** every fall, online only.
Community and School Health

Degree: Master of Science

Introduction
The Online Master’s in Community and School Health program is designed for nurses, physical therapists, occupational therapists, social workers, counselors, psychologists, and others with a bachelor’s degree and the appropriate science and health background. The program is ideal for working professionals who need to balance work, family and a continuing education, since it can be completed entirely online.

Graduates of the Master’s in Community & School Health program will:

- Have excellent knowledge surrounding health, education, health services, nutrition services, and social services, health promotion, and family and community involvement.
- Be well prepared to participate in the development of policy within the workplace, as well as healthcare systems at the community, state or national level.

Upon completion of the Master’s in Community and School Health program, graduates will be prepared for positions in:

- Nursing /Healthcare Administration.
- School, Corporate, and Public Health Education and Wellness Programming.
- Healthcare Management and Leadership.
- Health Policy Application.

Admission
Applications are processed on a rolling basis and are considered as they are received for each of our terms. We recommend submitting all material required for admission at least 30 days prior to the start of the term you wish to begin. Earlier application will ensure the best scheduling options, as some course sections may become unavailable. Terms are eight weeks in length, and students may start in the fall, spring, or summer semesters. The on-line application can be submitted with no application fee.

To qualify for admission, all students must:

- Complete the graduate admissions application.
- Submit one (1) official undergraduate transcript showing completion of a baccalaureate degree from an accredited institution of higher learning with a minimum GPA of 2.70.
- Submit two (2) letters of recommendation.
- Submit a current resume.
- Provide a statement of purpose of approximately 500 words explaining your motivation for pursuing the MS in Community and School Health at Canisius College. The statement may be submitted in the essay section of the graduate application.

Transfer credit: Previous graduate level transfer credits will be assessed on a case-by-case basis.

Program Details

Academic Standing

Students must maintain a GPA of 3.00 to graduate from the program. If the GPA drops below 3.00, the student will be placed on academic probation. If the student does not bring his/her cumulative GPA above 3.00 by the end of the next term, the student may be dismissed from the program. A student may also be academically dismissed from the program by receiving more than 2 grades below B-. More information can be found at the program (https://www.canisius.edu/academics/programs/community-school-health/) website (http://www.canisius.edu/community-school-health/).

Curriculum
Total credit hours = 33. Each student must complete all of the courses in the curriculum, including a guided elective selected with his or her academic advisor.

1 Students will receive a grace period of 1 term to complete the thesis without having to register for ALH 700. However, any student who has not completed their final thesis/project by the end of the grace period will be registered for the 1-credit hour course, ALH 700 for that semester, and then for each subsequent semester until the project/thesis is complete.

Learning Goals & Objectives

Learning Goal #1 (KNOWLEDGE – OBSERVED IN WRITING)
Candidates in the CSH program will have the opportunity to demonstrate content knowledge, pedagogical, and professional knowledge necessary for successful performance in their field.

Students will have the opportunity to:

- 1.1 - Develop and promote programs for health, exercise, physical activity, nutrition, or health services through family, worksite, school, or other community involvement.
- 1.2 - Understand how communities, school districts, and worksites protect the health, welfare, and safety of its populations through policy, administration, responsibilities, and/or initiatives.
Learning Goal #2 (KNOWLEDGE – OBSERVED SKILLS AND DISPOSITIONS)
Candidates in the CSH program will have the opportunity to demonstrate professional skills and dispositions necessary for successful performance in their field.
Students will have the opportunity to:

- 2.1 - Collaboratively develop and articulate the understanding of community, school, or worksite health programs responding to health-related interests and needs by building and sustaining productive relationships with community, school, or worksite partners.
- 2.2 - Demonstrate leadership initiative in community, school, or worksite health programs and policies.

Learning Goal #3 (SERVICE)
Candidates in the CSH program will have the opportunity to demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Students will have the opportunity to:

- 3.1 - Understand and mobilize community resources by promoting an understanding, appreciation, and use of diverse cultural, social, and intellectual resources within the local community, school district, or worksite.
- 3.2 - Understand how to influence community, school district, or worksite population health-related policy options and political strategies.

Learning Goal #4 (PROFESSIONALISM)
Candidates in the CSH program will have the opportunity to demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Students will have the opportunity to:

- 4.1 - Demonstrate an understanding of research design, including consideration of ethical issues and the appropriate use of statistics as a tool for evaluating data and drawing inferences.

Learning Goal #5 (LEADERSHIP)
Candidates in the CSH program will have the opportunity to become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Students will have the opportunity to:

- 5.1 - Understand and evaluate potential moral and legal consequences of health-related decision making in communities, school districts, or worksites promoting social justice to ensure that individual needs address all aspects of health throughout the lifespan.
- 5.2 - Understand, anticipate, and assess emerging trends and initiatives in order to adapt community, school, or worksite-based leadership strategies in an effort to improve the health and well-being of those served.

Courses
In addition to the courses listed below, courses for this program with the Allied Health (ALH) prefix can be found on the Professional Studies page (p. 121).

CSH 520 Leadership Initiatives in Community and School Health 3 Credits
This course is designed to expand the student’s knowledge of a variety of leadership concepts and explore how these concepts can be integrated into community and school health settings. Students will examine organizational systems and structures, leadership styles, change theory, conflict and power, and coalition building.
Offered: every fall, online only.

CSH 530 State of the Nation’s Child 3 Credits
This course is an exploratory course on the national and statewide issues impacting the health of the nation’s children with a focus on poverty, child welfare, and youth at risk.
Offered: every spring, online only.

CSH 550 Health Impacts on Academic Success K-12 3 Credits
This course addresses the growing number of health issues unique to the school age child K-12. Topics such as expanding chronic health problems and diseases linked to teen lifestyle choices will be explored and discussed.
Offered: every spring, online only.

CSH 670 Health Care and Public Policy 3 Credits
This course expands the student’s knowledge of the U.S. healthcare system and fosters understanding of the process of public policy development. Political policy debates related to school health are discussed.
Offered: every spring, online only.

Health and Human Performance (MS)

Program Director: Dennis Koch, PhD
Faculty: Khalid Bibi, PhD, EP-C; Paul Childress, MS, CSCS; Patrick Gannon, PharmD; Elizabeth Greenwald, MS, EP-C, CSCS, CIC; Michael Guzda, MS, CSCS; Garry Ladd, DHSc; Gregory Reeds, EdD; Daniel Smith, PhD, CRC, NCC, LMHC, BCC; Kaitlyn Summers, MS, RD, CDE; Arthur Taft, PhD, RRT, FAARC; Melva Visher, MA, RHIA; Sheryl Warren, MS, RD.

Degree: Master of Science

Introduction
The Master of Science degree program in Health and Human Performance at Canisius College trains students in the areas of rehabilitative and preventive health, and gives students options to specialize in cardiac rehabilitation, health promotion, or strength and conditioning. This degree is appropriate for people who hope to work in corporate wellness, fitness training, clinical exercise physiology, human performance/strength and conditioning, or research settings. The program prepares students to practice in clinical settings as part of a health care team, or to work in exercise and health-promotion programs with apparently healthy or high-risk populations. This program also offers a solid platform to go on to doctoral studies. Finally, some students have found this program to be helpful in preparing for medical school or doctor of physical therapy programs.

Offered in a hybrid format that includes some online and some face-to-face classes, the 34 to 35 credit hour MS program offers students the choice between an internship and a research (thesis) experience, the latter a preparation for doctoral programs. For out-of-town students, all face-
to-face courses required for graduation can be completed in 1 semester in Buffalo, and the rest of the curriculum can be completed from anywhere.

The curriculum will provide students with appropriate course work and field experiences to prepare for the American College of Sports Medicine’s Certified Personal Trainer (ACSM-CPT), Certified Exercise Physiologist (ACSM-EP), and Certified Clinical Exercise Physiologist (ACSM-CEP) certification exams. There is also coursework geared towards preparing students for the Certified Strength and Conditioning Specialist (CSCS) exam offered by the National Strength and Conditioning Association (NSCA).

Admission

Applications are processed on a rolling basis and are considered as they are received for each term. We recommend submitting all materials required for admission at least 30 days prior to the start of the term you wish to begin. Earlier application will ensure the best scheduling options, as some course sections may become unavailable. Terms are eight weeks in length, and students may start in the fall, spring, or summer semesters. The online application can be submitted with no application fee.

To qualify for admission, all students must:

• Complete the graduate admissions application.
• Complete a baccalaureate degree from an accredited institution of higher learning with a minimum GPA of 2.70.
• Submit one (1) official undergraduate transcript from each institution attended with the degree posted from the degree-granting institution.
• Submit two (2) letters of recommendation.
• Provide evidence of sufficient college-level coursework in the areas of anatomy and physiology and exercise physiology. Students who do not meet prerequisites may be required to complete additional coursework.
• Provide a statement of purpose of approximately 500 words explaining your motivation for pursuing the MS in Health and Human Performance at Canisius College. The statement may be submitted in the essay section of the graduate application.

Transfer credit: Previous graduate level transfer credits will be assessed on a case-by-case basis.

Program Details

Academic Standing

Students must maintain a GPA of 3.00 to graduate from the program. If the GPA drops below 3.00, the student will be placed on academic probation. If the student does not bring his/her cumulative GPA above 3.00 by the end of the next term, the student may be dismissed from the program. A student may also be academically dismissed from the program by receiving more than 2 grades below B-. More information can be found at the program website (https://www.canisius.edu/academics/programs/health-human-performance/).

Curriculum

Total credit hours = 34 or 35, depending on specialty track chosen. Every student must complete 19 credit hours of core courses, each of the courses in one (1) of the specialty tracks, and 6 credit hours of internship or thesis.

Learning Goals & Objectives

Learning Goal #1: Degree candidates in the M.S. program in Health and Human Performance will understand exercise and nutrition principles necessary to be competent and effective exercise physiologists.

Students will have the opportunity to:
- 1.1 - Demonstrate principles of exercise and relate them to fitness development.
- 1.2 - Know and apply nutritional principles.
- 1.3 - Know the pathophysiology of common cardiovascular and pulmonary diseases as well as the mechanisms through which commonly used medications work to treat these diseases.

Learning Goal #2: Degree candidates in the M.S. program in Health and Human Performance will safely and effectively assess patient status, evaluate fitness, and prescribe exercise.

Students will have the opportunity to:
- 2.1 - Prescribe safe and effective exercise for a variety of populations, including healthy clients, athletes, and special populations.
- 2.2 - Demonstrate safe and proper use of clinical techniques and protocols to assess a client's fitness and/or clinical status. Create an appropriate sport-specific exercise prescription for an athlete.

Learning Goal #3: Degree candidates in the M.S. program in Health and Human Performance will demonstrate appropriate dispositions in a professional setting.

Students will have the opportunity to:
- 3.1 Exhibit personal attributes of dependability, preparedness, willingness to learn, and responsibility in a professional setting.

Learning Goal #4: Degree candidates in the M.S. program in Health and Human Performance will demonstrate information literacy and critical thinking skills within their field of study.

Students will have the opportunity to:
- 4.1 - Systematically analyze, evaluate, and critique a published, peer-reviewed article identifying threats to validity and weaknesses in methodology, as well as evaluating the appropriateness of statistical analysis used to derive conclusions.
- 4.2 - Design a quantitative research study related to their field of study with appropriate consideration given to ethical issues and appropriate controls for threats to validity.
- 4.3 - Use peer-reviewed journals and other reputable sources to develop an epidemiological argument as to whether a cause-and-effect relationship exists between a potential risk factor and a disease or other health outcome.

Courses

In addition to the courses listed below, courses for this program with the Allied Health (ALH) prefix can be found on the Professional Studies page (p. 121).

HHP 506 Epidemiology  1-2 Credits
The study of the distribution and determinants of health related states or events in a population and applications to control specific health problems. Emphasis will be placed on discussing evidence for the role of lifestyle choices in determining long-term health and chronic disease risk.

Offered: every fall, online only.

HHP 521 Exercise Testing  3 Credits
Didactic instruction and practical training will be used to educate students in the various methodologies used to assess adult health and fitness. Practical experiences include the assessment of cardiovascular risk, coronary artery disease risk stratification, body composition assessment, functional capacity assessment and muscular fitness assessment.

Offered: every spring.

HHP 565 Electrocardiography and Clinical Stress Testing  4 Credits
This course is designed to present the theoretical principles of electrocardiography. Topics include a review of cardiac physiology including the normal sequence of cardiac muscle depolarization and repolarization, determination of heart rate and rhythm, electrical axis and the diagnosis of cardiac rhythm in 12-lead ECG. Special emphasis will be placed on myocardial ischemia, myocardial infarction, treatment and clinical evaluation. Pharmacological interventions and the impact of the ECG, as well as exercise will be discussed. There will also be a laboratory component in which students will gain hands-on practical experience in ECG electrode placement and clinical stress testing, culminating in a practical exam in which students are expected to run an ECG stress test.

Offered: every spring.

HHP 583 Advanced Movement Analysis  3 Credits
In this course, students will learn how to perform functional movement screens to evaluate movement patterns. Students will also learn how to interpret and analyze movement patterns to identify muscular weaknesses/imbalances as well as areas where flexibility limits proper execution of a movement. Finally, students will learn to customize an exercise/stretching routine to address the limitations of the athlete to both improve their athletic performance and reduce the risk of injury.

Prerequisite: ALH 582.

Offered: every spring.

HHP 603 Internship I  3 Credits
A supervised part-time internship in clinical and non-clinical exercise programs or in clinical exercise testing laboratories. Includes clinical exercise testing, exercise prescription and/or exercise leadership experiences. Requires students to complete a minimum of 120 hours.

Prerequisite: permission of program director & associate dean.

Offered: fall, spring & summer.

HHP 604 Internship II  3 Credits
Continues HHP 603.

Prerequisite: HHP 603 & permission of program director.

Offered: fall, spring & summer.

Respiratory Care

Program Director: Arthur Taft, PhD, RRT, FAARC;

Faculty: Claire Aloian, MS, RRT; Khalid Bibi, PhD, EP-C; Timothy Buckley, MS, RRT; Patrick Gannon, PharmD; Margaret Garfoot, MS, RD, CDN; Garry Ladd, DHSc, EP-C; Marie Larcara, EdD; Ray Mueller, MS; John Rutkowski, MPA, MBA, RRT, FACHE, FAARC; Kenneth Wyka, MS, RRT, AE-C, FAARC.

Degree: Master of Science
Introduction

The online Master of Science degree program in Respiratory Care (MSRC) is designed for Registered Respiratory Therapists looking to strengthen their career and become an expert in the field.

The MSRC program is offered in a fully online format, structured to fit the busy lifestyle of working students. The 33 credit hour master’s program may be completed in as little as 1 year with full-time study. The MSRC consists of 5 core courses and 6 specialty track courses. The program provides students with the opportunity to select one of the specialty areas below:

- Respiratory Therapeutics
- Respiratory Care Education

Students in the online Master's Degree in Respiratory Care program can expect to prepare for clinical practice, undergo leadership training in management, supervision, education and research, develop skills to formulate appropriate questions, organize and test hypotheses, and apply research results to practice, among other acquired skills. More information can be found at the Respiratory Care program’s website (https://www.canisius.edu/academics/programs/respiratory-care/).

Admission

Applications are processed on a rolling basis and are considered as they are received for each term. We recommend submitting all materials required for admission at least 30 days prior to the start of the term you wish to begin. Earlier application will ensure the best scheduling options, as some course sections may become unavailable. Terms are eight weeks in length, and students may start in the fall, spring, or summer semesters. The online application can be submitted with no application fee.

To qualify for admission, all students must:

- Complete the graduate admissions application.
- Submit one (1) official undergraduate transcript showing completion of a baccalaureate degree from an accredited institution of higher learning with a minimum GPA of 2.70.
- Submit two (2) letters of recommendation.
- Submit a current resume.
- Provide evidence of current licensure as a Registered Respiratory Therapist.
- Provide a statement of purpose of approximately 500 words explaining your motivation for pursuing the MS in Respiratory Care. The statement may be submitted in the essay section of the graduate application.

Transfer credit: Previous graduate level transfer credits will be assessed on a case-by-case basis.

Learning Goals & Objectives

Learning Goal 1
Candidates in the Respiratory Care program will demonstrate content knowledge and professional knowledge necessary for successful advanced performance in respiratory therapy.

Students will:
- Assess and evaluate patient’s cardiopulmonary status, to provide appropriate care by applying patient care protocols, and to evaluate the medical and cost-effectiveness of their care.

Learning Goal 2
Students will:
- Develop a better understanding of therapeutic techniques, medications, and medical devices to evaluate and treat patients with increasingly complex cardiopulmonary disorders.
- Develop clinical knowledge to become specialists in the areas of critical care, pulmonary function technology and cardiopulmonary diagnostics, polysomnography, and other clinical areas, as needed.

Learning Goal 3
Candidates in the Respiratory Care program will demonstrate willingness to use their advanced skills to benefit and serve patients who utilize respiratory therapy services while maintaining an environment that offers a commitment to social justice with respect and dignity to all.

Students will:
- Model and promote dignity and respect to all patients while administering appropriate care and assistance in respiratory care.

Learning Goal 4
Candidates in the Respiratory Care program will continuously assess and refine their professional practice as they build a large collection of research-based knowledge, skills, and attitudes for ensuring professionalism throughout their professional career as respiratory therapists.

Students will:
- Demonstrate professional educational knowledge necessary to teach at college and university based respiratory care educational programs.
- Demonstrate ability to formulate appropriate questions, organize and test hypotheses, and apply research results to the practice of respiratory care.
- Act with integrity and fairness to ensure a professional system of accountability for every student’s academic and social success and will model principles of self-awareness, reflective practice, transparency, and ethical behavior.

Learning Goal 5
Candidates in the Respiratory Care program will become effective leaders in their field by developing confidence in their own decision-making with respect to their patients, the community and their peers.

Students will:
- Demonstrate critical thinking, decision-making, and competence to perform newly expected responsibilities.
- Demonstrate leadership in the areas of management, supervision, education and research.
- Demonstrate ability to plan, develop, and deliver high quality, cost-effective health care services.

Courses

In addition to the courses listed below, courses for this program with the Allied Health (ALH) prefix can be found on the Professional Studies page (p. 121).

RES 512 Pulmonary Function Testing
- A study of pulmonary diagnostic techniques, with an emphasis on pulmonary function testing and interpretation.
- Offered: every spring, online only.

RES 522 Adult Learning Theory
- The concept of lifelong learning has become an increasing reality as adults continually engage in learning activities, whether through their employer, institutions of higher education, or self-directed study. This course will examine the social and psychological aspects of adult development and learning, including the various motivations of adult learners. Students will also learn various methods of training and development, as well as specific instructional practices.
- Offered: every spring, online only.

RES 612 Advanced Cardiopulmonary Monitoring
- This course is an overview of invasive and noninvasive cardiopulmonary monitoring, emphasizing theory of operation and techniques. Topics include physiologic principles of hemodynamic monitoring, pulmonary artery catheter use, respiratory gas monitoring, noninvasive and minimally-invasive hemodynamic monitoring, clinical applications of hemodynamic and respiratory gas monitoring, work of breathing determinations, and respiratory muscle strength.
- Prerequisites: ALH 602 and ALH 621.
- Offered: every fall, online only.

RES 615 Advanced Topics in Ventilatory Support
- Advanced study in methods of mechanical ventilatory support. Patient assessment by advanced monitoring is stressed, with attention to patient ventilator interactions, optimization of ventilatory support, and weaning of marginal patients. New ventilation technology and modes of support are discussed.
- Prerequisite: ALH 602 and 621
- Offered: every spring, online only.

RES 618 Pulmonary and Cardiac Rehabilitation
- This course explores pulmonary/cardiac rehabilitation clinics and combines exercise training with behavioral and educational programs designed to help patients with COPD and cardiac issues control symptoms and improve day-to-day activities. We will look at the team approach—patients work closely with their doctors; nurses; respiratory, physical, and occupational therapists; psychologists, exercise specialists; and dietitians. We will also explore the differences between cardiac and pulmonary rehabilitation.
- Offered: every spring, online only.

Sport Administration (MS)

Sport Administration On campus and Online

Program Director: Shawn O’Rourke
Faculty: Nicolas Lorgnier
Degree: Master of Science

Introduction
The master’s degree program in sport administration provides graduate candidates with the skills needed to effectively manage a wide range of sport-related enterprises including intercollegiate athletics, amateur and professional sports, sport-marketing firms, special-event management, and facility management. It is designed for students who are currently in or plan to enter professional staff and management positions in the public and private sectors.

The sport administration program also includes a business management core of courses in accounting, economics, statistics and management offered in the AACSB-accredited M.B.A. program of the Richard J. Wehle School of Business. More information can be found at the program website (https://www.canisius.edu/academics/programs/sport-administration/).

Admission
Applicants must meet the general requirements for admission to graduate work in education. In addition, applicants must submit two letters of reference, a resume and a written essay describing their background in sport activities and career goals.

Learning Goals & Objectives

Learning Goal 1 (Knowledge-Observed in Writing)
Candidates in the GR Sport Management programs will demonstrate content and professional knowledge necessary for successful performance in their field.

Students will:
- Demonstrate an understanding of the common principles of sport management; sport leadership; sport operations management; event and venue management; and sport governance.
- Demonstrate an understanding of the principles of finance, and the economics of sport as they fit into national and international economies.

Learning Goal 2 (Knowledge – Observed Skills and Dispositions)
Candidates in the GR Sport Management programs will demonstrate professional skills and dispositions necessary for successful performance in their field.

Students will:
- Demonstrate the ability to communicate with various public and professional audiences through written texts, oral discussions, and multimedia presentations.
- Demonstrate skill in the application of the basic principles of interpersonal and mass communications through interaction with internal and external sport publics.
- Demonstrate essential management and business related skills in the workplace.
- Demonstrate skillful operation of technology and assessment related tools that may be applied to various sport management settings.

Learning Goal 3 (Service)
Candidates in the GR Sport Management programs will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Students will:
- Demonstrate understanding of the critical social, psychological, and philosophical base issues of the sport environment.
- Demonstrate understanding of moral and ethical implications of sport policy and strategies.
Learning Goal 4 (Professionalism)
Candidates in the GR Sport Management program will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Students will:
- Learn to approach challenging, probing questions and seek thorough, well-rounded answers.
- Act with integrity and fairness to ensure a professional system of accountability for every student’s academic and social success and will model principles of self-awareness, reflective practice, transparency, and ethical behavior.

Learning Goal 5 (Leadership)
Candidates in the graduate Sport Management programs will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and wider community.

Students will:
- Demonstrate the ability to assume leadership roles in various professional settings and work effectively with diverse groups and organizations seeking to improve the performance of those they lead.
- Understand and can anticipate and assess emerging trends and initiatives in the sport environment.

Courses

**MSA 520 Leadership in Sport** 3 Credits
This course will examine the concepts relating to efficient management and leadership of the sport industry. Emphasis will be placed on principles and techniques of management relating to programs, facilities, special events and personnel.

**MSA 530 Managing Sport Facilities** 3 Credits
This course is designed to provide learning experiences in the administrative tasks of planning, managing, and operating various types of athletic facilities. Financial, legal, and safety issues relevant to operating facilities will be examined. In addition, management principles and concepts as they affect program selection and scheduling of sport and fitness facilities will also be examined.

**MSA 550 Strategic Sport Marketing** 3 Credits
A study of marketing concepts with application to sport organizations. Topics include promotions and public relations, sport consumer behavior, strategic market planning, marketing information management, marketing communications, branding and sponsorship sales.

**MSA 560 Moral and Ethics in Sport** 3 Credits
This course helps students establish a fundamental philosophy for sport in their personal and professional life. The course addresses the decision to be involved in sports in a professional capacity, the decisions that drive actions and decision-making in professional life and the formulation of a personal ethical code.

**MSA 565 Sport Communication** 3 Credits
A study of basic knowledge and understanding of media relations in sport. Emphasis on building and managing an effective media relations program at the intercollegiate and professional levels. Examines news releases, hometown features, contest management, press conferences, statistics and publications.

**MSA 599 Independent Study** 1-3 Credits
Independent studies require an application and approval by associate dean. 
Prerequisite: permission of the instructor, department chair, & associate dean.

**MSA 611 Risk Management and Contract Negotiation** 3 Credits
This course is directed at understanding basic legal concepts in the sport setting. As a practical matter, the course will aid the student in recognizing how these legal concepts can be applied in the administration and management of sport programs, facilities and personnel.

**MSA 613 Organizational Behaviors** 3 Credits
Presents existing research, theories and models explaining how individual and group behavior and processes shape the internal dynamics of organizations. Provides the foundation to understand contemporary debates concerning alternative organizational designs and management practices.

**MSA 621 Rule Compliance Intercollegiate Athletics** 3 Credits
This course will provide an overview of the NCAA’s governance structure and legislative process, as well as the role of on-campus athletics compliance officers. Using case studies from the NCAA’s major and secondary infractions database, students will examine each of the NCAA’s operating bylaws: amateurism, recruiting, eligibility, financial aid, awards and benefits and playing and practice seasons. Students will learn how rules violations are investigated, reported and processed (and maybe even avoided), and how the role of the NCAA’s enforcement staff and infractions committee impacts rules compliance in intercollegiate athletics.

**MSA 631 Intercollegiate Athletics** 3 Credits
An introduction to the management of intercollegiate athletics and a review of the organizational structure of the intercollegiate athletic department, conferences and the NCAA. Analysis of prevailing issues in college athletics including financial trends, academic recruiting, legislation, conference realignment, reform and Title IX/gender equity.

**MSA 641 Professional Sport** 3 Credits
This course is aimed at providing an overview of professional sports and their leagues, including organizational structure and the associated job market. The emphasis will be placed on sports outside of the four major leagues, such as the PGA, WNBA, LPGA, and NASCAR.

**MSA 650 Special Events** 3 Credits
Overview of all elements involved in sport event management. Key components of the course include practical application at actual events and interaction with industry experts, as well as creation and implementation of a major class event to benefit a local charity. A strong emphasis is placed on coursework outside of the classroom environment.

**MSA 660 Sport Finance and Business** 3 Credits
An overview of general business economics and financial principles. Topics include private and public sector funding, economic impact analysis, sponsorship, partnerships and fundraising related to sport and sport organizations.

**MSA 661 Guest Service Professional** 3 Credits
This course provides guidelines and best practices for providing excellent customer service that will enable frontline associates and service staff in back-up and support roles to build, maintain, and increase a loyal customer base in professional sport.

**MSA 670 Globalization of Sport** 3 Credits
This course is an interdisciplinary examination of sport as a global phenomenon. Historical, cultural, political, economic, management and governance perspectives will be considered. Focus will be given to international football and sport leagues and teams, the globalization of sport, market dynamics, and social impact.
Curriculum and career goals.

MSA 798 Internship in Sport Administration 3 Credits
Individually structured work-related independent research guided by a faculty/staff member. The goal is to integrate student’s academic experience with that of the workplace. Research report required.

MSA 799 Internship in Sport Administration 1-6 Credits
Individually structured work-related independent research guided by a faculty/staff member. The goal is to integrate student’s academic experience with that of the workplace. Research report required.

Prerequisites: completion of all other required courses and the signature and approval of program director.

MSA 899 Practica for International Students 0 Credits
Allows the international student to learn and gain experience in the workings of a sport and/or entertainment organization in the United States.

Sport Product Development (MS)

Beginning in Fall 2018, we will begin offering an online MS in Sport Product Development. Dr. Shawn O’Rourke, Chair of Kinesiology, is the Program Director and can provide additional information.

The sports industry generates approximately $400 billion in revenue annually. Industry statistics show that U.S. sporting equipment sales at retail sporting goods stores are roughly $60 billion yearly. Sporting goods attract a wide range of consumers and requires a variety of marketing and distribution strategies. Consider a degree in Sport Product Development for a range of career opportunities in the fields of sports, entertainment, arts and recreation.

Program Description

The Sport Product Development program emphasizes the development and management of the sporting goods industry providing the equipment needs in six different areas: competitive team sports, extreme sports, fitness, individual sports, indoor games, and outdoor recreation sports.

The online MS in Sport Product Development program is 33 credit hours (nine courses, plus six-credit internship). After completing the six core courses, you can choose to focus on either product design or retail management. You will gain knowledge for positions in the sport product industry such as product line management, product development, merchandising, innovation and materials management, and retail, brand, or factory management.

Admission

Applicants must meet the general requirements for admission to graduate work in education. In addition, applicants must submit two letters of reference, a resume and a written essay describing their background in sport activities and career goals.

1 Students must choose one elective from the following list: SPD 606, SPD 607, SPD 608, or SPD 612

Learning Goals & Objectives

Learning Goal 1: Knowledge-Observed in Writing
Candidates in the GR Sport Product Development program will demonstrate content and professional knowledge necessary for successful performance in their field.

Students will:

- Objective A: Demonstrate an understanding of the common principles of sport management; sport leadership; sport operations management; event and venue management; and sport governance.
- Objective B: Demonstrate an understanding of the principles of finance, and the economics of sport as they fit into national and international economies.

Learning Goal 2: Knowledge – Observed Skills and Dispositions
Candidates in the GR Sport Product Development program will demonstrate professional skills and dispositions necessary for successful performance in their field.

Students will:

- Objective A: Demonstrate the ability to communicate with various public and professional audiences through written texts, oral discussions, and multi-media presentations.
- Objective B: Demonstrate skill in the application of the basic principles of interpersonal and mass communications through interaction with internal and external sport publics.
- Objective C: Demonstrate essential management and business related skills in the work place.
- Objective D: Demonstrate skillful operation of technology and assessment related tools that may be applied to various sport management settings.
Learning Goal 3: Service
Candidates in the GR Sport Product Development program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

Students will:
• Objective A: Understand the critical social, psychological, and philosophical base issues of the sport environment.
• Objective B: Understand moral and ethical implications of sport policy and strategies.

Learning Goal 4: Professionalism
Candidates in the GR Sport Product Development program will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

Students will:
• Objective A: Learn to ask challenging, probing questions and seek thorough, well-rounded answers.
• Objective B: Act with integrity and fairness to ensure a professional system of accountability for every student’s academic and social success and will model principles of self-awareness, reflective practice, transparency, and ethical behavior.

Learning Goal 5: Leadership
Candidates in the GR Sport Product Development program will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and wider community.

Students will:
• Objective A: Demonstrate the ability to assume leadership roles in various professional settings and work effectively with diverse groups and organizations seeking to improve the performance of those they lead.
• Objective B: Understand and can anticipate and assess emerging trends and initiatives in the sport environment.

Courses

**SPD 500 Sport Product** 3 Credits
Strategic understanding of the athlete and consumer insights that drive new markets globally and the tactical process of creating sport products including innovation, design, development, merchandising, testing, commercialization, costing and manufacturing. The course includes go-to-market approaches including pricing, discounting, marketing, allocations, sales and retailing.
Restriction: Sport Product Development majors only.
Offered: fall.

**SPD 501 Entrepreneurship & New Venture Planning** 3 Credits
Student and student teams engage in customer discovery and brand strategy along with an assessment of innovative market opportunities and business requirements for the product creation process. Students should develop the requirements and insights to build a solid Brand Strategy.
Restriction: Sport Product Development majors only.
Offered: fall.

**SPD 502 Sport Marketing Research** 3 Credits
The focus is on global sport marketing research and consumer insight. Market research tools include research design, measurement, experimental and non-experimental techniques, analysis and interpretation of data and reporting research results. A major focus of the course will be on consumer insight as part of your brand strategy. Sport Product Development majors only.
Offered: fall.

**SPD 505 Managing Global Sport Industry** 3 Credits
To prepare managers to work effectively with people and companies from highly divergent cultural backgrounds to succeed in an increasingly competitive global sport industry. The course will examine how basic organization and management processes can differ across borders, as well as various management strategies for accommodating these differences. Emphasis is also given to developing the global management skills necessary to succeed in the new global economy. Sport Product Development majors only.
Offered: fall.

**SPD 506 Sport Product Branding** 3 Credits
With an emphasis on sports product brands, this course is designed to explore company branding strategies, how customer insight drives sources of differentiation that drive brand attributes, positioning and brand name, various methods of creating a brand name, how a brand fits into product line strategy, price-performance position and value creation, and competitor analysis and brand positioning. The end of course deliverable will be a brand strategy brief. Sport Product Development majors only.
Offered: spring.

**SPD 507 Sport Product Design** 3 Credits
Focuses on designing products with an athlete and consumer focused product brief. The course will include learning about materials, sustainability specifications, as well as how to make a prototype. The main goal of this course is for you to design and the production methods for any sports product. Sport Product Development majors only.
Offered: spring.

**SPD 508 Digital Products & Services** 3 Credits
This course will focus on digital strategies used in the sports product industry as well as learn about digital strategies used outside the sports product industry along with emerging digital platforms and strategies. Sport Product Development majors only.
Offered: spring.

**SPD 509 Integrated Retail/Merchandise** 3 Credits
Learn about merchandising, pricing, discounting, allocations, retail management, consumer shopping behavior as well as store layout and retail sales. Sport Product Development majors only.
Offered: fall.

**SPD 610 Sport Product Logistics and Supply Chain** 3 Credits
Strategic and tactical issues pertaining to the distribution and delivery of sport products and services. Methodologies and systems for designing, tracking, and managing the complex global sport operations. This course also cover global sourcing strategies and the global supply chain used by the sport product companies including the history of sourcing in Asia and the importance of managing sustainability in this process. Sport Product Development majors only.
Offered: fall.
Student Affairs

Our Mission

The division of Student Affairs at Canisius College intentionally cultivates an environment where students are expected to be attentive to their experiences, reflect upon the meaning of those experiences, and develop a lifelong habit of discernment in order to encourage purposeful action.

Our Values

The values of the Student Affairs division at Canisius College are consistent with those stated in the College’s Strategic Plan, and we emphasize the following values:

- Diversity and inclusivity
- Care and respect for every person
- Spiritual development
- Healthy lifestyle
- Teamwork
- Collegiality
- Kindness
- Humor

The vice president for student affairs determines all student affairs policies and procedures for the college, subject to the approval of the president.

Assistant to students is provided by the following offices within the division of student affairs:

- ALANA (African American, Latino/a, Native American, Asian American) Student Center (p. 135)
- Athletics — Division I Intercollegiate (p. 135)
- Campus Ministry (p. 136)
- Counseling Center (p. 136)
- The Griff Center for Academic Engagement (p. 136)
- International Student Programs (p. 137)
- Public Safety (p. 137)
- Student Health Center (p. 137)
- Study Abroad Programs (p. 138)

Student Life

- Student Involvement (p. 138)
- Club Sports and Intramurals (p. 139)
- New Student Orientation (p. 139)
- Office of Event Services (p. 139)
- Housing (p. 139)

ALANA Student Center

(ALANA = African American, Latino/a American, Asian American, Native American students) A genuine, pluralistic campus fosters respect, equality and understanding of a mosaic of cultural heritages. Such a campus recognizes the interdependence of cross-cultural student communities and the integrity of each individual. The college aims for all individuals to feel a sense of inclusion in the college’s mission and activities, particularly those who have been historically marginalized in America primarily due to the color of their skin.

The ALANA Student Center (https://www.canisius.edu/student-experience/student-support-services/alana-student-center/) assists the college in providing services for ALANA students while educating the entire student population about ALANA cultural patterns and trends in higher education. The staff assists students concerning racial perspectives, self-concept issues and participatory involvement within the framework of the campus.

Although primarily co-curricular focused, the ALANA Student Center also serves students as a referral and support unit with respect to other collegiate matters. The Center provides a place for students to share and discuss cross-cultural experiences and to interpret those experiences.

By way of this service, and other support services campus-wide, Canisius College provides students with tools essential for their success in school and in the greater community.

Athletics

Canisius College conducts an extensive NCAA Division I athletics program for both men and women and is a member of the MAAC Conference and the Atlantic Hockey Conference.

Men’s Sports

- Baseball
- Basketball
- Cross-country/indoor/outdoor track
- Golf
- Ice hockey
- Lacrosse
- Soccer
- Swimming and diving

Women’s Sports

- Basketball
- Cross-country/indoor/outdoor track
- Lacrosse
The Griff Center assists students in their academic and professional development and provides them with the support and assistance they need to become successful lifelong learners.

Strengths
The Griff Center uses StrengthsFinder to assist students in identifying and optimizing their strengths and applying them to all aspects of their lives. StrengthsFinder is used by hundreds of colleges and universities throughout the United States and it has been determined that students who are aware of their strengths are more likely to stay in college, earn higher GPA’s, and find success securing internships and jobs.

A student’s Strengths experience begins by taking the StrengthsFinder online assessment, which takes 20-30 minutes to complete. The top 5 talent themes are identified and this is the first step towards developing natural talents into strengths. The Griff Center helps guide students through the different themes, helps the student develop ways to incorporate their strengths into their daily life, and build upon them as they explore academic and career goals. Stop by the Griff Center to make an appointment to learn more about this great opportunity.

Tutoring Services (OM 315)
Tutoring services are available for all Canisius students and provide a variety of opportunities for them to achieve their own academic success. Group tutoring sessions allow students to receive academic assistance from peer and adjunct professor tutors. Tutors are available in the majority of academic disciplines and employ various academic strategies to help address individual student needs.

Study Zone (OM 318)
Open to all Canisius students, Study Zone provides students with an opportunity to focus on academic work in a quiet environment conveniently located near Tutoring Services where additional assistance may be sought.

Academic Mentor Program (OM 317)
This program presents students with an opportunity to meet one-on-one with an academic mentor on a regular basis to assist with better time management, prioritization of responsibilities, study skills, and assistance needed to achieve academic success.

Accessibility Support (OM 317)
Committed to creating equal access for all Canisius students with disabilities, Accessibility Support helps meet individual needs and oversees the administration of reasonable accommodations and proctoring exams. Academic and non-academic accommodations are determined on a case-by-case/course-by-course basis after review of a student’s official documentation.

Proctor Site (OM 317)
The Proctor Site assists in proctoring make-up exams for the campus community. Students must determine the feasibility of a make-up exam with their professor prior to making arrangements with the proctor site.

Veterans Support (OM 320)
The Griff Center provides an environment that helps student-veterans achieve their academic and personal goals. Our staff is committed to creating a supportive and friendly atmosphere where students feel comfortable seeking assistance concerning both academic and non-academic issues. In addition, there is a lounge designated for student-veterans where they may study and relax between classes.
Career Planning and Services: EXPLORE – EXPERIENCE – ENGAGE (OM 013)

The Griff Center is here to help students and alumni develop career plans and gain the professional skills needed in today’s competitive job market.

Career development begins on day one at Canisius! The Griff Center has developed a three-point career action plan designed to help students and alumni:

- EXPLORE • Learn about their strengths and interests and how they relate to majors and careers
- EXPERIENCE • Gain experience through internships, service, and research
- ENGAGE • Network with alumni and employers to launch their career

The Griff Center provides personalized, services and programs to meet the complete career development needs of Canisius students and alumni. The Griff Center offers: Career coaching; Assistance with locating internship and job opportunities; Resume and cover letter review; Video mock interviews; On-Campus Interviews with local and national organizations; On-and Off-Campus recruiting events and professional development opportunities as well as engage in career programs and events.

Handshake

The Griff Center is excited to provide students and alumni with free access to Handshake, a exclusive platform for Canisius students and alumni to search for full-time, part-time, volunteer, and internship opportunities as well as engage in career programs and events. Handshake also has online resources for students’ professional development.

International Student Programs

Whether you are an international student who will study on an F-1 student visa, a visiting student who will be studying abroad for one semester, or an incoming student who did not grow up in the United States, the Office of International Student Programs (https://www.canisius.edu/global-education/international-student-programs/) is here to support you. The Office of International Student Programs (ISP) at Canisius College supports the needs and development of the global student community through advisement and cultural support, in order to assist them in achieving their academic, personal, and professional goals. Other services for international students include an extensive orientation for new students, assistance understanding immigration regulations and workshops on practical training benefits. Global Horizons, a student organization for American and international students, plans additional activities to promote cultural awareness on campus. An example of this is Global Fest, an annual event celebrating different cultures through food tasting, music, performances and crafts from around the world! International students are required to complete an online semester SEVIS registration form at the start of each semester. This form ensures that ISP properly registers them for the semester in the SEVIS (Student Exchange and Visitor Information System). All international students studying on an F-1 or J-1 visa are required by the college to purchase a health insurance plan offered by Canisius College. This plan is designed and written specifically for the health care needs of international students studying in the United States. Information about the required health insurance plan is available in the Office of International Student Programs.

Public Safety

The Department of Public Safety, located in the basement of the Bosch Residence Hall, is open 24 hours a day, providing around the clock protection and services to the campus community. The department was established to protect the educational environment of Canisius College, keeping the environment free from the threat of physical harm, property damage and disruptive activity. Departmental objectives include aiding in the enforcement of federal, state and local laws; preventing crime; regulating non-criminal conduct and preserving the peace. Uniformed Public Safety Officers, all of whom are sworn peace officers, are on duty 24 hours a day, seven days a week, 365 days a year. Their primary responsibilities include patrolling the campus area on foot, on bicycles and in vehicles; security services; emergency response; and requests for assistance involving members of the campus community.

Public Safety also provides a variety of support services that are tailored to meet the needs of the campus community. These services include conducting crime prevention and personal safety programs, dispatching the campus shuttle system, providing Canisius ID cards, and providing assistance to campus motorists experiencing minor mechanical problems.

For a comprehensive summary of the activities and services provided by Public Safety, visit the Department of Public Safety website (https://www.canisius.edu/student-experience/student-support-services/public-safety/).

Crime Statistics

Canisius College complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act by providing available information on campus security and personal safety. This information includes crime prevention, public safety, law-enforcement authority, crime reporting policies, disciplinary procedures and other important matters regarding campus security. Statistics are available from the three previous calendar years on reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Canisius College, and on public property within or immediately adjacent to and accessible from the campus. Upon request, the Canisius College Advisory Committee on Campus Safety will provide all campus crime statistics as reported to the United States Department of Education. This information is available on the Public Safety website (https://www.canisius.edu/student-experience/student-support-services/public-safety/). A printed copy may be obtained by calling the office of student affairs at 716-888-2130.

Student Health Center

The Student Health Center (https://www.canisius.edu/student-experience/student-support-services/student-health/) staff strives to provide high-quality care that is easy to access, individualized and designed to treat common sicknesses and injuries that slow down healthy college students. Staffed by doctors, a nurse practitioner and registered nurses, each visit offers an opportunity to feel better and to learn to optimize good health for success in college and beyond.

Appointments are not required but strongly encouraged. Students can schedule an appointment at myCanisiusHealth, by phone or by walking in to Student Health.

MyCanisiusHealth is a web based confidential health portal which allows students 24/7 access to schedule a Health Center appointment, locate health information and health care resources both on and off campus and receive confidential messages from Student Health medical staff. A link to myCanisiusHealth is located on the student portal page, under student services.

When Student Health is closed, students can visit one of the urgent care centers in Western New York. A list of those centers is located on
Health Insurance

Canisius College recommends all students have health insurance to ease the fiscal burden associated with sickness or injury. Students needing health insurance, who are US citizens, should visit www.healthcare.gov (http://www.healthcare.gov/).

International students, studying on a F1 Visa, are required to purchase the international health insurance plan designed specifically for them. Information about the international student plan can be found at the Student Health Center web site.

Accident Insurance

All full time undergraduates and full time graduate students are covered under a college sponsored accident plan. This plan works with a student’s own health insurance to help cover some of the costs associated with an accidental injury. This plan also provide an accidental death benefit. Information about the student accident injury plan can be found at the Student Health Center web site.

Immunization Requirements for Class Attendance

Measles, Mumps, Rubella

New York State law requires all students taking six or more credits, attending any classes on campus, and born on or after January 1, 1957 to provide proof of immunity against measles, mumps and rubella to the Student Health Center prior to class attendance. Students must submit proof of two doses of measles (rubeola) vaccine, one dose of rubella (German measles) vaccine and one dose of mumps vaccine, given on or after their first birthday and after 1967.

Meningitis Requirement

All students registered for 6 or more credits and attending class on campus, regardless of birth date, are required to receive information about the risk of meningococcal disease and the benefit of vaccination. Students are required to read the information and either obtain the meningitis vaccine or sign a vaccine refusal statement within thirty days of first class attendance.

Submission Dates and Non-Compliance

Immunization records, must be submitted by July 31 for fall attendance and January 1 for spring attendance. Summer students must submit records before their first day of class. Non-compliance with health requirements results in registration withdrawal, removal from college housing, and inability to register with the college for future semesters. If registration is withdrawn, a student will be reinstated once the health forms are submitted and deemed complete. Canisius College charges an immunization reinstatement fee. To view the fee click here https://www.canisius.edu/tuition-aid/student-records-and-financial-services/cost-attendance (https://www.canisius.edu/tuition-aid/student-records-and-financial-services/cost-attendance). Compliance with New York State health requirements is strictly enforced across the campus.

Students taking online courses only are generally exempt from these requirements, however some online programs have established stricter immunization requirements. On line students should discuss health requirements with Admissions or their program directors.

The Student Health Center website (https://www.canisius.edu/student-experience/student-support-services/student-health/) provides detailed information about health requirements and links to the required forms.

Study Abroad Programs

Canisius College students who study abroad say it is a life-changing experience which significantly expands their personal and professional horizons. The college offers diverse study abroad opportunities in 13 countries and 21 cities. While several Canisius majors require an international experience, students of all majors should consider study abroad.

Students who study abroad:

- Get jobs. They acquire marketable skills which are sought by potential employers in this global economy. According to an article in the Huffington Post, four out of five business leaders say that if similar candidates were before them and one had study abroad experience and one didn’t, they’d almost always hire the one with study abroad experience.
- Become more fluent in a foreign language when they immerse themselves in the culture and live among native speakers (however, some locations have no language requirement).
- Develop valuable life skills such as independence, flexibility, cross-cultural awareness/communication and problem-solving.
- Enhance their knowledge of global relations and deepen their knowledge of cultural and societal differences.
- Travel and meet new people and gain confidence.

Additional information about Study Abroad and other international experiences is available at the Global Opportunities website (https://www.canisius.edu/global-education/).

Student Life (Student Involvement)

Campus Programming encourages and promotes involvement and enhances student learning through co-curricular programming opportunities. To help achieve this mission, Campus Programming allows students the opportunity to get involved on campus. Students may choose from a variety of clubs and organizations (https://www.canisius.edu/student-experience/student-life-and-housing/student-involvement/clubs-and-organizations/), including the Undergraduate Student Association (USA) (https://www.canisius.edu/student-experience/student-affairs/student-life-and-housing/student-involvement/undergraduate/) which is comprised of the entire student body and is represented by an elected group, the Student Senate. The purpose of the Senate is to assist, finance and integrate all student organizations and to represent the views of the student body to the college administration. The Commuter Student Association (CSA) (https://www.canisius.edu/student-experience/student-life-and-housing/commuter-students/) represents all of the commuter students, and the Residence Hall Association (RHA) is the student governing body for the resident students at Canisius. Additionally, there are over 90 student clubs and organizations at Canisius. These organizations provide students with an opportunity to explore an academic subject informally yet deeply, gain familiarity with the arts or with differing cultures, provide service to the college or to the community, develop a
wide range of leadership skills, or simply socialize with other students. Various honor societies give recognition to student excellence in numerous areas, and the student-run media on campus, such as the college newspaper (The Griffin) and the campus radio station (WCCG), provide students with opportunities to explore communications media while keeping the college community informed and entertained.

Club Sports and Intramurals
The currently active club sports (https://www.canisius.edu/student-experience/sports-athletic-facilities/club-sports/) are listed below. Additional club sports can be added based on student interest. Club sports are played at a more competitive level than intramurals (https://www.canisius.edu/student-experience/sports-athletic-facilities/intramurals/) and often involve team travel. Students are responsible for additional fees associated with most club sports.

Co-ed club sports
- Bowling
- Cheerleading and Dance
- Field hockey
- IHSA (Equestrian)
- Mixed Martial Arts
- Rifle
- Tennis
- Ultimate Frisbee

Men’s club sports
- Men’s Rugby
- Men’s Soccer
- Men’s Volleyball
- Men’s Ice Hockey
- Men’s Crew

Women’s club sports
- Women’s Soccer
- Women’s Volleyball
- Women’s Rugby

Intramurals
All intramural sports are currently co-ed and provide an opportunity for students to engage recreationally for fun, health, and wellness. Current intramural sports:

- Basketball-open
- Volleyball
- Floor Hockey
- Indoor Soccer
- Outdoor Soccer
- Flag Football
- Dodgeball
- Whiffle ball

New Student Orientation
New Student Orientation is the beginning of the journey for new students that provide a welcoming, informative, and incredibly fun start to their academic careers at Canisius. The program highlights a variety of academic supports and campus resources through informational sessions and activities.

Office of Event Services
Members of the Canisius Community or the public looking to reserve non-classroom space (including athletic facilities) for meetings and events should contact the Office of Event Services. Office staff will assist with room selection, securing appropriate technology, and facilitating connections with Chartwells food service when requested.

Student Life (Housing)
Student Life promotes the personal growth of resident students as they adjust to college life and interact with others in the residence halls and the college community.

Canisius College believes that the experience of living on-campus contributes to the development of a well-rounded individual. Student Life creates an environment where students can live, learn and develop leadership skills, and become men and women for and with others.

There are several housing options available to resident students. Bosch and Frisch halls are traditional residence halls for freshman students. They include double rooms, suites and social lounges with kitchens and lounges on each floor. Dugan Hall, our newest traditional residence hall for sophomore students includes suites and social lounges with kitchens on alternate floors. The Delavan Townhouses, built in 2002, feature one-, two-, three-, four-, and five-person apartments with single-person bedrooms. These apartments also have living rooms, kitchens, bathrooms and air conditioning. The Village Townhouses feature two and five person apartments. These apartments are equipped with some single and double bedrooms, kitchens bathrooms, and air conditioning. Additional information including virtual tours, pictures, floor plans, cost and the application process can be found on the Student Life webpages (https://www.canisius.edu/student-experience/student-life-and-housing/).

Assistant Professor of Finance
BA, John Carroll University
PhD, University of Pittsburgh

Khalid W. Bibi (1991) *
Professor Emeritus of Professional Studies
BS, University of Illinois
MS, Northeastern University
PhD, University of Connecticut

Joseph F. Bieron (1966) *
Professor Emeritus of Chemistry & Biochemistry
BS, MS, Canisius College
PhD, State University of New York at Buffalo

H. James Birx (1969) **
Professor Emeritus Sociology, Anthropology & Criminal Justice
BSEd, MSEd, State University College at Geneseo
AM, PhD, State University of New York at Buffalo

Terrance P. Bisson (1981) *
Professor of Mathematics & Statistics
BA, University of Chicago
MA, PhD, Duke University

George Boger (1987) *
Professor Emeritus of Philosophy
BA, MA, PhD, State University of New York at Buffalo

Donald I. Bosshardt (1987) *
Professor Emeritus of Economics & Finance
BBA, PhD, University of Wisconsin

Michael J. Braunscheidel (1997)
Professor Emeritus of Management
BM, University of Detroit
MBA, Canisius College
PhD, State University of New York at Buffalo

Robyn L. Brouer (2013)
Associate Professor of Management
MS, PhD, University of Central Florida

Debra T. Burhans (2001)
Associate Professor of Computer Science (Bioinformatics)
BS, University of Michigan
MS, PhD, State University of New York at Buffalo

Keith R. Burich (1977) *
Professor Emeritus of History
BA, Ohio Wesleyan University
MA, PhD, University of North Carolina - Chapel Hill

Barbara A. Burns (2001)
Professor of Teacher Education
BA, Molloy College
MEd, PhD, State University of New York at Buffalo

Anita C. Butera (2018)
Assistant Professor of Sociology, Criminal Justice, & Environmental Studies
JD, State University of New York at Buffalo
PhD, American University

Robert J. Butler (1966) **
Professor Emeritus of English
AB, St Michael's College (Vermont)
AM, PhD, University of Notre Dame

Nicki M. Calabrese (2000)
Associate Professor of Teacher Education
BS, State University College at Buffalo
PhD, State University of New York at Buffalo

Jane G. Cary (1995) *
Professor Emerita of Fine Arts
BM, Syracuse University
MM, Eastman School of Music

Thomas J. Caulfield (1969) *
Professor Emeritus of Counselor Education
BS, MSEd, Canisius College
EdD, State University of New York at Buffalo

Steven A. Chandlerbahn (2011)
Associate Professor of Philosophy
BA, The College of William and Mary
PhD, St Louis University

Sai Chidambaram (1973) *
Professor Emeritus of Biology
BS, Madras University
MS, Annamalai University, India
PhD, University of Wisconsin
Raymond J. Clough (1967) *
Professor Emeritus of Modern Languages
AB, College of the Holy Cross
AM, The Catholic University of America
PhD, State University of New York at Buffalo

Hamilton E. Cochran (1985) *
Professor of English
BA, College of St Thomas
PhD, University of Minnesota

Ellen O. Conley (1970) **
Professor Emerita of Physical Education
BS, Slippery Rock State College
MEd, University of Pittsburgh
PhD, State University of New York at Buffalo

Kathleen M. Contrino (2011)
Assistant Professor of Sociology, Criminal Justice, & Environmental Studies
BS, MS, Northeastern University
PhD, JD, University at Buffalo

Sandra P. Cookson (1987) *
Professor Emerita of English
BA, MA, PhD, University of Connecticut

Katie S. Costanzo (2010)
Associate Professor of Biology
BS, State University of New York at Oswego
MS, Illinois State University
PhD, University at Buffalo

David R. Costello (1966) **
Professor Emeritus of History
BA, Notre Dame
MA, PhD, University of Virginia

Jack P. D’Amico (1981) *
Professor Emeritus of English
BA, PhD, State University of New York at Buffalo

Associate Professor of Counseling & Human Services
BS, Washington State University
MS, Portland State University
PhD, University of New Orleans

John S. Dahlberg (1996) *
Professor of Communication Studies
BA, MA, State University College at Fredonia
PhD, State University of New York at Buffalo

Robert R. Davis (1967) **
Professor Emeritus of Accounting
BS, Canisius College
AM, Ohio State University
CPA, State of New York
PhD, State University of New York at Buffalo

Rene A. De La Pedraja (1989) *
Professor of History
BA, University of Houston
MA, PhD, University of Chicago

Betsy M. Dellebovi (1988) *
Associate Professor of Teacher Education
BA, MA, PhD, State University of New York at Buffalo

Daniel F. Dempsey (1977) **
Professor Emeritus of Physics
BS, Canisius College
PhD, University of Notre Dame

Jennifer A. Desiderio (2005)
Associate Professor of English
BA, Marquette University
MA, PhD, The Ohio State University

David D. Devereux (1999) *
Associate Professor of History
BA, University of Western Ontario
MA, Dalhousie University
PhD, University of London

Associate Professor of Teacher Education
BA, University of Notre Dame
MA, EdD, University of San Francisco

Associate Professor of Political Science
BA, Drew University
PhD, Rutgers University

Bruce J. Dierenfield (1986) *
Professor of History
BA, St Olaf College
MA, PhD, University of Virginia

David B. Dietz (1965) **
Professor Emeritus of Classics
AB, Canisius College
AM, PhD, Fordham University

Frank J. Dinan (1965) **
Professor Emeritus of Chemistry & Biochemistry
AB, PhD, State University of New York at Buffalo

Marianne Djuth (1988) *
Professor of Philosophy
BA, Duquesne University
MA, PhD, University of Toronto

James C. Dolan (1971) *
Professor Emeritus of English
AB, AM, Canisius College
PhD, University of Illinois

Michael G. Dolan (1985) *
Professor of Kinesiology
BS, Canisius College
MA, University of North Carolina
ATC, National Athletic Trainers Association

James P. Donnelly (2012)
Professor of Counseling & Human Services
BA, Allegheny College
MA, Claremont Graduate University, PhD, University at Buffalo
Paul M. Dowling (1970) **  
Professor Emeritus of English  
AB, Assumption College  
AM, St Louis University  
PhD, Indiana University  

Alan I. Duchan (1973) *  
Professor Emeritus of Marketing & Information Systems  
BS, Carnegie-Mellon University  
MBA, Case-Western Reserve University  
MA, PhD, University of Wisconsin  

Dennis C. Duhling (1978) *  
Professor Emeritus of Religious Studies & Theology  
AB, College of Wooster (Ohio)  
BD, McCormick Theological Seminary (Chicago)  
MA, Goethe Institute (Germany)  
AM, PhD, University of Chicago  

Martha L. Dunkelman (1997)  
Professor Emerita of Fine Arts  
BA, Wellesley College  
MA, PhD, New York University  

Benjamin J. Dunkle (2001)  
Professor of Digital Media Arts  
BFA, State University of New York at Purchase  
MFA, State University of New York at Buffalo  

Patricia E. Erickson (1998) *  
Professor Emerita of Sociology, Anthropology & Criminal Justice  
BA, State University of New York at Buffalo  
MA, PhD, University of Denver  
JD, State University of New York at Buffalo, College of Law  

Secil E. Ertorer (2017)  
Assistant Professor of Sociology, Criminal Justice, & Environmental Studies  
BA, Hacettepe University  
MA, Hacettepe University  
PhD, University of Western Ontario, Canada  

Richard H. Escobales, Jr. (1973) **  
Professor Emeritus of Mathematics & Statistics  
AB, St Peter's College  
MS, PhD, University of Notre Dame  

Sandra M. Estanek (2002)  
Professor Emerita of Graduate Education & Leadership  
BA, Ohio Dominican College  
MA, Ohio University  
PhD, Union Institute and University  

Paola C. Fajardo Heyward (2010)  
Associate Professor of Political Science  
BA, Universidad Nacional de Colombia  
MA, PhD, State University of New York at Binghamton  

Richard K. Falkenstein (2002) *  
Associate Professor of Fine Arts  
BFA, MA, PhD, State University of New York at Buffalo  

daniel C. Falkowski (1975)  
Professor Emeritus of Economics & Finance  
BA, Kent State University  
PhD, New York University  

Alexander Farkash (1975) *  
Professor Emeritus of Management  
BS, St Louis University  
MS, Columbia University  
PhD, University of Minnesota  

David L. Farrguia (1982) *  
Professor of Counseling & Human Services  
BA, MS, Canisius College  
EdD, Northern Illinois University  

Janet M. Ferguson (1993) *  
Professor Emerita of Teacher Education  
BA, MEd, Salem State College  
EdD, Boston University  

Kristin E. Finn (2001)  
Professor of Teacher Education  
BA, Canisius College  
MA, PhD, State University of New York at Buffalo  

Lynn A. Fish (1993) *  
Professor of Management  
BS, MS, MBA, PhD, State University of New York at Buffalo  

Jane E. Fisher (1989) *  
Associate Professor of English  
BA, Boston University  
MA, PhD, Cornell University  

Johanna M. Fisher (1996) *  
Instructor of Modern Languages, Lit & Cultures  
BS, State University of New York at Buffalo  

Michael J. Forest (2000)  
Associate Professor of Philosophy  
BA, University of Detroit  
MA, PhD, Marquette University  

Robin L. Foster (2018)  
Clinical Instructor of Animal Behavior, Ecology, & Conservation  
BA, Canisius College and Buffalo State College  
MA, Buffalo State College  

S. Catherine Foster (2007)  
Professor Emerita of Communication Studies  
BS, MS, University of Tennessee at Knoxville  
MBA, Lewis University  

Laurence W. Franz (1965) **  
Professor Emeritus of Economics & Finance  
BS, AM, PhD, State University of New York at Buffalo  

Peter J. Galie (1972) *  
Professor Emeritus of Political Science  
BS, AM, Villanova University  
PhD, University of Pittsburgh
Eric L. Gansworth (2001)
Professor of English
BA, MA, State University College at Buffalo

Rev. Joseph Gariolo (1978) *
Professor Emeritus of Modern Languages
BA, Collegio San Jose (Buenos Aires, Argentina)
MA, State University of La Plata (Argentina)
PhD, State University of New York at Buffalo

Edward J. Garrity (1990) *
Professor of Marketing & Information Systems
BA, State University College at Plattsburgh
MBA, PhD, State University of New York at Buffalo

Steven Gattuso (2013)
Executive Director of the Golden Griffin Fund
BA, MBA Canisius College

Michael J. Gent (1978) *
Professor Emeritus of Management
AB, St Mary’s University (Texas)
MS, PhD, Texas Christian University

Guy H. Gessner (1981) *
Associate Professor of Marketing & Information Systems
BS, MBA, PhD, State University of New York at Buffalo

Julie S. Gibert (1990) *
Associate Professor of History
AB, Davidson College
MA, PhD, University of North Carolina

Donald F. Girod (1970) *
Professor Emeritus of Mathematics & Statistics
AB, Carleton College
MA, PhD, University of Rochester

James C. Goldstein (2009)
Associate Professor of Accounting
BS, Binghamton University
MBA, New York University
PhD, Syracuse University

Julieanna M. Golebiewski (2015)
Assistant Professor of Economics & Finance
BA, Canisius College
MA, PhD, Syracuse University

Charles H. Goodsell (2010)
Associate Professor of Psychology
BS, State University of New York at Cortland
MA, University of Alabama in Huntsville
PhD, University of Oklahoma

Marya Grande (2002)
Associate Professor of Teacher Education
BS, State University of New York at Geneseo
MSEd, Canisius College
PhD, State University of New York at Buffalo

Robert J. Grebenok (1996) *
Professor of Biology
BS, PhD, Michigan Technological University

David J. Greenman (1964) *
Professor Emeritus of English
BS, Canisius College
AM, PhD, Indiana University

Timothy M. Gregg (2005)
Associate Professor of Chemistry & Biochemistry
AB, Brown University
PhD, University of Arizona

Jean A. Gregorek (2011)
Associate Professor of English
BA, Ohio State University
MA, The University of York
PhD, Ohio State University

Roberto M. Gregorious (2008)
Associate Professor of Chemistry & Biochemistry
BS, Anteneo de Manila (Philippines)
PhD, University of Massachusetts

Edward J. Gress (1976) *
Professor Emeritus of Accounting
BBA, MBA, American University of Beirut
PhD, University of Arizona

Daniel P. Haeusser (2015)
Assistant Professor of Biology
BS, Juniata College
PhD, Washington University in St Louis

Barbara A. Hanson (1986) *
Professor Emerita of Biology
BS, Stanford University
MS, PhD, University of California at San Diego

Kevin R. Hardwick (1989) *
Associate Professor of Political Science
BA, MA, PhD, State University of New York at Binghamton

Associate Professor of Teacher Education
BS, St Bonaventure University
MEd, University of Hartford
PhD, Boston College

Mark R. Harrington (2018)
Assistant Professor of Graduate Education & Leadership
BA, Emmanuel College
MS, Canisius College
Ed.D, Regis College

Rosanne L. Hartman (2005)
Professor of Communication Studies
BA, MA, PhD, State University of New York at Buffalo

Michael V. Haselswerdt (1974) **
Professor of Political Science
AB, University of California at Davis
AM, PhD, Michigan State University
Devonya N. Havis (2008)
Associate Professor of Philosophy
BA, Williams College
PhD, Boston College

Daniel E. Higgins (2017)
Assistant Professor of Journalism
BA, State University of New York at Potsdam
MFA, Goucher College

Mark Hodin (2001)
Professor of English
BA, Colby College
PhD, University of Wisconsin-Madison

Christy L. Hoffman (2012)
Associate Professor of Animal Behavior, Ecology, & Conservation
BA, College of William and Mary
MA, PhD, The University of Chicago

Elizabeth A. Hogan (1999)
Associate Professor of Biology
BS, Siena College
PhD, State University of New York at Albany

W. J. Howell, JR. (1975) *
Professor Emeritus of Communication Studies
AB, St Lawrence University
MS, PhD, Syracuse University

James G. Huard (1984) *
Professor Emeritus of Mathematics & Statistics
BA, University of Maine (Orono)
MS, Yale University
PhD, Pennsylvania State University

Patricia A. Hutton (1981) *
Professor Emerita of Economics & Finance
BSA, University of Manitoba
PhD, University of Wisconsin

Wilma A. Iggers (1965) *
Professor Emerita of Modern Languages
AB, McMaster University
AM, PhD, University of Chicago

Barbara J. Irwin (1991) *
Professor of Communication Studies
BA, MA, PhD, State University of New York at Buffalo

Genevieve L. James (1985) *
Professor Emerita of Modern Languages
Licentiate in Law, Diploma in Chinese, University of Paris
MA, PhD, State University of New York at Buffalo

Rev. Daniel J. Jamros, SJ (1985) *
Professor of Religious Studies & Theology
BA, Holy Cross College
MA, Boston College
MT, Centre-Sévres Seminary (Paris)
PhD, Vanderbilt University

Shannon R. Jemiolo (2018)
Assistant Professor of Accounting
BS, BA, West Virginia University
PhD, University of Oklahoma, Price College of Business

Larry E. Jones (1968) *
Professor of History
AB, AM, University of Kansas
PhD, University of Wisconsin

Professor of Mathematics & Statistics
BS, Seoul National University (Korea)
PhD, University of California at Berkeley

John E. Kelly (1966) **
Professor Emeritus of Philosophy
AB, University of Toronto
AM, PhD, The Catholic University of America

Marguerite D. Kermis (1977) *
Professor Emerita of Psychology
AB, Canisius College
AM, PhD, Syracuse University

George F. Kermis, III (1978) *
Professor Emeritus of Accounting
BS, Canisius College
MBA, PhD, Syracuse University
CPA, State of New York

Leonid A. Khinkis (1993) *
Professor Emeritus of Mathematics & Statistics
MS, Chernovtsy State University (USSR)
MS, Ukrainian Independent Institute of Management and Business
PhD, Voronezh State University (USSR)

Ji-Hee Kim (2006)
Associate Professor of Management
BA, MA, PhD, Ewha Women’s University Seoul (Korea)

L. Christine Kinsey (1990) *
Professor of Mathematics & Statistics
BS, MA, PhD, University of Maryland

Edward C. Kisailus (1981) *
Professor of Biology
BS, King’s College (PA)
PhD, Columbia University

Dennis W. Koch (2004)
Associate Professor of Professional Studies
BS, Canisius College
PhD, Pennsylvania State University

Peter M. Kochneke (1978) *
Professor Emeritus of Kinesiology
BS, MS, Indiana State University
ATC, National Athletic Trainers Association

Mariusz M. Kozik (1990) *
Professor of Chemistry & Biochemistry
MSc, Jagiellonian University (Poland)
PhD, Georgetown University
Karl F. Kozlowski (2011)
Associate Professor of Kinesiology
BS, EdM, PhD, State University of New York at Buffalo

Rebecca Krawiec (2002)
Professor of Religious Studies & Theology
AB, Brown University
MA, MPhil, PhD, Yale University

Catherine LaBerta (2003)
Visiting Assistant Professor of Marketing & Information Systems
BS, MS, SUNY at Buffalo

Judith E. Larkin (1972) **
Professor Emerita of Psychology
AB, Vassar College
MA, PhD, Columbia University

David A. Lauerman (1962) *
Professor Emeritus of English
BS, AM, University of Notre Dame
PhD, Indiana University

James C. Lauffenburger (1964) **
Professor Emeritus of Physics
BS, Canisius College
PhD, University of Notre Dame

Jonathan D. Lawrence (2005)
Associate Professor of Religious Studies & Theology
BA, Haverford College
MDiv, Pittsburgh Theological Seminary
PhD, University of Notre Dame

Christopher R. Lee (2001)
Associate Professor of Religious Studies & Theology
BA, State University College at Oneonta
MA, PhD, Syracuse University

Jinsook Lee (2016)
Assistant Professor of Economics & Finance
BS, Yonsei University, South Korea
MS, University of Illinois at Urbana-Champaign
PhD, University of Iowa

Ann Marie C. Lenhardt (1989) *
Professor of Counseling & Human Services
BFA, MEd, State University of New York at Buffalo
PhD, University of Pittsburgh

Larry Lichtenstein (1982) *
Professor Emeritus of Economics & Finance
BA, Brooklyn College
MA, PhD, State University of New York at Binghamton

Jeffrey R. Lindauer (2008)
Associate Professor of Kinesiology
BA, Wartburg College
MS, University of Wisconsin
PhD, University of New Mexico

Jennifer Lodi-Smith (2011)
Associate Professor of Psychology
BA, MA, College of William and Mary
PhD, University of Illinois at Urbana-Champaign

Christopher Lopata (2001)
Professor of Teacher Education
BA, State University of New York at Buffalo
MS, San Diego State University
MS, PhD, State University of New York at Albany

Assistant Professor of Mathematics & Statistics
BA, Canisius College
MA, PhD, University of Rochester

I. Joan Lorch (1972) *
Professor Emerita of Biology
BSc, University of Birmingham (England)
PhD, University of London

Nicholas Lorgnier (2009)
Associate Professor of Kinesiology
BS, MBA, Universite du Littoral Cote d’Opale
PhD, Universite Grand Nord

Tanya M. Loughead (2005)
Professor of Philosophy
BA, Northwest Missouri State University
MA, PhD, Catholic University of Leuven

Professor Emeritus of Religious Studies & Theology
BA, MA, Fordham University
MDiv, Woodstock College
STM, Yale University
PhD, University of Chicago

Steven M. Maddox (2009)
Associate Professor of History
BA, Memorial University of Newfoundland
MA, PhD, University of Toronto

Michele A. Marable (1997)
Professor Emerita of Teacher Education
BS, MS, PhD, State University of New York at Buffalo

Susan W. Margulis (2009)
Professor of Animal Behavior, Ecology, & Conservation
BS, Bucknell University
MA, University of Colorado
PhD, University of Chicago

Margaret C. McCarthy (1984) *
Professor of Graduate Education & Leadership
BA, State University College at Buffalo
MS, Canisius College
PhD, State University of New York at Buffalo
Rev. Paul J. McCarthy, SJ (1960) *
Professor Emeritus of Chemistry & Biochemistry
AB, Spring Hill College
MS, College of the Holy Cross
PhD, Clark University
STL, Woodstock College

Candalene J. McCombs (1980) *
Professor Emerita of Sociology, Anthropology & Criminal Justice
BS, MA, State University College at Buffalo
PhD, State University of New York at Buffalo

Jeffrey J. McConnell (1983) *
Professor of Computer Science
AB, Canisius College
MS, State University of New York at Buffalo
PhD, Worcester Polytechnic Institute

James J. McGoldrick (1962) *
Professor Emeritus of Modern Languages
AB, Queens College
Diploma, Heidelberg University
PhD, State University of New York at Buffalo

Janet McNally (2011)
Associate Professor of English
BA, Canisius College
MFA, University of Notre Dame

Justine A. Melo (2018)
Assistant Professor of Biology
BS, Princeton University
PhD, University of California, San Francisco

Gordon W. Meyer (1994) *
Professor Emeritus of Management
BA, University of Delaware
MBA, Brigham Young University
PhD, Cornell University

R. Mark Meyer (1990) *
Associate Professor of Computer Science
BS, MS, PhD, University of Nebraska

Matthew W. Mitchell (2008)
Associate Professor of Religious Studies & Theology
BA, University of Saskatchewan
MA, Memorial University of Newfoundland
PhD, Temple University

Rev. Martin X. Moleski, SJ (1990) *
Professor of Religious Studies & Theology
BA, Boston College
MA, Fordham University
MDiv, STB, Regis College, University of Toronto
PhD, Catholic University of America

E. Christine Moll (1986) *
Professor Emerita of Counseling & Human Services
BA, Barry College
MS, Canisius College
PhD, Barry University

Stephen C. Molloy (1990) *
Professor Emeritus of Management
HBA, Wilfrid Laurier University (Ontario)
MBA, York University (Ontario)
PhD, Indiana University

Lisa M. Morey (2010)
Associate Professor of Biology
BS, University of Southern Maine
PhD, University of Massachusetts - Amherst

Sara R. Morris (1996) *
Professor of Biology
BS, BA, Presbyterian College
MS, PhD, Cornell University

Przemyslaw J. Moskal (2008)
Associate Professor of Communication Studies
BS, St Joseph's College
MPS, New York University
PhD, The Leon Schiller National Higher School of Film, Television and Theatre in ?¢d? (Poland)

Melissa A. Mosko (2012)
Associate Professor of Philosophy
BA, Xavier University
MA & PhD Marquette University

Rosemary K. Murray (2000)
Professor Emerita of Graduate Education & Leadership
BS, State University of New York College at Buffalo
MS, EdD, State University of New York at Buffalo

Herbert J. Nelson (1968) *
Professor Emeritus of Philosophy
PhB, PhL, Gregorian University
PhD, State University of New York at Buffalo

Associate Professor of Teacher Education
BA, MA, Wheaton College
PhD, University of North Carolina at Greensboro

Michael Noonan (1979) *
Professor of Animal Behavior, Ecology & Conservation
BS, University of Notre Dame
MS, PhD, State University of New York at Buffalo

Jonathan M O'Brien (2013)
Assistant Professor of Biology
BS & MS, Southern Illinois University at Carbondale
PhD, Kansas State University

Eugene P. O’Conner (1976) *
Professor Emeritus of Accounting
BS, University of Notre Dame
JD, State University of New York at Buffalo

Joseph O’Donnell (2000) *
Professor of Accounting
BBA, University of Notre Dame
MBA, PhD, State University of New York at Buffalo
Associate Professor of Communication Studies
BFA, Boston University
MFA, State University of New York at Buffalo

Shawn O’Rourke (2000)
Assistant Professor of Kinesiology
BA, Wilfrid Laurier University
MSA, University of Richmond
PhD, The Ohio State University

Mary C. O’Sullivan (1999)
Professor of Chemistry & Biochemistry
BSc, University of Warwick (UK)
PhD, University of Newcastle upon Tyne (UK)

John D. Occhipinti (1996) *
Professor of Political Science
BA, Colgate University
MA, PhD, University of Maryland at College Park

James N. Oigara (2008)
Associate Professor of Teacher Education
BEd, Moi University (Kenya)
MA, EdD, State University of New York at Binghamton

Adina Oprisan (2015)
Assistant Professor of Mathematics & Statistics
BS, MS, University of Bucharest
MS, Michigan State University
PhD, University of Texas at Arlington

Jeffrey J. Oxman (2018)
Assistant Professor of Economics & Finance
Bachelor of Commerce, University of Saskatchewan
MBA Simon Fraser University
PhD, Syracuse University

Emilie Pack (2016)
Clinical Instructor of Modern Languages, Literatures, & Cultures
BA, Université de Paris X
MA, Université de Paris X

George M. Palumbo (1978) *
Professor of Economics & Finance
AB, Hobart College
AM, PhD, Syracuse University

Charles J. Pelitera (1989) *
Clinical Assistant Professor of Kinesiology
BS, MS Canisius College
CSCS, National Strength & Conditioning Association
EdD, ABD, Argosy University

Harvey A. Pines (1970) **
Professor of Psychology
BBA, MS, City College, City University of New York
PhD, State University of New York at Buffalo

Susan K. Putnam (2001)
Professor Emerita of Psychology
BA, Canisius College
PhD, State University of New York at Buffalo

Thomas C. Reber (1990) *
Professor Emeritus of English
BA, University of Toledo
MA, Bowling Green State University
PhD, University of Texas

Ian J. Redpath (1985) *
Professor of Accounting
BLS, Hillsdale College
JD, University of Detroit
LLM, University of Wisconsin

Philip A. Reed (2009)
Associate Professor of Philosophy
BA, Davidson College
MA, PhD, University of Notre Dame

Gregory K. Reeds (1988) *
Associate Professor of Kinesiology
BPE, McMaster University
BEd, University of Toronto
MHK, University of Windsor
EdD, State University of New York at Buffalo

Ronald R. Reiber (1971) **
Professor Emeritus of Economics & Finance
BS, AM, State University of New York at Buffalo
PhD, University of Arizona

Richard D. Reitsma (2011)
Associate Professor of Modern Languages, Lit & Cultures
BA, Grand Valley State University
MA, Purdue University
PhD, Washington University

Frank P. Riga (1964) **
Professor Emeritus of English
AB, AM, PhD, State University of New York at Buffalo

Ronald M. Rivas (2005)
Professor of Management
BSc, Universidad Nacional de Ingenieria, Lima
MA, Escuela de Administracion de Negocios, Lima
PhD, University of California, Los Angeles

Robert F. Rizzo (1968) *
Professor Emeritus of Religious Studies
AB, AM, PhD, The Catholic University of America
STL, Gregorian University

Professor of Sociology, Criminal Justice, & Environmental Studies
BA, State University of New York at Geneseo
MA, University of Tennessee
PhD, State University of New York at Buffalo

Jonathan D Rodgers (2013)
Assistant Professor of Psychology
BA, Cornell University
PhD, State University of New York at Buffalo
