The Council for Accreditation and Related Educational Programs (CACREP) accredits both the School and Clinical Mental Health Counseling Programs. CACREP Accreditation provides recognition that the content and quality of the program meets standards set by the profession, and thus, provides assurance to students, as a consumer, that our programs contain the appropriate knowledge and skill areas (http://www.cacrep.org/value-of-accreditation/why-should-i-choose-an-accredited-program/).
WELCOME:

Congratulations on your choice of the Department of Counseling and Human Services at Canisius College. A combination of innovation and tradition has contributed to the reputation of quality that our programs have in Western New York. Our curriculum is embedded in the Conceptual Framework of the School of Education and Human Services which focuses educational preparation on Knowledge, Professionalism/Leadership and a Service orientation required to be a competent and successful professional. We strive to accomplish this goal with a philosophical orientation of “cura personalis” toward our students, which means care for the whole person. This handbook is a resource guide designed to assist you through your program of studies in counseling. This guide is not a legal or formal document. We intend this document as a brief and readily used resource. Be aware that policies described in this handbook may change and as a graduate student, you are responsible to check for any updates or changes. Should you have any questions that go beyond the scope of this handbook, be sure to refer to the graduate catalog, the Department’s Assessment Manual or speak with your advisor. Be aware that there is considerable information about our program on the web including results of program evaluations by graduates of the program, employers of those graduates and cooperating counselors. (http://www.canisius.edu/masters-counseling/)
Defining Yourself as a Canisius College Graduate Student

It has been said that what you get from graduate training depends on what you put into it. We agree that, with hard work, deep commitment to your desired profession, and cooperative interactions with your peers and professors, you will profit greatly from graduate school. If, on the other hand, you adopt the attitude that while you are in school you will be preparing for "real life," you will miss the point. Graduate school is real life. So what you must put into it is your openness to fully being there—in each moment, with each experience, and with each person you encounter.

Back when you were an undergraduate student, you probably skated through some of the experiences that were offered to you, holding your breath and waiting for them to be over. We certainly did! You also may have held on to many of the ideas you were taught only long enough to mark the correct answer on the final examination. Now the ideas that inform you will be those that carry you into a successful professional career.

Graduate school will be amazingly short, and, as in a well-crafted short story, nothing in your schooling will be beside the point. Everything will be useful and, indeed, essential to your becoming a skilled counselor. You will find that if you are willing to live each day in the here and now, dropping some of your defenses and opening yourself to new growth, you will get much more out of your graduate training than you put into it.
Use the following six principles for thriving in your graduate training—come well prepared, live your training, learn from others, explore yourself, be open to opportunities, and always act with character.

Department Mission, Learning Goals and Program Objectives

The mission and objectives of an organization provide a foundational structure for the organization. In counselor education programs, mission and objectives influence the academic curriculum, the fieldwork, the choice of initiatives to improve a program, how faculty see their role and the educational climate that fostered by faculty and staff. These are the principles to which we aspire.

MISSION STATEMENT (approved by Consortium 4/30/15)

The mission of the Department of Counseling and Human Services at Canisius College is to educate humanistic and professionally competent counselors who can provide services to clients from a wellness-oriented philosophy. The program of study assists counselors in training for the educational, emotional, mental, psychological, social, and career needs of diverse populations in a global society. The School Counseling and Clinical Mental Health programs lead towards a Masters of Science degree.

Steeped in the Jesuit tradition, the Canisius College counseling programs, the faculty and curriculum motivates and transforms students to embrace these values for one's own life. These ideals involve the following:

1. Treating others with dignity and respect;
2. Sensitivity to cultural differences;
3. Ethical behavior;
4. Promoting and maintaining healthy living, including self-care;
5. Contributing to the welfare of others; and

The faculty recognizes that effective counselors need a variety of clinical skills, as well as professional competencies in the areas of leadership, advocacy, and consultation. Professional counselors must utilize all of these skills, while balancing professional development, creativity and accountability through data driven research to effectively deliver comprehensive counseling services in order to facilitate positive change at both the individual and systemic level. Canisius counseling alumni recognize and embrace one's professional responsibility, become leaders and agents of change, while advocating for social justice in the communities they serve.

The faculty recognizes that effective counselors need a variety of clinical skills as well as professional competencies in the areas of leadership, advocacy, and consultation. Professional counselors must utilize all of these skills, while balancing professional development, creativity and accountability through data driven research to effectively deliver comprehensive counseling services in order to facilitate positive change at both the individual and systemic level.

PROGRAM OBJECTIVES

Our program objectives are rooted in the standards of the Council on Accreditation of Counseling and Related Programs (CACREP) and thus, designed to allow for numerous measures of outcome based assessment. Our objectives and assessment processes align with the Learning Goals of the School of Education and Human Services (SEHS).
SEHS Learning Goals:

**Learning Goal 1:** Candidates in the counseling program will demonstrate content, pedagogical, and professional knowledge necessary for successful performance in their field.

**Learning Goal 2:** Candidates in the counseling program will demonstrate professional skills and dispositions necessary for successful performance in their field.

**Learning Goal 3:** Candidates in the counseling program will demonstrate willingness to use their skills to benefit and serve society. Within the contexts of their work, candidates promote authentic learning, social and emotional development, and a commitment to social justice in environments that foster respect for diversity and the dignity of all.

**Learning Goal 4:** Candidates will demonstrate self-reflection as a habit of mind, continuously assessing and refining their professional practice as they construct a rich repertoire of research-based knowledge, skills, and attitudes for effective performance ensuring that all students and/or clients have optimal opportunities to learn and grow.

**Learning Goal 5:** Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Program Objectives:
Demonstrates knowledge of the dimensions, functions, and practices of the professional counselor.

1. Demonstrates a commitment to eliminating bias, prejudice, discrimination and promoting social justice, based on an understanding of cultural dynamics within identity formation and social behavior.

2. Identifies theories of human growth and development including factors related to optimal development and factors that challenge optimal development such as disability, psychopathology, trauma and addiction.

3. Demonstrates the application of career development and decision making theories within the career counseling process.

4. Demonstrates essential interview and counseling skills, based on knowledge of counseling theories.

5. Demonstrates leadership skills for group counseling based on an understanding of the dynamics of group work including theories of group counseling.

6. Demonstrates knowledge of assessment strategies used in counseling including an understanding of statistical concepts and cultural issues related to assessment.
7. Identifies research methods and statistical procedures used to study human behavior and uses appropriate data based procedures for program planning and evaluation.

8. Demonstrates the professional skills and dispositions to work effectively with clients.

9. Demonstrates improved articulation and application of professional counseling skills, through self-reflection and supervision.

10. Demonstrates specific foundations of knowledge related to the student’s specialization in counseling.

11. Demonstrates the skills and practices necessary for effective professional work in the student’s specialization in counseling.

12. Applies systematic evaluative procedures.

**Dispositions (SEHS):**

All graduate candidates in the SEHS are expected to demonstrate the following dispositions:

1. **Enthusiastic** – Demonstrates initiative and commitment towards educational/professional pursuit.
2. **Just** – Demonstrates appreciation for human diversity and the ideal of fairness.
3. **Caring** – Demonstrates an attitude of empathy, tolerance and acceptance of others.
4. **Ethical** – Models behavior embodied in the mission of the School and the College, and shows integrity in professional practice.
5. **Responsible** – Demonstrates personal and professional accountability for themselves and the profession.
CACREP ACCREDITATION:

The Counsel of Accreditation of Counseling and Related Programs is a voluntary independent accrediting body that provides accreditation for counselor education programs that meet a rigorous set of professional and specialty program standards. Canisius has CACREP accreditation in School Counseling and in Clinical Mental Health Counseling. CACREP accreditation is an indication of quality preparation that increases the portability of the degree, distinguishes graduates in their job search, allows for a quicker route for some professional credentials and provides a strong background for graduates who may seek to pursue a doctorate in counseling.

ASSESSMENT SYSTEMS: From Admission to Graduation

The Department assesses candidates through a systemic process that includes a detailed evaluation of student learning outcomes of the program curriculum and CACREP standards. The assessment system of the Department aligns with the assessment system of the School of Education and Human Services and measures candidates’ progress through the program. The Department keeps an Assessment Portfolio for each candidate. A benchmark comparison with other counselor education programs using the Counselor Preparation Comprehensive Exam (CPCE) provides information regarding candidates, completing the two programs. In addition, a detailed analysis of CACREP standards and learning outcomes is conducted through a continuous review of course outcomes. Assessment data are systematically analyzed for program improvement on a two-year cycle. Please see the Department Assessment Manual located on our Department Home Pages for a more detailed description of the assessment systems.

Dispositions:

There are 7 dispositions, described below, that are expected and measured for all students in the counseling programs. There are three formal assessments of dispositions. The first is a self-assessment done by the student as part of the admissions process. The professor in the Pre-Practicum course (EDC 575) conducts the second formal assessment. The third formal assessment is conducted at the end of the Practicum by the professor teaching and supervising the Practicum (EDC 576 or EDC 577). A review by a faculty committee will immediately commence should any concern about dispositions arise during the course of study. A committee review is initiated if a rating of two or below is assigned on any of the disposition assessments. In addition, a review is triggered if a professor notes that a student fails to demonstrate one or more of the dispositions or if two or more students report that a candidate does not demonstrate a disposition. Failure to demonstrate any of the dispositions below in any academic or professional activity may result in immediate removal from the program.

Expected dispositions are as follows:

1. **Dignity and Respect for Self and Others:** Treats all people with respect as defined by emotionally controlled communication, and the absence of pejorative labeling. In addition, the student recognizes and practices self-care.

2. **Embraces Diversity:** Seeks to understand all persons and cultures. Never behaves in a prejudicial or discriminatory manner to any group of people.
3. **Professional Integrity**: Demonstrates personal responsibility in academic and professional endeavors; personal and professional maturity; honesty and congruence.

4. **Ethical Behavior**: Always acts in an ethical manner as described in the current version of the Ethical Standards of the American Counseling Association.

5. **Empathy**: Demonstrates empathy by recognizing and being able to verbalize the emotional and experiential realities of others.

6. **Openness/Accepts feedback**: Accepts feedback in a constructive manner as demonstrated by professional and thoughtful consideration and subsequent modification of behavior without discounting the suggestions made by professors and fellow students.

7. **Engagement/Communication**: Engages with other students and professors in a positive manner as experienced by students and professors.

**Transitions:**

Transition Points insure that students (candidates) in the Department of Counseling and Human Services acquire the appropriate knowledge, skills, and dispositions to be successful professionals in the field of counseling. There are four (4) transition points in the Department of Counseling and Human Services. These transitions provide our matriculation guidelines. Transitions are as follows:

**Transition Point I** (Admission to the Program)

Applicants seeking admission to the Counseling programs meet requirements established by the Graduate School of Education and Human Services. Applicants must have a baccalaureate degree earning no less than a 3.0 undergraduate grade point average. An applicant with less than an undergraduate gpa of 3.0 may need to complete the Graduate Records Examination (GRE) in addition to other application materials: a complete application, an essay and two letters of recommendation. Please see [http://www.canisius.edu/admissions/grad-admissions/](http://www.canisius.edu/admissions/grad-admissions/) for additional information, an application and directions. One can contact the Graduate Admissions Office for the School of Education and Human Services located in Lyons Hall via Phone (1 (800) 950–2505 or (716) 888-2545) or Email – GradAdm@canisius.edu.

**Transition Point II**

In order to become eligible for the practicum (field experience) candidates must take the Counseling Candidate Screening Battery followed by an interview with one’s full-time faculty member-advisor. The purpose of this procedure is to determine the appropriateness of the candidate for continuation in the program. Preferably, the candidate completes the Screening Battery and Interview before candidates beginning classes, however, it is permissible to take the screening within the first semester of studies. Check the posted sign-up sheet outside office 802 in the Tower for the test dates.
A candidate’s screening process and results may prevent or delay a candidate from starting fieldwork/practicum, or be advised to discontinue one’s studies if the screening reveal a profile inappropriate for the counseling profession (such as indications of severe psychological difficulty).

The screening process consists of a short autobiography, an empathy test, the Minnesota Multiphasic Personality Inventory II and an interview. The Department collects a $50 non-refundable testing fee at the screening. The testing fee also covers the cost of tests used in the course EDC 571 Psychological and Educational Assessment.

Please meet with your advisor for an interview and interpretation of the screening to complete the process. In addition to reviewing one’s Screening Battery results, the candidate and one’s faculty advisor completes a “formal academic advisement” during the interview. Although the screening process helps identify serious personal attributes that would prohibit successful pursuit of a career in counseling, lesser concerns may arise from this activity. In such cases, a student may be asked to seek personal counseling as a condition of enrollment or be advised to take some other course of action. A faculty committee (often one’s advisor and the Program Coordinator) makes recommendation to discontinue studies in the counseling program when necessary. If a student takes a leave of study and does not take classes for three consecutive semesters, the student will be required to successfully retake the screening battery.

Finally, Transition Point II reviews a candidate’s successful completion of three introductory courses and common assignments filed within one’s portfolio:
- EDC 570 Introduction to Professional Counseling and Ethics,
- EDC 573 Counseling Theory, and
- Either EDC 567 Principles of School Counseling (for those in the School Counseling Program) or
- EDC 568 Principles of Mental Health Counseling (for those in the Clinical Mental Health Program)

**Transition Point III**

An additional assessment of candidates occurs as one concludes the Practicum experience regarding the candidate’s readiness for continuation in the program. This assessment reviews a candidate’s

1. Successful completion of Practicum with a grade of B or better. This includes the Cooperating Counselor’s evaluation of the student/candidate with a grade of B or better. The cooperating counselor’s assessment and the candidate’s reflection on his or her progress as a student of the profession will be reviewed and kept in the candidate’s portfolio.
2. Appropriate writing skills demonstrated by the candidate’s performance on the written assignments throughout the class.
3. Adequate verbal and communication skills as demonstrated through the class activities in the practicum.
4. Appropriate dispositions and professional attitudes as demonstrated in class behavior and field placement activities with particular emphasis on the candidate’s dependability and over-all responsibility.
5. Should the Practicum professor question the candidate’s readiness to continue in the program based on any of the criteria listed above, the Candidate Concerns Process is
initiated (See Dept. Assessment Handbook). A Candidate Concerns Committee decides an appropriate course of action: The development of a Remediation plan, or if the candidate’s behaviors warrant prohibiting one from continuing in the program. Remedial Plans may include individual counseling, the successful completion of an assigned service activity, and/or the repeat of the Practicum. In situations when a Cooperating Counselor prohibits a student/candidate from completing a field placement, the Department views this action as equivalent to being fired from a job and may be cause for discontinuation in the program. This action triggers convening a Candidate Concerns Committee, which will determine an appropriate course of action.

**Transition Point IV**

**Candidates must successfully complete the Counselor Preparation Comprehensive Exam (CPCE).** A candidate generally completed the CPCE during the internship semester.

Diploma Request Form & Application to Graduate
The Student Records Office requires candidates file an electronic “Diploma Request Form” as an application for graduation. The Canisius Portal contains information regarding graduation procedures. Please see [http://cosmo.canisius.edu/education/graduate_diploma.asp](http://cosmo.canisius.edu/education/graduate_diploma.asp) for additional information. The application activates an automatic review of the candidate’s program of studies; a successful review leads to graduation – the completion of Transition Point IV.

**Admission of Professionals Not Seeking a Degree:**

There are several circumstances when persons take counseling classes, without a desire for a degree. An example is a practicing counselor desiring post-master's study for the sake of continuing education. Such students must follow normal college admissions procedures as outlined above, however, these students do not take the Screening Battery unless one seeks practicum or internship experience.

Dependent upon “seat availability” within a practicum/internship course, we welcome Professional Counselors, who received their degree from another graduate school, seeking a practicum or internship in order to meet state certification requirements. **However,** such candidates must take minimally 12 credits of academic work at Canisius College. This includes one course from a full time faculty member in the initial semester of study, as well as completing the Candidate Screening Battery before taking practicum or internship course.

**Financial Aid:** ([http://www.canisius.edu/admissions/financial-aid/](http://www.canisius.edu/admissions/financial-aid/))

Graduate candidates, enrolled for a minimum of 4.5 credits may qualify for a Federal Unsubsidized Student Loan. The amount of one’s loan depends upon one course-load for a semester, with a maximum annual load amount of $20,500. Please meet with Financial Aid staff for additional information.

**Graduate Assistantships:**
Please inquire within the School of Education and Human Services for a possible list of open assistantships. The Department for Counseling and Human Services offers
two graduate assistantships. The Department Chair posts an announcement regarding “position openings” when a “graduate assistantship” becomes available (usually upon the graduation of a current “GA”). When appropriate, those interested provide the department chair with a cover letter, your resume and a one page response to the following question: “How are questions of diversity and social justice related?” We encourage students inquire within various support offices around the College, since not all of the possibilities are listed through the School of Education and Human Services.
Diversity Recruitment Policy:

The Department of Counseling and Human Services is committed to identifying and welcoming a diverse population of students. The Department of Counseling and Human Services recognizes its unique opportunity and obligation to educate professional counselors prepared to work with clients across the lifespan with a multiplicity of issues. Recruiting methods involve actively recruiting a multicultural student body from both within Canisius College and across Western New York and beyond. Further, the faculty is dedicated to providing an atmosphere that facilitates a climate of acceptance for all students.

Located on our web support pages is a listing of national sources of scholarships available to graduate students that support diversity and opportunity. Qualified students are encouraged to use this resource. Additionally our Department has established an outgoing “Diversity Focus” initiative that partners with Psi Chi Gamma (the Canisius chapter of Chi Sigma Iota – the International Honor Society For Counseling). The goal of this initiative is to develop and support projects that enhance diversity in our program. One of our graduate assistant’s responsibilities includes working on diversity projects during each academic year. In addition, all applicants for the Department graduate assistantships submit a short essay responding to the prompt “How are questions of diversity and social justice related?” along with a cover letter and resume.

The School of Education and Human Services offers a program for advanced certification for Teachers of English to Speakers of Other Languages (TESOL), which we encourage graduate candidates and alumni with advanced language skills to consider whether they intend to work within school and/or agency environments. Find more information at http://www.canisius.edu/grad-tesol/advanced-certificate.dot

Mental Health agencies within Western New York, as well as many School Districts have a growing need for bi-lingual professional counselors. Therefore, applications for practicum and internship requests information regarding a candidate’s proficiency with additional languages beyond English.

ADVISORS AND ADVISEMENT:

All students/candidates in the Department of Counseling and Human Services have an assigned advisor to assist them throughout their studies. Advisors are assigned by alphabet in the following manner:
- A --> D Dr. Holly D’Angelis, ext. 3187,
- E --> I Dr. Farrugia, ext. 2393,
- J --> M Dr. Rutter, ext. 3721,
- N --> R Dr. Lenhardt, ext. 2398 and
- S --> Z Dr. Moll, ext. 3287.

All students are required to meet with their advisor on completion of the screening process for an interview and interpretation of the screening results, and “formal advisement” regarding your program of study as a graduate candidate. Additional advisement occurs with one’s advisor via phone, email, or by appointment as necessary.
Your advisor must approve Transfer of Credit from another institution and your advisor must forward the appropriate form to the Associate Dean of the SEHS. One may transfer six credit hours into the program when initially matriculating at Canisius. Upon advisement, additional credit may be accepted from another program or university. Sometimes it is beneficial to the student who already holds a master’s degree in education to seek certification directly through Albany. Evaluation of transcripts can be done through a certification officer at B.O.C.E.S. I, 355 Harlem Rd., West Seneca, N.Y. 14224; phone (716) 821-7036 or apply online via http://www.highered.nysed.gov/tcert/teach/.

2. Grading, Retention and Dismissal Policies: Graduate candidates must progress through each of the transition points of the program achieving the required level of competence on all portfolio assignments. In addition, graduate students must maintain at least a "B" average to receive their degree. A GPA of less than 3.0 automatically places the student on academic probation. A candidate/student is disqualified/dismissed from the College if the GPA falls below a 3.0 for two consecutive semesters. A grade of "F" puts the student on academic probation. A second failing course (grade of “F”) will automatically disqualify a student from the program.

3. Grade Grievance Procedure
"Occasions may arise when a student does not agree with the grade he or she has received in a course. When this happens, the question of whether the grade should be reconsidered is addressed in two stages" (Canisius College Graduate Catalog, p. 18 http://www.canisius.edu/resources/academic-resources/catalog/files/grad/CAN-GgraduateCatalog-12-14.pdf). Please discuss concerns regarding course grades first with the course instructor. “If the student and instructor cannot agree on the appropriateness of the grade in question, the student may contact the chair of the instructor's department, in writing, within ten working days after the meeting with the instructor” (Graduate Catalog, p. 18). For additional information, please review the Graduate Catalog or the Department Assessment Manual located on our Department Home Page (http://www.canisius.edu/counselor.ed) for a more detailed description of the procedure.

4. Non-Academic Reasons for Dismissal: In addition to academic questions, and consistent with the ethical standards of the American Counseling Association and College policy, advisors as well as faculty, are responsible to ensure that students are able to be ethical and personally effective in their professional role. Concerns that may prohibit a candidate’s success in the field arising from candidate dispositions or behaviors are not considered confidential and may be discussed among faculty members and College administrators. If concerns arise:
   i. The professor, advisor or candidate may request a meeting at any time in order to address the concerns. At this informal stage the advisor or the professor, and the student will review the concerns and discuss possible solutions to enact;
   ii. If the concerns are not resolved informally or if a formal consideration is warranted without an informal attempt to a solution, a written referral is made to the Chair of the Department, who determines if a Candidate Concerns Committee should consider the concern. The Candidate Concerns Committee reviews the concern and develops a Remediation
Plan. In some situations, a Remediation Plan may require personal counseling as a condition for continued enrollment.

iii. Failure to meet the conditions of the Remediation Plan will result in a review by the Chairperson who may dismiss the candidate or revise/re-establish the remediation plan. The Department Chairperson may also dismiss a candidate from the program for a single egregious breach of professional and/or ethical behavior.

iv. Throughout the advisement process and up to dismissal from the program the student is able to explore educational and career alternatives with the program advisor.

v. Failure to successfully meet any Transition Point requirement will automatically trigger the candidate concerns process.

* Please see the Department Assessment Manual located on our Department Home Pages for a more detailed description of the process for dealing with candidate concerns.

5. **Malpractice Insurance**: All candidates are required to have personal professional liability coverage at the start of their practicum experience. During a student's practicum and internship experiences at Canisius, the College includes the students with general liability insurance. **However**, students still need to be concerned about liability issues as graduate students and as they become practicing professionals. Most professional counselors in the field carry their own personal insurance coverage in addition to the coverage provided by their employer. Graduate students may want to use the free liability insurance provided with student membership in the American Counseling Association or the American School Counselor’s Association.

6. **Faculty Endorsement Policy**: (Letters of Recommendation) Students are advised to seek recommendation letters from faculty members who have had them for multiple courses or are in the best position to comment on their competence, clinical training and potential for future employment or advanced study. Faculty may only recommend a student for a given area of employment if the student has successfully completed all designated curriculum requirements for the area for which the student is applying. This includes the completion of the required field experiences in each area of specialization. For example, a student applying for a school counselor position would need to fulfill all program requirements in order to be recommended by a faculty member for a position in this area. In addition to direct experience with the graduate student, faculty members will consider input from practicum supervisors when making recommendations.

   Regarding letters of support, for continued advanced study faculty members take into consideration the student’s demonstrated abilities and potential to successfully engage in research and scholarly writing. Our endorsement policy aligns with 2014 ACA Code of Ethics. Before we endorse current students and/or alumni for future employment or advanced education, faculty ensures that an individual possess the appropriate training, clinical experience and competence with a review of one’s transcript.

7. **Personal Counseling**: Personal counseling is available at no charge through the Canisius College Counseling Center. The counseling center is not part of our Department and confidentiality matters follow the same principles as any other counseling service. If a student is asked to attend counseling as part of
a remediation plan with an advisor, a release form may be sought, but only to disclose that the student has been attending sessions.

8. **A Typical Description** of advisement questions from admission to credentialing may appear as follows:

A candidate seeks information from one of the faculty members in counseling. The candidate may use the web to learn more about the program. The candidate completes and submits an application form to the School of Education and Human Services at Canisius. Concurrently, the candidate also signs up and completes the Department of Counseling and Human Services Screening Process (sheet on board near Tower Office 802). The candidate’s faculty advisor reviews the results with the candidate, resolves questions of credit - transfer, and/or waiving courses. As the candidate progresses through the program, one meets/communicates with the faculty-advisor on an as needed basis. During the semester before graduation, the candidate completes the on-line diploma request form (http://www.canisius.edu/GradEd/). Upon graduation, the candidate acts to secure initial credentials in one’s specialty area. Advisors continue to be available to graduates for professional consultation. For school counselors, the new professional completes the additional graduate courses and work experience necessary for permanent/professional certification as mandates by NYSED. For clinical mental health counselors, the new professional applies for a “limited permit” as mandated by the Office of Professions in NY, completes the required 3000 hours of post degree employment, and successfully passes the licensing examination.

**CHECKLIST OF CRITICAL STEPS FOR THE MASTER'S DEGREE:**

- Complete Application to Graduate School and forward transcripts.
- Attend Graduate Orientation for new students.
- Complete the Department of Counseling and Human Services Screening Battery and have the results interpreted by your advisor.
- Make sure all transfers or waived classes are cleared with your advisor.
- Keep in mind eventual goals for certifications or license and plan your studies accordingly.
- Apply for your practicum or internship placements in the semester preceding the actual fieldwork.
- Successfully complete the Comprehensive Exam.
- Complete Diploma Request Form at http://www.canisius.edu/GradEd at the start of your last semester.
- Apply for appropriate certification or license after you complete the requirements for your degree.
METHOD OF DELIVERY OF PROGRAMS
The majority of classes for both Counseling Programs, as well as Certificates of Advanced Study, convene in traditional face-to-face classrooms once a week. We do offer a few online courses. Classes run Monday through Thursday, either from 4 PM-6:45 PM or 7 PM-9:45 PM. The College’s learning management system, "Desire-2-Learn (D2L)" contains materials, examinations and other information for many of our courses. Please consult with your advisor and/or course instructors for more information.

CURRICULUM:
The curriculum in Department of Counseling and Human Services consists of a common core of courses and specialization courses. State certification is required to work as a school counselor and the mental health license is the preferred credential for agency professionals. Most candidates will choose one or the other program. It is possible to be endorsed in both areas, however the post-master’s work experience requirements for each certification/license make this option difficult. School counselors are required to get 2 years of work experience within 5 years of initial certification and mental health counselors are required to get approximately 2 years (3000 hours) of work experience within 3 years of receiving a limited permit. Students interested in dual endorsement should contact their advisor.

Core Requirements for School Counseling Program and the Clinical Mental Health Counseling Program:

ELECTIVE 3 cr.

Total Credits for Master’s Degree in School Counseling 48 cr.

Additional Mental Health Counseling Courses (beyond core) Required for Master’s Degree:

EDC 568 Principles of Clinical Mental Health Counseling 3 cr.
EDC 577 Clinical Mental Health Practicum (pre requisites = 568, 575 & 597) 3 cr.
CHOOSE ONE:
EDC 585 Chemical Dependency and Rehabilitation, OR 3 cr.
EDC 586 Physiological & Psychological Aspects of Substance Abuse 3 cr.
**EDC 598 Case Formulation, Treatment Planning & Psychopharmacology (pre requisite = EDC 597) 3 cr.

**This class must be completed BEFORE one enters the MH Internship

EDC 600 Internship – Full time 6 cr.
OR
EDC 601/602 Internship – Part time (half time over two semesters) 3 cr.
EDC 606 Counselor Preparation Comprehensive Exam (CPCE) 0 cr.
Elective 3 cr.
Elective 3 cr.
Elective 3 cr.

Total Credits for Master’s Degree Clinical Mental Health Counseling 60 cr.

Advanced Study for Permanent Certification (NYS School Counseling—not required in Mental Health)

EDC 590 Managing School Counseling Programs 3 cr.
EDC 587 Schools Based Prevention & Intervention Models or one of the following: 3 cr.
EDC Chemical Dependency and Rehabilitation, or 3 cr.
585/586 Physiological & Psychological Aspects of Substance Abuse 3 cr.
Elective 3 cr.
Elective 3 cr.

Total Credits for Permanent/Professional Certification in School Counseling 60 cr.

Full-time students must take care in selecting courses; a few courses are only offered in the Fall OR Spring semester, thus once per academic year. Refer to the Graduate Catalog for course offerings per semester and Appendix 9 in this
Handbook: Recommended Sequence of Studies. Generally, it is advisable to take EDC 570 Foundations and EDC 573 Counseling Theory early in your studies since these are prerequisites for other courses. Also, take EDC 567 Principles of School Counseling or EDC 568 Principles of Mental Health Counseling, before or concurrently with your practicum. We do not permit EDC 576/577 during one’s first semester of study. Nor may a candidate take one’s Practicum and Internship concurrently.

As noted earlier, please apply for your diploma as you enter your last semester of study. See http://www.canisius.edu/resources/academic-resources/registrar/graduation/

The New York State Education Department requires two years of employment post Master’s degree completion. Some students choose to complete the 12 additional credit requirements as professional counselors; others take the additional classes while a candidate for the degree. Please refer to the current Graduate Catalog for the School of Education and Human Services for a complete listing and description of all current course offerings.

Certificate of Advanced Study in Mental Health Counseling (Bridge Program):

This course of study (21 credit hours) is for candidates who already have a Master’s degree in counseling, but do not meet the required coursework and experience for the NYS mental health-counseling license (LMHC). In order to qualify for this “bridge program” candidates should have Master’s degrees in school counseling, community agency counseling, college counseling, rehabilitation counseling, and older general counseling degrees. To enter this program, a student’s graduate transcript in counseling must reflect coursework in professional issues and ethics, counseling theories, human development, counseling skills, group work, assessment, research and program evaluation, social and cultural foundations of counseling, and career development. Candidates who have completed Psychopathology and Chemical Dependency as part of their Master’s Degree in Counseling may complete their certificate with 18 Advanced Certificate credits.

Individuals with Master’s degrees in psychology, school psychology, and social work are not eligible for this program. Candidates who received their Master’s in Counseling from an institution other than Canisius College must complete the Counselor Screening Process within their first semester of enrollment.

Along with a master’s degree in counseling, our Advanced Certificate Program in Mental Health Counseling satisfies the educational requirements for the New York State mental health counselor license (LMHC). Upon completion of these educational requirements, candidates will need 3,000 hours of supervised experience in the practice of mental health counseling and a passing grade on the National Clinical Mental Health Counseling Examination (NCMHCE) to be eligible for licensure in New York.

**Library Notes:** In addition to your educational experiences derived directly from your classes, the library offers several important services that you should use including the following:

- An extensive audio & video collection of counseling demonstrations and lectures by the leaders of the profession.
- An educational curriculum center containing demonstration materials.
- A special library card allowing direct use of other area libraries such as U.B. and Buffalo State.
- Inter-library loan programs where virtually any printed material can be secured.
- Access to the Library's "card catalog" and several on-line library services via
  - http://library.canisius.edu/. Many of the on-line resources contain full-text journal articles.

**Opportunities in Counseling:** New students are often concerned about what they can expect professionally when they complete the program. Follow-up program questionnaires and evaluations completed by former students and supervising professionals keep us informed about what happens to our graduates. While past experiences cannot guarantee future experiences, generally graduates of our program do find jobs in the counseling field and are pleased that they attended Canisius College. Practicing professionals respect our program and the skills acquired by our graduates. Please see the Department webpage for survey results.

**The Use of Technology & Information on Program Announcements:** Candidates will be required to use relevant technology throughout the program. Upon entering the program, all students are given a campus e-mail account. Look for your user name and other account information on your class registration form.

Please join the Department's group on LinkedIn as soon as possible. Go to http://www.linkedin.com to create a free account. Once a member use the search function to find "Canisius College Department of Counseling & Human Services" - and request to join the "group." We use LinkedIn to directly communicate with students and alumni regarding employment opportunities and more.

We also use Facebook for similar purposes. Join the group "Canisius College Counseling Grads and Alum" by logging onto Facebook and searching for this
You can also use Facebook as a social connection with your colleagues and friends that you will meet while in the program. It is your responsibility to join both groups.

Many of your classes will use the web-based program called **Desire-2-Learn (D2L)**. It is accessible from the Canisius’ portal site [https://my.canisius.edu/](https://my.canisius.edu/). We communicate with current graduate candidates via either D2L email capabilities or via the Canisius listservs (SAC_grads or CLMHC_grads).

In addition, the Department of Counseling and Human Services web site ([http://www.canisius.edu/counselor_ed/](http://www.canisius.edu/counselor_ed/)) contains information and support for current students in all of our programs. Previous students report that the "Student Support Information" page offers extremely helpful aids for a variety of purposes including links to APA style guides, professional organizations, and other counseling related sites.

**PROFESSIONAL CREDENTIALS & PROFESSIONAL ASSOCIATIONS:**

There are a number of professional credentials potentially available to counselors. These include the following: School Counselor Certification, Advanced Certification in TESOL Education, Licensed Mental Health Counselor, Certified Rehabilitation Counselor, National Certified Counselor, National Certified Career Counselor, Certified Alcoholism and Substance Abuse Counselor, Licensed Marriage and Family Counselor--and this is not an inclusive list! Four of these credentials -- for school counseling, mental health counseling, rehabilitation counseling, and counseling in the field of alcoholism and other substance addictions are particularly relevant to students at Canisius and are discussed below.

1. **State Certification for School Counseling:**

   To be eligible for employment as a school counselor, the state education department must certify all persons. Certification in New York State is a two-stage process of initial certification consisting of education background and practicum experience and then permanent certification consisting of additional education and at least two years of work experience as a school counselor. Certification is an on-line process and directions are located at [http://www.canisius.edu/dotAsset/39ea89c1-77c3-42dd-9776-946d28f97653.pdf](http://www.canisius.edu/dotAsset/39ea89c1-77c3-42dd-9776-946d28f97653.pdf) The web address is [http://www.highered.nysed.gov/tcert/teach/](http://www.highered.nysed.gov/tcert/teach/) Assistance with the certification process is available through the Associate Dean located in Bagen Hall, Room 201).

   Although teachers must take the National Teacher's Exam (N.T.E.), applicants for certification in pupil personnel services such as counselors, do not have to take this exam. Similarly, while teachers must take additional workshops in prevention of child abuse and prevention of school violence, these topics are part of your curriculum in counseling and you do not have to take additional workshops. These areas appear on your transcript as EDC 560 and EDC 566 (non-credit courses embedded in regular classes).

   When you become provisionally certified, you have 5 years to make your "provisional” certification "permanent.” You may be able to receive at least a 1-year extension with cause. Candidates who have an expired provisional
certification may reapply for provisional certification. Although your school personnel office may be of assistance, you are responsible for converting the provisional certificate. Be aware that NYS does not issue a hard copy of provisional certifications. Records of all certificates that expire are maintained within the TEACH program. Once you receive your provisional certification a “control number” will become available under the “Certificates” section of TEACH. You will use your “control number” as proof of certification. Be sure to record your TEACH account user name, password and when issued, your “control number”. One receives a certificate upon gaining provided permanent certification.

2. **Advanced Certification in Teaching English to Speakers of Other Languages (TESOL)**
   The TESOL Advanced Certificate, in addition to Provisional/Permanent Certification in School Counseling offers courses meeting New York State (NYS) requirements for TESOL certification for grades K-12. Six of the 15 credits of course work, can be used as “counseling program electives.” The required “supervised field work” can be combined with counseling practicum or internships. See [http://www.canisius.edu/grad-tesol/advanced-certificate.dot](http://www.canisius.edu/grad-tesol/advanced-certificate.dot) for more information.

3. **Licensed Mental Health Counselor (LMHC):**
   New York State requires a state license to practice psychotherapy. In addition to academic background, an exam and 2 years of professional experience are required. The LMHC is essential for mental health counselors. Candidates in our program who follow the academic program for mental health counseling are positioning themselves to qualify for this credential. They should obtain hard copy of the state application material for the license (phone: 518-474-3817, e-mail: op4info@mail.nysed.gov/). Although professional licenses are provided by individual states, there is a National Counselor Registry, which is administered by the American Association of State Counseling Boards that allows for a shared repository for professional credentials allowing for an easier application process. About half of the states allow for use of the registry. Updated information can be found at [www.aascb.org/](http://www.aascb.org/). Professional counselors who hold related Master's degrees need additional coursework to qualify for the license and should contact their program adviser. It is recommended that they apply to the State recognizing that the review will reveal specific courses that will be required.

4. **Additional Agency Certification:**
   Many agencies consider candidates who are qualified in broadly defined related helping professions. Although a Master’s degree is an important credential, you may choose to pursue certification as a Certified Rehabilitation Counselor (C.R.C.). This certification increases your options in the rehabilitation counseling (working with persons with disabilities including mental health disabilities). To be certified as a C.R.C., you must meet educational and work experience requirements, and then pass a special exam. In order for the Canisius program to meet the educational requirements for a C.R.C., you must take SPE 560 Psychological and Educational Implications of Disability, and EDC 583 Introduction to Rehabilitation Principles as electives in either program. It is also recommended that you take at least one practicum or internship in a rehabilitation setting.
The Commission on Rehabilitation Counselor Certification makes the final decisions regarding relatedness of educational background and relatedness of the three years of work experience necessary to sit for the C.R.C. examination (see Appendix 5). Students interested in this certification are encouraged to request the latest application guidelines from the Commission. Their address is listed below:

Commission on Rehabilitation Counselor Certification (CRCC)
1699 E. Woodfield Road, Suite 300
Schaumburg, Illinois  60173
www.crccertification.com

5. Certified Alcoholism and Substance Abuse Counselor:
Some students may be interested in becoming a Certified Alcoholism and Substance Abuse Counselor (C.A.S.A.C.). Certification is obtained through the New York State Office of Alcoholism and Substance Abuse Services. Like the C.R.C., to become a C.A.S.A.C., you must complete specified studies and have specified work experience. An exam is required. Studies for the certification include 350 clock hours of education (45 clock hours = 1 three credit course). Required areas of study include the following: 1. Knowledge of Alcohol and Substance Abuse, 2. Assessment, Clinical Evaluation, Treatment Planning, Case Management and Patient, Family and Community Education, 3. Alcoholism and Substance Abuse Counseling, 4. Professional and Ethical Responsibility and Documentation. Courses for the C.A.S.A.C. may be graduate, undergraduate or received from a qualified provider program such as Narcotic, Drug and Research, Inc. Currently, the New York State Office of Alcoholism and Substance Abuse Services recognizes Canisius as a training provider. The following courses must be taken as part of the master's degree: EDC 585 Chemical Dependency and Rehabilitation; EDC 586 Physiological and Psychological Aspects of Addiction; you should also consider a practicum and/or internship in a Substance Abuse Rehab site. You must also have supervised work experience that directly provides alcoholism counseling. If you are interested in this certification, please ask your advisor for the detailed advisement sheet on the C.A.S.A.C.

As in all certifications, final word on educational background or work experience is made by the agency that grants the certification. Students interested in becoming a C.A.S.A.C. should write to the following address for the most recent application materials:

New York State Office of Alcoholism and Substance Abuse Services, Credentialing Unit
1450 Western Ave.
Albany, NY  12203-3526
http://www.oasas.state.ny.gov/

6. National Certified Counselor

Many counselors nationwide have sought the National Certified Counselor (N.C.C.) credential available through the National Board of Certified Counselors. Although the board offers several specialty certifications
including certifications in Mental Health Counseling, Supervision, etc., the primary, "generic" credential is the N.C.C. In a number of states, the certification exam for the N.C.C. has been adopted as the state-licensing exam for counselors. This is a credential that endorses quality, but is not currently required of practicing counselors in this state. If you plan to settle in New York State or in another state, this credential is widely recognized throughout the country and should be considered by all students. For information and application materials please write to the following address:

NBCC  
3 Terrace Way, Suite D  
Greensboro, N.C., 27403.  
http://www.nbcc.org

7. American Counseling Association (ACA)

While you will learn more about professional associations as you progress through your studies, you should be aware of ACA, which has been very active in the certification and licensure movement. ACA is the major national association for professional counselors. There are several professional affiliates of ACA, including professional associations in Mental Health Counseling and School Counseling. The Department requires membership in a professional association mid-way through your studies. Professional membership gives you a voice in legislative action as it relates to the profession of counseling and those we serve. In addition, you are able to maintain current information on counseling through the publications and continuing education activities of ACA and its affiliates.

One receives free insurance coverage as a student in practica and internship with an active student membership in ACA. In addition, a student receives a 50% discount with membership fees through one’s first year as a professional counselor (following graduation).

In addition, there are several state and local professional associations. These groups operate on their respective levels in a similar manner as the national association. Look for application brochures outside office 802 in Churchill Tower. The addresses for the ACA and other NYS associations are listed below:

- American Counseling Association (ACA)  
  599 Stevenson Avenue  
  Alexandria, VA 22304  
  (703) 823-9800 or (800) 347-6647

- New York Mental Health Counselor’s Association (NYMHCA)  
  http://www.nymhca.org  
  We encourage candidates’ membership in NYMHCA. The LMHC within NYS continues evolving and the horizon changes. NYMHCA members have the best chance for ongoing updates.

- New York School Counselor’s Association  
  PO Box 217  
  Leicaster, NY 14481
PRACTICUM AND INTERNSHIP COURSES:

There is one practicum and one internship experience in each program. All practica and internships are field-based experiences, which include a weekly seminar at the College. Although students must spend at least one day or its equivalent at the practicum site, students may negotiate more time in the field with cooperating counselors. All students must have completed the Second Transition Point in the program including at least one semester of academic courses before taking the practicum. **EDC 575 Pre-practicum occurs before the practicum.** The courses EDC 570 Foundations, EDC 573 Counseling Theories, and either, EDC 567 or 568 Principles (of School Counseling or Clinical Mental Health) are prerequisite courses to Practicum (576/577). **Students must have a 3.0 GPA/B average to take practicum. If you have less than a 3.0 GPA you will not be able to submit your practicum/internship application form. You will need to contact your academic advisor for an advisement meeting within one week following the noted application deadline date. Applications are due September 15th for spring and February 15th for summer and fall.**

Discussion regarding appropriate professional dispositions required for Practica, in addition to the application process occur in Pre-Practicum (EDC 575). However, the responsibility rests with the student to initiate the placement process.

Clinical Mental Health Program: Pre requisites for EDC 577: 568 Principles of Mental Health Counseling, 575 Pre practicum and 597 Psychopathology.

One completes the internship in one of two methods: one semester with a full-time placement (5 days a week) or over two semesters on a half-time basis. The practicum is a pre-requisite for the internship.

Clinical Mental Health Internship: Pre requisite: EDC 598 (Treatment Planning)

Unless otherwise directed by a professor, please follow the procedures listed below.

**REQUEST FOR PRACTICUM & INTERNSHIP FORM & STUDENT AGREEMENT FORM**

- **For Spring Practicum & Internships – DUE SEPTEMBER 15th**
- **For Summer and/or Fall Practicum & Internships – DUE FEBRUARY 15th**

Please complete the on-line Request for Practicum or Internship Form and the Practicum/Internship Student Agreement Form (available on the Canisius Department Portal – School of Education & Human Services Community) with: 1) a copy of your resume and 2) an unofficial transcript.

Failure to do so by the “due date” may prohibit you from placement regardless of how that affects your educational plans and timetable. Our Placement Coordinator, Ms. Pace makes the initial contact on behalf of our students. This is a formidable task; placement within “requested sites” may not
be possible for a number of reasons. Please do not contact prospective sites/supervisors at school districts or agencies.

Ms. Pace provides practicum applicants with contact information regarding one’s cooperating counselor and the site. A student may forfeit a site and thus prevented from taking practicum/internship during a preferred semester for the following reasons:

- If a student fails to communicate with one’s perspective cooperating counselor in a timely fashion to schedule an interview & orientation to one’s site;
- If the cooperating counselor determines that the Canisius student may be a poor fit with the proposed site and/or cooperating counselor;
- If the student turns down the site offered by the Placement Coordinator.

Cooperating Counselors Handbooks: The Department provides candidates with a copy of the Cooperating Counselor Handbooks for all field experiences, distributed by hand, on D2L and the Department webpage at the start of the Practicum/Internship seminar. These handbooks guide you and your cooperating counselor in shaping activities appropriate to your level of skill as you progress through your education as a counselor. The Department presumes that the particular nature of each field site will influence the activities of the student. These handbooks are available at the central office for anyone wishing to review the material before placement. Please see the Department website to download a copy of a practica or internship Cooperating Counselor Handbook
http://www3.canisius.edu/~farrugia/SiteSupervision.1.15/index.html

The Counselor Preparation Comprehensive Examination

The Counselor Preparation Comprehensive Examination (CPCE) created by the Research and Assessment Corporation for Counseling, (an affiliate of the National Board for Certified Counselors) determines whether students have attained a minimum level of knowledge in the field of counseling.

One can complete the CPCE during the Summer, Fall and Spring semesters by registering for “EDC 606 Comprehensive Exam” during course registration in the Fall and Spring registration periods. One traditionally completes the CPCE the same semester as completing the Internship. The student’s tuition invoice contains the $75.00 fee for the CPCE. The CPCE assesses a candidate’s knowledge of the eight common-core areas as defined by CACREP:

1. Professional Orientation and Ethical Practice
2. Social and Cultural Diversity
3. Human Growth and Development
4. Career Development
5. Helping Relationships
6. Group Work
7. Assessment
8. Research and Program Evaluation

Core classes within the Department cover the content addressed in the CPCE. A review of core course materials may be the best way to prepare for the exam. One may purchase a number of available study guides, or the Canisius Library also
provides few versions. The Department provides a study guide via D2L to download to one’s computer. However, copyright laws prevent candidates printing the study guide.

Candidates receive the results of the CPCE approximately 3-4 weeks after the test administration. Students with a failing grade may retake the CPCE once, either on the CPCE “re-test date” (in December or April), or during the semester’s administration of the examination, for a cost of an additional $50.00. Should a candidate fail the CPCE after the second attempt, a Candidate Concerns Committee will determine possible remediation or discontinuation in the program.

To pass the CPCE students need an overall score that falls at or above 1 Standard Deviation below the national mean. If one fails the CPCE, a re-test within the same semester is possible. A second failure will result in a remediation plan that will cover the subtests where one scored less than the national mean.

**PROGRAM SURVEYS:**

The Department conducts regular surveys with exiting graduate students from our program, cooperating counselors who work with our students in practica and internships, employers of our graduates and on graduate students who have completed the program. We request alumni remain “in touch” with the Department to assist us with the survey information.

**PLEASE REFER TO THIS HANDBOOK AS YOU PROGRESS THROUGH YOUR STUDIES.**
Professional Background of Fulltime Professors

**Dr. Holly D’Angelis** (Department Chair) joined the faculty in the Department in 2004. She received her Doctorate in Counselor Education from the University of New Orleans. She has a minor in Human Performance and Health Promotion. Her research interests currently center in the area of Wellness and PTSD. Originally, from the state of Washington, she has experience in couples, family and community counseling as well as in public schools. Dr. Fetter has organized a number of continuing education activities at Canisius College, which are available to students and to practicing professional counselors. Dr. Fetter teaches Principles of Mental Health Counseling, Counseling Theory, Group Counseling, Practicum and Internship. She enjoys nature and outdoor recreational activities and loves to spend time with her family, friends and pets. She is an avid track and field fan and loves to travel.

**James P. Donnelly, Ph.D.** joined the Counselor Education faculty in the fall of 2012. He is a licensed psychologist who earned his undergraduate degree in Psychology at Allegheny College, Master’s in Social-Environmental Psychology at Claremont Graduate University and Doctorate in Counseling Psychology at the University at Buffalo. He has over 20 years of experience in counseling, research and teaching. His interests include health, quality of life, and research methods. Prior experience includes his position as a Medical Psychologist at Roswell Park Cancer Institute where he worked with children and families undergoing cancer treatment. Dr. Donnelly was also a faculty member at the University at Buffalo, where he served as Director of Training of the Doctoral Program in Counseling/School Psychology. He has taught a variety of courses, mentored dozens of doctoral students, and has presented and published studies in leading conferences and journals. Dr. Donnelly has been involved in many grant funded research projects, most recently a study of the impact of deployment-related trauma on veterans of the wars in Iraq and Afghanistan. Other current projects include co-authoring a new edition of a popular research methods text and development of a scale for use in pediatric palliative care.

**Dr. Dave Farrugia** has been a member of the faculty at Canisius College since 1981. In 2008, he received the Canisius College Koessler Distinguished Professor Award. He teaches the following courses in the counseling program: Counseling Theory, Practicum, Principles of School Counseling and Managing School Counseling Programs. Dr. Farrugia has maintained a private practice in counseling throughout his tenure at Canisius. Due to his private work, he is able to ground his courses in the everyday practicality of experience. He presents materials in a variety of teaching formats and continually updates his methods of teaching. Dr. Farrugia is a Licensed Mental Health Counselor, a National Certified Counselor and a Certified Rehabilitation Counselor. He has worked in both school and agency settings. He also has background in the field of deafness and hearing impairment. His publications are eclectic reflecting his diverse interests in the field. Some of the titles of published works include “Recognizing Emerging Borderline Personalities”, “The Experience of the Family When a Child Dies”, “An Adlerian Perspective for Understanding Deafness”, “Recognizing and Treating Adults with Attention Deficit Disorders”, “Exploring the Counselor’s Role in ‘Right to Die’ Decisions”, “Selfishness, Greed and Counseling” and “Working with Clients who are in Chronic Pain”. In
addition to his professional background, Dr. Farrugia is a father of three and an active wind surfer, sailor, tennis player, and skier.

**Ann Marie C. Lenhardt, Ph.D.** has been a member of the Canisius College faculty since 1989. Her relevant experience includes: eleven years of teaching, counseling and administrative work in secondary schools (both public, private inner city and suburbs). She has experience as a Trainer and Research Associate at Carnegie-Mellon University Teachers Center, and has done clinical practice with families and individuals. Her specialty instructional areas are Group Dynamics, Family Counseling and Supervision. Her primary research focus has been Prevention/Intervention Programming for children at-risk. In addition, other areas of interest include: dying, loss and grieving issues, school based drug and alcohol prevention and intervention models, Wellness, and leadership programs for adolescents. She is an active mother of three. Intermittently she plays tennis, does aerobics and tries to appreciate the arts.

**Dr. E. Christine Moll** joined the Counseling faculty in the Fall of 1996. Prior to her full time faculty position, Dr. Moll served Canisius College as the Director of the Counseling Center and was an adjunct faculty member in the Department. Dr. Moll has held numerous leadership positions/offices within the American Counseling Association (and its Divisions) at the state and national levels. She is a graduate of the Canisius Counselor Education program. Her research interests include “counseling issues with older adults” and “development across the adult life span.” Over the years her classes include: EDC 570: Introduction to Counseling & Ethics, EDC 571: Psychological and Educational Assessment, EDC 573 Counseling Theories, EDC575: Pre-practicum, and EDC 593 Lifespan Development. Dr. Moll planted roots in WNY many years ago, and thus is an avid fan of both the Bills & Sabres However, this Philly-born/Jersey-raised woman is a “Jersey-Girl” at heart, with Jersey-shore sand in her toes & the sound of ocean waves in her heart’s ears!

**Michael E. Rutter, Ph.D.** joined the Canisius College faculty in the Fall of 2000. Before joining our core-full-time faculty, Dr. Rutter served as an adjunct faculty member at Canisius College for more than ten years. His courses include: Psychopathology, Case Conceptualization, Treatment Planning and Psychopharmacology, Mental Health Practicum and Mental Health Internship. In addition, Dr. Rutter has more than twenty-five years of professional clinical experience working with children, adolescents, and adults in both inpatient and outpatient settings. He has been a trainer and consultant to numerous psychiatric hospitals. Dr. Rutter is a licensed psychologist and maintains a private practice in Williamsville, NY. This enables him to effectively integrate counseling theory and clinical practice. Primary research interests include clinical supervision, career development, mentoring, and stress resilience and coping. He is actively involved in clinical supervision and leads several supervision groups of practicing counselors.
APPENDIX 2

ON-LINE APPLICATION FOR SCHOOL COUNSELOR CERTIFICATION

Student Application Information Sheet
New York State Certification online

application: TEACH directions

First: Create User Login and Password – (Social Security # is required)

***It is critical to keep a record of your control number after you create an account!

In order to apply online, you will enter TEACH online services via the Office of Teaching Initiatives Web site at http://www.highered.nysed.gov/tcert and create a TEACH login and password at the New York State Directory Services site. After accessing the NYSED web site, click on the TEACH Online Services Icon located on the right. Then choose either

- Self-Registration or
- Login to TEACH.

Instructions guide you though this process. Once you have created your login and password, this step is completed and you never have to repeat this process (unless you forget your password). The Canisius School of Education & Human Services webpage provide specific directions for Setting Up TEACH Account http://www.canisius.edu/dotAsset/39ea89c1-77c3-42dd-9776-946d28f97653.pdf

Second: Creating a TEACH Account & Completing the Application

Step 1: Create Applicant Profile

Enter your personal information and preferences (such as opting to be included in the statewide teacher clearinghouse or having correspondence transmitted via email). Clicking Teach OnLine Services Icon takes you to Teach Home. Click any of the menus to begin entering information. Once in a menu, you always have the option to click the EDIT icon to make changes or add additional information. Once one enters information, it cannot be deleted. You may ignore old/incorrect information and new information typed on new lines.

SELECT: Approved New York Teacher Certification Programs

Be sure to include previous Master’s degrees and Bachelor’s degrees. Have a line for each.

Institution Name: Canisius College

Award Title: Master of Science: degree requirements have been completed (48 Master’s degree credits) OR

Advanced Certificate: Master’s degree credits are completed. Advanced certificate requires 12 post-master’s credits. (This can be completed later – your control number from your provisional certification is required for application for the advanced/permanent certificate)

Program Codes:

- 4312 for Master of Science or
- 81101 Counselor Education for Advanced Certificate

Major: Pupil Personnel Services

Date Degree Received: / / [Format: mm/dd/yyyy] TEACH System Will Not accept future dates.

Date Attended From: / / [Format: mm/dd/yyyy]
Date Attended To: / / [Format: mm/dd/yyyy]

Number of Credits:
List Master’s degree and number of credits first. Then add a second row with Advanced Certificate and the number of credits. (If applicable)

Step 2: Select Certificate(s) from the Teach Home Page
Use the following information to select the appropriate certificate title and type:
Select your Area of Interest: Administration & Pupil Personnel Services
Select your Subject Area: School Counseling
Select the Grade Level: Pre K-12 All Grades
Select the Title: School Counselor
Select the Type of Certificate: Provisional (Master’s) or Permanent (Advanced Cert.)
Click the add button on the lower right.
Enter program code again:
✓ 4312 (Master’s Degree) OR
✓ 81101 Advance Certificate, then click SUBMIT.

Check information carefully, then select radio button to apply for that certificate.
Continue through the application answering all required questions; sign the affidavit and application; and make your payment. Pay online using a credit card or print out the payment coupon and mail in a US Postal Money Order.
Print paper copies from TEACH, save with your records.

APPENDIX 6

AVAILABILITY OF COURSES & NOTED PREREQUISITE REQUIREMENTS

Please pay careful attention to the availability of courses per the listing below; please plan your schedule accordingly.

Summer classes often offer an array of electives. The Department cannot guarantee Core and/or Specialization classes (unless noted) during summer sessions. Summer class hours differ from the Academic Year (Fall and Spring semesters). Classes run
- 8:30 AM – Noon
- 1:00 PM – 4:30 PM
- 6:30 PM – 9:30 PM

Consult with your academic advisor regarding a study plan. One does not want to be in jeopardy of not finishing one’s degree due to a scheduling issue!!

ALABAMA

Educational Requirements: Eligibility for initial certification in school counseling shall include at least baccalaureate-level professional educator certification in a teaching field or a GPA of not less than 3.0 on all courses in the Alabama State Board of Education approved master’s degree school counseling program.

Required Coursework: A practicum that includes a minimum of 30 clock hours of supervised, direct service work in individual and group counseling with early childhood/elementary and secondary school students.

Experience Requirement: (1) A supervised P-12 school-based internship of at least 300 clock hours, begun subsequent to the completion of the practicum which shall require the prospective counselor to perform all the activities that a school counselor is expected to perform and (2) Two years of satisfactory educational experience.

Institution Recommendation Required?: No

Examination: A passing score on a comprehensive written school counseling test

Certification: pre K-12

Reciprocity: Yes, states who are members of National Council for Accreditation of Teacher Education (NCATE)

Background Check: Yes, for individuals who (1) are applying for certification, (2) will have unsupervised access to children in an educational environment (3) have not completed a background check since July 1, 1999.

Alabama Department of Education

ALASKA

Educational Requirements: A bachelor’s degree or higher and (Option 1) Completion of a teacher education program, or an alternate teacher preparation program accepted by the board or the commissioner with an endorsement in school counseling or (Option 2)
Completion of a counseling program at a regionally accredited institution.

**Required Coursework:** Completion of three semester hours in Alaska studies, three semester hours in multicultural education or cross-cultural communication and six semester hours or nine quarter hours of credit earned within the last five years.

**Experience Requirements:** None

Examination: None

Institution Recommendation Required?: Yes, recommendation of the preparing institution

Certification: K-12

Reciprocity: Yes, with all states, but requirements must be met

Background Check: Yes

**Alaska Department of Education**

---

**ARIZONA**

**Educational Requirements:** Master’s degree or more advanced degree from an accredited institution and completion of a graduate program in guidance and counseling from an accredited institution.

**Experience Requirements:** (1) Two years of verified, full-time experience as a school guidance counselor or (2) three years of verified teaching experience or (3) completion of a supervised counseling practicum in school counseling from an accredited institution.

Examination: None

Institution Recommendation Required?: Official transcripts required

Certification: K-12

Reciprocity: Yes, A valid guidance counselor certificate from another state may substitute for all education and experience requirements.

Background Check: Valid Class 1 or Class 2 Fingerprint Clearance Card issued by Arizona Department of Public Education.

**Arizona School Counselor Association**

**Arizona Department of Education**

---

**ARKANSAS**

**Educational Requirements:** Master’s degree in school counseling and guidance from an approved institution (a minimum of 33 credits)

**Required Coursework:** Practicum (a minimum of nine hours of coursework) experience with individuals and groups.

**Experience Requirements:** (1) Must hold or be eligible to hold a valid Arkansas teaching license and have two years of full-time teaching experience or (2) Must have been in a supervised counseling internship at the school setting. Internship must include all activities the school counselor would be appropriately expected to perform.

Examination: Praxis II: School Guidance and Counseling test #0420. Minimum Score Required is 600

Institution Recommendation Required?: Official transcripts required.

Certification: Pre K-12

Reciprocity: Only if 3-5 years prior counseling experience.

Background Check: Yes
Arkansas Department of Education

CALIFORNIA

Educational Requirements: Complete post baccalaureate degree study consisting of a minimum of 48 semester units in a Commission-accredited professional preparation program specializing in school counseling, including a practicum with school-aged children.

Experience Requirements: None

Examination: Pass the California Basic Educational Skills Test (CBEST) Total scaled score must be at least 123 (41 in each of the three sections: reading, writing, and math).

Institution Recommendation Required?: Yes, obtain the recommendation of a California college or university with a Commission-accredited Pupil Personnel Services program specializing in school counseling.

Certification: pre K-12

Reciprocity: Individuals prepared outside of California may satisfy requirements by verifying completion of a professional preparation program consisting of at least 48 semester units of post baccalaureate study and a minimum of 600 clock hours of supervised field experience in a public school at two of three school levels (elementary, middle and high school). Up to 150 of the 600 clock hours need to be devoted to issues of diversity. A letter verifying practicum must be on original, official letterhead from the college or university’s education department and must accompany the application packet. The applicant must also verify eligibility for the equivalent credential authorization in the state where the program was completed. If the out-of-state preparation does not fit this pattern, the applicant must contact a California college or university with a Commission-accredited school counseling program for an evaluation.

Individuals prepared outside California must still fulfill California’s examination requirement and background check.

Background Check: Submit a completed application (form 41-4) [PDF], Character and Identification Clearance application (form 41-CIC), either a Livescan receipt (form 41-LS) or two fingerprint cards (FD-258).

California School Counselor Association
California Department of Education

COLORADO

http://nvteachers.doe.nv.gov/Specialized_EducationPersonnel_Counselor.htm

NEW HAMPSHIRE

**Educational Requirements:** (Option 1) Have completed a state board of education approved school counseling collegiate program at the master’s degree level or higher; or (Option 2) Alternative certification is possible if the following three requirements are met: (1) The candidates has at least a master’s degree in a closely related counseling field and (2) documents/demonstrates that they have also acquired the competencies, skills, and knowledge that they would have gained if they had graduated from a NHDOE approved graduate program in school counseling (this is demonstrated through written thesis and oral
board review) and (3) must have worked for three months as guidance counselor to qualify for an alternative certification. In order to accomplish #2 above, additional coursework specifically in school counseling is usually required. The whole alternative process usually takes one year. 

Experience Requirements: (Options 1) Qualify for state certification as a school counselor, candidates must have completed a 600-hour internship in a general school setting under the direct supervision of a state certified school counselor with at least 2 years experience as a state certified school counselor in NH public schools; or (Option 2) Candidates for alternative certification must have worked for three months, full time, as a school counselor before beginning the alternative certification process. This is usually accomplished from having been a certified school counselor in another state, or from taking classes, including internship classes, through a NH approved program with a view towards qualifying for alternative certification.

Examination: None
Institution Recommendation Required?: No
Certification: K-12
Reciprocity: Yes. Candidates seeking to be state certified through reciprocal agreement must still verify that they have receive training and experience comparable to that which they would have received if they had graduated from a NHDOE approved graduate program in school counseling. In the case of certification through reciprocal agreement, this is done through a review of transcripts, curriculum vitae, and experience descriptions. Candidates seeking to be state certified school counselors must still have been trained in all three grade levels in order to receive certification to work in NH public schools.

Background Check: Criminal background check is required before any certification process is begun. The NHDOE sends prospective candidates for certification paperwork instructing them on who to contact to arrange for their background check. When the NHDOE receives the verification of background from the state authorities, the certification process commences.

http://www.gencourt.state.nh.us/rules/state_agencies/ed500.html (Ed 507.07)

APPENDIX 10

SELECTED INFORMATION ON THE CERTIFIED REHABILITATION COUNSELOR (C.R.C.)

(Partially Reprinted from the C.R.C. Application Packet)

“If your Master's degree is in a discipline other than Rehabilitation Counseling, the Standards and Credentials Committee or a subcommittee thereof will review your master's degree transcript to determine if your transcript reflects course work specified below.

For your education to be considered acceptable by CRCC, course work reflected on your official Masters degree transcript(s) must cover areas defined in the specified categories. Introductory courses if acceptable will only be approved as one course."

CATEGORY D.1

Degree required: Master's Degree.
The graduate transcript must reflect a minimum

1. One graduate course with a primary focus in counseling and
2. Four graduate courses with a primary focus in the area specified below.
   a. Assessment
   b. Occupational Information OR Job Placement
   c. Medical OR Psychological Aspects of Disabilities
   d. Community Resources OR Delivery of Rehabilitation Services

Granted by: A college university accredited by a recognized regional accrediting body at the time the degree was conferred.

Internship Requirement: None

Acceptable 36 months of employment with at least 12 of the 36 months under the supervision of an “Employment CRC”. If you have met the employment criteria but lack supervision of experience required: employment by a CRC, see Section 5, Provisional Certification.

See Section 4

APPLICABLE CANISIUS COURSES

1. EDC 573 Counseling Theory
2a. EDC 571 Psychological & Educational Assessment
2b. EDC 572 Career Counseling
2c. SPE 560 Psychological and Educational Implications of Disability
2d. EDC 583 Principles of Rehabilitation
   EDC 600--605Internships
   (if done in a clearly rehabilitation site
Section 4: CRITERIA FOR ACCEPTABLE EMPLOYMENT EXPERIENCE

In order for employment to be considered by CRCC, it must be full-time paid\(^1\) employment or its equivalent. All part-time employment will be considered on a pro-rata basis. Internship time and volunteer activities are NOT acceptable as employment experience.

For any employment to be acceptable towards certification, the employment verification must evidence that at least 50% of your time is/was spent working as a Rehabilitation Counselor in a rehabilitation setting, providing rehabilitation service to a disabled population\(^2\) as defined by CRCC. All employment must be verified by your employee.

In addition, each place of employment must reflect professional experience, defined in Areas I and II below. Your employment verification must reflect job activity in both. The minimal acceptable percentage of time allowed in I and II is 10% and the combined total time spent doing activities in I and II must be no less than 50%.

Further, professional employment experience under a CRC must be rated as over-all satisfactory for the employment to be considered acceptable.

I. Counseling with a special population includes: (vocational and affective).

II. Planning and Delivery of Rehabilitation Services with a special population includes a. through g. below.

Your employment must reflect activity in three (3) of the following areas in order to be considered acceptable for this category:

a. Medical and Psychological service coordination
b. Job Placement development
c. Rehabilitation Services coordination
d. Job analysis
e. Client assessment
f. Administrative planning
g. Service planning for a special population

\(^1\)Full-time employment is defined as 35 hours per week.

\(^2\)A "disabled population" is interpreted by CRCC to include persons who have one or more physical or mental disabilities resulting from amputation, arthritis, blindness, cancer, cerebral palsy, cystic fibrosis, deafness, heart disease, hemiplegia, hemophilia, respiratory or pulmonary diseases, multiple sclerosis, muscular dystrophy, musculoskeletal disease or disorder, quadriplegia and other spinal cord condition, sickle cell anemia, endstage renal disease, neurosis and/or psychosis, or another disability or combination of disabilities causing functional limitations.
Additionally, your employer will be asked if you performed the duties associated with these areas **satisfactorily**. Only those areas in which your employer states you performed satisfactorily will be counted toward meeting the required areas as defined above. Responses of "**Don't know**" and "**No**" in an area will not be utilized toward the total required.

Employment experience used for application purposes must be verified by your supervisor/employer. CRCC will send your employment verification forms to you with the Application Acknowledgement.

**For employment to be considered acceptable, each place of employment must be verified on the forms supplied to you by CRCC.** The employment verification form requests that your employer submit an official job description with the completed employment verification form. It is strongly recommended that this be done, if possible, to insure proper review of your application by CRCC. CRCC reserves the right to require official job description and/or other work related material from the candidate's employer. Employers or supervisors can either return the verification forms to the applicant or submit them directly to CRCC. **However, it is the applicant's responsibility to assure that all required information including all employment verification forms, are submitted to CRCC before February 10, or August 10.** Any file missing documentation, will not proceed to next step in the certification process.

Please read the above definition of acceptable employment experience very carefully. Should you feel that more information is needed about any or all of your experience than can be supplied on the application form, please attach job description or other supportive documentation to the application.
APPENDIX 11

Information on the Credentialed Alcoholism and Substance Abuse Counselor (C.A.S.A.C.)

ADVISEMENT INFORMATION REGARDING NEW YORK STATE CERTIFICATION AS A CREDENTIALED ALCOHOLISM AND SUBSTANCE ABUSE COUNSELOR (CASAC)

Canisius College is a registered provider of education and training for the New York State Office of Alcoholism and Substance Abuse Services. Essentially students in our program seeking the CASAC should take EDC 585, EDC 586 and do their practicum and internship in a substance abuse treatment program. The Credentialing Unit of the New York State Office of Alcoholism and Substance Abuse Services makes all final determination of eligibility for the CASAC. It is the student’s responsibility to meet the state requirements. This document is meant to assist students in their planning for CASAC eligibility. Students are advised to obtain an application directly from the state office and insure that all current requirements are met.

N. Y. S. Office of Alcoholism and Substance Abuse Services, Credentialing Unit
1450 Western Ave.
Albany, N.Y.  12203-3526
1-800-482-9564
http://www.oasas.state.ny.gov/

Work Experience Requirements: Three years of supervised work experience are required for eligibility. Your Master's Degree can substitute for two years of work experience as long as a minimum of one year acceptable paid work experience in substance abuse counseling is documented.

Education and Training Requirements: 350 clock hours of training are required for eligibility in the categories listed below. Courses in our program that cover each required category are listed accordingly.

1. Knowledge of Alcohol and Substance Abuse (total of 85 hours) including
