

Summer 2026 Undergraduate Research Application

*Department of Chemistry & Biochemistry
Canisius University*

Name: _____

Email Address: _____

Major: _____

Expected Year of Graduation: _____

Submit to Dr. Sheridan, by email sheridap@canisius.edu, by Noon, Monday, February 2, 2026.

All applicants will be contacted about the status of their application by the end of February.

Students selected to conduct research are REQUIRED to submit a Canisius Earning Excellence Program (CEEP) application, and present their work at Ignatian Scholarship Day and the Department Undergraduate Research Symposium.

Please note that summer research constitutes approximately 35 hr/week for eight weeks.

Please **BRIEFLY** describe the following items:

Which Canisius Chemistry and Biochemistry Faculty are you interested in working with (no more than three)? Indicate order of preference. Why does their research interest you? Have you spoken with them?

What are your future career goals and how will undergraduate research help achieve them?

Do you have previous research experience? If so, with whom and/or where?

Have you applied for or are you interested in research outside of Canisius? If so, where?
