

Summer 2022 Undergraduate Research Application

*Department of Chemistry & Biochemistry
Canisius College*

Name: _____

Email Address: _____

Major: _____

Expected Year of Graduation: _____

Submit to Dr. Sheridan, by email sheridap@canisius.edu, by Noon, Monday, January 31, 2022.

All applicants will be contacted about the status of their application by the end of February.

Students conducting research are **REQUIRED** to present their work at Ignatian Scholarship Day and the Department Undergraduate Research Symposium.

Please note that summer research constitutes approximately 40 hr/week for eight weeks.

For information on chemical research opportunities at Canisius and elsewhere visit:

<http://www.canisius.edu/chemistry/learn/research>

Please **BRIEFLY** describe the following items:

Canisius faculty of interest (no more than three) listed in order of preference; Why does their research interest you? Have you already spoken with them?

What are your future career goals and how will undergraduate research help achieve them?

Do you have previous research experience? If so, with whom and/or where?

Have you applied for or are you interested in research outside of Canisius? If so, where?
